GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of

35,000,

we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged, and that

Every Machine sold by us

We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT SUCCESS
—of the—
Grover & Baker's Sewing Machines.

[From the wife of the Hon. Jefferson Davis.]

Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their box Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.

[From J. G. Harris, Governor of Tennessee.]

My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.

[From the Rev. Jonathan Cross, Agent American Tract Society.]

My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in ten the old way, and without fatigue. The work is beautiful and durable.—She says she would not exchange it for any other one. It is certainly one of the grandest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.
Baltimore, July 14, 1859.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others.
ALLEN & FAIRE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.

"Zion's Herald," Nov. 10th, 1859, says,—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Bible, and also one of Grover & Baker's SEWING MACHINES.*

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, in *confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and much virtues. We speak in this matter, "*what we do know,*" after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-similé* of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York.

Price only 25 cents per bottle.

VERMONT BUTTER.
25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

GEORGE W. PLUMER'S
NEW BAKING ESTABLISHMENT.
SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers his patrons

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. T. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.
GEORGE W. PLUMER.
Portsmouth, March 26, 1860.

Here's Health for the Million!!
CLARKE'S SHERRY WINE BITTERS
Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c., For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKES SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** per pint bottle.

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

DR. CLARKE'S HERB PILLS
ARE THE CHEAPEST AND BEST IN THE WORLD!!

DR. CLARK'S HERB SYRUP
cures everybody. Try it!!

DR. E. R. CLARKE, Sharon, Mass.,
Manufacturer and Proprietor.
Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. feb27

Fraser & Green,
MASONS,

DAHLIA ROOTS, TOMATO PLANTS
A good supply may be found during the season, at the Bookstore of
J. F. SHORES, JR.,
No. 1 CONGRESS BLOCK.

Ayer's Cherry Pectoral.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights. It is one of the most complete and useful inventions ever introduced into the market.

It balances the Sash perfectly at any point.

It requires no expense for boxing, consequently it is much cheaper than weights.

It can be applied to old as well as new buildings, without any alteration of the frames.

It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

☞ Also, *CARPENTER WORK* faithfully executed. ADAMS FERRY, Jr.
SHOP, OVER MERRILL & FERGUSON'S BLACKSMITH SHOP, OPP. NEW CUSTOM HOUSE.

WM. S. HADLEY & CO.S' STABLE.

The Subscribers have formed a Co-partnership to carry on the

LIVERY STABLE BUSINESS,

at the Stone Stable adjoining the City Hotel,—under the firm of

WM. S. HADLEY & CO.

They have good Horses and Carriages constantly to let, and Stabling for Horses on reasonable terms. WM. S. HADLEY,
Portsmouth, May 11, '59. MOSES H. TILTON.

SOAPS, OILS, CANDLES, &c.
SAMUEL CLEAVES & SON,
Opposite Eastern Railroad Depot, Portsmouth, N. H.

Keep constantly on hand of their own manufacture:

SOAPS.—No. 1, Family No. 1, and Extra No. 1; White and Soft Soaps; with an excellent article of Cream Soap for Shaving.

CANDLES.—Dipt and Mould Candles, of large and small size.

OILS.—Extra Winter Bleached Lard Oil, manufactured in New Bedford,—is very white, burns equal to Sperm, and is very much cheaper, and will stand limpid in the coldest of weather; and Extra Winter Bleached Polar Oil, caught only in the Polar Seas by New Bedford Whalers—received every week, fresh and newly manufactured.

A fresh stock of the above articles constantly on hand, and warranted of the best quality, for sale cheap, at wholesale or retail.

HORSE SHOEING.

JOSEPH WHIDDEN, 2d, at his old stand,
No. 17 FLEET STREET,

devotes his entire attention to the FARRIER Business, as heretofore; and having had very large experience, and possessing the best facilities, he has no hesitation in guaranteeing perfect satisfaction in all cases.

To accommodate his patrons the more promptly, he has engaged as assistant, an experienced Shoer from Boston.

J. M. EDMONDS,
No. 5 Daniel Street, Pearse's Block,
will continue to transact business as heretofore, as a NOTARY PUBLIC AND OF THE PEACE, AND INSURANCE AND REAL ESTATE AGENT.

He will also give particular attention to PROBATE COURT BUSINESS, to obtaining PATENTS, PENSIONS, and BOUNTY LAND, to examining, settling and adjusting Books, Accounts, &c., &c.

JOSEPH H. THACHER,
Chemist, Druggist and Apothecary,

N. B.—**Beware of Runners and Hackmen** who say we are full.
au22 R. FRENCH, Proprietor.

City Hotel, Portsmouth, N. H.

This popular, comfortable and commodious House is pleasantly situated

On Congress St., near Market Square,

The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.

He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. J. B. FLAGG.
Portsmouth, May 1st, 1860.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JUNE 9, 1860.

GOVERNOR ELECTION.

We have not much to add to our report of the gala day at Concord—except to mention that we saw no liquor-drinking and no drunkenness in the immense crowd; which unusual and happy state of affairs was brought about by the timely precautions of the Mayor, who, we were told, visited all dram-shops and warned the keepers not to sell.

Our hasty report stated, that a cavalcade followed the Horse Guards in the procession; but it appears that the cavalcade, composed of nearly a hundred truckmen, expressmen, etc., were out, dressed in blue frocks and broad-brimmed palm-leaf hats, and marched through the streets, headed by the Concord Brass Band, but did not join the procession; nor did the firemen, who celebrated the day on their own hook, with bands of music.

It was universally regretted, that Col. Stark, the commanding officer, having been disabled several days since by a kick from his horse, could not be present.

The troop having marched to front of the Capitol, to receive from His Excellency the Commander-in-Chief, through Adjt. Gen. Abbott, a Regimental Standard, Gen. Abbott said:

Mr. Commander, officers and members of the Governor's Horse Guard,—in behalf of his Excellency the Commander-in-Chief, I have the honor to present to you a standard of your corps. On one side is emblazoned the arms of the State, supported by figures of Horse Guards; and on the reverse a representation of Peace triumphant. And thus, whenever it is unfurled, it will symbolize the unity between you and the government under which you are enlisted, and the ultimate purpose of your organization. The Commander-in-Chief does not intend to appropriate to himself, personally, honors designed by you rather as homage to the highest civil and military officer in the State.—Nevertheless he considers himself fortunate that during his official term this corps was organized, that by him the first commissions were issued, and that to him falls the honor of your first escort, a pageant which revives memories of earlier and more heroic times, and enlivens again the capital with the notes of the trumpet. In asking your acceptance of this standard, he expresses the confident anticipation that it will never be lowered except in homage and salute, and never at your hands be tarnished.

These are times and these are ceremonies of that peace which has now for a long time brooded over the Republic; but should the clarion call you to the defence of your common rights, or the honor of our beloved Commonwealth, the Commander-in-Chief believes this standard would float wherever and whenever the fight might be thickest; that it would be surrounded and guarded by your sabres; and that in the fierce hour of peril, each one of you would crowd around it, emulous, if it must be struck down, to contribute crimson from his blood to garnish its folds.

Col. Bellows responded:

We receive this regimental standard with great satisfaction and pleasure. It will be cherished as a mark of the union between us and the government, as you so aptly said; and should it be necessary, we will defend it. When our standard sinks, then sinks the last of our corps.

On one side of the standard are the words, "Presented by his Excellency Ichabod Goodwin to the Governor's Horse Guard, A. D. 1860;" and on the other, "*Pro duce et Republica.*"

We were unable to stay to the Dinner, at Phenix Hall, which was a grand affair—so everybody says who was fortunate enough to be there—and a brief report of which we copy from the Bee. Dr. Frank Fuller was toast-master.

At the dinner of the Governor's Horse Guards, in Phenix Hall, Governor Goodwin, the President of the Senate, Speaker of the House, Secretary of State, and other prominent citizens were present. Hall's Boston Brass Band furnished the music for the occasion. It was a grand affair.

There were present from Boston, Capt. Fellows, Lieut Slade and Lieut. Stevens of the Lancers, in uniform.

The hall was beautifully decorated with streamers, with a picture of Gov. Goodwin at the head of the hall, and Gen. Pierce at the foot. There were about 200 present.

The Governor in his speech strongly complimented the new company, avowed himself in favor of a well organized militia, and gloried that in this corps he saw men of different political parties. He spoke emphatically of the time when, if duty called, Democrats and Republicans, Whigs and Federalists, would be found shoulder to shoulder in the defence of their country.

Ex-Governor Colby responded to a complimentary sentiment, and exhorted the Horse Guards not to drink a drop of liquor,—a sentiment that was received with tremendous applause. Ex-Gov. Haile followed, who referred to the Amoskeag Veterans in complimentary terms, (cheers) and hoped the same degree of distinction would attend the Horse Guards.

A letter from Gen. Stark, commander of the Horse Guards, and grandson of the immortal Stark of revolutionary memory, was read; and amid vociferous applause a sentiment in honor of the commander was offered by Dr. Fuller of Portsmouth. In response, Rev. Wm. W. Willis of Nashua delivered a long speech, in which he congratulated the company upon the fact that no intoxicating drinks had been seen upon the festive board. He said he was no non-resistant and would encourage the existence of the Guards

Mr. Speaker Bell was introduced as one of the bells of New Hampshire who had never uttered a false tone. He said, in response, that the Horse Guards had become a fixed institution of the State, and were bound to succeed.

The National Lancers of Boston were toasted, and Capt. Fellows of that corps happily replied. The Adjutant General of New Hampshire responded briefly to a complimentary toast. He was followed by Adjutant T. J. Whipple, of Mexican war fame.

Col. John H. George was called upon, and received with the utmost enthusiasm.—He referred to the festivities in the same hall when the Amoskeag Veterans entertained the Baltimore City Guards; passed a glowing tribute to the patriotism of ex-President Pierce, whose portrait hangs conspicuously in the hall; and concluded by offering a sentiment in honor of the Guards.

Other speeches were made. The best feeling prevailed. It was altogether one of the finest military festivals ever held in the State.

☞ The Springfield Republican says the elopement of Mrs. Root, the minister's wife at Springfield, Ohio, occasions no surprise at Williamsburg, Mass., where the parties formerly lived and were well known. Indeed, her conduct while there, though not criminal, occasioned much scandal and prediction of what the result would be. A giddy school-girl, just united with the church, she married a clergyman much older than herself, for romance, and was sadly disappointed. She immediately manifested her discontent, though concealing it as far as possible from the outside world. Finally, having maintained her false and unhappy life as long as she could, she threw it off and eloped with the father of five children, a leading man in her husband's church.

HORSE SALE.—One of the largest and most important sales of horses ever held in this country, took place on Tuesday at Clappville, a small village in the town of Leicester, Mass. The stock of Mr. Reuben S. Denny, who has for many years been engaged in horse breeding, on scientific principles, and in which he has expended many thousands of dollars, was disposed of under the hammer. He was the owner of the splendid mares Mary Taylor and Nahmeoka, whose colts were disposed of for sums ranging from $500 to $2400 each.—The first animal sold was Miles Standish, out of Mary Taylor by Old Black Hawk. He is four years old, remarkably handsome animal, and can trot a mile in three minutes. The first bid was $1500, which was soon run up to $2400, at which he was knocked off to Mr. Bush, the great cattle breeder of Shoreham, Vt. John Alden, sired by Black Hawk, was bid off by Mr. Hill of Boston, for $1050. Mr. Hill also purchased Garibaldi, out of Mary Taylor by Ethan Allen, for $1000. Uncas, Lazarus, Fitz James, and Gray Fox, all descendants of Black Hawk, brought from $200 to $320. Pocahontas and her three weeks old colt, by Ethan Allen, brought $3450, Mr. Bush of Vermont being the purchaser. Ninon, Pocahontas' yearling colt by Ethan Allen, was sold to Mr. Sargent of Leicester for $2300. Mary Taylor, the original of that name, 18 years old, and with foal by Miles Standish, brought $400. Lucy, Rose Standish, and Lady of the Lake, averaged about $300 each. The net proceeds of the sale were fifteen thousand two hundred and sixty-seven dollars.

LOST AND FOUND.—A most remarkable case of lost children occurred at Laconia, this State, last Saturday night. Two little boys, one six and the other four years old, sons of Nathaniel Piper of that village, were missing about dark, and the people of the village turned out in great numbers to hunt for them. The night was very favorable, light and comfortable.

The search was continued without abatement, and at sunrise the little boys were found a little beyond the Wiers, over six miles from the starting point, laid down closely by the railroad track, unharmed, one asleep and the other just waked up.—The astounding feature to it is that these boys had to pass over some fifty rods of open bridge over water sufficiently deep to drown them, making them liable to fall in at every move. How they escaped is a miracle. The boys say they crawled on their hands and knees over the open part of the track. Probably they became confused at Lake Village, and thought they were on their way home when following up the Lake. The joy of the parents knew no bounds.—*Manchester Mirror.*

☞ In the Maine Republican Convention at Bangor, June 7, Hon. Israel Washburn, Jr., of Orono, was elected candidate for Governor on the first ballot, by a vote of 429 to 306. The result was received with great enthusiasm, and made unanimous. Abner Coburn of Bloomfield, and Wm. Willis of Portland, were elected candidates for Electors at Large, by acclamation.

Resolutions were unanimously adopted, that the Republicans of Maine endorse the nomination of Abraham Lincoln for President, and Hannibal Hamlin for Vice President, and pledge to them the electoral vote of the State by a triumphant and overwhelming majority;—and that the platform adopted by the Chicago Convention embodies the political creed of the Republicans of Maine.

☞ An immense Douglas meeting was held in and near Faneuil Hall, Boston, on Thursday evening.

OUR PLATFORM.

Some account of the Doings in Union Hamlet, and the Result.

The religious differences, in our village, had become a source of unutterable social and domestic misery—neighbors and old friends, parents and children, husbands and wives, were disputing and wrangling from morning till night, on points of doctrine and belief.

We were distributed into parishes, presided over by seven clergymen, differing from one another *toto cœlo*, on the matters of slavery, damnation, &c. Great bitterness existed among these holy men, and, upon every fair opportunity, several of them hinted, pretty plainly, to their own parishioners, that the members of all the other parishes would probably be damned. This painful state of things gave rise to the saying of a village wag, that it was a great pity some plan could not be contrived, to convert these seven clergymen to Christianity.

Every little while, some portion of our citizens would flare up and threaten to secede, and set up for themselves, unless the whole village would adopt all their notions, and suffer them to take the lead upon all occasions. In a short time there was no peace in the village. If a few neighbors met, for a social gathering, they were pretty sure to break up, after a violent dispute, over their tea and muffins, about pedo-baptism, or the trinity, or justification by faith, or inward and spiritual grace. It really seemed that Heaven—if to be taken at all,—must be taken by violence. Nothing, however, was so likely to set the community by the ears, as a discussion of either slavery or eternal damnation; of both which some of the clergy and their followers took a very favorable view—a sort of *south-side* view.

At length, some of the sages of the village hit upon what seemed to them one of the happiest expedients, to cast oil upon the troubled waters. Public notices were given en that a meeting would be held in Harmony Hall, for the purpose of promoting a perfect union among the contending parties—a permanent reconciliation. Accordingly the seven clergymen and their parishioners filled the hall to overflowing at an early hour. The meeting was eloquently addressed by three of the wisest men in the village—lineal descendants of those navigators who went to sea in a bowl. Instead of putting forth a bill of rights—an enumeration of principles and particulars of mutual agreement, they set up for their platform *the Bible and the law of God:* The effect of this announcement was perfectly magical. Some wept for joy—others shouted aloud. Clergymen and church members, who had given one another sour looks and cold shoulders for years, cordially shook hands and even embraced. The whole assembly were wild with delight; and if a precedent for cheers could have been found, in the holy volume, they would have been given vociferously, and with a free spirit.

The following day was the Sabbath; and the glad tidings were announced from seven pulpits, according to the views of the reverend orators respectively.

The Baptist clergyman returned thanks, most feelingly, to Almighty God, for that grace which had fallen on their happy village; and informed his delighted auditors that all the inhabitants of Union Hamlet, such as had not been into water since the American revolution, were to be brought into the fold and speedily dipped. The Unitarian minister rejoiced that, agreeably to the platform, the doctrine of the trinity was renounced forever; while, at the same moment, influenced by *his* construction, the Episcopalian publisher was meditating a prospectus for an immense edition of the the book of common prayer. The Universalist preacher was thunderstruck, while congratulating the old school Calvinist on becoming a convert to the doctrine of universal salvation, to be bluntly told that every Universalist would assuredly be damned for the glory of God, as it had been ordained before all worlds. Shakers, Moravians, Quakers, Methodists, Scandinavians, Catholics, indeed all denominations, were delighted with the platform, *as they understood it.* There were several Jews in our village, who, relying implicitly on the platform, looked confidently forward to a pretty general circumcision.

After an inconceivably short time, it was seen and felt that the platform was wholly ineffectual, as an instrument to bring all men to one mind; that a rule, intended for universal application, must not be liable to an unlimited number of constructions; and that a platform, to be of any practical value, must be nothing less than a specific and particular declaration of faith and purpose.—"*Sigma,*" *in Boston Transcript.*

☞ Burleigh says of the New York churches, particularly those with which he sympathizes, we suppose:

The audiences at the French theatre are not large, and the experiment of preaching to the masses does not prosper; they seem inclined not to hear. They prefer the ramble in the Central Park in the day time, and seats in lager beer gardens at night, with music, beer and song, at a shilling a head. The immense anti-church-going population seems to be gaining strength every day, while the congregations of church-goers diminish. The efforts of the police are feeble to shut up these houses of folly and drinking. On the door of one of the most notorious of these Sabbath drinking theatres, the other Sunday, was this notice:—"Worship here each Sunday. None but members of the church are admitted."—The police passed this house of "worship," but did not molest the audience nor the presiding genius.

The Utica Telegraph says that Mr. Seward passed through that city, on Monday last, en route for Washington. Some one asked him what he would say in Washington as to the probable result of the election in this State. "I will put Lincoln's majority at 70,000," said he. "That's pretty high," said some one in the crowd, "how do you figure it?" "Why, Michael McQuade said I would certainly have 50,000 in this State, if I was nominated, and Greeley asserted that any body else could get 20,000 more than I; Therefore Lincoln must receive 70,000."

HAWKSVIEW:

A Family History of our own Times; by Holme Lee, author of "Against Wind and Tide"—is the title of a lively and instructive Novel of 330 pages, just issued from the press by W. A. Townsend & Co. of New York, and for sale in Boston by A. Williams & Co., and in Portsmouth by Jos. H. Foster.

The book bears the motto, "There's always sunshine somewhere in the world."—The sunshine here is in the heart of Agnes, the heroine of the story, whence it comes out through her eyes and lips, to husband, friends and everybody, especially to the reader, who goes along without stopping.

A good anecdote is told of a man named Bently, a confirmed drinker, who would never drink with a friend or in public, and always bitterly denied, when a little steep, ever tasting liquor. One day some bad witnesses concealed themselves in his room, and when the liquor was running down his throat, seized him with his arm crooked and his mouth open, and holding him fast, asked with an air of triumph:

"Ah, Bently, we have caught you at last. You never drink, ha?"

No one would suppose but that Bently would have acknowledged the corn; not he; with the most grave and inexpressible face, he calmly, and in a dignified manner, said: 'Gentlemen, my name is not Bently!'

WASHINGTON, June 7.—The Senate Finance Committee, of which Mr. Hunter is Chairman, will only report the loan sections of the Morrill tariff bill. Mr. Bigler will offer in the Senate a tariff bill fixing specific duties on iron, hemp, sugar and other articles.

Mr. Douglas goes to New York to consult the physicians about his throat.

JOHN BROWN TESTIMONIAL.—It is reported that Mrs. Brown, widow of John Brown, the Harper's Ferry leader, has received a subscription of $30,000, from Hayti, as an expression of gratitude for one who perished on the scaffold to maintain the rights of the colored people.

THE KANSAS QUESTION.—*Washington, June 6.*—At the Democratic Senators Caucus they agreed to vote for Mr. Greene's amendments on the Kansas bill, changing the boundaries and sending the question back to the people.

☞ Seven of the swans presented by the city of Hamburg to the city of New York were found dead in the lake of the Central Park, Tuesday afternoon, and it is supposed they were poisoned.

THE GREAT EASTERN AT LAST.

The Great Eastern will soon be here to astonish Yankee eyes with her huge proportions. The directors of the company deserve great credit for their determined enterprise. The ship has been most unfortunate; still, the directors raised more money, and the work went on. Now, the same determination to succeed, and a tithe of the smallest individual share invested in one of the 4gs Lotteries of Messrs. Wood, Eddy & Co., of Wilmington, Delaware, and St. Louis, Missouri, would have secured a fortune over and over again. The chance is still open; for by enclosing to the managers, at either office, $2,50, $5, $10 or $20, a part or whole ticket will be returned by next mail.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

WOOL WANTED.

5000 lbs. WOOL wanted, by
CHARLES E. MYERS & CO.,
may18 No. 39 Market and 2 Bow St.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."
BETSEY SANBORN.

Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.

This terrifying disease, even when depending on grave derangements of the nervous centre, will yield to the alterative power of the PERUVIAN SYRUP, which by improving the digestion, and consequently purifying the blood, promotes a proper nutrition of the substance of the brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. I have no doubt, that in cases of Paralysis, like mine, Dyspepsia, and especially of Dropsy, it may be administered with a greater prospect of success than any other medicine in use among us."

DYSPEPIA.

There is perhaps no disease which destroys the happiness and comfort of individuals and families to the same extent as Dyspepsia or Indigestion.

Previous to the discovery of

THE OXYGENATED BITTERS,

There existed no medicine accessible to those suffering from this wide spread disease, which relieved it in any marked degree.

The power of these Bitters over the above named disease as well as over all those having their origin in imperfect digestion, and functional diseases of the stomach, as well as Asthma and General Debility is beyond all question.

Its speedy and permanent cures of some of the severest and stubborn cases on record is sufficient confirmation of this fact.

COPY OF A LETTER FROM A SCHOOL TEACHER IN DETROIT.

Messrs. S. W. Fowle & Co., Boston:—In reference to the Oxygenated Bitters, I can say, that after having the Dyspepsia for several months and almost dying with pain and heaviness in my stomach, I was prevailed upon by a friend who had been cured by the same medicine to try a bottle of Green's Oxygenated Bitters. Before using half a bottle I felt greatly relieved, and by the time I had used two bottles and a half I was entirely well, and still remain so. I know of several cases more distressing even than my own, which have been entirely cured by this invaluable medicine; and it gives me great pleasure to recommend it in any and all who may be suffering from this dreadful malady.

W. A. BACON, Teacher of Detroit Select School.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and S. Hutchings, Portsmouth; J. F. Tucker, Greenland; and dealers everywhere. spnot 4wdaw

Local.

☞ The new Old South Bell was raised to its place in the tower of that venerable edifice on Friday; and heard at a distance it sounds very much like that on the Temple, and seemed lighter than the old bell, but of pleasant, ringing tone.

☞ For an unequalled chance to get a splendid Piano cheap, see Jos. B. Adams' Auction advertisement for this morning. He is also to sell a good Melodeon, and a second-hand Piano. Also a variety of good Furniture.

FOURTH OF JULY.—A public meeting of the citizens of Portsmouth will be held this (Saturday) evening, at 8 o'clock, at the Common Council room, to take into consideration the subject of celebrating the coming Fourth of July. Let there be a good attendance, and let us have a celebration that will do credit to the city. H.

☞ The number of deaths in Portsmouth, during the month of May, was 23.

Males fourteen—aged 2 years 4mos.,3yrs 6m., 2; 7m., 2, 4, 4, 4, 6, 10, 28, 38, 44, 68, 64.

Females nine—aged 1y 2m, 3y 3m, 4y 7m., 2, 4, 4, 23, 37, 91.

The total number of deaths for the past five months is about 120; nearly as many as died during the whole of last year. The number of children under 5 years of age deceased last month is 13. In the month of April, 14.

P. Y. M. C. A.—At the semi-annual meeting of the Portsmouth Young Men's Christian Association on Tuesday evening, the following officers were elected:—

President—N. F. Carter; Vice Presidents—Charles E. Lane, Moses U. Hall; Corresponding Secretary—Joseph W. Moulton; Recording Secretary and Treasurer—C. J. Simms; Librarian—C. E. Janics; Directors—John L. Smith, John G. Young, E. W. Burleigh, C. J. Simms, W. N. Hobbs.

SLANDER.

Not all they say or do can make
My head or tooth or finger ache,
Or mar my shape or scar my face,
Or put one feature out of place;
Nor will ten thousand lies
Make one less virtuous, learned or wise;
The most effectual way to balk
Their malice, is to let them talk. 7t

☞ The New York Tribune of the 4th inst. says:

"Of the ninety-five insurance companies in New York city and Brooklyn, twenty-five are offered below par. The most valuable stock is the Howard, for which 173 is bid."

J. P. Bartlett is the agent for this old and stable company. 3t

☞ The Rockingham Weekly Chronicle, containing a summary of the news of the week, this day published, and for sale at the Chronicle Counting Room: price 3 cents; $1 per year, in advance.

☞ The Africa, at New York, brings one day's later news from Edrope.

There is no confirmation of the rumor that Garibaldi had entered Palermo. His troops were still in position near that city. 20,000 Neapolitans (meaning insurgents, doubtless,) occupied the heights around the city. An attack was momentarily expected.

Garibaldi was menacing Moriale, the surrender of which would lead to the surrender of Palermo.

Gen. Larza, commander of the Neapolitan troops, had demanded an armistice of Garibaldi, without effect. An Austrian flotilla arrived at Naples on the 21st.

English and French residents at Palermo had sought refuge on their national vessels.

The Neapolitan government are making great preparations for defence. Six squadrons, numbering fifty vessels, will be charged with the protection of the coast.

THE CAPE COD CASE OF STARVATION. The Barnstable Patriot corrects some mistakes about the starvation case in Chatham. Mr. Eldridge was so melancholy that his condition amounted to insanity. He lived seventy-eight days and took nothing, except during the last week of his life, when a tea-spoonful of rice water was sometimes given him. He became a mere skeleton, lost his faculties and was stone blind before he died. No cause is known for his unnatural conduct, as he never met with any great disappointment in the affairs of life—such as love, reputation, money or ambition. He was not a married man.

BEER INTOXICATING.—The New York Court of Appeals, the highest judicatory in the State, has decided that beers, including lager beer, are intoxicating drinks. The Germans of New York are indignant at this decision, because it will have the effect of shutting up their beer shops on Sunday.—So long as the character of lager beer in the eye of the law was unsettled, the police have been cautious about strictly enforcing the Sunday law against the beer saloons.

☞ Last Saturday night, the dwelling house, furniture, barn and contents, of Mr. Dexter, in Gilford, N. H., were entirely consumed by fire. The house was new, and the loss about $1600; was insured for $300.

It is said that we must live one life to know how to live another; but some men are so selfish and arrogant that a dozen lives would be necessary to convince them one human being is dependent on another, and all of us upon the Father of all.—*Rousoe.*

CONGRESS. THURSDAY, June 7.

SENATE.—A motion to pass the bill for the relief of Arthur Edwards over the President's veto was lost—18 to 28.

The resolution fixing the adjournment on the 18th inst. was discussed.

Messrs. Wilson and Bigler objected to an adjournment till after the Tariff bill had been acted upon.

Mr. Bryant made a report on the petition of F. B. Sanborn, asking to be relieved from his obligation to appear before the Harper's Ferry Committee, and asked that the Judiciary Committee be discharged from the further consideration of said petition. Agreed to.

The resolution to adjourn on the 18th of June was concurred in—29 to 27.

Mr. Wade made an ineffectual attempt to call up the Kansas bill.

The debate on the Army bill was proceeded with.

HOUSE.—The House went into Committee of the Whole, when Mr. McKean resumed his speech on slavery, at the close of which the House adjourned.

CONFUSION IN THE HOUSE.—*Washington, June 7.*—There was an irrepressible conflict in the House last evening, owing to the attempt of Craig of North Carolina to choke off Mr. Morrill of Vermont, who was commencing a speech against modern Democracy.

The utmost confusion prevailed for hours.

The Speaker finally left the chair, completely exhausted and unable to weather the storm.

At 1-4 past 4 o'clock, the Sergeant-at-Arms reported that he had called on forty members, who were locked in their house or rooms, but they had either failed to refused to come.

Mr. Hughes moved to suspend further proceedings. Lost.

Mr. Hickman offered resolutions directing the Sergeant-at-Arms to bring all gentlemen named in the warrant before the bar of the House. Adopted, after an excited debate.

Disorderly proceedings continued until half-past six, when the Speaker resumed his chair. Only two or three absentees were brought in up to eight o'clock, when a large number arrived.

At 10 o'clock Mr. Underwood moved to adjourn.

Mr. Ashley refused his consent until Mr. McKeon of New York had made a speech.

The motion was lost.

Finally, a quorum being present,

Mr. John Cochrane moved further proceedings be suspended. Agreed to.

The House then went into a committee to consider the bill on fortifications.

The House was in session all night long, and finally adjourned to-day, 7th.

IN GENERAL COURT, June 7, the official returns of votes for Governor were reported in Convention.

Whole number of votes	71,603
Necessary for a choice	35,302
Estimated as scattering	22
Asa P. Cate had	33,544
ICHABOD GOODWIN had	38,037

and Ichabod Goodwin was declared elected.

There were no returns from Gosport and Surry.

CINCINNATI, June 7.—Henry Crawley, teacher in the Mount Auburn Seminary, while escorting two ladies home from the opera last night, was stabbed in the breast by some rowdies, causing instant death.—The murderers have not been arrested.

DIED.

In this city, June 7th, MRS. HARRIET W. J. STIMSON, aged 37 years, 6 months, wife of Chas. W. Stimpson.

Funeral this afternoon at 3 o'clock, at the North Church.

In Kittery, June 7th, Theodore Parker, Esq., aged 82. An honest, upright, christian man, liberal in his views, and courteous to all.

FOR THE COMPLEXION.

LIQUID PEARL WHITE.

This elegant article will be found far preferable to the common preparations of chalk and alabaster, so much in use. It is easily applied, possesses a delightful perfume, and imparts to the skin a smooth and healthy appearance; it contains nothing injurious, and will prove upon trial a very desirable article for the toilet. INSTRUCTION IN MUSIC.

A. PEARSON continues to give instruction in the following branches of Music:—

Piano-Forte, Organ, Harmony and Vocalization.

Particular attention given to the formation of tone, Cultivation of the Voice, Musical Elocution, and in imparting such directions and principles as will, if adopted by the pupil, give correct *Style* in Singing.

MR. PEARSON having had many years' experience as teacher in the above branches, is confident that his method of instruction is eminently successful. The most competent and reliable references given, if desired.

Having also had extensive experience as Agent for the sale of PIANOS, he calls attention to this department of his business, and would inform the public that he is able to furnish superior instruments at manufacturers' prices, and offers his services to those desirous of purchasing.

The advantage of employing, in the selection of a Piano, one whose business gives him opportunities for testing the merits of various kinds of Pianos, must be obvious.

Persons desiring his services, may find him from 11 to 12 o'clock, at his MUSIC ROOM, No. 4 Exchange Buildings, or information of his whereabouts can be obtained at his residence, **No. 30 Hanover Street;** at either of which places they can examine a splendid instrument of Hallett, Davis & Co.'s manufacture, and receive information relative to the purchase of Pianos. m12

Spring and Summer Goods.

J. E. HAM & Co., - - 9 Congress St.

Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of

SPRING AND SUMMER CLOTHS,

ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of

COATINGS,

including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of

PANTALOON GOODS

That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.

They would invite the special attention of gentlemen to their Cloths for

BUSINESS SUITS,

as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Hearing Palpitation on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

This is the most favorable season of the year for renovating old heating apparatus, or erecting new; and the subscriber is prepared to give personal attention to all orders in that line. He would call the attention of purchasers, to

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

PORTABLE FURNACES

of all sizes—sufficient to warm one room, or an entire building as may be desired.

CHILSON'S NEW COOKING RANGE.

A splendid article, having two large elevated ovens, *sure to bake.* These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.

BEST BLACK VARNISH,

For Iron Fences, Fireboard, Grates, &c.; of Brilliant lustre, and *perfectly water-proof.*

ELEGANT MARBLE MANTLES.
of all sizes and prices.

PARLOR GRATES,
of new styles and low prices.

PIER SHELVES AND BRACKETTS.
REGISTERS, VENTILATORS, SOAPSTONES,
COPPER BOILERS, PUMPS,
MARBLE WASH BOWLS,
COPPER GUTTERS, CONDUCTORS,
IRON SINKS, FLUE STOPS.

THE WORLD'S FAIR CHURN.

The attention of farmers is solicited to this celebrated Churn. It is without controversy *the best Churn in the world!*—having taken the premium at the Great Exhibition in London. It is simple, and easily managed by any child, and performs not only the action of churning, but also of *working and salting* the butter in the most perfect manner. It is of the utmost importance, as every dairywoman knows, to have a Churn *well made,* and free from imperfection of the wood that will retain any particles of cream to become sour, and spoil the flavor of the butter. None but the best of material is used in constructing these Churns, and every one is *perfect* before being sent to market.

The farmers in our vicinity are using these Churns very extensively, and award to them the highest commendation.

All sizes for sale by the subscriber, at manufacturers' prices.

CHILDREN'S CARRIAGES.

The Subscriber has received and will keep constantly on hand, a large variety of

WILLOW CABS, CHAISES, JERSEY WAGONS, &c., at all prices, from $2 to $15 each.

On SATURDAY, June 9th, at 10 o'clock,

At Congress Block, Congress Street.

A variety of HOUSEHOLD FURNITURE, consisting of Chairs, Tables Bureaus, Sofa, Lounges, Bedsteads, Feather Beds, Looking Glasses, Clock, Crockery and Glass Ware, &c.

Also, Oil Paintings, Boots & Shoes, Cloth Caps, Whips, Brushes, 5 doz bottles Ketchup, 2 doz. bottles Preserved Whortleberries, and many other articles, too numerous to mention.

J. B. ADAMS, Auct.

At 11 o'clock.

Pianos and Melodeon at Auction.

1 very superior 7 octave PIANO-FORTE, which has been used very little, and is warranted to be equal in every respect to any instrument ever brought into Portsmouth. It was used at the Temple for Lyceums, Concerts, &c. last winter; and will be remembered as a very powerful and brilliant, yet smooth and sweet toned instrument. It was made by one of the most celebrated Boston firms, and is sold with their warrant; but although the cost was $350, yet as the managers of the Lyceum have no further use for it, it will be sold to the highest bidder.

1 very nice Rubber PIANO-COVER.

1 good crimson-covered PIANO STOOL.

1 good second-hand PIANO-FORTE, made in New York—of fine tone, and in good order.

1 fine-toned 5-octave MELODEON, piano-style rosewood case, made in Roxbury, Mass., and in good repair.

J. B. ADAMS, Auct.

REAL ESTATE AT AUCTION,
IN NEWCASTLE.

(The residence of the late Capt. Henry Frost,)

On SATURDAY, June 9, at 3 o'clk, P.M.

on the premises.

A two story DWELLING HOUSE, with four rooms on the floor—together with three acres of Mowing and Tillage land, adjoining the same; a spacious garden with a number of good fruit trees, an excellent well of water near the house, 2 out buildings, with a Wharf and excellent water privilege.

The above situation is unsurpassed by any on the Piscataqua River for beauty of surrounding scenery, having a commanding view of the Navy Yard and the ocean—on the whole a most desirable spot for a summer residence.

Terms made known at the sale.

H. F. WENDELL, Auct.

F. W. ROGERS.

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the* vigor of the vital current, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a one of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. DR. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from *S. P. Townsend*, and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D., CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in cleansing the system from disease, extracted and combined with the highest skill which the resources of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or ephemeric pretenders, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Sciatica, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 41 years, of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Purgative. Price 25 cents.

His **Concorde** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabric.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require boiling, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored articles can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from paint and slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*—by analyzing the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For CONSUMPTION, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1, which contains the No. for PROSTRATION. No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption they enter the system and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists,
No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents,
Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S ANTIDOTE CORDIAL, and why? Because it *never fails to afford instantaneous relief*, when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the suffering cause, viz: Acidity of the Stomach, and its accompanimentities. For this reason, it commends itself as the only *reliable* preparation now known for CHOLIC, DIARRHŒA, and DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for the troublesome pain in all cases of Teething, Infantile, regulating the Bowels, and relieving pain, it has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of Convulsions or *Fits*. As you value the life and health of your children, and wish to save them from those sad and blight-ing cares which must follow, if they are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, we urge upon you the necessity of EATON'S CORDIAL; but DR. EATON'S ANTIDOTE CORDIAL, *then you can rely upon*. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

CHURCH & DUPONT, Druggists.

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance, &c. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and despondent, and restore to health a weak nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquor, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible disease, Delirium Tremens, or *Delirious Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will remove Headache.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, find the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will add vigor, health and beauty to the fair, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

General Depot, 48 Water street, New York.

THOMAS O. HOYT, Proprietor and Driver.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing influence, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children.

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of the other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this cause. In the system, Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many distressing diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One quarter of our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system, purify and invigorate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS and ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS, SWELLINGS, ERYSIPELAS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, DYSENTERY, ROSE OR ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting disordered action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with Sickness and Debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Only let the sufferer try the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Jaundice, Dropsy, Tetter, Tumors, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors, and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral

FOR THE CURE OF

COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every person in our country has been its recipient, or knows, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public can confer no greater boon than to endeavor to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thru-t upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

NOTICE TO ADVERTISERS,

As Advertisements appear in both Daily and Weekly Chronicle—they receive thorough circulation in the city and vicinity, and throughout the State.

The Chronicle Office is open from 4 o'clock in the morning till 8 in the evening; and advertisements, notices, &c., duly authenticated and authorized by responsible parties, may be left in the drop-box in the street-door, after the office is closed—and will be inserted next morning if necessary or desired.

All advertisers are requested to hand in their notices as early as convenient.

SUNDAY WORK.—A few days ago, I heard a young girl recount a Sunday's drilling at a New England boarding school. The overwork appeared to me so excessive, that I asked a repetition of the day's duties, which I give you as received from her lips. Perhaps its publication would lead parents to inquire into the regulations of schools before sending their daughters to them.

"Regulations for the girl's boarding school, called 'A Young Ladies' Seminary,' in a certain town in New England.

"'But the seventh day is the Sabbath; in it thou shalt do no manner of work,' &c.

"Rise at half-past 5 o'clock; breakfast, then prayers for half an hour; from 9 to 10 attend prayer meeting; at 10 o'clock to church until 12 o'clock; dinner at half-past 12 o'clock; to church again from 1 to 3 o'clock; from 4 to 6 o'clock learn Bible lessons, and remember the texts of the two sermons so as to be able to repeat them to the teachers, besides committing to memory another text, called a voluntary; then tea, and while at tea-table the text above-mentioned to be recited; after tea, to the chapel of the school for Bible-class instruction, which, with prayers, last until 9 o'clock;—after 7 o'clock, three chapters of the Bible to be read before retiring for the night at half-past 9 o'clock."

The above were the labors of the day of "rest." What the Herculean labors of the week were, I was afraid to ask.

It is not surprising that the victim of such a system broke down after a few weeks' trial, and was taken home more dead than alive.

ANTI-TOBACCO LEGACY.—The late Daniel Fanshaw, of New York, bequeathed a large part of his property to religious and philanthropic societies. A codicil to his will gives a son an additional legacy of five lots of land, provided he shall abstain from the use of tobacco for a period of six months before the testator's death, and if, after he gets possession of the lots he should resume the habit of using tobacco, said property is to be taken from him and devoted to building a home for superannuated *sober* printers.

Mr. Geo. Sanderson, agent of the Uxbridge Woolen Manufacturing Company, met with a serious and dangerous accident last Wednesday. As he was riding along, something hit the heels of his horse, causing him to run. To stop him, Mr. S. drove him up a bank by the side of the road, where the horse stopped and began to kick. He knocked in the front of the wagon, and planted both feet in Mr. S.'s breast, inflicting a severe and painful wound.—*Worcester Spy.*

An elderly lady, who with her daughter, had just returned from the tour of Europe, was asked if they had visited Rome, and replied in the negative. "La, ma, yes we did," said the daughter; "that was the place that we bought the bad stockings at!"

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.
We have put up and sold this article for over ten years, and *can say, in confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter, *"what we do know,"* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives toneand energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC,
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the safest and surest REMEDY IN THE WORLD in all cases of DISENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints: *Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper
Sold by Druggists throughout the world
Principal Office, No. 8 Cedar st. New York.
Price only 25 cents per bottle.

GEORGE W. PLUMER'S
NEW BAKING ESTABLISHMENT.
SHOPS: { No. 22 CONGRESS STREET, and No. 31 STATE STREET.
Orders from neighboring towns and the country promptly attended to.
Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons
ON TUESDAY, MARCH 27th,
at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**
The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.
Baking for Families carefully attended to.
In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. F. WILDES, will attend to all orders delivered him.
Grateful for past favors, we would respectfully solicit a share of the public patronage.
GEORGE W. PLUMER.
Portsmouth, March 26, 1860.

Here's Health for the Million!!
CLARKE'S SHERRY WINE BITTERS
Warranted Palatable and Healthy.
Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.
Weakness.
The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.
Nervousness.
Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.
Broken Down Constitution.
Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.
Try them!
All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.
25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

DR. CLARKE'S HERB PILLS
ARE THE CHEAPEST AND BEST IN THE WORLD!!

DR. CLARK'S HERB SYRUP
cures everybody. Try it!!
DR. E. R. CLARKE, Sharon, Mass.,
Manufacturer and Proprietor.
Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. feb27

DAHLIA ROOTS, TOMATO PLANTS
A good supply may be found, during the season, at the Bookstore of
J. F. SHORES, JR.,
No. 1 CONGRESS BLOCK.

Ayer's Cherry Pectoral.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights. It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS FERRY, JR.
SHOP, over MERRILL & FERGUSON'S BLACKSMITH SHOP, OPP. NEW CUSTOM HOUSE.

WM. S. HADLEY & CO.S' STABLE.
The Subscribers have formed a Co-partnership to carry on the
LIVERY STABLE BUSINESS,
at the Stone Stable adjoining the City Hotel,—under the firm of
WM. S. HADLEY & CO.
They have good Horses and Carriages constantly to let, and Stabling for Horses on reasonable terms. WM. S. HADLEY,
Portsmouth, May 11, '59. MOSES H. TILTON.

SOAPS, OILS, CANDLES, &c.
SAMUEL CLEAVES & SON,
Opposite Eastern Railroad Depot, Portsmouth, N. H.
Keep constantly on hand of their own manufacture:
SOAPS.—No. 1, Family No. 1, and Extra No. 1; White and Soft Soaps; with an excellent article of Cream Soap for Shaving.
CANDLES.—Dipt and Mould Candles, of large and small sizes.
OILS.—Extra Winter Bleached Lard Oil, manufactured in New Bedford,—is very white, burns equal to Sperm, and is very much cheaper, and will stand limpid in the coldest of weather; and Extra Winter Bleached Polar Oil, sought only in the Polar Seas by New Bedford Whalers—received every week, fresh and newly manufactured.
A fresh stock of the above articles constantly on hand, and warranted of the best quality, for sale cheap, at wholesale or retail.

HORSE SHOEING.
JOSEPH WHIDDEN, 2d, at his old stand,
No. 17 FLEET STREET,
devotes his entire attention to the FARRIER Business, as heretofore; and having had very large experience, and possessing the best facilities, he has no hesitation in guaranteeing perfect satisfaction in all cases.
To accommodate his patrons the more promptly, he has engaged as assistant, an experienced Shoer from Boston.

J. M. EDMONDS,
No. 5 Daniel Street, Pearse's Block,
will continue to transact business as heretofore, as a NOTARY PUBLIC, JUSTICE OF THE PEACE, and INSURANCE and REAL ESTATE AGENT.
He will also give particular attention to PROBATE COURT BUSINESS, to obtaining PATENTS, PENSIONS, and BOUNTY LAND, to examining, settling and adjusting Books, Accounts, &c., &c.

JOSEPH H. THACHER,
Chemist, Druggist and Apothecary,

FRENCH'S HOTEL
On the European Plan,
CITY OF NEW YORK.
Single Rooms, 50 Cents Per Day.
City Hall Square, corner Frankfort St.,
(Opposite City Hall.)
Meals, as they may be ordered in the spacious Refectory. There is a Barber's Shop and Bath Rooms attached to the Hotel.
N. B.—**Beware of Runners and Hackmen** who say we are full.
an23 **R. FRENCH,** Proprietor.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the house in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for **past favors**, respectfully solicits a continuance. **J. B. FLAGG.**
Portsmouth, May 1st, 1860.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also secure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.
J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

BUSINESS NOTICE.

Aver's Sarsaparilla.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JUNE 11, 1860.

☞ At the great Douglas meeting in Boston, Hon. Reverdy Johnson, with an elaboration that becomes almost amusing, proves that the National Administration has degenerated from its professions on the slavery question. This is just what all the country knows.

Mr. Cavanaugh came all the way from Minnesota to Faneuil Hall to say that "Mr. Lincoln is as honest a man as God ever made, and the Republicans did well in nominating him. Speaking of this meeting, the Boston Journal says:—

Look at Mr. Reverdy Johnson's statement of the issues between the two wings. The radical distinction amounts to this; the Administration contend that the Dred Scott decision deprives a Territorial Legislature of the power of interfering with slavery, while the Douglas men contend that it did not go to that extent, although the Court can cover that point hereafter. They agree on all the other material claims of the slavery propagandists, and there seems to be a perfect unanimity as to what the purport of any future decisions on the slavery question will be so long as the Supreme Court substantially retains its present construction.

The virtual language, then, of all these Douglas demonstrations to their Southern Democratic br thren is: "Why insist upon your extreme claims just now? It may be sport to you, but you see it is death to us. We cannot begin to carry Illinois, Indiana, and Pennsylvania, without absolutely sinking, for the time being, the whole subject of a slave code, and not then, we think, without Douglas. Let us have our way, therefore, till we carry the Presidency, and then you can have yours by calling on the Supreme Court. So we did in 1856, capping Buchanan's inauguration with the Dred Scott decision—and why not again?" Surely, why not? Because the people will conduct the lightning away from striking twice in that one spot.

CORN CRIBS.—We find the following in the Boston Transcript.

The Prairie farmers of the West preserve their Indian corn in the ear, without the loss of a single grain from heat and moisture, by piling it up in common fence-rail cribs about 11 feet square and 9 feet high, the mass being rounded off at the top and exposed to the weather. Covered cribs are found to be ruinous to the grain, as experience has often proved. So what would seem to be a shiftless style of husbandry, is the result of skilful experiment.

Tell that to the marines, says Uncle Toby. The fence-rail corn crib, with the mass *rounded* at the top is good, no doubt; but then it should be covered with a *roof of boards* laid so as to shed the water from the heap:—the boards should project a foot or two beyond the sides of the heap, and be nailed or pinned down to the top rail.

The common New England Corn Pot, however, is better to keep away the *rats*, than a fence rail crib.

☞ In "The West Coast of Africa," just published by Rev. W. Thomas, chaplain of the U. S. sloop-of-war Jamestown, on the African Station from 1855 to 1857, he speaks of the Kroomen of Sierra Leone and Liberia as an active, hardy, and laborious class of men. He says:

"As evidence of their muscular development, we state that he is considered a weak man among them who cannot hold a barrel of beef (200 pounds) at arms' length above his head, and walk with it through a heavy surf, to a boat 200 yards from the shore. In color they are a dark chocolate, rather than black."

A TRANSPLANTED NEW ENGLANDER. Rev. Wm. C. Dana, son of the late Rev. Dr. Dana of Newburyport, who is pastor of a Presbyterian church in Charleston, S. C., has written a letter to the Southern Aid Society, that appeared in the Boston Courier of Wednesday, in which he defends the institution of slavery as it exists. He says it is an evil only as poverty is an evil; and thinks if New England was situated in relation to slavery as the South is, we should discover that the equality of all men of all races is an off-shoot, not of christianity, but of French Red Republicanism.

☞ At a Republican celebration in Fairfield, Conn., the following expressive mottoes were on their banners:—

"Congress has the right to legislate on slavery in the Territories."—Gen. Washington, John Adams, Thos. Jefferson, Jas. Madison, Jas. Monroe, W. H. Crawford, J. Q. Adams, Andrew Jackson.

"Congress has not the right to legislate on slavery in the Territories."—S. A. Douglas, Caleb Cushing, Fernando Wood.

"Our Platform—Built by the Republicans of 1860, with timbers hewn by the Fathers of 1776."

"With the faith of Abraham and the courage of Hannibal, we will conquer the WRONG and maintain the RIGHT."

☞ On Thursday last the U. S. Circuit Court at Savannah, Ga., passed sentence of $250 fine and thirty days' imprisonment on O. A. Lamar, J. Mott Middleton, Carey W. Stiles and William Hone, who pleaded guilty to the charge of having rescued Capt. Farnham, of the slave yacht Wanderer, from the county jail.

☞ Mr. Douglass Estabrook, of Bangor, dropped down dead in one of the streets of that city, on Tuesday.

ASSASSINS ON THE TRACK OF SENATOR SUMNER.—A special dispatch to the Boston Journal, dated Washington, June 9, says that about dark, Friday evening, a person appeared in Mr. Sumner's room, who represented himself as one of four persons who had come from Virginia to demand satisfaction for insults contained in his great speech.

The Virginian made the most violent and bloody threats to Mr. Sumner, and only left the room after repeated orders.

Mr. Sumner's friends rallied around him immediately. Mr. Burlingame and another gentleman slept in his room Friday night, and next morning Mr. Wilson and Mr. Burlingame rode up to the Capitol with him.

It is not true that an assault has been made. Mr. Sumner's friends will not lose sight of him, and the Kansas men say they will protect him with their lives.

WASHINGTON, June 9.—[To the Associated Press.]—Many rumors of an extraordinary character prevail with regard to Mr. Sumner. It appears that early last evening an individual from Virginia called at Mr. Sumner's room, and imperiously demanded an explanation of certain parts of his recent speech. Mr. Sumner gave him no satisfaction, and ordered him to depart, which he did with threats. At a subsequent hour three other persons called, and stopping in the passageway, sent up word to Mr. Sumner that they wished to see him alone. They refused an invitation to the room where Mr. Sumner was, surrounded by his friends, and left, sending a threatening message by the servant that they would come with force to assault him at 10 o'clock this morning, at which time Mr. Sumner's friends were again present. The attention of the Chief of Police has been called to the subject.

A dispatch to the Boston Traveller says Mr. Sumner's friends are apprehensive of an assault from private men, not from Congressmen. Most of the Massachusetts delegation, and many others, have visited Mr. Sumner, offering their services. The matter was not generally known.

☞ The New York Journal of Commerce estimates the cost of new buildings now being erected, and improvements being made in that city, at $3,718,000. Wm. B. Astor is putting up a new building at a cost of $200,000, to be finished in April, 1861, that is to be rented at $50,000 per annum; and John J. Astor, Jr., has nearly completed what the Journal calls the "finest gentleman's residence in New York;" he has also recently made an addition to his country residence at a cost of $30,000.

☞ Mrs. Fenwick and four children left Melbourne for England in the Royal Charter, and all were lost. Mr. Fenwick, the husband and father, remained in Melbourne, and about five days before the wreck wrote to a friend in Hobart Town, saying he had seen his wife and children, in a dream, battling with the waves and calling to him for help. The dream so preyed on his mind that he committed suicide by cutting his throat, and that on the very night of the wreck.

☞ Flora Temple and Geo. N. Patchen are to trot again at the Union Course on Tuesday, June 12, two-mile heats, best 2 in 3, for $1000 a side. Patchen had better "give it up so" as it is now—he is considerable of a horse, but he can never patch-up fast enough to catch the little bay mare, when she is in good fettle.

☞ The Unitary Household, occupying four brown stone fronts on Fourteenth st., New York, where many families lived cheaply under an associational arrangement, projected and managed by Mr. Underhill of the Tribune, has broken up and disbanded; but other such households are promised for next fall.

☞ On Tuesday evening last a letter was received at Bangor from Hon. Hannibal Hamlin, containing a donation of $200 in aid of Maxwell and Stowell of that city, who were injured while firing a salute at Hampden, in honor of the nomination of Lincoln and Hamlin.

☞ No less than seventy professional pickpockets were spotted by the New York police on the first train of cars which arrived at the Union race course on Wednesday. They were admonished to go back again and save themselves trouble, which most of them did.

☞ In a contest between two dogs and a panther, at Matanzas, Cuba, the proprietor of the latter, finding his simal over-matched and evidently getting the worst of it, shot the dogs with an air-gun. For this he was compelled to give up the whole amount of the money taken at the door, amounting to $400.50, for the benefit of the poor.

☞ The Democratic Senators have determined not to admit Kansas into the Union this year. In caucus they have agreed to Mr. Green's amendment, which changes the boundaries and sends the question back to the people.

☞ A directory canvass of the inhabitants of San Francisco, now nearly finished, indicates that the population of the city is fully 100,000.

MEMPHIS, Tenn., June 7.—A. S. Wells, an extensive dry goods dealer of this city, has assigned. Liabilities $250,000, assets $300,000.

THE SIGNET RING, and other Gems;—from the Dutch of the Rev. J. de Liefde. Such is the title of a new and very neat volume of 364 pages, just published by Gould & Lincoln, Boston.

The author is not unknown to the readers of "Evangelical" Books, having written the Signet Ring some years ago. The other essays or Parables, are of the same cast, and all are of the most pleasant cast of such writings.

It may be read with profit, by those who differ widely from some of the author's views. The following extracts from the Publishers' Note, will give the reader some idea of the volume.

The New Testament parables are the models from which Mr. De Liefde has derived his method of instruction. The every-day incidents of life are made by his subtle skill to yield divine lessons; as, in some statuary we read of, the commonest materials are made, by the hand of genius, to serve the purposes of the highest art.

The author has attained great popularity in Germany and England, and his charming works have passed through many editions. The reviewers generally echo the opinion of the Scottish Guardian: "We have not found in so small a compass a mass of Christian experience so pregnant with instruction to all who are engaged in the Lord's work."

DOUGLAS MEETING IN LOWELL.—*Lowell, June 8.*—[Special dispatch to the Boston Herald.]—The Douglas meeting which is being held at Huntington Hall, is a *rouser*. The large hall is packed full, and great enthusiasm prevails.

The Hon. Mr. Kavanaugh, of Minnesota, one of the speakers, boldly attacked the course pursued by Cushing and Butler at the Charleston Convention. The latter gentleman was among the audience, and the denunciation of his conduct at the National Convention drew forth repeated rounds of applause.

Mr. Butler essayed to reply, and his remarks were received with mingled cheers and hisses—the latter preponderating. He made a short speech, however, promising to reply to the review of his conduct at Charleston at some future time.

☞ Godey for July, 1860, contains another of those celebrated plates for which the Ladies' Book has for a long time been distinguished—"Summer," a companion to "Spring" in the April number. Another original design for a cottage and plan, by Sloan. The receipts for preserving and pickling, published in this and the June number, are valuable to every housekeeper. Eighty-four engravings in this number;—twelve full page engravings.

FRENCH DRAM SHOPS.—A late writer, who found a plenty of drunkenness in France, says:

That I may not be accused of exaggerating the evils of the licensed dram shops, I quote the following from the works of M. Villerme, upon the physical and moral condition of the working classes. The description refers to the cabarets of the quarter Etaques at Lille.

"I could have wished," says Villerme, "to have entered the places where I have seen through the doors and windows, across a cloud of tobacco smoke, crowds of people agitated like the inhabitants of an ant-hill; but it was evident that, notwithstanding the precaution I had taken to disguise myself in a manner not to create suspicion, my appearance among them would have created violence. A great number stood from want of room to sit down. All drink the detestable corn brandy or beer. I heard even children utter the vilest obscenities. I can affirm that I have never seen at once so much pollution, misery and vice, and no where under an aspect more hideous and revolting."

☞ The Kansas correspondent of the Boston Journal says, in writing from Leavenworth:—

The announcement that your Rev. Mr. Kallock is about to take charge of the Baptist Church in this city, excites different comments in different quarters. The Leavenworth Times welcomes him as "an accomplished and talented divine." The St. Louis Republican describes him as "somewhat eminent as a lecturer, but still more generally known for his weakness for whisky slings and fondness for other men's wives."

Charles Sumner, the giant poltroon of Massachusetts, has at length ventured to break the silence which he enveloped himself after his memorable and *ignominious chastisement* by Preston S. Brooks.—*Baltimore Clipper.*

The above is another specimen of southern chivalry, and an apt illustration of the degrading influences of the "Barbarism of Slavery," of which Mr. Sumner spoke so forcibly.—*Atlas.*

PATCHEN AND ETHAN ALLEN AGAIN. A match has been made by the owners of Ethan Allen and Gerge M. Patchen, for $1000 a side, bona fide, mile and repeat, in harness, to come off on the Union Course, on Tuesday, July 10th.

COTTON IN VERMONT.—The Vermont Caledonian has a pod of cotton which was raised in Glover, in that State, by Mr. Abbott, "real Southern cotton, as white and nice as any colored individual ever picked on a Georgia plantation."

☞ Franklin B. Chase and Henry C. Stackpole, of Nantucket, have pleaded guilty of incendiarism, and been sentenced to the State Prison for life, by Judge Wilkinson, of the Supreme Court.

☞ A person in Mobile, Ala., has brought a suit for damages against a shoemaker, for failing to comply with a promise to have a pair of boots made at a specified time.

The Covode investigation is not without its uses. We have no particular respect for the motives which prompted it, but we are glad that it is operating like a huge plow, cutting deep into the morass of political corruption, and turning up and laying open much the people have not dreamed of heretofore. It is now confidently asserted that a large portion of the New York post office defalcation will be traced to the corruption fund used in Illinois in 1858 to defeat Douglas. As Father Ritchie would say, "*Nous verrons.*"—*Bath Times.*

A scientific lady, when a conversation turned on dynamics, asked the late George Stephenson, the celebrated engineer, "what do you consider the most powerful force in nature?" "I will soon answer that question," said he. "It is the eye of a woman for the man that loves her; for if a woman look with affection on a young man, should he go to the uttermost ends of the earth, the recollection of that look will bring him back. There is no other force in nature that could do that."

At the time of the recent suspension of the Tecumseh (Mich.) bank, a green grocer in Toledo posted over his door the following sign:—"Tecumseh Money Taken Here for Pottatoes—*Barrel for Barrel!*"

To-morrow is the day on which lazy people work and fools reform.

Temperance Boarding House,
AT RYE BEACH.

Visitors to Rye Beach, who desire a pleasant, quiet stopping place, can find it at
THE WASHINGTON HOUSE.
It is not our business to make a show, and tax a great price for it, but to have a nice, quiet place, where our friends can stop a few hours or a few weeks, and enjoy the Sea Shore and the many other good things of life, at a very moderate expense;—and not be annoyed by the thousand evils that exist in consequence of the liquor trade. We solicit the encouragement of our friends, and trust they will be interested in sustaining ONE TEMPERANCE HOUSE on the sea coast. "A word to the wise is sufficient."
Invalids who wish to come to the Beach for their health, will find it a very good place, being quiet and near the sea.
Price of board: From $4 to $7 per week.
Visitors to the Beach can take Coaches at Exeter, North Hampton, or Greenland Depots, or a private Carriage will be sent on request. Good opportunities for pleasure riding, sailing and fishing. C. LEAVITT & N. L. THOMPSON,
Rye Beach, June 11, 1860. Proprietors.

Cloths, Doeskins & Cassimeres,
Both plain and fancy, that can be found this side of Boston, which we will
Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also
Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,
and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of
MOSES & DOWNIE;
2mos 3 & 37 Market Street.

Special Notices.

THE GREAT EASTERN AT LAST.
The Great Eastern will soon be here to astonish Yankee eyes with her huge proportions. The directors of the company deserve great credit for their determined enterprise. The ship has been most unfortunate; still, the directors raised more money, and the work went on. Now, the same determination to succeed, and a tithe of the enterprise individual share invested in one of the Grand Lotteries of Messrs. Wood, Eddy & Co., of Wilmington, Delaware, and St. Louis, Missouri, would have secured a fortune over and over again. The chance is still open; for by enclosing to the managers, at either office, $2,50, $5, $10 or $20, a part or whole ticket will be returned by next mail.

"This may certify, that for a number of years I have been afflicted with the Scrofulous disease, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure." BETSEY SAYBORE.
Kensington, Sept. 25, 1856.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.
This terrifying disease, even when depending on grave derangements of the nervous centre, will yield to the alterative power of the PERUVIAN SYRUP, which by improving the digestion, and consequently purifying the blood, promotes a proper nutrition of the substance of the brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. I have no doubt, that its cases of Paralysis, like mine, Dyspepsia, and especially of Dropsy, it may be administered with a greater prospect of success than any other medicine in use among us."

VANES, BRACKETS, &c.,
—from the—
Dover Brass Foundry, and Ornamental Iron Works
THOMAS MANNING, PROPRIETOR.
For sale at the Store of
GEORGE L. TREADWELL,
16 MARKET STREET.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

GENERAL COURT.—FRIDAY, June 8.

The Senate adjourned to Monday at 4 P. M.

In the House, besides the usual opening of business for the session, there was action on the cattle disease.

Mr. Shirley, of Andover, moved: That in view of the alarming disease of cattle now prevalent in Massachusetts, and in several towns in this State, and of the urgent necessity of immediate and intelligent legislation to prevent its spread throughout the entire State, the Speaker be requested to extend an invitation to Dr. George B. Loring, one of the Commissioners appointed by the Governor of Massachusetts in relation to this disease, to address the legislature upon the character of the malady and the best means of its extermination, at as early a day as possible.

The resolution was adopted unanimously.

Mr. Huntington, of Hanover, moved that the committee of the New Hampshire Medical Society be invited to confer with the joint committee of the legislature on the subject of the pleuro-pneumonia. The resolution was adopted.

Mr. Pattee, of Antrim, presented a petition from E. L. Vose and 33 others, of Antrim, asking for a law requiring the several cities and towns to take measures to prevent the spread of pleuro-pneumonia.

The petition was referred to the special committee.

A committee of 20 was raised, to revise the Tax Apportionment.

The House also adjourned to Monday.

BOY KILLED ON THE RAILROAD.—An Irish lad, about 11 years old, was instantly killed on the Eastern Railroad, at West Lynn, by the 5 1-2 o'clock train for Salem, Friday afternoon. Several boys in that vicinity have been in the habit of standing on the track till approaching trains got very near upon them, and then jump off, and this was the intention of the boy, no doubt, but he was caught by the cow catcher and mangled horribly. This should serve as a warning to others, who are of very much trouble to the engineers of trains, who try to prevent accidents.

SLANDER.

Not all they say or do can make
My head or tooth or finger ache,
Or mar my shape or scar my face,
Or put one feature out of place;
Nor will ten thousand lies
Make one less virtuous, learned or wise;
The most effectual way to balk
Their malice, is to let them talk. 7t

ABANDONED.—In the train from Boston on Friday morning, a well dressed woman passed through Newburyport to Amesbury, having a child some eight or ten months old, apparently her only companion, and she was herself unknown to the conductor. Shortly after reaching Amesbury an unknown man made his appearance in the village, giving information that he had seen an infant on Powow hill, with no one to care for it. Search was made and the child found with an abundance of clothing near by. Persons were then sent to hunt up the woman and the man, but both had disappeared. They had accomplished their work; they could not abandon the infant—probably their own child—to die, and after resorting to these means, which cleared them from the responsibility, and provided that it should fall into good hands, they had fled to parts unknown.—*Herald.*

THE NEW ENGLAND CHRISTIAN CONVENTION—which embraces all churches of the Christian connection in New England—was held last week at Salisbury, Mass. This branch of the church is comparatively young, but becoming large. Its first society was organized in Vermont in 1800, by Dr. Abner Jones; and about the same time Elias Smith organized another in Portsmouth. Since that date it has rapidly spread over the country. It has now some two hundred ministers in New England. The independence of its government and its liberality of belief—(creed it has none)—have given it strength. It early found a people at Salisbury Point, where its convention is now held, and in 1810 a church was organized by Elder Clark. From Salisbury it was received in Newburyport through Elder Pike, about twenty years ago, who, after a temporary struggle, gained popularity by his sturdy blows in the cause of reform, and has gathered the largest Protestant Society in Newburyport, and one still prosperous and growing. Fifty different ministers have attended the convention.—*Herald.*

It is now well understood that Caleb Cushing and B. F. Butler during the whole term of the Charleston Convention, were in communication and affiliation with the Yanceyites to kill Douglas. The efforts of these gentlemen are likely to be as successful as were those of the man who attempted to split a granite boulder with his head.—*Bath Times.*

We are told that vast quantities of butter are now being got rid of in Portland, that laid over from last season when the Great Eastern didn't come. It is called Heenan butter, on account of its strength.—*Bath Times.*

THE PEMBERTON STRUCTURE.—The work on this Mill is progressing finely.—One story of the walls is now nearly completed, and the flooring timbers on. Some 200 hands are daily employed, which presents a very lively aspect.—*Lawrence Cour.*

CONGRESS, FRIDAY, June 8.

SENATE.—Mr. Green, from the Committee on Territories, reported adversely on the petition from Utah to form a Constitution and asking admission as a State.

Mr. Trumbull, from the Judiciary Committee, reported a bill to carry into effect the treaties with Japan, Siam, China, &c., which was passed.

The private calendar was then taken up. Nearly 40 private bills were passed.

HOUSE.—The House resolved, on and after Monday, to take a recess from 4:30 to 7 o'clock.

The House resumed the consideration of the Missouri contested election case.

The resolution that Mr. Barret is not entitled to a seat, was adopted—94 against 90.

The resolution giving Mr. Blair his seat was adopted—93 against 90. Mr. Blair was sworn in.

Mr. Hickman called up the resolutions heretofore reported by him from the Judiciary Committee, declaring the dissent of the House from the doctrines in the President's special message against the resolutions authorizing the appointment of the Covode Committee.

Mr. Houston submitted a minority report.

A lengthy discussion ensued, during which Mr. Houston asked to be excused from service on the Judiciary Committee; also Mr. Taylor.

Mr. Hickman's resolutions were adopted, but no action was taken on the requests of Messrs. Houston and Taylor. Adj.

THE PRESIDENT SNUBBED.—It will be seen by the news from Washington, that Mr. Hickman's resolutions, sustaining Mr. Covode's committee in investigating the official acts of the President, against which His Excellency "J. B." recently protested in such solemn and peremptory terms, have passed the House, by more than two-thirds vote—87 to 40. The House, evidently, is of opinion, as was the Judiciary Committee of the House, that the people have something to say about the conduct of their servants, even the chief of them, and that the President as well as other Government officers, are answerable to them through their Representatives in Congress. This action must be exceedingly gratifying to our incorruptible Chief Magistrate, and may possibly call forth another protest—or "Fort Duquesne letter."—*Atlas.*

An old lady was asked by a person to what religious denomination she belonged. "I don't know," she replied, and "I don't care anything about your nominations; for my part I hold on the old meeting house."

It is vain to stick your finger in the water, and pulling it out, look for a hole; and equally vain to suppose that, however large a space you occupy, the world will miss you when you die.

DIED.

In this city, Monday morning, June 11th, of heart complaint, Mr. ROBERT GRAY, aged 68 yrs. He was a native of Salem, Mass., and came to this city in 1813.

In Newcastle, May 29th, EVA NEAL, aged 8 months, child of Mr. Robert Neal.

—June 4th, MRS. TEMPERANCE AMAZEEN, aged 89 years, widow of the late Capt. Christopher Amazeen.

MARINE CHRONICLE.
PORT OF PORTSMOUTH.

Arr 8th, brig Alamo, English, New York.

THE ONLY PREPARATION

Having Proof so Strong and Direct as to

Expel the Doubts of All.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all woo have used it, unite in testifying that it will preserve the hair from being gray, and restore it to any age, as well as restore.—Read the following:—

Oak Grove, S. C., June 24, 1859.

Prof. O. J. Wood:—Dear:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:—

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was entirely destroyed. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy "Hair Restorative," which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers I meet over, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,
M. J. WRIGHT, M. D.

Jeffersonian Office, Phillipi, Va., Dec. 12, 1859.

Professor O. J. Wood:—Dear Sir:—I feel it my duty as well as pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a stranger,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement: I give this to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents.

Yours, &c.,
THOMPSON SURGHNOR.

Dr. Wood—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. S. THALBERG.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness,
Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in one DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no impostor, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Fever, Hectic, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

A FRIEND TO NEAT HOUSEWIVES.

CHENLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

T R Y O N E .

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

Spring and Summer Goods.

J. E. HAM & Co., - - 9 Congress St.

Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of
SPRING AND SUMMER CLOTHS,
ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of
COATINGS,
including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of
PANTALOON GOODS
That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.

They would invite the special attention of gentlemen to their Cloths for
BUSINESS SUITS,
as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last fall at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

Portsmouth, May 17th, 1860.

PLEASURE SAILING.

The **Schooner SIBYL,** one of the beautiful Yachts built by the late George Steers, will run during the season, to the Shoals, or to any other port or place, desired by the parties who may employ her for a day or a number of days.

She will lay when in this port, at PIER WHARF, and will run as an Accommodation Yacht, to the order of Individuals or Parties.

Application may be made on board, or to Messrs. JOHN RIDER & SON.

The Sibyl is commanded by Capt. RUFUS A. PREBLE, an experienced pilot, who will give every attention to the comfort and enjoyment of his passengers. The Sibyl has an elegant cabin, water closets, tanks, and every accommodation of a first class packet.

Portsmouth, May 1, 1860.

LAFAYETTE LAIGHTON.

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a one of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. D. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D., CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in cleansing the system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

C A U T I O N ! !

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, t on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

PROPRIETOR'S OFFICE,

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of those truly valuable medicines is daily witnessed by thousands of the first classes of society, among of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Bonset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Purge. Price 25 cents.

His Comerve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all disease of the Lungs. Price of small bottles, 25 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in

Portsmouth - - - - No. 1 School Street.

N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. oct

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require boiling; thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unsurpassed.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from stains or slops. The worst blue-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*.—Analyze the blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1. For NERVOUS *Debility, Loss of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER-USE, GENERAL DEBILITY, and WANT OF CONSTITUTION No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for the system it is taken by *Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists,
No. 499 Broadway, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? *Because it never fails to afford instantaneous relief*, when given in time. It acts as if by magic, and one trial always convinces the parent that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of the little one, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now extant for INFANTILE COLIC, and all DISEASES of the STOMACH, WIND, COLD IN THE HEAD, and CROUP, INFANTILE DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE

GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of

35,000,

we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged, and that

Every Machine sold by us

We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT SUCCESS
—of the—
Grover & Baker's Sewing Machines.

[From the wife of the Hon. Jefferson Davis.]

Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their best Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.

[From J. G. Harris, Governor of Tennessee.]

My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.

[From the Rev. Jonathan Cross, Agent American Tract Society.]

My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in ten the old way, and without fatigue. The work is beautiful and durable.—She says she would not exchange it for any other one. It is certainly one of the grandest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.
Baltimore, July 14, 1859.

PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others.
ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and obtain place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.

"Zion's Herald," Nov. 10th, 1859, says,—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Bible, and also one of Grover & Baker's SEWING MACHINES.*"

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say, in confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the best commendation of its magical effects and medical virtues. We speak, in this matter, *what we do know,* after ten years' experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England, and has been used with *never-failing success,* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper

Sold by Druggists throughout the World. Principal Office, No. 3 Cedar st. New York.
Price only 25 cents per bottle.

Here's Health for the Million!!
CLARKE'S SHERRY WINE BITTERS
Warranted Palatable and Healthy.
Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Weakness.
The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.
Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.
Dr. Clarke's Sherry Wine Bitters are the very thing; give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general no medicine can be better adapted for their purpose.

Try them!
All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.
25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

DR. CLARKE'S HERB PILLS
ARE THE CHEAPEST AND BEST IN THE WORLD!!

DR. CLARK'S HERB SYRUP
cures everybody. Try it!!

DR. E. R. CLARKE, Sharon, Mass.,
Manufacturer and Proprietor.
Sold in Portsmouth by Mathes & Yarrell, Joseph H. Thacher, and B. Hutchings. feb27

Bickford's Spring Balance,
for Window Sashes, to take the place of weights. It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS FERRIN, JR.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expenses will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. **J. B. FLAGG.**
Portsmouth, May 1st, 1860.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES that are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.
J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

Aver's Sarsaparilla.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, JUNE 12, 1860.

A MORTARA CASE IN BOSTON.—A little girl, 7 years of age, named Georgiana Bennett Newcomb, was kidnapped from Wesley place, Boston, on Friday, under circumstances that lead to the belief that she was stolen by Catholics. The father of the girl, whose name was Bennett, and who has been dead some years, was a Catholic. The mother was formerly a Catholic, but since the death of her late husband she has renounced the Catholic church and become a Protestant. Three or four years since she was married to a second husband.

Within a few weeks past her Catholic friends have frequently visited her, and requested her to return to the church with which she was formerly connected. This she refused to do, saying she had suffered enough from her connection with that church. They then demanded the possession of the child, that she might be brought up in the faith of her father. The mother refused to give up the child, but fearing that they would claim it after her death, gave it, by properly attested writings, to her husband, Mr. Newcomb.

On Friday the child was at play before the house, and a neighbor saw a lady approach the child and apparently ask her name The child answered, when the woman took her by the hand and lead her into and down Hanover street. Since that time Mr. Newcomb has been unable to obtain any tidings of her. Information has been received by him of a premeditated and deep-laid plot for the abduction of the girl.

HALL'S BAND, of Boston, which furnished the music for the Horse Guards at Concord, last week, gave a fine Concert on the evening previous to the parade; and on Thursday night, gave a complimentary Serenade to Col. Bellows, Col. George, and other officers of the Guards; and also to Hon. J. A. Gilmore and other citizens of Concord. At Mr. Gilmore's they were invited in, and the bounteous hospitality of that gentleman was liberally responded to by the delicious music from the Band. Afterwards, Mr. Gilmore accompanied the musicians to the residence of Col. John H. George, which was the scene of another actual and musical feast—to the delight of the neighbors as well as the immediate recipients of the honors, in each case.

By the way, it is more than hinted in various quarters, that the *next* candidate for the official escort of the *Governor's* Horse Guards, may be the distinguished republican gentleman himself mentioned above.

REV. T. S. KING IN CALIFORNIA.—Letters from California state that Mr. King has made quite a hit in San Francisco. Although his church is large, (170 pews,) it is thronged at every service, and hundreds are not able to gain admission on Sunday evening. A collection is taken at every religious service in California, and, notwithstanding nearly every seat is leased in the Unitarian Church in San Francisco, the *extra* collections recently made there average $150 a Sunday. The lectures of Mr. King before the Mercantile Library Association have been successful, and will not only give him five times the amount paid for lectures in Boston and New York, but will yield a handsome sum to the institution.

For the Chronicle.

WOMAN'S RIGHTS.—By an act of the last Legislature of New York, every married woman is constituted and declared to be joint guardian of her children with her husband, with equal powers, rights and duties in regard to them with her husband.—Heretofore the husband had exclusive control of the children. The same Legislature also gave to women control over property which they owned previous to marriage or which they might acquire thereafter, and also over their own earnings.—*Ex.*

If we recollect aright, the last N. H. Legislature matured, but failed to pass, a bill for "woman's rights;" also a Bankrupt law. Do not the wants of an ever advancing civilization demand laws as liberal as our sister states? and is not the present the propitious time to finally mature and pass such? We doubt not every woman will say "aye," and the "ayes" *should* have it—Both these measures have been fully and ably discussed, now let there be ACTION.

AN OPINION.—The Albany Argus says of Mr. Sumner and his late speech:

No one can rise from a perusal of this speech, without a contempt for the author and a conviction of his unfitness for his place. * * * Mr. Sumner will go to Europe for his reward.

Uncle Toby thinks it would not be strange if he should, when the new President comes in.

☞ The Boston Post says, in speaking of Mr. Old Abe, or Abraham Lincoln, the rail-splitter, that the people "will hardly be satisfied with the information that he is a fluent Abolition brawler." We should think they would like to know more of him—and so read his speeches.

☞ They had a hurdle race at Burlington, Vt., last Tuesday.

LATE FROM EUROPE.

SICILY.—The dispatches from Sicily are still very contradictory and voluminous.

The bombardment of Palermo was progressing. Garibaldi had entered or was expected. Neapolitan dispatches claim the defeat and flight of the insurgents.

The London Times places no reliance on official telegrams from Naples, as sufficient time has elapsed to show that they are sheer fabrications.

The following is the latest intelligence received by the Times from an authentic source:

PARIS, May 29.--A second telegram from Naples announces a popular rising at Palermo, and an attempted bombardment by sea and land by Neapolitan troops.

The entrance of Garibaldi into Palermo was effected.

GREAT BRITAIN.—A furious gale has prevailed all along the English coast. It was severely felt at Liverpool, where it inflicted considerable damage on the shipping—but nothing of a serious nature.

The presentation of belts to Sayers and Heenan, was to take place at the Alhambra Palace, London, on the evening of the 30th. The tickets of admission ranged from one guinea to half a crown. The men were advertised to appear for several succeeding days at the Alhambra in "classical entertainments," and will afterwards visit the provincial towns and give sparring exhibitions.

Philander Hall, second mate, and Daniel Davenport, third mate of the American ship Ocean Monarch, were found guilty of manslaughter in Liverpool, in having thro' ill usage, caused the death of a seaman named Martin Moore.

FRANCE.—The London Herald in its city article gives currency to the report from China that the French had concluded an arrangement with the Chinese authorities, by which she accepts $2,000,000 indemnity for the insult to the French flag, and would therefore withdraw her force.—There is no other authority for this questionable statement.

IMPORTANT FROM JAPAN.—Japan dates of April 23 and from China April 10, have been received.

The Chinese have concluded to pay the English and French governments their expenses and accede to all their demands.—The ports and navigation of rivers are to be free.

The Americans are charged with being engaged in the Coolie trade, and a proclamation has been issued by Chinese officials, warning them against kidnapping.

The news from Japan states that the Emperor has been assassinated. The Prince Gortairs, at the head of the Japanese government, was assassinated on the 15th of March, while on his way to the palace with his train. He was attacked by fourteen Japanese dressed as travellers. Six retainers were killed, and several wounded.

One assasin, who was wounded, had his head cut off by his companions, and carried off to prevent being recognized. Two of the assasins were princes of high rank, and were permitted graciously to disembowel themselves to prevent being beheaded. 30 suspected people were beheaded.

Since the death of the old Tycoon, an entire change has been made in the Japanese government, the present dynasty being opposed to foreign intercourse, throwing obstacles in the way of trade and commerce.

A strong opposition had been formed, and an insurrection was expected daily.—All foreigners are required not to leave the city of Jeddo after dark, and are advised by their Consuls to go armed at all times.

NEW YORK, June 9.—The fire-works manufactory of Hatfield & Son, in Williamsburg, exploded yesterday afternoon, killing Charles Hartfield and Jacob Greak, and badly injuring three other workmen.—The works occupied eight small brick buildings, and the explosion extended from building to building until all but two (which were fire proof) were destroyed.—Loss $27,000.

A dispatch from Washington states that the Covode Committee yesterday entered into examination of the alleged corruptions in Scranton's district in Pennsylvania; but before they had got through with the testimony, Mr. Winslow, who had called for the testimony, became disgusted, and refused to take more testimony, admitting that he had been grossly deceived.

SONS OF TEMPERANCE.—*Portland, June* 10.—At the National Division of the Sons of Temperance on Saturday, the Standing Committees were appointed, to whom reports and appeals were referred. The following are the officers elected for the ensuing two years:—Most Worthy Patriarch, Dr. Silas L. Condeit, New Jersey; Associate, Thomas J. Evans, Virginia; Scribe, Dr. F. A. Fickardt, Pennsylvania; Treasurer, Robert M. Foust, Pennsylvania; Chaplain, Peter G. McGregor, Nova Scotia; Conductor, Nathaniel Constable, Missouri; Sentinel, John H. Batty, Indiana.—Nashville, Tennessee, was unanimously selected for the next annual session, 1861.

WASHINGTON, June 8.—John Beeves, naval architect and late chief contractor at the Naval arsenal at Constantinople, filed yesterday, before the House Committee on Foreign Affairs, charges of robbery, attempted assassination, false imprisonment, and attempt to deprive him of his office, against John P. Brown, Secretary of Legation at Constantinople. Brown was acting Charge D'Affairs at the time the offences were committed.

FRANKLIN COURSE, North Chelsea, June 8, 1860.—Trotting for sweepstakes, $75, mile heats, to harness.

Mr. Shalloch named s. m. Brickbat	1 1
Mr. Bickford named r. g. Butcher Boy	2 2
G. Howard named b. g. Unknown	3 dis

Time—2 36—2 39¼.

The nice ladies of the congregation for which the notorious and not very reverend John Kalloch does duty, have presented him with $600, in payment for his services. This is reversing the order of things.—*Albany Argus.*

☞ The citizens of Wilton, N. H., to protect their cattle from exposure to the disease called pleuro-pneumonia, at a public meeting adopted stringent resolutions against the entrance of cattle into their town from any quarter, and appointed a Committee of Vigilance in each school district to put them in execution.

☞ The spread of the cattle disease into New Hampshire is denied, and the reported effects pronounced by a correspondent of the Boston Journal as "idle and unfounded tales of panic-stricken persons, or of interested parties."

Baron Straatsburg, who has imported a Cashmere goat, intending to raise his own cotton to make camel's hair shawls with, wishes to know if there is any difference between Southdown mutton and mutton down south.

EARLY CLOSING.—The wholesale dealers in Kerosene lamps and oils, the glass houses, and also the crockery dealers of Boston, close their places of business on Saturday afternoons till August 1.

A military officer one day while reviewing his company, happened to be thrown from his horse, and as he lay sprawling on the ground, said to a friend who ran to his assistance, "I thought I had improved in horsemanship, but I find *I have fallen off.*"

"THE SEA."—We understand that Rev. C. W. Denison has commenced a seamen's mission in New York, on the Hudson river side, and will remove his paper, "The Sea," to that city. It will be enlarged, and sent to subscribers by mail.

POLITICAL AND GRAMMATICAL.—The *nominative* must of course be given before the substantive can be "declined." The *genitive* may well rank second in order, all desiring to know the weight of the "possessive," but the *accusative* does not come so speedily along in grammar as in politics!—*Boston Post.*

☞ Postmaster Fowler's sureties have applied for an injunction to restrain the U. S. Marshal from levying on their property. One point of their defence is that Fowler was a defaulter in $90,000 at the time of the execution of the bond, which fact was well known to officers of the Department at Washington.

The famous case of the two mothers and one baby, which gave Solomon so fine a chance to show his sagacity, has been repeated recently in Rutland, Vt., where a woman charged another with stealing her child from the cradle. She brought suit for the baby, and the magistrate, after hearing a good deal of conflicting testimony, decided in favor of the woman who cried the most. That was substantially the judgment of Solomon in the other case, and is probably correct.—*Post.*

☞ The citizens of Seekonk, Mass., and of the seven towns comprising the ancient territory of "Rehoboth," will celebrate the coming "Fourth" in an ecclesiastical way, the programme ignoring "powder and other emblems of war."

Little Dug will be *sadly* affected,
Whate'er his political lot;
He'll remain S. A. D. if elected,
And be S. A. D. if he's not!

☞ The dead body of a man about thirty-five years old, one eye evidently blind for some time, was found in the carriage house of Shepard's Hotel, Manchester, N. H., Saturday forenoon.

Some one says that human heads are like hogsheads—the less they contain the louder the report they give of themselves.

☞ Norcross & Co. have their annual drive of logs from the White Mountain section, floating in the Merrimack on their way to Lowell. The logs are now a little above Concord; the amount is twelve million feet. 125 men are engaged in the drive.

FROM MEXICO.—*New Orleans, June* 8. Gen. Uraga, with 9000 men, had captured Guadaljara, but it was afterwards taken by General Woll, who completely routed the Liberals. During the engagement a cannon ball took of both of Gen. Uraga's legs.

Zuloaga had escaped from Miramon and declared himself dictator.

☞ Commodore Vanderbilt has informed the Post Office Department that he will not carry the California mails after the 20th of June.

THE JAPANESE.—*Philadelphia, June* 10. The Japanese complain of being called "niggers" while in the procession yesterday. They will visit the principal manufactories, etc., of the city, and leave for New York by Saturday.

☞ It is stated that the sum necessary to furnish Dr. Hayes' outfit for his expedition to the Polar Sea has been obtained, and that the expedition will sail for Smith's Sound about the 20th inst.

Old Bachelor Sneer would like to know what kind of a broom the young woman in the last new novel used when she swept back the raven ringlets from her classic brow.

☞ The Sons of Temperance in Haverhill are to celebrate the coming fourth of July. The day is most usually celebrated by the "sons of guns," and sons of most everything else *except* temperance.

CHANGING ABOUT.—We all know the old Britannia boast: Britannia rules the wave; but taking into consideration the refusal of the referees to award the Belt to Heenan, it must in future read,—Britannia Waves the Rule.—*Vanity Fair.*

CONGRESS, SATURDAY, June 9.

SENATE.—The bill for the punishment of Marshals and Deputy Marshals for allowing prisoners to escape, was passed.

Mr. Wilson presented the petition of Washington Goff for a contract to carry the mails to San Francisco and Japan.

The Army Bill came up. A long debate took place on the amendment for paying interest to States for money advanced to the general government for military purposes, which was rejected—22 against 29.

Mr. Dixon moved to amend by adding an additional section, increasing the amount now allowed by law for distributing arms and military equipments among the militia of the United States to $60,000 per annum.

Mr. Grimes moved to amend the amendment as follows: that arms be distributed according to the number of free white citizens in the different States, as shown by the census of 1860. Rejected.

Mr. Wilson moved to amend the amendment by providing that one-half of the arms now on hand be distributed.

Mr. Davis moved to add to the amendment, provided the arms so distributed shall be manufactured by the United States.—Agreed to.

The amendment as amended was then voted down, and the bill passed.

THE SUMNER AFFAIR.—*Washington, June* 9.—Information was lodged with Mayor Barrett, without Mr. Sumner's knowledge, that his room had been improperly invaded and threats made against his life.—The matter was investigated, and the principal offender, named Capt. Henry, called with the Mayor on Mr. Sumner, and made an apology, which was accepted. Capt. Henry was intoxicated at the time of committing the offence.

No one here believes there is any conspiracy against Sumner, and Mayor Barrett has offered him all the protection deemed necessary. The affair was the result of a club room discussion of the late speech, Captain Henry leaving the club room to give Mr. Sumner his opinion of it.

New York, June 9.—A special Washington dispatch to the Evening Post says it is generally supposed it was the intention of Mr. Sumner's assailants to assassinate him on the spot. His friends are greatly incensed. Any further attempts to harm him will result in deadly conflict. They say they are determined to defend him at all hazards.

LOST—On the morning of June 11th, in going from Warren to Daniel street, a blue mosaic BREAST-PIN. The finder shall be suitably rewarded on leaving it at the Chronicle office.

LOST—A calf-skin WALLET, containing between $12 and $20. The finder will be suitably rewarded on leaving it at No. 5 Market Sq.

Postponed from Saturday last.

Look Out. Look Out. Look Out.

LOOK OUT! where you buy your READY MADE CLOTHING.

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.

LOOK OUT! before you buy Hats and Caps.

LOOK OUT! before you go to take your measure for your Custom Clothing.

LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at

No. 9 Daniel Street,

LEVEEN & KICHLER'S

NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS cheaper than

MOSES & DOWNIE,

is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of Ready Made Clothing & Furnishing Goods ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,

AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,

And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do it at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE;

3 & 37 Market Street.

2mos

Temperance Boarding House,

AT RYE BEACH.

Visitors to Rye Beach, who desire a pleasant, quiet stopping place, can find it at

THE WASHINGTON HOUSE.

It is not our business to make a show, and tax a great price for it; but to have a nice, quiet place, where our friends can stop a few hours or a few weeks, and enjoy the Sea Shore and the many other good things of life, at a very moderate expense;—and not be annoyed by the thousand evils that exist in consequence of the liquor trade. We solicit the encouragement of our friends, and trust they will be interested in sustaining ONE TEMPERANCE HOUSE on the sea coast. "A word to the wise is sufficient."

Invalids who wish to come to the Beach for their health, will find it a very good place, being quiet and near the sea.

Price of board: From $4 to $7 per week.

Visitors to the Beach can take Coaches at Exeter, North Hampton, or Greenland Depots, or a private Carriage will be sent on request. Good opportunities for pleasure riding, sailing and fishing. C. LEAVITT & N. L. THOMPSON,

Rye Beach, June 11, 1860. Proprietors.

Special Notices.

THE GREAT EASTERN AT LAST.

The Great Eastern will soon be here to astonish Yankee eyes with her huge proportions. The directors of the company deserve great credit for their determined enterprise. The ship has been most unfortunate; still, the directors raised more money, and the work went on. Now, the same determination to succeed, and a tithe of the smallest individual share invested in one of the large Lotteries of Messrs. Wood, Eddy & Co., of Wilmington, Delaware, and St. Louis, Missouri, would have secured a fortune over and over again. The chance is still open; for by enclosing to the managers, at either $dice, $2,50, $5, $10 or $20, a part or whole ticket will be returned by next mail.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANBORN.

Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will cure rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.

This terrifying disease, even when depending on grave derangements of the nervous centre, will yield to the alterative power of the PERUVIAN SYRUP, which by improving the digestion, and consequently purifying the blood, promotes a proper nutrition of the substance of the brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. I have no doubt, that in cases of Paralysis, like mine, Dyspepsia, and especially of Dropsy, it may be administered with a greater prospect of success than any other medicine in use among us."

Local.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or Engraved in the best manner.

THE FOURTH.—At the citizens' meeting at the Common Council room, Saturday evening, speeches were made by several gentlemen; and Mr. J. H. Head offered a programme for a grand Celebration—which was in the main adopted. Messrs. T. J. Sheldon, J. E. Rider, T. B. Hoit and J. H. Head were appointed a committee to solicit subscriptions from citizens; to report at the adjourned meeting at the above place, Friday evening. We shall give fuller report of the meeting and the proposed plan of operations, probably to-morrow.

DOG LICENSES.—Only 17 dog licenses have been issued in Manchester the present year. Instead of 17, the number ought to be 300.—*Mirror.*

While the pleuro-pneumonia is killing off the cows, or causing others to kill them, the dogs have voted themselves a committee of the whole for the extirpation of sheep, their wolfish nature getting the better of their civilized habits. We hear of their depredations from various quarters; so the flocks are nearly as badly off as the herds.—*Trav.*

Put this and that together; and apply both to Portsmouth. There are less than 100 sheep within the limits of Portsmouth, and probably three or four times as many dogs—most of them worthless curs and an unmitigated nuisance in every respect. We are soon to have a dog license law; and we hope the Marshal will kill every dog not licensed. A farmer in the suburbs tells us he alone would keep three or four hundred sheep, but for the dogs; and a butcher said to us long ago, that lamb would be as much cheaper here than in Boston as beef is, but for the dogs. Out upon the curs (e), we say: "A *dead* dog is better than a *live* lion."

☞ Our correspondent P. J. A. sends us a long and earnest communication, condemning stone buildings with stone floors, and furnaces and want of ventilation in school-houses, &c. Now, although we dislike furnace-heated buildings, and prefer wood to any other material in the construction of dwelling-houses at least—yet the length of the document prevents its publication; especially in view of the lamentable, melancholy fact, that few if any persons have the least real practical regard for good air and consequent sound health.

☞ We have been shown by Henry C. Walker, a correct copy and representation of the old Hebrew money current during the life-time of our Saviour—for "thirty pieces" of which he was betrayed by Judas Iscariot. On one side is Aaron's Rod, with the inscription, "Jerusalem the Holy." On the other the Incense Cup, with the words, "Israelitish Shekel." REP.

☞ On Friday morning the engineer on the Eastern Railroad, when about two miles beyond Newburyport, on the way to Rowley, saw something on the track, and the engine stopped within a few feet of the object, which proved to be a child four years old, named Dow, whose parents reside in Newburyport, that was fast asleep. The little fellow had wandered from home, and keeping along the track till wearied out, he had laid down and gone to sleep.

BEAUTIFUL EXCURSION.—There is to be an excursion to the White Mountains, over Lake Winnipiseogee, from Portsmouth and vicinity, on Monday, June 18th, for considerably less than half fare. Return tickets to be good ten days. The Hotels on the route and at the Mountains will entertain the excursionists at one-half the usual rates.

Tickets from Portsmouth and back only $7.50.

The avails of the excursion are to be appropriated towards paying for the new Brodhead M. E. Chapel in Portsmouth.

June is the pleasantest month in the year for such a delightful trip; and the hotels are all fresh, and the servants, horses and dinners more prompt than when jaded with a summer's hard work.

CONFIRMATION OF A HINDOO.—Services were held at Rev. E. E. Hale's Church, Sunday evening, on the occasion of the confirmation of Juguth Chunder Gangooly, who will in a few days return to his native land as a missionary. The church was crowded. An address upon the mission in India was made by Rev. Geo. E. Ellis. He alluded to the past and future life of Mr. Gangooly. Rev. Samuel H. Winkley addressed a few remarks of counsel to the the missionary, after which Mr. G. made an address upon the duties of a missionary, and included a brief account of his own life, with his future plans.

☞ Capt. Henry, who threatened to cut Senator Sumner's throat, is an office-holder under the present administration,—an examiner in the Patent Office. He was never a slave-master until within a short time, when he had inherited negroes, and on Friday night he entertained his friends at the next door to Mr. Sumner's in honor of the happy event.

MARRIED.

In this city, June 11th, by Rev A. J. Patterson, Mr. EBENEZER W. STONE, JR., of Roxbury, Ma., to Miss IRENEN POTTER, of this city.

In this city, June 10, at Glen Cottage, by the same, Mr. CHARLES W. SHANNON to Miss JULIA A. WHITEHOUSE, both of this city.

DIED.

In this city, June 9th, EMMA JANE WENDELL, aged 4 years, youngest daughter of Mr. John S. Wendell.

In Brooklyn, N. Y., June 8th, Wm. Hamilton Blake, aged 2 years, 8 months and 25 days, youngest child of Charles E. and Adela M. Blake, formerly of Portsmouth.

"THE HATTERS DISEASE" is now prevailing among the hatters of Orange, not less than a hundred cases of it having occurred the past year. It is in reality mercurial poisoning, and is confined chiefly to those engaged in the finishing of soft hats by the process called "carroting." It is supposed that the mercury contained in the felt is volatilized when the hat is ironed, and the vapor being inhaled by the workmen produces the usual symptoms of posoning by mercury, such as salivation and muscular tremors. The physicians state that the disease yields readily to proper treatment.—*Trenton, N. J., Journal.*

SLANDER.

Not all they say or do can make
My head or tooth or finger ache,
Or mar my shape or scar my face,
Or put one feature out of place;
Nor will ten thousand lies
Make one less virtuous, learned or wise;
The most effectual way to balk
Their malice, is to let them talk. 7t

☞ Brevet Maj. Gen. Jessup died in Washington, Saturday, of a paralytic shock, aged 71.

☞ An infant daughter of Judge Douglas died in Washington on the 4th inst.

☞ The city of Worcester has purchased a steam fire engine.

☞ The widow of Rev. Theodore Parker arrived in New York on Monday last.

Hay is now selling in St. John at £7 10 per ton. Farmers every where should know this.—*Freeman.*

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Boneset, as many unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of acute and Chronic Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in

Portsmouth - - - - No. 1 School Street.

N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. oc6t

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Disease of the

CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is a safe and sure remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Dizziness, Fatigue on slight exertion, Palpitation of the Heart, Loveness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

TABLE MATS

And other HOUSEKEEPING GOODS, for sale by

JOHN SISE, 5 Market Sq.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

No. 3 Market Street. - - - Up Stairs.

Spring and Summer Goods.

J. E. HAM & Co., - - - 9 Congress St.

Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of

SPRING AND SUMMER CLOTHS,

ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of

COATINGS,

including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of

PANTALOON GOODS

That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.

They would invite the special attention of gentlemen to their Cloths for

BUSINESS SUITS,

as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

Portsmouth, May 17th, 1860.

PLEASURE SAILING.

The **Schooner SIBYL,** one of the beautiful Yachts built by the late George Steers, will run during the season, to the Shoals, or to any other port or place, desired by the parties who may employ her for a day or a number of days.

She will lay when in this port, at PIER WHARF, and will run as an Accommodation Yacht, to the order of Individuals or Parties.

Application may be made on board, or to Messrs. JOHN RIDER & SON.

The Sibyl is commanded by Capt. RUFUS A. PREBLE, an experienced pilot, who will give every attention to the comfort and enjoyment of his passengers. The Sibyl has an elegant cabin, water closets, tanks, and every accommodation of a first class packet.

Portsmouth, May 1, 1860.

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA!

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a tone of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively advertised as DR. S. F. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. F. Townsend; and I certify that it is composed of ingredients PURELY VEGETABLE, and without MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D.,
CHEMIST.

Dr. S. F. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from disease, extracted and combined with the highest skill which the resources of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its sales evince an increased demand, should conclude that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under date of 1837.

78 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by sending One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it Inventors have advantage for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE; has the calculator; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the advertiser during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond competition, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners I have whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." ELIJAH BURRITT,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all kinds of business, which have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and a moderate reasonable charge." JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected cases—on THREE APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the same *Food*.—Analyze the blood of a person *suffering* from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance the elements wanting, and a glutton of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1. For *Liver Complaint*, *Dyspepsia*, *Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER-USE, GENERAL DEBILITY, and NERVOUS PROSTRATION, use No. 2. For LIVER COMPLAINTS, No 3, for DYSPEPSIA. Being already prepared for absorption it is taken by *Digestion* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 4. For *Costiveness*, *Piles*, *Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER-USE, GENERAL DEBILITY, and NERVOUS PROSTRATION, use No. 5. For LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is taken by *Digestion* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 4. For *Costiveness*, *Piles*, *Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER-USE, GENERAL DEBILITY, and NERVOUS PROSTRATION, use No. 5. For LIVER COMPLAINTS, No. 6. In all cases the directions must be strictly followed. Price of the "BLOOD FOOD.", $1 per bottle.

No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents,
Boston.
And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFALLIBLE CORDIAL and Anodyne Syrup. It *never fails to afford instantaneous relief*, when given in time. It acts as if by magic, and one trial alone will convince you of its merits. DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflammation, regulating the Bowels, and relieving pain, it has *no equal*—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFALLIBLE CORDIAL; this you can *rely upon*. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Recommended by

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Liver Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their systems shattered, and their constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and lasting efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.

One dose will relieve Sick Headache.

One dose will cure Heartburn.

Three doses will cure Indigestion.

One dose will give you a good appetite.

One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing foul and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

A MIGHTY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in wind headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from their system, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

THOMAS O. HOYT, Proprietor and Driver.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor, and pervades the entire system, and the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor letters one whole if it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and dirty habits, the depressing vices, and, above all, by the venereal infection. Whether be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and other organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which pendes in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One-quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. No cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active vegetables that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive pestilence. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, RINGWORM, ERYSIPELAS, ERUPTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, LIVER COMPLAINT, ROSE OR ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The proprietor believes the "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtues of the Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are compiled that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of their operation, those who have been long afflicted with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and efficacious.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous ones. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use of the following complaints: Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Gravel, Dropsy, Nausea, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a diuner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral

FOR THE CURE OF

COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of advanced Consumptives in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cures of its virtues, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thru-t upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Cherry Pectoral.

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innocuous in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MENSENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of personal energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if a long dormant paralyzed limb had been suddenly restored to its wonted vigor.

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive. INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most carefully balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—In the latter, however, more decidedly—it has been invariably well reported; both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

A remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects;—in this case the combined influence, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of
35,000,
we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged, and that
Every Machine sold by us
We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT SUCCESS
—of the—
Grover & Baker's Sewing Machines.
[From the wife of the Hon. Jefferson Davis.]
Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their Box Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.
[From J. G. Harris, Governor of Tennessee.]
My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.
[From the Rev. Jonathan Cross, Agent American Tract Society.]
My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in ten the old way, and without fatigue. The work is beautiful and durable.—She says she would not exchange it for any other one. It is certainly one of the greatest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.
Baltimore, July 14, 1859.
PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.
PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.
"Zion's Herald," Nov. 10th, 1859, says,—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Bible, and also one of Grover & Baker's SEWING MACHINES.*"

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.
We have put up and sold this article for over ten years, and can *say, in confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest comendation of its magical effects and medical virtues. We speak in this matter, '*what we do know,*' after ten years experience, and *pledge our reputation for the fulfilment of what we here assert.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* by THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives to each and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC,
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE, to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.
Sold by Druggists throughout the world. Principal Office, No. 3 Cedar st. New York.
Price only 25 cents per bottle.

DRY ASHES.
500 Bush. DRY ASHES, for sale by
may31 1m ADAMS & CURTIS

Sargent's Magic Soap!
It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.
It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling,* thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.
Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.
Grease spots of any kind removed in a short time from carpets and woolen goods.
It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst lilac-water stains removed from paint immediately, by applying the soap with a sponge.
It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.
For cleansing, softening or healing the skin, it is unequalled.
It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

NEW BAKING ESTABLISHMENT.
SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.
Orders from neighboring towns and the country promptly attended to.
Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons
ON TUESDAY, MARCH 27th,
at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c.,&c.**
The Bake House on State street will be open every Sunday morning, for supplying customers with Brown, Beans, &c., as usual.
Baking for Families carefully attended to.
In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. P. WILDES, will attend to all orders delivered him.
Grateful for past favors, we would respectfully solicit a share of the public patronage.
GEORGE W. PLUMER.
Portsmouth, March 26, 1860.

Here's Health for the Million!!
CLARKE'S SHERRY WINE BITTERS
Warranted Palatable and Healthy.
Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.
Weakness.
The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the body, and increases the appetite, on which strength receives its origin and depends.
Nervousness.
Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.
Broken Down Constitution.
Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.
Try them!
All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.
25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

VERMONT BUTTER.
25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS FERRY, Jr.
SHOP, OVER MERRILL & FERGUSON'S BLACKSMITH SHOP, OPP. NEW CUSTOM HOUSE.

N. B.—**Beware of Runners and Hackmen** who say we are full.
au22 R. FRENCH, Proprietor.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square,
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
I would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. J. B. FLAGG.
Portsmouth, May 1st, 1860.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.
J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

BUSINESS NOTICE.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JUNE 13, 1860.

THE OLD GRANITE STATE is not crumbling to ruin just yet, although some fancy Western States have stood higher in the market of late—or rather *till* lately. A Concord correspondent of the Boston Transcript, well says: Amongst other facts of gratifying character to the people of New Hampshire, made known in the annual message of Governor Goodwin, is this: that notwithstanring all the hue and cry about our State being a good one *from which to emigrate*, and that it was generally running down, especially in agricultural wealth, the contrary is true. Ours is one of the best of States *to which to emigrate*. We give a passage from the Message.

The inventory of the polls and ratable estates, returned for apportionment of the State tax in 1844, was $85,890,415. In 1856, $121,417,428. The agricultural capital, as far as can be gathered from these returns, is the preponderating interest in these amounts. These statistics show the rapid progress made in the various departments of agriculture, commerce, manufactures, mechanic arts, and in the works of internal improvement.

It should be remembered that valuation, made for taxation, is, as a general thing, much below the actual worth of property assessed, and particularly so when applied to the farming interest. During the period of the twelve years above mentioned, an advance of about 35 per cent. is indicated, and I have no doubt the inventories returned for the present year will show a proportionable increase.

WIND WAGONS.—A Western genius lately constructed a wind wagon to bear him to Pike's Peak, which has realized his most sanguine expectations, carrying him through in twenty days. Encouraged by this success, other parties in the same town set about the construction of the same kind of wagons, and a party of eight started out on the prairies to try one which had been finished. The wind was blowing a gale at the time, and everything worked to a charm. The occupants, gliding swiftly over the prairies, were delighting themselves with the anticipation of a speedy and comfortable trip to the mines, when the velocity of the vehicle created a lively alarm for their safety. The wagon sped onward before the driving wind faster and faster, until the axletrees broke and deposited them all on the ground, and in a somewhat damaged condition from broken heads and bruised limbs and bodies. The speed of the machine is said to have been forty miles per hour.

PLEURO-PNEUMONIA IN A HORSE.—A homeopathic physician in New York gives an interesting and valuable account of his treatment of a case of disease in one of his horses—the symptoms of which so resemble the malady that is devastating the herds in Massachusetts as to naturally suggest the inquiry, if the pleuro-pneumonia may not extend to the horses of this country as well as to the horned cattle. One dose of phosphorus 30th, given 24 hours after, completed the cure of a case, every one of whose symptoms was like "pleuro-pneumonia" of Massachusetts.

☞ In the Boston Police Court, J. Frank Bean was arraigned on a charge of breaking and entering the jewelry store of Mr. Josiah Gooding, Washington street, on Sunday, the 27th May, and stealing watches, gold chains, rings, and other property, of the value of $7350. None of the booty has as yet been found, and it is expected that it is safe out of the city, and some of it melted up.

ELOPEMEET OF A YOUNG SHAKERESS. Lizzie Martin, a sprightly Shakeress of 17 years, has plunged the community at Warrensville, Ohio, into consternation, by eloping with a young man named Murray. She could not persuade him to adopt long waistcoats, so she did the next best thing, and adjured the drab herself.

MORRISSEY GOING INTO TRAINING.—It is stated that John Morrissey, the pugilist, is to go immediately into training, with a view of fighting Heenan in August. He has left New York, and expresses his determination to vanquish the champion of the world, notwithstanding the dire disease of consumption that is now upon him.

EX-PRESIDENTS.—It is impossible to see an ex-king of Europe walking about the streets of his capital, for an ex-king is forced to flee like any other fugitive from justice or injustice, and seek an asylum at the hands of some foreign potentate or people. How different is the case with our ex-monarchs, or chief magistrates.

THE SPARHAWK ASSAULT CASE.—In the Supreme Court, Boston, the jury in the case of George Sparhawk against Genery Twichell, President of the Boston & Worcester Railroad Company, returned a verdict for the defendant. The suit was brought to recover damages for an alleged assault on plaintiff.

N. H. LEGISLATURE.

On Monday, in the great and General Court, the Standing Committees were announced, and much routine business transacted.

Petitions were presented—of E. W. Butterfield and 34 others, of the town of Bedford, for the enactment of a law to regulate the sale of milk; of J. P. Cate and others, citizens of Greenland, for an act to regulate the smelt fishery of Great Bay—by Mr. Hackett of Portsmouth; which with the one preceding, was referred to the committee on the judiciary.

Notice was given of bills to incorporate the Jackson Tin Company; to incorporate the Cheshire Co. Musical Institute; to incorporate the New Hampshire Life Insurance Co., and to fund the debt of said company; to amend chapter 1522 of the pamphlet laws—(to enable married women to devise estates to their husbands.)

The Speaker presented the opinions of the Supreme Court in relation to the question propounded at the last session, in effect, "Is a jury composed of less than twelve persons, a legal one?" The Supreme Court unanimously decided the question in the negative. Report ordered to be printed.

The use of the Hall was refused to Prof. O. S. Fowler, for three evenings, for the purpose of lecturing on phrenology and physiology.

CONGRESS, MONDAY, June 11.

HOUSE.—Mr. Hatton, from the Committee on Expenditure of the Navy, made a report recommending the passage of resolutions declaring that the Secretary of the Navy with the sanction of the President, had abused his discretionary power in regard to coal agents and fuel contracts; that Swift's live oak contract was in violation of law; that the distribution of the Navy Yard Patronage among members of Congress is injurious to the service; that the President and Secretary deserve reprobation; that Daniel B. Martin, member of the Board of Engineers, being personally interested, is personally censured by the House.

Mr. Bocock declared the report was unfair and hasty, and stated that the Secretary of the Navy wished to make a statement to the Committee or the House.

The subject was postponed.

The House went into Committee of the Whole on the Post Office Appropriation bill. An amendment tending to reduce the compensation of certain Postmasters was rejected.

Other amendments were adopted reducing the appropriation for clerks from $950,000 to $500,000, requiring postmasters to distribute to owners all newspapers for clubs sent to one address, and reducing the charge for carrying letters in cities from two cents to one. If the revenue of the Department is insufficient to support it for the year ending June 1861, then $750,000 is appropriated to supply the deficiency.—The bill then passed.

The House then went into Committee on the Fortification bill, which passed after a slight debate.

Mr. Grow reported that the Committee of Conference on the Homestead bill were unable to agree. A new committee was then appointed, the House insisting on its position.

John Cochrane asked leave to introduce a bill appropriating a sum of money for the benefit of the Mount Vernon Association. Objected to.

The Navy Appropriation bill was taken up.

An amendment was adopted appropriating $172,000 to carry out the bill increasing the pay of Naval officers.

Mr. Lovejoy opposed the bill. He was willing the Navy should rot. It was time that appropriations for it should cease.

The amendment appropriating $2,500,000 for the repair and equipment of vessels was favorably acted on.

Mr. Morse offered an amendment appropriating $500,000 for the purchase of six small steamers, to be employed on the Coast of Africa for the suppression of the slave trade, which was ruled out of order.

An amendment appropriating $50,000 for saltpetre was adopted.

The amount for contingent expenses was cut down to $300,000.

☞ At the late Universalist Festival in Faneuil Hall, the presiding officer, Hon. Horace Greeley, said that upon entering the hall he had asked the managers if they were to have any ladies speak. They had answered that none had volunteered; but he was glad to know that a poem would be enjoyed from Mrs. Ruth Partington, which, as she was too modest to be present, would be read by her amanuensis and next friend, B. P. Shillaber, Esq. The poet, so humorously introduced, did full justice to the introduction, and "kept the table in a roar" with a poem brim-full of wit and wisdom, upon the "Past and the Present."

☞ Blondin made last week his first grand gymnastic exhibition this season at Niagara Falls. The rope is one thousand three hundred feet long; its deflection is sixty feet, and the lowest point is two hundred and thirty feet from the seething "hell of waters," which dashes madly down the awful gorge of Niagara.

☞ London papers announce that Mr. Barey is to operate upon the gigantic carthorse Captain, 19 hands high, weighing 25 cwt., (probably the largest horse in England,) which has drawn six tons weight, bitten eight persons, and will take a man in his teeth and shake him as a dog does a rat.

WASHINGTON, June 11.—Secretary Floyd has sent for Gen. Harney to arrange for an Indian war on a large scale.

A QUIET STRIKE.—The Portsmouth Steam Factory,—which now includes also the Sagamore Mill—has always manufactured very fine yarn, we think "as high as 90." Recently, coarser yarn was substituted, say No. 60 or 70; and an extra amount of cloth required from the operatives, to offset. The new arrangement was not acceptable to many of the hands; and for a few days there were signs of a Strike; but wiser counsels finally prevailed, and we believe all finally resumed work. Strikes rarely result in benefit to anybody; and still more rarely, to the advantage of the workmen engaged in them.

THE HORSE GUARDS.—Gen. George Stark, of Nashua, the Commanding officer of this redoubtable troop, was kicked by a horse, while drilling the Company at Nashua, several weeks previous to the grand parade; and was unable to take command on that day. He was mounted on a noble stallion; and riding behind another horse, received a severe kick above the knee. At the Guards' dinner, the following letter to the Colonel Commanding was read, amid hearty cheers for the Commander of the Guards:

NASHUA, June 6, 1860.

COL. A. H. BELLOWS—*My Dear Sir*:—It is with inexpressible regret that I am obliged to announce to you, at this last moment, the physical impossibility of my attending the parade of to-morrow. The unfavorable weather of the last few days has so inflamed the unhealed wound on my leg as to cause swelling about the knee joint, and preclude walking about the house. I am forced, therefore, to content myself, as best I may, with the small honor of having shed the first blood drawn from the ranks of the Horse Guards, and of being a temporary cripple, per force, in a good cause.—Please bear in mind, for the honor of the corps, that the wound is in *front*.

The organization of the Governor's Horse Guards has been with me an object of great solicitude, as you are well aware, and it is a sore disappointment that I cannot be at my post at their first official duty. But you have my best wishes for that perfect success which so splendid a body of gentlemen ought to attain, and I shall rely upon hearing a creditable report of the soldierly performance of the corps.

Should it come in course to offer a sentiment on my account, please present the following. Yours truly, GEO. STARK.

The Men of New Hampshire.—Their military record stands emblazoned in letters of honor, on every battle-field of the continent; and we of the present day are pledged to transmit it, untarnished, to posterity.

Lt. Colonel Bellows remembered the "absent Colonel" in an appropriate toast, which was happily responded to by the Chaplain, Rev. Mr. Willis. He complimented Col. Stark for those personal qualities which rendered him worthy of his patriotic ancestry. Although a clergyman, he (Mr. W.) did not feel out of place in the corps, for he believed patriotism and a willingness to defend the rights and liberties of the country to be among the first duties of men of all classes and conditions. New Hampshire men had always maintained a good reputation for patriotism and bravery. He thought the Guards well deserved the compliments that had bestowed upon them by the Governor.

THE SECEDERS' CONVENTION.—*Richmond, June* 11.—The Seceders' Convention assembled at noon. Gen. Lubbuck of Texas was called to the chair. He made a brief address. He trusted the Convention had assembled for the triumph of principles, not for plunder, and if their principles are repudiated, they will go before the country as the true Democratic party.

The States were then called.

New York responded amidst immense applause. A list of delegates appointed by the trustees of the National Democratic Hall was read, comprising ten members.—The appointment of these delegates was considered a move in favor of Dickinson.

All the seceding Southern States are represented except Delaware.

The Convention adjourned after appointing a committee on organization.

Mayor Wood has sent a message, stating that the New York delegation represents nobody; and the impression is that they will be repudiated.

The Convention will probably adjourn tomorrow to await the action of the Baltimore Convention.

The Florida delegates are instructed not to go to the Baltimore Convention. Several Virginia delegates to Baltimore assert that if the Richmond delegates are not admitted, they will secede. There is considerable political excitement this evening.

☞ The famous trotting horse, Major Rogers, was accidentally poisoned at Wilmington, N. C., about three weeks ago, and died. He devoured some berries of a plant similar to the poison ivy; a plant which is never eaten by the native cattle in that region. He had been purchased for $2500.

A SINGING MOUSE.—The editor of the Albany Times says that he has in his possession a real live melodious mouse. The voice is clear and sweet as a canary's, and although not as melodious, it is quite pretty and attractive.

☞ The Japanese are now in Philadelphia, and this week will come as far North as New York, unless the latest news from their own country should require them by etiquette to disembowel themselves.

OF MANY MOTHERS.—A boy was born at Salisbury Point on Sunday, that has six grandmothers living, and all under eighty years of age.

☞ Gov. Banks is styled the "Bobbin Boy" by his party friends, the Bath Times says probably in honor of his acquaintance with "bobbing round" in the political world.

INCENDIARY.—John Milliken, 14 years of age, was arrested in Portland, on a charge of setting fire to the cooper's shop of J. & J. S. Brooks, on Sunday evening, May 27th.

☞ Lady Digby, an English lady of high rank and beauty, has lately become the wife of a Bedouin chief.

☞ Two men have been prosecuted in New York, and very properly, for refusing to answer the questions of the census takers.

If misfortune comes into your house, be patient, and smile pleasantly, and it will stalk out again, for it can't bear cheerful company.

If we crave the love of others, we must love them.

Gents' Hats and Caps

OF ANY STYLE, made to order; from accurate measurement taken by

THE CONFORMATOR,

a new and costly French Instrument, at the Hat Store of **J. DEARBORN & CO.,** 29 MARKET STREET.

Heads of peculiar shape, and difficult to fit, can now be as easily suited as any others. Call and see. June13

NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,

AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind as the cloths their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,

And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE,
2mos **3 & 37 Market Street.**

Temperance Boarding House,

AT RYE BEACH.

Visitors to Rye Beach, who desire a pleasant, quiet stopping place, can find it at

THE WASHINGTON HOUSE.

It is not our business to make a show, and tax a great price for it; but to have a nice, quiet place, where our friends can stop a few hours or a few weeks, and enjoy the Sea Shore and the many other good things of life, at a very moderate expense;—and not be annoyed by the thousand evils that exist in consequence of the liquor traffic. We solicit the encouragement of our friends, and trust they will be interested in sustaining ONE TEMPERANCE HOUSE on the sea coast. "A word to the wise is sufficient."

Invalids who wish to come to the Beach for their health, will find it a very good place, being quiet and near the sea.

Price of board: From $4 to $7 per week.

Visitors to the Beach can take Coaches at Exeter, North Hampton, or Greenland Depots, or a private Carriage will be sent on request. Good opportunities for pleasure riding, sailing and fishing. C. LEAVITT & N. L. THOMPSON, Rye Beach, June 11, 1860. Proprietors.

THE GREAT EASTERN AT LAST.

The Great Eastern will soon be here to astonish Yankee eyes with her huge proportions. The directors of the company deserve great credit for their determined enterprise. The ship has been most unfortunate, still, the directors raised more money, and the work went on. Now, the same determination to succeed, and a tithe of the smallest individual share invested in one of the large Lotteries of Messrs. Wood, Eddy & Co., of Wilmington, Delaware, and St. Louis, Missouri, would have secured a fortune over and over again. The chance is still open; for by enclosing to the managers, at either office, $2,50, $5, $10 or $20, a part or whole ticket will be returned by next mail.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANBORN.

Kensington, Sept. 25, 1856.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.

This terrifying disease, even when depending on grave derangements of the nervous center, will yield to the alterative power of the PERUVIAN SYRUP, which by improving the digestion, and consequently purifying the blood, promotes a proper nutrition of the substance of the brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. I have no doubt, that in cases of Paralysis, like mine, Dyspepsia, and especially of Dropsy, it may be administered with a greater prospect of success than any other medicine in use among us."

Harnesses and Saddlery Goods.

J. LARRABEE has just received a good assortment of RIDING SADDLES and BRIDLES, for ladies' and gentlemen's use—of the best manufacture, and latest styles; which will be sold at reasonable prices.

Also HALTER BRIDLES, a new article, comprising both Halter and Bridle in one.

ENAMELLED LEATHER of the best quality and finest colors, for sale.

Also HARNESSES of all sorts, Whips, Blankets, Halters, and a good assortment of Saddlery Ware generally, of the latest styles, at fair prices

For the Chronicle.

FOURTH OF JULY.

A meeting of citizens was held at the Common Council room, Saturday evening, June 9, to consider the subject of the celebrating of the coming anniversary of our National Independence. The meeting was organized by the choice of Hon. Virgil D. Parris as chairman, and F. G. Beal secretary. Remarks were made by Phineas Nichols, Edward N. Mathes, Thomas Norton, Jas. H. Head, W. H. Siso, and others.

Mr. Head offered a programme of the various features designed to be carried out on the 4th, most of which was approved by the meeting.

Trial of fire-engines in the morning, for Silver Trumpet.

National Salutes, and ringing of bells, at sunrise, noon and sunset.

A Procession to be formed at 10 o'clock, consisting of the Kittery Light Infantry, Portsmouth Volunteer Military Company, Fire Department of Portsmouth &c., State and City Officers, Officers of the day, &c.; Schools of Portsmouth and other towns—each town furnishing an ornamental Car; Societies, Associations, Orders, &c.

Mr. Head presented for inspection a series of beautiful designs intended to be represented in the procession and about the city. They consisted of grand Cars and Chariots, referring to scenes in the early history of our country, our navy and army, schools, agriculture, music, etc.; also many floral designs, all of which were new and attractive. One of the finest designs was entitled the Fireman's Testimonial; ten small cars designed to represent various nations.

Four imposing arches, and two towering monuments, with designs for decorating the public buildings, were among the many features intended to be placed about the city.

At noon, an Oration, the reading of the Declaration of Independence, and other appropriate services to be held in a large Tent.

In the afternoon a Regatta on the river—all boats free to enter, and suitable prizes given to the fastest.

A Promenade Concert, with instrumental and vocal music, tableaux, etc., in the tent in the evening. Fire Works to be exhibited in a suitable spot. The Arches, Monuments and Public Buildings to be handsomely illuminated in the evening, with Chinese lanterns, transparencies, etc.

The Music through the day to be by four Bands.

T. J. Sheldon, J. E. Rider, T. B. Hoit, and Jas. H. Head were chosen a committee to solicit subscriptions of the citizens.

The meeting adjourned to Friday evening next at 8 o'clock, at the same place. A full attendance of the citizens is earnestly requested, for the purpose of choosing committee to co-operate with the City Committee. '76.

☞ It is a pleasure for us at this season of the year to walk our well-embowered streets. The horse chesnuts, with their broad shade-promising leaves and cone-like flowers, look like huge boquets stuck in the bosom of nature.

And then the elm trees!—but it is past all power of language to describe the beauty of their drooping tresses, as they wave with the light dallying of the gentle wind. The half enfolded leaves, as yet unsoiled by dust and undimmed by age, besprinkle the pendant branches with bright dots of green, glistening like emeralds in the genial sunlight. One of the greatest of our daily pleasures is a look through the interlacing branches of the elms which adorn State street. This bit of rurality in the city is worth more than pen can describe. REP.

☞ The fortunate recipient of that little dish of fairy flowers, so gracefully arranged, takes this matter-of-fact, but under the circumstances, only method, of acknowledging her indebtedness to the unknown donor.—May she never want a flower to brighten her home, or keep away the "shadow of evil." K.

☞ In answer to numerous inquiries, as to when the Horse Guards will appear in Portsmouth,—we will state that it is more than probable that a part or all the troop will perform escort duty to the Procession at the Rockingham County Fair in this city, in September next. It is contemplated to invite the whole regiment; and, at all events, it is almost beyond doubt that the Company now being formed in this city will be filled up and parade on that occasion.

☞ On Sunday evening, the Temple was well filled with a large and attentive audience, who gathered to listen to a Temperance address from Rev. I. F. Waterhouse of Providence. Mr. Waterhouse, although a young man, is one suitable for the times. He is deeply interested in the general welfare of young men, and thinks that of all the dangers which beset the path of the young, none is more fatal than the indulgence leading to intemperance. REP.

☞ The fine yacht Prioress, of Newburyport, has been chartered by Job Jenness & Son, of the Ocean House, Rye Beach, to run to and from the Isles of Shoals. She will commence her trips on the 25th of this month.

BURNED TO DEATH.—Mrs. Anna Beals, of Newburyport, was burned to death Sunday night, having caught her dress on fire while intoxicated.

CONGRESS transacted no business of importance on Saturday. Eulogies were pronounced in both branches on MrBurroughs, representative from New York. So far as the common people can see, it would be about as well if the members would pronounce their own funeral services and all die together. In more than five months' sitting they have not hatched the first measure that we can call to mind. If such a body, in such action, would not disgrace enfeebled aged ladies, we should call them old grannies that were past their prime.—With the exception of one or two who have died, they are none of them so weak yet as to be unable to receive their salaries and mileage, and if they are not re-elected to the next Congress, one half of them will be active petitioners for office next March. —*Newburyport Herald.*

THE JAPANESE ASSASSINATION.—*Philadelphia, June* 11.—Capt. Dupont doubts the authenticity of the Japanese news, and therefore declines imparting it to the Japanese Princes, preferring to await instructions from Washington. Should the Embassy hear and believe the news, the present programme will undoubtedly be changed. The Commission believe the report not entirely unfounded, but that it was the Regent who was assassinated, not the Tycoon, who is but 17 years of age.

Can it be, after all, that Eve's apple was a coronet? "Lucifer, son of the morning," was one of the "principalities and powers," and archangeless Eve might sound better than Mrs. Adam. "The son of God saw the daughters of man that they were fair and took them wives of all that they chose," we are told of these primitive times; and certainly the first murderer, Cain, was worthy to be the offspring of a Lucifer match.

The talented and eccentric Dr. O. W. Holmes has thrown a bomb-shell into the camp of pukes and powders, in an address delivered before the Massachusetts Medical Society. He said in plain English that mankind had been drugged to death; that whatever would injure a well man would injure a sick one; and that the world would be better off if every apothecary shop was emptied into the sea, though the consequences to fishes would be lamentable. The place where the laugh comes in is here—the men who blow the hardest arguments against the M. D.'s and D. D.'s, when they are in health, are the first to send for them when they are brought to a sick bed,—a fact from which the cloth may derive some comfort under their persecution.—*Newburyport Herald.*

DIED.

In Boston, June 10th, Miss MARIA TEAGUE, aged 46 years, formerly of Portsmouth.

Funeral from the Middle Street Church, on Thursday morning at half-past 10 o'clock.

In West Amesbury, Mrs. Sarah Colby, aged 88 years.

In Amesbury, Mr. Hiram Colby, aged 44 years.

☞ The Funeral of Mr. Robert Gray will take place from No. 20 Vaughan street, this day (Wednesday) at 12 o'clock.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Arr 11th, sch Otis, Spinney, Boston.

BEAUTIFUL EXCURSION.—There is to be an excursion to the White Mountains, over Lake Winnipiscogee, from Portsmouth and vicinity, on Monday, June 18th, for considerably less than half fare. Return tickets to be good ten days. The Hotels on the route and at the Mountains will entertain the excursionists at one-half the usual rates.

Tickets from Portsmouth and back only $7.50.

The avails of the excursion are to be appropriated towards paying for the new Brodhead M. E. Chapel in Portsmouth.

June is the pleasantest month in the year for such a delightful trip; and the hotels are all fresh, and the servants, horses and dinners more prompt than when jaded with a summer's hard work.

SLANDER.

Not all they say or do can make
My head or tooth or finger ache,
Or mar my shape or scar my face,
Or put one feature out of place;
Nor will ten thousand lies
Make one less virtuous, learned or wise;
The most effectual way to balk
Their malice, is to let them talk. 7t

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Panacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Burdock,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Concerve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in

Portsmouth - - - - No. 1 School Street.

N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. oct2

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the

CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness,
Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is not imposed, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Weakness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 60 pills, by return mail.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEYS PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Disease.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA!

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform same diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, RESTORE THE BOWELS, and impart a one of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend, and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D., CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in cleansing the system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, it is a fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

C A U T I O N ! !

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington,
REGISTERED 1847.
76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immensely superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and SUCCESS IS THE BEST PROOF OF ADVANTAGES AND SKILL. He would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, is here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."
JOHN BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and the one now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to his care as the best of practitioners, as they may be sure of having the most faithful attention bestowed on their cases, and at a very reasonable charge." JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made no twenty rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR by the Commissioner of Patents.

Boston, Jan. 1, 1859. **R. H. EDDY.**

PLEASURE SAILING.

The **Schooner SIBYL,** one of the beautiful Yachts built by the late George Steers, will run during the season, to the Shoals, or to any other port or place, desired by the parties who may employ her for a day or a number of days.

She will lay when in this port, at PIER WHARF, and will run as an Accommodation Yacht, to the order of Individuals or Parties.

Application may be made on board, or to Messrs. JOHN RIDER & SON.

The Sibyl is commanded by Capt. RUFUS A. PREBLE, an experienced pilot, who will give every attention to the comfort and enjoyment of his passengers. The Sibyl has an elegant cabin, water closets, tanks, and every accommodation of a first class packet.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED shows propounds us with the same essential elements, and gives of course the *True Standard.*—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection which ever of the THROAT or LUNGS indicates a CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite,* and for all CHRONIC COMPLAINTS arising from OVERWORK, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No. 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For GRAVEL, RHEUMATISM, DROPSY, KIDNEY and BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford instantaneous relief*, when the directions are followed. If by magic, one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore cannot, by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, CONGESTION OF THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflamation, regulating the Bowels, and relieving pain, it has acquired—being used in numerous families, it is used with unfailing success in all cases of *Convulsions or other Fits.* As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL; this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for 40 years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intermittent and Typhoid Fevers, Strengthens and Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and despondent spirits, and will make a weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—I wine glass full as often as necessary.

One dose will remove all Bad Spirits.

One dose will cure Headache.

Three doses will cure Indigestion

One dose will give you a good appetite.

One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons suffering from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the cadaverous face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, one $1.

THOMAS O. HOYT, Proprietor and Driver.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation it pervades the whole body, and there will not be disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is usually caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" Indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children.

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERYSIPELAS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILIS, AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, LIVER COMPLAINT, HOOP COUGH, ASTHMA, AND INDEED THE WHOLE CLASS of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human frame, gradually expelling the disease2 action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who has been long a sufferer from ill health and debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

These pills are among the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is prepared to give gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Dyspepsia, Flatulency, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Dropsy, Neuralgia, Tetter, Tumors, and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

Ayer's Cherry Pectoral

FOR THE CURE OF

COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in the advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. Where it is tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thus brought upon the community have failed and been discarded, this has gained friends by every trial, confirmed bearers on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Cherry Pectoral.

DR MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed by them in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MENSES DERANGEMENT, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, 1 IMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long and hidden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if raised from protracted graves in distant lands. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent consumption, languishing in hysterical changes, and that complication of nervous and dyspeptic aversion to air and exercise for years, yielded to the use of this Iron.

IN NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operations of this preparation of Iron will be peculiarly be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

IN DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In incipient DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

IN SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most carefully balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

IN RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

IN INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of

35,000,

we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged, and that

Every Machine sold by us
We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT
SUCCESS
—of the—
Grover & Baker's Sewing Machines.

[From the wife of the Hon. Jefferson Davis.]

Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their box Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.

[From J. G. Harris, Governor of Tennessee.]

My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.

[From the Rev. Jonathan Cross, Agent American Tract Society.]

My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in two the old way, and without fatigue. The work is beautiful and durable.—She says she would not exchange it for any other one. It is certainly one of the greatest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.
Baltimore, July 14, 1859.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Cloaks, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAIRE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.

"Zion's Herald," Nov. 10th, 1859, says,—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Bible, and also one of Grover & Baker's SEWING MACHINES.*"

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say, in confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter, *"what we do know,"* after ten years experience, and *pledge our reputation for the truthfulness of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in
THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives toneand energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC.

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST AND SUREST REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others, stand between your suffering* child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 8 Cedar st. New York.

Price only 25 cents per bottle.

DRY ASHES.
500 Bush. DRY ASHES, for sale by
may31 1m ADAMS & CURTIS.

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling,* thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

GEORGE W. PLUMER'S
NEW BAKING ESTABLISHMENT.
SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons and the public
ON TUESDAY, MARCH 27th,
at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. W. PLUMER, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.
GEORGE W. PLUMER.
Portsmouth, March 26, 1860.

Here's Health for the Million!!
CLARKE'S SHERRY WINE BITTERS
Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and activity to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of **25 cents** for a pint bottle.

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

DR. CLARKE'S HERB PILLS
ARE THE CHEAPEST AND BEST IN THE WORLD!!
DR. CLARK'S HERB SYRUP
cures everybody. Try it!!
DR. E. R. CLARKE, Sharon, Mass.,
Manufacturer and Proprietor.
Sold in Portsmouth by Mathes & Varrell, Joseph H. Thacher, and B. Hutchings. feb27

VERMONT BUTTER.
25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.

It is one of the most complete and useful inventions ever introduced into the market.

It balances the Sash perfectly at any point.

It requires no expense for boxing, consequently it is much cheaper than weights.

It can be applied to old as well as new buildings, without the mutilation of the frames.

It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, JR.
SHOP, OVER MERRILL & FERGUSON'S BLACKSMITH SHOP, OPP. NEW CUSTOM HOUSE.

N. B.—**Beware of Runners and Hackmen** who say we are full.
au22 **R. FRENCH,** Proprietor.

City Hotel, Portsmouth, N. H.

This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.

The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal if not superior* to any public House in the city.

He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. **J. B. FLAGG.**
Portsmouth, May 1st, 1860.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

BUSINESS NOTICE.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JUNE 14, 1860.

EDITORIAL CORRESPONDENCE.

CONCORD, June 13.

Concord looks finely this morning, as I survey it from a commanding eminence.—And it feels finely, too, as it contains the Governor and Council, the Senate and the House, and all the dignitaries of the State, in its capacious bosom.

The legislative doings of Monday were all preliminary and formal, yet indispensable. The committees were appointed, notices of bills were given, and the work of the session laid out.

The planted grounds, grass in fields and pastures, and the early formations of fruit, all look very promising in this vicinity. I was yesterday on the farm of a man who winters thirty head of cattle, and he says grass will be heavy. His grass is certainly handsome.

The new brick meeting-house, now building, in place of the [wooden] South Congregational Church, which was burnt, is rising, like the Phenix, from its ashes—with only this difference, that while the fabled Phenix of ancient times, and the real Phenix of to-day, both rose in the same place where they fell, this one does not rise there, but in a better locality, a little way off. The walls of he new house are now nearly all up; and the vestry or lecture room is already covered with a roof. This vestry is very large and commodious and well lighted; built above ground, as it ought to be.

According to a modern usage, copied from I know not what old-fashioned structure, the Church is to have one horn, exalted like the horn of an Unicorn; and this horn or spire is not to be in the middle of the creature's forehead, but is to be projected from one corner of the edifice, and will be an imposing structure.

The general arrangements of the house are good, the doors and windows being arched, and the grand entrance, in particular, having six projections of brick, making the doorway at once very strong and quite ornate, but costing next to nothing.

The tower walls are strong and heavy; the side walls as thick as usual, thick enough for modern notions, (two bricks,) but I would prefer *one course more* on all large buildings.

The new house will be a great improvement on the old; the marks of improvement, indeed, on buildings in Concord, are very striking and very pleasant to all visitors who like to see their neighbors thrive and display their good looks and good taste.

I have seen a little machine in operation here, for cutting up limbs of trees, brushwood, boxmill or sawmill splinters, &c., for kindling stuff. The machine itself is not bigger than a common bureau or kitchen table, and it can be carried by water, steam or horse power. It is fed in the same way as a hay cutter, and cuts up the kindling stuff into pieces two or three inches long, at the rate, we should judge, of twenty bushels in an hour.

This machine is used to prepare the fuel for a steam engine, which grinds corn, saws wood, planes boards, and lastly turns the grind-stone, and makes the wood-cutter prepare the fire that burns in its own bosom.

It is a savage-looking object, but, like a gritty man, or a spirited horse, capable of great utility, when skillfully handled and kept busy. U. T.

ADA BYRON.—The New York Tribune, under the head of Foreign Gossip, makes the following statement in regard to Byron's daughter:

Lady Byron latterly never mixed in society, and even some twelve years since looked completely broken. She possessed a highly-cultivated mind, which she had trained under the severest discipline of mathematics, of which science she was passionately fond. Her daughter "Ada, sole daughter of my house and heart," inherited this passion, but, unfortunately for herself, carried it into a dangerous field. For some years, wholly unknown to her husband, she had, through an agent, a Mr. Kreelake, bet large sums on the turf, and was, down to Teddington's year, a large winner. Lured on by her success, and doubtless hoping to make a large coup, she ventured out of her depth, and laid immense sums against the horse Teddington. At the settling, Mr. Kreelake being unable to pay his debts, the story had to be told. Lord Lovelace, with unbending honor, paid the whole amount, somewhere near £60,000, but Lady Lovelace never recovered from the pain and suffering which this exposure brought, and died in Italy soon after.

☞ Dr. Warren Webster of New Hampshire, graduate of Harvard Medical College, and a brother of Sidney Webster, Esq., has been selected by the Army Medical Board of Examiners, for appointment to be an assistant surgeon in the U. S. Army.

☞ The Board of Education in Chicago have adopted *Webster's* Dictionary as the standard in *Definition*, and *Worcester's* as the standard in *Orthography* and *Pronunciation*.

Why is a tooth drawn, like a thing forgotten? It is out of the head.

THE MASONIC STAGE DRIVER.

More than thirty-five years ago, perhaps near forty, Pike and Brown, two drivers on the Eastern Line, between Boston and Newburyport, happened to be seated on one box, with the team before them.

The conversation turned on Masonry, Pike being a Freemason, while Brown was not. Brown said, Do you think you can tell a freemason when you see him? Certainly, was the answer.

How do you do it? rejoined Brown.—Yankee like, his companion pointed to a horse in the team and said, Do you suppose if you saw that leader trotting over that hill yonder, you would know him? Certainly I should. Well; I should know a Mason just as soon as I met him.

They parted, Brown being somewhat doubtful after all.

Not long after this, each driver being on his own box, their two stages met at Wenham, Pike having a passenger from Newburyport, who wished to meet Capt. F. who might be coming down from Boston with Brown.—If Capt. F. was there, this passenger wished to go back with him.

To ascertain this, Pike made the usual sign of drawing up his whip across the front of his coach,—and both teams halted.

On the box with Brown, sat an old sailor, who had been sick, and just left the Hospital. He had requested leave to ride, though he had no money, but told the driver if he would take him to Ipswich, where he knew there was a lodge of Freemasons, they would relieve him. He stated that he belonged in Kittery, but had been away thirty one years. He gave no name; but Brown's heart was touched, and he gave him the ride.

Just as the teams halted, the sailor made a Masonic sign, which Pike observed: and as Capt. F. was on board, both drivers dismounted to make the exchange of passengers; and Pike, as he passed round, slipped a quarter into the sailor's hand;—and asked Brown *who* that sailor was? Why? what makes you wish to know? Because he is a Mason.

The sailor, holding the reins, dropped the quarter, and Brown, picking it up, gave it back to him, asking him where he got it.

"The other driver gave it to me," said he; "he is a mason."

Here, surely, was a revelation of quick masonic recognition.

They all passed on, and presently, at the Hotel in Ipswich, all got out. The sailor offered his Masonic quarter, but the driver would not take it, and in a moment the sailor began to reel and stagger, protesting he was not drunk, as he had drank no liquor that day. Brown caught him in his arms, laid him down gently on the floor;—and in a moment the poor sailor was dead.

In the meantime, Capt. F. being a Mason, had recognized the man's Masonic fellowship, and he authorized the landlord to bury the man handsomely, in case the Selectmen failed to do it as it should be, at his charge. They did it, however, and perhaps the more handsomely, for this charge.

The Knight's Templars promptly addressed a letter to Pike, inviting him to become a member, which request was gladly complied with,—and Masonic Recognitions with him were frequent, and many of them very pleasant,—but none of them quite equal in interest, to this.

☞ In the great two-mile race between Flora Temple and Geo. M. Patchen, at Long Island, Tuesday—the queen of the turf was beaten by the emperor of the turf. Patchen won in two straight heats. Time—first two miles, 4:53 1-4; second, 4:57 1-2; first mile in first heat, 2:22; do. second heat, 2:27 1-4.

A private dispatch to the Herald says Flora broke very badly in the second mile on the home stretch, and that afterwards Patchen had the race all his own way.—The private dispatch referred to gives the time of the first heat as 4:50 3-4. The best time on record of two-mile heats is 4:50 1-2. We don't credit the private report of time,—but Flora of course has lost the race. But she has lost races before—and will not acknowledge even Patchen victor, until she has other chances at him. Lancet beat her half-a-dozen times; but she would n't *stay* beat. Perhaps she won't this time; though she has now met the toughest competitor she ever had.

The writing of long articles is not the most difficult and important duty of a journalist; his skill is shown in attention to little particulars, which, in the aggregate, become important. His concern is not to fill up his paper speedily, but to keep from filling it up with unimportant stuff—to lop off redundancies, and present facts only, and never to forget that a *news*-paper is not merely a medium of original, and perhaps, unimportant essays.—*Sierra, Cal. Citizen.*

WILL HE BE REMOVED?—Capt. James L. Henry of Kentucky, who got drunk, and while intoxicated called upon Senator Sumner, holds the office of an Examiner in the Patent Office. He has placed himself in a position in which he can scarcely longer be regarded as a fit person to hold office under the federal government. But will he be removed?—*Transcript.*

Bats, in India, are called flying foxes, and measure six ft. from tip to tip of their wings.

N. H. LEGISLATURE.—On Tuesday, Several petitions were introduced, for laws to prevent the spread of the cattle disease.

Bills were introduced, to incorporate the Franconia Manuf. Co; relating to county paupers; to trial by jury. [In all trials, both civil and criminal, by jury, the presiding justice shall state the law, but not charge jurors as to matters of fact.] An act to mitigate the evils of matrimony; to incorporte the Nashua Watch Company; in relation to the powers of justices of the peace in complaints made under the act for the suppression of intemperance; to give the N. H. Historical Society $500; to incorporate the Manchester Aqueduct; concerning sales of real estate encumbered by mortgage or otherwise; to change the name of the Baptist Convention of N. H.; by Mr. Hackett of Portsmouth—an act relating to detective police officers.

On Wednesday, Hon. Daniel Clark was re-elected U. S. Senator. The vote in the House stood—Daniel Clark, 184; John S. Wells, 108; Anthony Colby, 1: Amos Tuck, 1.

U. S. SENATOR.—Hon. Daniel Clark was on Wednesday, re-elected to the U. S. Senate from New Hampshire. Hon. John S. Wells was the Democratic candidate.

At the Republican caucus ex-Governor Colby moved a postponement for one week, and announced himself as a candidate for U. S. Senator, in opposition to Mr. Clark. He was in favor of rotation, and Mr. Clark should have taken himself out of the way after his four years term had expired. He said that according to the practice, there never would be a vacancy until there was a funeral. Unless the principle of rotation was recognized, they might write the death warrant of the Republican party. Remarks in favor of an immediate nomination were made by Speaker Bell and others. The motion to postpone was lost, and Mr. Clark received 118 of the 164 votes—Colby 15, Cragin 11.

CONGRESS, TUESDAY, June 12.

SENATE.—The Civil Appropriation bill was taken up.

After a protracted debate, the ammendment, appropriating $400,000 for the distribution of arms to the several States was adopted.

An amendment appropriating $40,000 for seeds and cuttings in the Patent Office, was stricken out, but afterwards restored.

Mr. Iverson said the Agricultural Bureau had abused appropriations. They had bought seeds in New York and Pennsylvania, and distributed them in other sections at an immense expense to Government, when the same seeds could be bought in any store in any town in the country.

Mr. Wilson intimated that the Agricultural Bureau was about to investigate the cattle disease.

Mr. Brown hoped the nation would not turn cow doctors.

Mr. Mallory said the agricultural reports were made up out of materials plagiarized from books which ought to be in the library of every agriculturist.

HOUSE.—The Navy bill was considered. Mr. Whitely said the ships built at the Navy Yards rot from stem to stern in five years.

An amendment was adopted that not more than $3000 be expended on any vessel for spars and hull repairs at the Navy Yards, and not more than $2000 on sails and rigging, without previous examination by a Board for that purpose.

The bill provides that no more than $5000 shall be expended for repairs on any vessel, until the probable cost is ascertained by similar means.

The bill was then passed.

The House then acted on the Senate's amendments to the Indian Appropriation bill, concurring to some of them. Adj.

SONS OF TEMPERANCE.—*Portland, June* 12.—The Convention of the National Division S. of T. closed to-day by a grand celebration. The procession is one of the most brilliant ever seen in Portland. Divisions are present from different parts of the Union, the Provinces, and all parts of Maine, which, with their banners and regalia, make a beautiful display. Delegates from 24 States, all the Provinces, and England, in barouches, closes the procession. This afternoon mammoth temperance meeting were held, filling two halls.

FROM CALIFORNIA.—800 stand of arms had reached Virginia City, to be used in the war on the Indians. A volunteer force of 500 men had been organized, and had issued a notice requesting a convention of citizens to form a provisional government. Three employees of the Express Co. had been murdered by the Indians. 200 troops would leave the next day to chastise the Indians and open the route.

WASHINGTON, June 12.—A good deal of disatisfaction is expressed by the friends of Mr. Sumner, that Mayor Berrett does not find any trace of Draper, or any of Capt. Henry's associates, who backed Henry in the club room before he started to interrogate and insult Mr. Sumner.

BLAINSVILLE, Penn., June 12.—A constable from Springfield, Va., was attacked by some negroes last night, and barely escaped with his life. He was in quest of six fugitive negroes from that place.

AUGUSTA, GA., June 12.—Wm. Smith, planter in Oglethorpe county, was murdered by one of his slaves on Saturday. The murderer was burnt at the stake yesterday.

MEXICAN MATTERS.—The State dispatches from Mr. McLean give discouraging accounts of the prospects of the Liberals. It is hardly probable that Juarez can be sustained much longer.

☞ Rev. Dr. Burroughs, Rev. John Orcutt and others are to address the New Hampshire Colonization Society, at Concord, this (Thursday) evening.

A grindstone that has no grit in it, how long will it take to make an axe sharp?—And affairs that had no pinch in them, how long would they take to make a man?

God is served not only by single denominations, but by all Christians of all ages.

The way to cure infidelity in another, is to be a Christian one's self.

TRUE MARRIAGE.

Wedlock joins nothing if it joins not hearts:
Marriage was never meant for coats of arms;
Heraldry flourishes on metal, silk,
Or wood. [Knowles.

"The merchant may toil from morning till night,
And all turn to profit that turns to his sight;
But what are his profits when health is no more?
When panged with disease, he sits down to repent,
And wishes his youth in the fields he had spent;
Looks up to the farmer with health in his face,
And thinks with a sigh on the charms of the chase.

Thus you see, my good friend, my thesis is true,
A sedentary life is the worst to pursue;
It brings on infirmities, sorrows and strife,
And is sure to effect an abridgment of life;
Then who'd spend his days, who is favored with sense,
In hoarding up nought but pounds, shillings and pence?
Then fly from the town to the lawns and the farm
Where the beauties of nature have plenty to charm.

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,

AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags, And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do it at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE,

2aos **3 & 37 Market Street.**

Temperance Boarding House,

AT RYE BEACH.

Visitors to Rye Beach, who desire a pleasant, quiet stopping place, can find it at

THE WASHINGTON HOUSE.

It is not our business to make a show, and tax a great price for it; but to have a nice, quiet place, where our friends can stop a few hours or a few weeks, and enjoy the Sea Shore and the many other good things of life, at a very moderate expense;—and not be annoyed by the thousand evils that exist in consequence of the liquor trade. We solicit the encouragement of our friends, and trust they will be interested in sustaining ONE TEMPERANCE HOUSE on the sea coast. "A word to the wise is sufficient."

Invalids who wish to come to the Beach for their health, will find it a very good place, being quiet and near the sea.

Price of board: From **$1 to $7** per week.

Visitors to the Beach can take Coaches at Exeter, North Hampton, or Greenland Depots, or a private Carriage will be sent on request. Good opportunities for pleasure riding, sailing and fishing. C. LEAVITT & N. L. THOMPSON,

Rye Beach, June 11, 1860. Proprietors.

LAFAYETTE LAIGHTON.

Special Notices.

HEENAN AND SAYERS.

These two men, without a particle of ill feeling, went systematically to work to batter out each other's brains for a few thousand dollars. Both proved "game," but Heenan was, undoubtedly, the victor; still, he has been denied the rewards for which he so gallantly contended, by the referee. Now, a better chance to get a few thousand dollars, is by enclosing to Messrs. Wood, Eddy & Co., of Wilmington, Delaware, or St. Louis, Missouri, $3,50, $5, $10 or $20, for a part or whole ticket in one of their legalized lotteries. The ticket will be returned by next mail, and the drawings as soon as made. The capital prize is $70,000. These lotteries are authorized by law, and drawn by sworn state officers.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANDOM.

Kensington, Sept. 25, 1856.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mother, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.

This terrifying disease, even when depending on grave derangements of the nervous centre, will yield to the alterative power of the PERUVIAN SYRUP, which by improving the digestion, and consequently purifying the blood, promotes a proper nutrition of the substance of the brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. I have no doubt, that in case of Paralysis, like mine, Dyspepsia, and especially of Dropsy, it may be administered with a greater prospect of success than any other medicine in use among us."

DR. B. S. GOODWIN,

Indian Physician, No. 9 Market St,

PORTSMOUTH, N. H.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

No Mercury! No Bleeding! No Blisters!

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.
Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

THE BRIDAL MONTH.—It would seem advisable for all who have not made the experiment,—to "try on" matrimony before the present month is gone; first, because (according to Mr. Fowler) the sooner you are all married, the better; and next, because June is the loveliest month of all the year. A perfect host of beauties passed and repassed the Chronicle office on Monday afternoon—and a bountiful slice of rich cake sent us by the fair heroine of the occasion which attracted so much femininity in our vicinity—explains the whole matter. We heard the rustling of silks, the clattering of small heels, and the chattering of tongues *not* short or slow—and supposed the pride of our good city was passing in review for the censorship of the press—and while delighted with the brilliant display, we shrank from the duty of comparison. But we afterwards learned there was a wedding at the Universalist Church—the first solemnized there since the refitting, we believe; and we were told that the dear creatures who honored us in their "full dress parade," and the occasion with their presence, were most of them candidates for a like berth. There were brides numerous enough and fit enough for a whole army of true men; but where we could find husbands fit for *them*, we couldn't say so readily. Perhaps most of them know for themselves.

ACCIDENTS.—A little son of Meshach Holmes, who lives in Cabot street in this city, had his leg broken by an ice-cart, in State street, on Wednesday morning.—While the wagon was stationary, he stepped on a spoke of the wheel, to get a bit of ice from behind; and the driver, who was not aware of his presence, started his team—which brought the boy's leg up against the body of the carriage, and snapped one bone just below the knee, with the sound of a pipe-stem.

Miss Fanny Lang, of Rye, in getting out of a wagon a few days since, near home, was thrown down by the starting of the horse, and one leg very badly broken and shattered. Should she recover, it is not expected she can ever walk again.

THE CONFORMATOR is not, as its name might indicate, a political instrument, to use on party men during this campaign;—but a beautiful and ingenious machine to get the exact measurement and precise shape of any head—so the long heads and the round heads, the thick heads and the wedge heads, the concave heads and the swell-heads, can all be suited with a perfect fit now. See the advertisement of J. Dearborn & Son.

FRUITERY.—Mr. B. Harding, who for several years has supplied our citizens with the earliest and best specimens of foreign and domestic fruits, and the nicest qualities of confectionary and cake, has recently been enabled to make a much needed enlargement to his store; and has also greatly improved the building, on the corner of Congress street, near the Franklin House.—He has now one of the most convenient and tastily arranged stores in the city.—Not the least of the advantages of this alteration, as the Gazette well remarks, is the killing off the crowd which formerly collected on that corner, in front of what has been the oyster saloon.

☞ We shan't attempt to say who sells the best Figs in town—but we will say the best drum we have had *sent* us of late, is from the No. 1 (Market Square) Grocery of Moulton & Blaisdell—where you can always find a large and fresh stock of all goods in their line. Our Chroniclers, thinking no doubt of Jeremiah's figs and matrimony, and being by far better judges of the former,—say the fruit is 'very good indeed.'

For the Chronicle.

FOURTH OF JULY.—*Messrs. Editors:*—Will you allow an "Old Grumbler" to say, that the proposed programme for the 4th is a humbug—all but the children, the flowers and the music. Let us have our excellent Cornet Band to head a procession of all the children in the city big enough to walk a mile or two—and men and women enough to take care of them; ornament them with flowers; and march to the woods, somewhere near the salt water—and have a jolly good picnic. We work enough every day; let us have a good rest on the holidays, as well as recreation. Then in the evening, many people enjoy fireworks—and give us more music.

At any rate—if we must have a set procession—let all ride or else all walk—not have horses and cattle to kick up a dust and frighten the walking children, while the lazy men and women are riding.

A RURAL GRUMBLER.

☞ We notice by the Maine papers, that John B. Haselton, late of Portsmouth, has been admitted to practice in all the Courts of Maine.

STRAWBERRIES AND CREAM are already being served up at Diman's Highland Cottage.

☞ Among the many beautiful estates in the vicinity of Portsmouth, few have more natural attractions than the old stocking factory site, at the Creek—now owned and occupied for a brewery by Messrs. Fisher & Eldredge. And however opinions may differ as to the merits of the use to which the premises are now put—there can be but one judgment rendered as to the taste exhibited in fitting up and arranging the same. The proprietors have made application to the Aldermen, to be allowed to improve the ragged old pond adjoining them, west of the road; and if no reason should appear for refusing them leave to do so, they would doubtless add still further to the looks of things in that vicinity. A new extension of the building used in the brewery business is now being erected.

EXETER, June 13.

Dear Chronicle:—An alarm of fire was raised about 12 o'clock Tuesday night, and was found to proceed from the wooden building on Water st., owned by Mr. N. Churchill, and occupied by himself and son as a grocery and ready-made clothing store; and in the upper story by Dr. Fuller, Dentist, of your city, as a branch establishment. The fire, it is supposed, took in Dr. Fuller's office, or in the attic over it, and had burst out of the roof before the alarm was raised. We learn that Mr. Churchill was insured $3400 on his stock and building, which will probably cover his loss, as most of the goods were removed. Dr. Fuller was insured, perhaps sufficient to cover his loss, as part of his furniture was saved.

He spent Tuesday here at his office in Exeter, and left it at 6 o'clock; and as the flames did not break out till six hours afterwards, incendiarism is suspected.

YPS, ALEXIS.

☞ The adjourned Charleston Democratic Convention meets at Baltimore on Monday next. The New Hampshire delegates left Concord on Tuesday. A telegraphic despatch in Boston papers says—we know not on how much authority—that Capt. Marcy of Portsmouth will change his vote and go for Dickinson. The balance of the delegation is still firm for Douglas.

UBIQUITOUS NAVAL STATION.—It was for a long time supposed that the Navy Yard in this harbor was located at Portsmouth, N. H.; but within a few years it has been removed, by zealous down-easters, to Kittery, Me. Letters sometimes come directed now, to the "Portsmouth Navy Yard, at Kittery, Me."

☞ The experiment of lighting rail cars with gas is on trial on the Eastern Railroad with good success. The gas is forced into an iron reservoir suspended beneath the car, and thence carried into the car through the ordinary gas pipe. The Gazette suggests an objection to the use of the article, that if the car should break down, the light would be suddenly extinguished. But the cars don't break down on the Eastern Railroad, as everybody knows.

☞ Rev. A. J. Patterson is to preach at Newington, Sunday afternoon, June 17th, at 5 o'clock.

DIED.

In this city, June 11th, IDA FLORENCE HUSE, aged 6 years and 9 months, only child of James and Suzy Huse.

MARINE CHRONICLE.
PORT OF PORTSMOUTH.

Cornelia, Getchell, Rockland.

Ship Georgianna, Salter, cld New Orleans 7th, for New York.
Ship Western Empire, Soule, arr at Liverpool 28th, im New York.

BEAUTIFUL EXCURSION.—There is to be an excursion to the White Mountains, over Lake Winnipissoogee, from Portsmouth and vicinity, on Monday, June 18th, for considerably less than half fare. Return tickets to be good ten days. The Hotels on the route and at the Mountains will entertain the excursionists at one-half the usual rates.

Tickets from Portsmouth and back only $7.50.

The avails of the excursion are to be appropriated towards paying for the new Brodhead M. E. Chapel in Portsmouth.

June is the pleasantest month in the year for such a delightful trip; and the hotels are all fresh, and the servants, horses and dinners more prompt than when jaded with a summer's hard work.

SLANDER.

Not all they say or do can make
My head or tooth or finger ache,
Or mar my shape or scar my face,
Or put one feature out of place;
Nor will ten thousand lies
Make one less virtuous, learned or wise;
The most effectual way to balk
Their malice, is to let them talk. 76

PRINTERS' FOURTH OF JULY CELEBRATION.—The New York Typographical Society will celebrate the fifty-first anniversary of its organization on the coming Fourth of July, by an excusion to Westfield, Staten Island, where they will have a Picnic. A sensible way to celebrate.

RELIEF IN TEN MINUTES!!
Bryan's Pulmonic Wafers!
The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.
These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.
TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.
JOB MOSES, Sole Proprietor, Rochester, N.Y

The Great English Remedy!
Sir Jas Clarke's celebrated Female Pills
Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.
This well known medicine is a powerful emmenagogue, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.
In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.
These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.
To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.
For full particulars, get a pamphlet, free, of the agent.
N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'
HOUSE FURNISHING ESTABLISHMENT,
No. 46 Market Street.
NEW STOCK OF
STOVES, RANGES, FURNACES,
Something New!
A FRIEND TO NEAT HOUSEWIVES.
CHESLEY'S PATENT
BOOT AND SHOE DUSTER.
A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.
TRY ONE.

SEASONABLE ARTICLES.
One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to
WINSHIP'S PATENT
Upright self-ventilating Refrigerators
It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.
This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.
The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.
All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE
ICE-CREAM FREEZER.
Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.
Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

Spring and Summer Goods.
J. E. HAM & Co., - - 9 Congress St.
Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of
SPRING AND SUMMER CLOTHS,
ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of
COATINGS,
including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of
PANTALOON GOODS
That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.
They would invite the special attention of gentlemen to their Cloths for
BUSINESS SUITS,
as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last fall held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

From a country paper we clip this marriage notice:

"In this city, May 22d, in the morning, by Rev. Mr. Pelts, Aaron Sip, of Cloverock, to Miss Charity, youngest daughter of Brant Van Blarcom."

Jemeny Peltz! What a Sip of Charity, Aaron must have had. We hope Aaron won't become intoxicated by too frequent *Sips.—Bee*

They are finding gold in New Hampshire. The people of that community have been extracting gold from its soil these two hundred years and over.

Pike's Peak don't pay. It has turned out an unusual number of beggars, who are begging their way from it.—*True.*

☞ Heenan and Sayers will come to this country to give sparring exhibitions.

Heenan has issued a peremptory challenge to John Morrissey, to fight him for any sum from five cents to five thousand dollars.

What is the first thing a young lady looks for in church?—The *Sins.*

THE ONLY PREPARATION

Having Proof so Strong and Direct as to

Expel the Doubts of All.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will promote the hair from being gray, stop from falling, or to any age, as well as restore.—Read the following:—

Oak Grove, S. C., June 24, 1859.

Prof. O. J. Wood:—Dear Sir—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test.—

During the year 1854, I was so unfortunate as to be thrown from my saddle against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was entirely destroyed. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your preparation. Your Restorative, which I have every reason to believe, produced a very happy result: two months after the first application, I had a growth of hair on my head, hair as I ever saw, for which I certainly owe you my sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all my friends, moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,

M. J. WRIGHT, M. D.

Jeffersonian Office, Phillipsburg, Va., Dec. 12, 1859.

Professor O. J. Wood:—Dear Sir—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place (a lawyer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly; and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, I deem proper you should do the truth of this statement; I give this to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,

THOMPSON SURGHNOR.

Dr. Wood—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. S. THALBERG.

The Restorative is put up in bottles of three sizes: the large, medium, and small size holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the large bottle for fifty dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market St., St. Louis, Mo.

Sold by all good Druggists.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, Commissioner of Ind.

78 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Canada, England, France and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on the shortest notice, and dispatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions, and opinions or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The subscriber would, to prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, is here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent, more trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all kinds of business, which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability or his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at as reasonable charges." JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS. EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. R. H. EDDY.

Real Estate and Stock Broker,

jy11 No. 47 Congress St., Portsmouth, N. H.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard.*—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in *every* instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and we made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS indicating CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite,* and for all HYSTERICAL COMPLAINTS, NERVOUS OVERTASK, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, so that what your system needs, you get. No. 4, for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For SALT RHEUM, SCALD HEAD, OVERTASK, BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 416 Broadway, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford instantaneous* relief, when given according to the directions, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIUM in any form, but effectually relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only reliable preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLDS IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflammation, regulating the Bowels, and relieving pain, it has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits.* As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take care but DR. EATON'S INFANTILE CORDIAL; this you can *rely* upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

CHURCH & DUPONT, Druggists,

No. 416 Broadway, New York,

GEO. C. GOODWIN & CO., Wholesale Agents, Boston,

And by all respectable Druggists throughout the country. In Portsmouth by W. R. PRESTON.

Dyspepsia Remedy

DR. DARIUS HAM'S

AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance, Ill Humored Children, Invigorates, but will not Intoxicate or Stupify.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and distressed, and will invigorate the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens,* will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.

One dose will remove all Bad Spirits.

One dose will cure Heartburn.

Three doses will cure Indigestion.

One dose will give you a good appetite.

One gill stop the Griping pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take this invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts. $1.

General Depot, 48 Water street, New York.

THOMAS O. HOYT, Proprietor and Driver.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which the fluid becomes vitiated, weak and poor. Being in the circulation it pervades the whole body, and may burst out in the case on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial poisons, by impure air, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" it seems to be the red curse of him who says, "I will visit the iniquities of the fathers upon their children."

Its effects are very deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings from the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that convalescence results not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases, consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by the taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed all of the organs, arise from or are aggravated by the same cause.

Due quarter of all our people are scrofulous;—their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the eradication of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as

ERUPTIONS, SCALD HEAD, ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, ERYSIPELAS, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD. The popular belief in "impurity of the blood" is founded on truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and invigorate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, restoring health and vigor to the suffering its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or disease, and who is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Dropsy, Dysentery, Liver Complaint, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Pain in the Side and Back, Pain in the Bowels, and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the Blood.

Ayer's Cherry Pectoral

FOR THE CURE ON

COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages, it is unrivalled. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too conspicuous to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies that spring up around the country have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

D. MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Scores very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, Wolfian chorus, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is purely tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a mere purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably efficacious and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tumency, which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most inveterate cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to DYSENTERY, continued, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the lumbar pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has attained the alarm of friends and physicians, in several very gratifying and interesting instances.

IN SCROFULOUS TUBERCULOSIS, this medicinal iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly adapted to them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the hands of the profession, which exerted such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, will be manifested from the first dose, for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have received by the public, resulting in the sale of

35,000,

we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged, and that

Every Machine sold by us
We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT SUCCESS
—of the—
Grover & Baker's Sewing Machines.

[From the wife of the Hon. Jefferson Davis.]

Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their box Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.

[From J. G. Harris, Governor of Tennessee.]

My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.

[From the Rev. Jonathan Cross, Agent American Tract Society.]

My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in ten the old way, and without fatigue. The work is beautiful and durable.—She says she would not exchange it for any other one. It is certainly one of the grandest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.
Baltimore, July 14, 1859.

PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.

"Zion's Herald," Nov. 10th, 1859, says.—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Bible, and also one of Grover & Baker's SEWING MACHINES.*"

C. C. WHITTEMORE,

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can *say, in confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN ONE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter, *"what we do know,"* after ten years experience, and *pledge our reputation for the fulfilment of what we shall declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England, and has been used with *never-failing success,* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives toneand energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC;

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 8 Cedar st. New York.

Price only 25 cents per bottle.

WOOL WANTED.
5000 lbs. WOOL wanted, by
CHARLES E. MYERS & CO.,
may18 No. 39 Market and 2 Bow St

Look Out. Look Out. Look Out.

LOOK OUT! where you buy your READY MADE CLOTHING.

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.

LOOK OUT! before you buy Hats and Caps.

LOOK OUT! before you go to take your measure for your Custom Clothing.

LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at

No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS cheaper than
MOSES & DOWNIE,
is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of Ready Made Clothing & Furnishing Goods ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do it at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE,
2mos 3 & 37 Market Street.

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling,* thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled!

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst blue-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

NOVA SCOTIA POTATOES.
Just received and for sale by
may31 MAJOR HOOPER & SON.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.

It is one of the most complete and useful inventions ever introduced into the market.

It balances the Sash perfectly at any point.

It requires no expense for boxing, consequently it is much cheaper than weights.

It can be applied to old or well as new buildings, without any alteration of the frames.

It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

☞ Also, *CARPENTER WOOD* faithfully executed. ADAMS PERRY, Jr.

au22 R. FRENCH, Proprietor.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also fitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. J. B. FLAGG.
Portsmouth, May 1st, 1860.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JUNE 15, 1860.

THE CAR OF JUGGERNAUT.—In one of his recent lectures, Mr. Gangooly, the converted Brahmin, corrects some of the popular impressions in regard to the car of Juggernaut. He says:—

As to the self-sacrifice of the Hindoos, it is not true. The Hindoos believe that if a sinner should should give two or three pulls to the ropes connected with the car, he will be taken to heaven by a similar car.—This false idea induces many of the menial Hindoos to go forward and pull these cars; and often, by their carelessness, they fall under the wheels and are immolated. I once saw four perish in this way, so that their faces were entirely obliterated. When caution is taken, no one is killed. When a heavy car gets in motion, it cannot be stopped, being drawn by hosts of horses. The ropes with which the people pull the car, are five hundred yards long.

THE ASSASSINATION IN JAPAN, turns out, *not* that the Emperor, or Tycoon, was assassinated, but Prince Gotairo (who was at the head of the present Japanese government) was assassinated on the 15th of March. He was going from his house to the palace, with his train, when he was attacked by fourteen Japanese, dressed as travelers. His retinue had six killed, and several wounded. The news was brought by the schooner Page, Capt. Moorhouse, which had "arrived from Kanagawa, Japan, at San Francisco, in twenty-nine days, being the quickest trip on record.

☞ About three-fourths of the jewelry stolen from Mr. Gooding's store in Boston, was returned to the office of the Chief of Police Tuesday morning, by a man from New Hampshire, who represents himself as a brother of the person from whom the prisoner Bean says he received the keys.—The watches and jewelry returned are valued at about five thousand dollars, and were buried in a suburban town immediately after the robbery. It is supposed Bean has accomplices.

GRAND LODGE OF N. H.—In Concord, on Wednesday, at the meeting of the Grand Lodge of Masons, the following officers were elected—M. W. M., M. A. P. Hughes of Nashua; D. G. M., Jacob C. Hanson; S. G. W., Christopher Whitney; J. G. W. R. N. Ross; Treasurer, John Knowlton;—Secretary, Horace Chase.

It was the largest meeting ever held in Concord. Bro. J. F. Porter of Kentucky lectured before the Grand Lodge. Reports from subordinate lodges were unusually satisfactory. Three new lodges were chartered.

N. H. HISTORICAL SOCIETY.—The New Hampshire Historical Society held its annual business meeting at Concord, on Wednesday. Chief Justice Bell of the Supreme Court presided. On motion of Dr. George Smith of Concord, both branches of the Legislature were invited to attend the afternoon meeting and listen to Mr. Walker's address on "The Valley of the Merrimack."

The following officers were elected: Joseph Dow of Hampton, President; Vice Presidents, W. H. Y. Hackett and J. B. Walker; Recording Secretary and Librarian, W. F. Goodwin; Corresponding Secretary, Rev. Dr. Boynton; Treasurer, J. C. A. Wingate.

☞ Rev. John W. Shepard died in Nashua on the 25th of May, aged 72. He was a native of Gilmanton, and in early life in trade there. In 1822, he became proprietor of the New Hampshire Repository, now the Congregational Journal; afterwards he was a schoolmaster in Portsmouth, and then a bookseller here; and finally went into the ministry about twenty-five years ago.

☞ The special cattle disease session of the Massachusetts Legislature was prorogued on Wednesday, after having enacted two sweeping laws in regard to the pleuro-pneumonia, appropriated $100,000 to carry them into effect, and fixed its own pay at $50 each for the session. Better leave each town to take care of its own cows.

The Legislature also passed resolves thanking Charles Sumner for his late speech, which provoked discussion.

☞ Senator Mason exhibited some rare specimens of plantation manners towards Senator Wilson, whom he said he would not class among gentlemen. This dreadful objurgation probably afflicted Mr. Wilson just about as much as it would Uncle Toby.

☞ Edward Cromie, a young Irishman in New York, beat and stamped his mother to death on Tuesday night.—The woman was very intemperate and abusive; and her son seems to be a chip off the old block.

☞ The mammoth steamship Great Eastern is expected to arrive at New York next Sunday. A wharf on Hammond street, North River, 1200 feet in length, has been leased for her accommodation

For the Chronicle.

EXETER ITEMS.—The 1st Orthodox Society is still without a pastor, a year having elapsed since the resignation of Rev. Mr. Lascelle. They are either unfortunate in the application and selection of candidates, or our Orthodox friends have a great deal of dry preaching to listen to.

Rev. Mr. Mayhew of the Elm St. Church, having been unable to attend to his pastoral duties for some time past, on account of ill health, has so far regained his health as to anticipate resuming them in a few weeks.

The many friends of Hon. John S. Wells will be gratified to learn that he is recovering, with the prospect of entire restoration from a disease with which he has long been confined, and which at one time was feared would prove fatal.

The foundations for a new brick block are being laid on the site of the recent fire, and business promises well for Exeter the coming summer and fall.

Many of our streets when dressed out in their dense summer foliage are such as any city might well be proud of and no village can rival. The noble old elms that lock their arms overhead, and the tasty and well trimmed hedges surrounding large and beautiful gardens, spread out in beautiful panoramas and furnish a continual feast to the eye. Here and there linger for a little distance (imported probably from Portsmouth,) those close old exclusive high fences, relics, perhaps, of a barbarous age, which people cling to, without a why or wherefore. REPORTER.

EXETER, June 13.

THE TURF.—There was a trotting match over the Centreville Course, L. I., Monday, —mile heats, best three in five,—between the b. g. Rattlesnake, entered by D. Pfifer, and the b. g. Red Jacket, entered by F. J. Nodine. The race was won by Rattlesnake in three straight heats, the time being 2:35, 2:35 1-4, 2:38.

On the Union Course, Monday, there was a race between J. McManu's black mare (trotter,) and W. M. Bolton's black mare (pacer,) mile heats, the best 3 in 5, in harness. The trotter won the race. Time—3:08, 2:56 1-2, 2:57, 2:47.

There was to have been a pedestrian exhibition on the Union Course, Monday, between John Grindell, of New York, and an unknown from New Jersey, for $500 and the championship. The unknown did not appear, and Grindell received forfeit.

At the Franklin Course, North Chelsea, Wednesday, there was a trot for a purse of $100, mile heats, best 3 in 5, to harness.—The contestants were Mary Taylor, Lady Josselyn, and Lady Shaw. Mary Taylor won after a spirited contest of six heats.—The time was not extraordinary, but the closeness of the heats and the varying fortunes of the race made it very interesting. Time—2:44, 2:43 1-2, 2:47 1-2, 2:47 1-2, 2:51 1-2.

CAMPAIGN SONGSTER.—We have received a copy of one of these noisy ephemerals, entitled "Hutchinson's Republican Songster for 1860. Edited by John W. Hutchinson, of the Hutchinson Family of Singers. O. Hutchinson publisher, New York." It is gotten up with a large share of the wit and humor peculiar to the Hutchinsons.

☞ Mr. R. W. Webster, at his little Cornucopia farm on Middle Road, has also commenced to pick his Strawberries; and, as everybody knows who has tried them—no better fruit can be found than that which bears his brand.

☞ The formal presentation of the belts to Sayers and Heenan took place at the Alhambra Palace, in London, on the 30th. Mr. Dowling, editor of Bell's Life, presented the latter with complimentary address; Geo. Wilkes did the same to Sayers, each declaring all animosity buried.

☞ Mr. George E. Sickles, long and favorably known to the people of Massachusetts, not only as a business man, but for his devotion to every good cause, has been engaged by the Massachusetts State Alliance to act as financial agent of that organization.

WASHINGTON, June 12.—Secretary Cobb testified before the Covode Committee to-day, that he never, with or without the President, had any interview with Mr. Cox relative to the English bill.

☞ Rev. Sumner Ellis was installed pastor of the First Universalist Society in Lynn, on Wednesday

THE BATTLE OF LIFE.—"As much honor as you like, my son, but as few affairs of honor as possible.

☞ U. S. ship Sabine was at Aspinwall on the 4th, and the Saranac at Panama.

NOTICE—FOURTH OF JULY.—The adjourned meetings of the citizens, for choice of Committees, and other business, referring to the Celebration of the next Anniversary of the Nation's Birth-day, will be held at City Rooms, this (Friday) evening, at 8 o'clock. Let all who feel an interest in getting up a good celebration, be in attendance. H.

☞ The Aldermen on Thursday evening did *not* concur with the Com. Council in appropriating the $500 for the 4th of July

CONGRESS, WEDNESDAY, June 12.

SENATE.—Mr. Sumner presented a memorial asking the discharge of Thaddeus Hyatt, and moved its reference to the Harper's Ferry Committee. Referred to a select Committee.

The Legislative Appropriation bill was considered. Mr. Hunter reported the Morrill Tariff bill, and moved that it be postponed to the 2d Monday of December next. Laid over until to morrow.

Mr. Bayard reported the House bill to prevent polygamy in Utah.

Mr. Hunter reported an amendment from the Committee, extending the time for funding the Treasury notes issued to the amount of twenty millions of dollars, under previous acts of Congress, to five years; stating that the House amendment to the Tariff bill provided for funding the debt in two years, but the Senate Finance Committee thought it best to place in this bill the provision for extending the time.

Mr. Bigler objected, and said the Senate should consider the House bill on the tariff, where the amendment properly belongs.

Mr. Hunter denied the necessity of an increase of revenue, maintaining that low revenue prevented extravagance.

Mr. Wilson defended the Republicans, stating that the House which was controlled by the Republicans, had reduced the estimates $31,800,000, but the Democratic Senate had added over $6,000,000 to the House bills.

Mr. Toombs replied, saying that the House appeared to be reconciled by defrauding honest contractors and carrying on a system of profligacy, appropriating seven millions for fraudulent pensions.

Mr. Bigler did not like to hear imputation on the House or Senators who had voted for the bill.

Mr. Toombs disclaimed imputations on any Senator.

Mr. Bigler said he did still protest.

Mr. Toombs replied that if not satisfied with his remarks, he could get satisfaction here or outside the chamber,—characterizing the Republicans as deep in corruption in all the Northern Legislatures, and God only knows what they would do if they got power here.

After further debate the amendment funding for five years the Twenty Million loan was agreed to—29 to 19.

HOUSE.—The resolutions reported back from the Committee on Expenditures of the Navy Department were considered, and Mr. Bocock made a speech in which he denied the right of Congress to hunt out corruptions, and censure the President and Secretaries. At the close of his speech Mr. Brown moved to table the resolutions. Negatived—120 against 65.

The affirmative vote of 65 to lay the resolutions of censure on the table, was composed exclusively of Democrats, while all the South Americans voted in the negative.

The first resolution condemnatory of the President and Secretary of the Navy was *adopted without a count.*

The second resolution, that the contract made by the Secretary of the Navy in September 1859, with W. C. N. Swift, of New Bedford, Mass., for live oak timber, was in violation of the law, unusual, improper and injurious to the public service, was adopted—yeas 119, nay 60.

The third resolution, that the distribution by the Secretary of the Navy, of the patronage of the Navy Yards, among members of Congress, is destructive of discipline, of a corrupt tendency, and highly injurious to the public service, was read.

Mr. Reagan moved an amendment that the Republican members of the House in receiving and acting on a proposition of Mr. Defrees, and promising half the profits of the Public Printing in the event of his election as Printer, to the House, was corrupting and demoralizing.

Objections were made to the reception of the amendment by the Republican members, and of course it fell through.

The resolution was adopted—123 to 61.

The fourth resolution, that the President and Secretary of the Navy, by receiving and considering the party relations of bidders for contracts, and awarding such contracts while elections are pending, have set an example dangerous to public safety and deserving the reprehension of this House. Adopted—106 to 61.

In the evening session the last resolution was adopted—90 to 37.

The resolution censures Secretary Toucey for appointing David B. Martin as a member of the Board of Engineers, he being pecuniarily interested.

GARIBALDI IN PALERMO.—By the Niagara we have important news from Italy. Garibaldi is in the city of Palermo. There is no longer any doubt about that fact. He entered on the 27th ult., after desperate fighting for six hours, and heavy loss of life. His forces occupy the whole city, except the castle, in which the Neapolitan troops had taken refuge. The Royal Palace had been burned down by the people. Unquestionably Garibaldi is master of the place, and Sicily is lost to Neapolitan rule. The announcement of Garibaldi's success is said to have made the deepest impression at Paris and London. Liberal measures have been started at Naples—but too late.

☞ Horace Greeley has pronounced the letter purporting to be from him to Gov. Seward, which has been in circulation three or four weeks, to be bogus. The real letter is published in the Tribune this week. In an editorial referring to the letter, etc., he says: "If ever I discharged a public duty in utter disregard of personal considerations, I did so at Chicago."

WASHINGTON, June 14.—The President is consulting with his friends as to the propriety of issuing a proclamation to the people, reviewing the action of the House yesterday.

NEW YORK, June 14.—Private dispatches received at Washington, state that 10,000 troops will be needed at Pike's Peak to prevent Indian depredations. Great excitement prevailed there, and work in the mines was stopped

GENERAL COURT.

The Senate of New Hampshire, Wednesday, June 13, proceeded to ballot for U. S. Senator, with the following result—Hon. John S. Wells had 2, Hon. Daniel Clark had 8; and Hon. Daniel Clark was declared elected.

In the House, on motion of Mr. Spalding of Portsmouth,

Resolved, That the House will be ready to meet the Senate in Convention for the purpose of election of Secretary of State, State Treasurer, and Commissary General, on Friday morning next, at 11 o'clock.

Notice was given by Mr. Spalding of Portsmouth, of a bill in amendment of the charter of the city of Portsmouth and its amendments; by Mr. Rollins of Somersworth, of a bill providing for the distribution of the N. H. Journal of Education.

☞ The Transcript says there is much sickness among horses in Boston at the present time, and has been for more than a month past, particularly among green horses from the country, not fully acclimated.—This distemper has been attributed by many to the sudden changes in the weather and the great prevalence of easterly winds. The symptoms resemble those of the pleuro-pneumonia among the cattle.

A similar state of things has existed among the horses in this vicinity also—many have been sick, and several have died.

DIMAN'S popular Highland Cottage is now open for visitors; and Mr. D. informs us that he can now furnish 100 boxes of strawberries per day—sweeter than ever before so early in the season. They will be at the height next week,—and everybody ought to go to the Cottage at least once, roam over the beautiful grounds, and enjoy a dish of strawberries and cream—which seem to taste better at Diman's than almost anywhere else.

☞ The Rockingham County Conference of Presbyterian and Congregational (trinitarian) Churches, held their annual meeting at Epping on Tuesday. The exercises of the meeting were interesting, and the attendance fair, for the location and the times.—Not gain of church members about 60.—In giving in the narrations, temperance and intemperance were largely noticed. The singing by the assembly and by the choir, was pleasant and in good taste.

☞ We understand that Messrs. B. B. Thompson and J. H. Shorey, the well-known musicians and concert-givers of Concord, are intending to give one of their popular musical entertainments in Portsmouth, at an early day. We trust somebody will give some concerts here soon, or we shall all forget how to go to one. Many of our citizens have forgotten already.

PARTISAN COURTESY.

The City Council has passed an ordinance to kill all the dogs. A law allowing the dogs to kill the city authorities, is much more demanded by the public interests;—but then no decent dog would venture to bite in *that* direction.—*Gazette.*

Probably not, if he had to begin at the head—the Mayor being so *rabid* a hunker that, although the man might recover of the bite, the dog would surely die.—*Ballot.*

☞ A resident near the Creek, tells us the whole fish-horn and chowder-kettle Band was out, Wednesday night—to help a young couple into the toils of matrimony.

☞ There was quite a lively alarm of fire given on Wednesday night—the only occasion for which, that we could discover, was a tin-horn band serenading a married couple at the West End.

☞ The number of votes for and against the formation of the proposed county of Amoskeag, at the last March election, given by the counties of Hillsborough and Rockingham, were,—in favor, 4393; against, 13,346.

MASONIC.—The M. E. Grand Chapter of New Hampshire held its Annual Grand Convocation at Concord, Monday. Moses Paul, of Dover, was elected M. E. Grand High Priest; Geo. H. Hubbard, Manchester, M. E. Deputy G. H. P.

EFFECTS OF RUM.—Cornelius Shea, while in a state of intoxication at Newburyport, in attempting to ascend a flight of stairs, minus the barristers, fell from the top to the bottom. His recovery is doubtful.

BALTIMORE, June 13.—The delegates to the Democratic National Convention are already beginning to arrive. The committee are making arrangements for the sitting of the Convention, and the Front st Theatre is being fitted up for the delegates.

☞ The New Hampshire State Convention of Universalists, will meet at Newport on Wednesday next, June 20, and remain in session two days.

☞ On Friday evening, last week, Mrs. Hardy, wife of Mr. Gilman Hardy of Canaan, N. H., committed suicide by drowning herself in Goose Pond.

SUMMER EVENING MUSIC.—Are we to have a series of out-door musical entertainments by the Cornet Band this season? It is quite time to be thinking of it.—*Ballot.*

THE LABRADOR FLEET from Newburyport last year numbered eleven sail; this year they number sixteen.

BEAUTIFUL EXCURSION.—There is to be an excursion to the White Mountains, over Lake Winnipiseogee, from Portsmouth and vicinity, on Monday, June 18th, for considerably less than half fare. Return tickets to be good ten days. The Hotels on the route and at the Mountains will entertain the excursionists at one-half the usual rates.

Tickets from Portsmouth and back only $7.50.

The avails of the excursion are to be appropriated towards paying for the new Brodhead M. E. Chapel in Portsmouth.

FLUME AND FRANCONIA HOTEL COMPANY, WHITE MOUNTAINS.—The Boston Journal says this corporation, which has so successfully and satisfactorily catered to the wants of the travelling public and the interests of the stockholders for several years past, has been partially re-organized. Hon. Joseph A. Gilmore is still retained as President of the corporation, and under his energetic lead its affairs will be safely and prosperously conducted. The Profile House has always enjoyed an enviable reputation. It is the largest hotel in the State, and the company has been remarkably successful in rendering it a first-class hotel in the highest sense. This season those two popular landlords, Messrs. Taft and Bell, will take charge of the Profile House, and we predict under such auspices such a tide of visitors as has never before been seen even there. The picturesque region in which this hotel is situated, the great number of natural curiosities in its immediate vicinity, the remarkable healthfulness of the climate, together with the liberality which characterizes the management of the Profile House, all combine to make this emphatically the home for White Mountain tourists. The house is now open, and already have pleasure-seekers and invalids turned their faces toward its hospitable doors.

PEALE'S COURT OF DEATH.—We call attention to the advertisement of the engraving of Peale's Court of Death, in another column. If what the Press say of it is only half true, it is the cheapest and most desirable work of art ever introduced to the public. The N. Y. Observer, a religious paper, after an elaborate discription of it says; "Such is a brief outline discription of this great work; to appreciate it fully, it must be studied in detail, and the train of thought which is suggested followed out.—No printed discription can fully realize the conception of the Artist, or come up to the requirements of the imagination in its study."

HOW TO LIVE.—Fowler & Wells, 308 Broadway, New York, have just published a book written by Solon Robinson, entitled "How to Live, or Lessons in Domestic Economy." The book contains the story of the woman in New York who supported herself and four children for some time on a single dime a day. It is dedicated to every frugal housekeeper in America; to every one who loves neatness, order, economy, good food well cooked, and all the household comforts of Home; and will be sent by the publishers to any address, on receipt of 75 cents. Address the publishers as above.

☞ A bill was passed by the N. H. Legislature, extending the time for completing the Great Falls & Conway R. R. till 1870.

He who waits to do a great deal of good at once, will never do anything.

Special Notices.

HEENAN AND SAYERS.

These two men, without a particle of ill feeling, went systematically to work to batter out each other's brains for a few thousand dollars. Both proved "game," but Heenan was, undoubtedly, the victor; still, he has been denied the rewards for which he so gallantly contended, by the referee. Now, a better chance to get a few thousand dollars, is by enclosing to Messrs. Wood, Eddy & Co., of Wilmington, Delaware, or St. Louis, Missouri, $3,50, $5, $10 or $20, for a part or whole ticket in one of their legalized lotteries. The ticket will be returned by next mail, and the drawings as soon as made. The capital prize is $70,000. These lotteries are authorized by law, and drawn by sworn state officers.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANBORN.

Kensington, Sept. 26, 1856.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheum Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.

This terrifying disease, even when depending on grave derangements of the nervous centre, will yield to the alterative power of the PERUVIAN SYRUP, which by improving the digestion, and consequently purifying the blood, promotes a proper nutrition of the substance of the brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. I have no doubt, that in case of Paralysis, like mine, Dyspepsia, and especially of Dropsy, it may be administered with a greater prospect of success than any other medicine in use among us."

Temperance Boarding House,

AT RYE BEACH.

Visitors to Rye Beach, who desire a pleasant, quiet stopping place, can find it at

THE WASHINGTON HOUSE.

It is not our business to make a show, and tax a great price for it; but to have a nice, quiet place, where our friends can stop a few hours or a few weeks, and enjoy the Sea Shore and the many other good things of life, at a very moderate expense;—and not be annoyed by the thousand evils that exist in consequence of the liquor trade. We solicit the encouragement of our friends, and trust they will be interested in sustaining ONE TEMPERANCE HOUSE on the sea coast. A word to the wise is sufficient.

Invalids who wish to come to the Beach for their health, will find it a very good place, being quiet and near the sea.

Price of board: From $4 to $7 per week.

Visitors to the Beach can take Coaches at Exeter, North Hampton, or Greenland Depots, or a private Carriage will be sent on request. Good opportunities for pleasure riding, sailing and fishing. C. LEAVITT & N. L. THOMPSON,

Rye Beach, June 11, 1860. Proprietors.

STOUT SHEETINGS,

FOR HAY CAPS!

JUST RECEIVED BY **Jones & Mendum,**

I BALE SHEETINGS, 2¼ yds. wide, for sale at the lowest price.

PEALE'S COURT OF DEATH.

The most elaborate and noted work of Art ever painted by an American Artist, is the COURT OF DEATH! by REMBRANDT PEALE. This painting covers 312 square feet of canvas—contains 23 Life Size Figures, and has never been valued at less than

25,000 Dollars.

It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid

Chromo-Lithographic Engraving

of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.

The size of the Engraving is 23 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—30,000 being issued instead of 150, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.

Clergymen and Church Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.

Terms for 1 copy, $1 and 1 letter stamps, or 8 copies for $4 without stamps. For a letter of Agency stating specific terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County* and *State*, plainly. Address G. Q. COLTON,

P. O. Box 3391. No. 37 Park Row, New York.

Respectfully announce to the Public their

NINTH EXHIBITION

—of—

AMERICAN MANUFACTURES AND MECHANIC ARTS,

to be opened at

FANEUIL AND QUINCY HALLS,

On WEDNESDAY, the 12th of September,

In the City of Boston.

NEW Inventions, Improvements in the Arts, and Specimens of Rare Handiwork in every Department of Industry will be welcome to the Halls; and every facility will be afforded for a good display and the proper care of contributions. Steam will be provided for Machinery.

Medals of Gold, Silver and Bronze, and Honorary Diplomas, will be given to those whose articles merit such awards.

Communications from those who wish more particular information, and from those who will require much space, may be addressed to the subscriber. **JOSEPH L. BATES, Secretary.**

Boston, June 13, 1860. 2aw2m

SLANDER.

Not all they say or do can make
My head or tooth or finger ache,
Or mar my shape or scar my face,
Or put one feature out of place;
Nor will ten thousand lies
Make one less virtuous, learned or wise;
The most effectual way to balk
Their malice, is to let them talk. 7t

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the

CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator; (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of Ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Spring and Summer Goods.

J. E. HAM & Co., - - 9 Congress St.

Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of

SPRING AND SUMMER CLOTHS,

ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of

COATINGS,

including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of

PANTALOON GOODS

That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.

They would invite the special attention of gentlemen to their Cloths for

BUSINESS SUITS,

as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

F. W. ROGERS.

Morning Chronicle.

CARPETS AND SICK ROOMS.—For a sick room a carpet is perhaps the worst expedient which could by any possibility have been invented. If you must have a carpet, the only safety is to take it up two or three times a year instead of one. A dirty carpet literally infects the room. And if you consider the enormous quantity of organic matter from the feet of people coming in, which must saturate it, this is by no means surprising.

Pat was helping Mr. B—— get a safe into his office, and not being acquainted with the article, inquired what it was for?

"To prevent papers and other articles which are placed in it from being burnt in case of fire," said B.

"An' sure will nothing ivir burn that is put in that thing?"

"No."

"Well thin, yer, honor, ye'd better be after getting into that same when ye die!"

"And to all young men, whether 'clerks' or otherwise, we would say, if you marry a humming-bird don't expect that marriage will instantly convert it into an owl; and if you have caught it, and caged it, without thought of consequences, 'don't like a coward shrink from your self-assumed responsibility, and turn it loose in a dark wood to be devoured by the first vulture."—*Fanny Fern.*

The "Prairie Hens" is the name of a gang of Philadelphia rowdies whose latest exploit was to refuse to pay for liquor they had drank at a saloon, and then made an indiscriminate attack upon the inmates, one of whom shot one of the rowdies and so wounded him that he will probably die.

Female beauty is much the same everywhere, though no less a philosopher than Michelet declares, after profound research, that the paragon of perfection in female loveliness is to be found in the African wench.

Politeness goes a great way. Henry Ward Beecher says, "an impudent clerk can do almost as much injury to his store, as the neglect of the proprietor to advertise his goods."

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the surest remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of impurity, weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a tone of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D.,
CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

PROPRIETOR'S OFFICE,

FOR SALE,

Several HOUSES and Building Lots in Portsmouth.

Also, several FARMS in and about Portsmouth and in the Country.

WANTED,

To purchase and sell Real Estate, Negotiate Loans, Bonds and Mortgages, hire and lease Houses and Stores, purchase and sell Bank and Railroad Stock, Bonds and Mortgages, and transact any other commission business. All persons wishing to negotiate purchase Real Estate or Stocks, are solicited to call.

MONEY

To loan on good City Mortgages and Farms, in sums to suit customers.

Money wanted to loan on the best of Mortgages and Securities. All persons having money to loan, or wishing the real globules of blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1, which is also the No. for *Dropsy and Debility Accompanying Fever*, and for all CHRONIC COMPLAINTS arising from OVERUSE, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is taken by *Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. We expect directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In addition, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists,
No. 639 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford immediate relief*, when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by destroying the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflammation, regulating the Bowels, and relieving pain, it has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions, after Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL; this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

CHURCH & DUPONT, Druggists,
No. 639 Broadway, New York.

Dyspepsia Remedy

DR. DARIUS HAM'S

AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Dizziness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected; with their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Sick Headache.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.
One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Aromatic Stomach receives the Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, suffer feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad effects.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them healthy, lively and happy. It removes all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 25 cents, or half pint, 12 cts.

MATHES & YARRELL

D. MOTT'S
CHALYBEATE RESTORATIVE
PILLS & IRON

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

In DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSMENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, LEUCORRHŒA, RHEUMATISM, INTERMITTENT FEVERS, TIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful in an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have been forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Consumptive patients whose case of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, nervous prostration, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably efficient and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked DIARRHŒA, even when advanced to DYSENTERY, cutting, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In Sciatic pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any of their well-known liability.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, will an unusual degree, follow the active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of

35,000,

we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged.

Every Machine sold by us
We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT SUCCESS
—of the—
Grover & Baker's Sewing Machines.

[From the wife of the Hon. Jefferson Davis.]
Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their lock Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.

[From J. G. Harris, Governor of Tennessee.]
My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.

[From the Rev. Jonathan Cross, Agent American Tract Society.]
My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in ten the old way, and without fatigue. The work is beautiful and durable. She says she would not exchange it for any other one. It is certainly one of the grandest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.
Baltimore, July 14, 1859.

PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.

"Zion's Herald," Nov. 10th, 1859, says.—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Sewing Machine, and also one of Grover & Baker's SEWING MACHINES.*

C. C. WHITTEMORE,
STORE NO. 3 MARKET ST

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say, in confidence and truth* of it, what we have never been able to say of any other medicine.—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms unbelievable of its magical effects and medical virtues. We speak, in this matter, *"what we do know,"* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives toneand energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the safest and surest remedy in the world, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 3 Cedar st. New York.

Price only 25 cents per bottle.

WOOL WANTED.
5000 lbs. WOOL wanted, by
CHARLES E. MYERS & CO.,
may18 No. 39 Market and 2 Bow St.

Look Out. Look Out. Look Out.

LOOK OUT! where you buy your READY MADE CLOTHING.

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.

LOOK OUT! before you buy Hats and Caps.

LOOK OUT! before you go to take your measure for your Custom Clothing.

LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at

No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!
PANTS from
50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also on any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags, And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do it at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE;
2mos **3 & 37 Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling;* thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

no23 R. FRENCH, Proprietor.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square,
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious. The furniture is all new, and the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. J. B. FLAGG.
Portsmouth, May 1st, 1860.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market.
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.
J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

BUSINESS NOTICE.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JUNE 16, 1860.

CORRECTION CORRECTED.

The Newburyport Herald gives a very clear statement in respect to the Eastern Stage Company, and in correction of our article on that Company, its proprietors, drivers, &c. It also corrects some errors made elsewhere. The Herald says:

Let us repeat. Major Shaw was born in 1784; when he was thirteen years old he drove the mail stage from Newburyport to Haverhill. At that time, 1797, the stage from Newburyport to Boston was semi-weekly, and was ten hours in getting thro'. It started from Newburyport at 6 A. M., and the passengers took breakfast in Ipswich, and after a hard day's work reached Boston at 4 P. M.

In 1804 there were several stage lines from the East to Boston. Patch and Payne owned one line from Portland, that carried the mail; Stavers and Bagley ran a line from Portsmouth; Benjamin Hale, Tristram Plomer and Zaccheus Davidson owned another line from Newburyport. Then Col. Stephen Bartlett and Jacob Coburn started an opposition, which was continued six weeks, Major Shaw being driver. At the end of that time, in 1803, these companies consolidated under the name of the Eastern Stage Company; and the names we have given were the original proprietors, and there were none other. We believe these men are all dead; if not, can the Chronicle name the living?

After the formation of the new company, Major Shaw was continued as one of the drivers; the others were Drew, Patch, Morris and Black Jack, (colored,) east of Newburyport, and Benjamin Hale and Z. Davidson from that town. If we are not misinformed, these were all of the original drivers; and they are all dead but the Major. The men named by the Chronicle are all of a later generation. The Major is therefore the sole survivor of his compeers, and will be 76 years old in September—the man who, we believe, has seen more years on the stage-box than any other man in America.

Thus the reader will perceive that Major Shaw was a driver before the stock of the company was reduced to shares and offered to the public. We do not forget that Col. Colman and other men live, but they had nothing to do with the company originally. Col. Colman was the fourth agent of that company, Bartlett, Hale and Newman having preceded him.

WASHINGTON ITEMS.—The Hon. Wm. Montgomery of Pennsylvania was summoned before the Covode Committee to explain various statements of speeches published in Democratic papers of his district, alleging that the President had offered him the best office in his gift to change his position on the Lecompton question, and the like; but he failed either to report himself, at the request of the committee, like other members, or to obey a subpœna, though several times served.

Mr. Karns, the witness from Reading, is detained in Washington by the committee until the fraudulent naturalization papers, which he confesses having, are received. It now appears that some 6000 were issued in the last Presidential election, and information has been obtained at whose office they were printed in Philadelphia. Most of the papers were issued to persons professing to have come to the United States before 18 years of age, which did not require them to file a declaration of intention, which might serve as a means of detection.

BOSTON HANDEL AND HAYDN SOCIETY. The number of persons admitted into the Society the past year was 25; number of persons discharged, 29. Three oratorios have been performed in public the past year, and the Society did not pay its expenses at either performance. It costs no less than $500 to bring out an oratorio in a successful manner, without engaging outside talent. The report of the Treasurer shows that the receipts of the past year amounted to $4,189.10; expenditures, $4476.60;—making a deficit of $288.50.

☞ The Lewiston Falls Journal says that on Saturday, May 26th, a live lizard, seven inches long and two and a half in circumference, was passed from the bowels of Mr. Abner C. Verrill, of West Auburn. Mr. Verrill is about 23 years of age, and for the past six or seven years he has been in declining health, although previously he was healthy and robust. His weight has fallen off from 150 pounds when he was 16 or 17, to 130 pounds at the present time. It is probably that the reptile was drunk out of a brook which runs near a meadow where Mr. Verrill has been accustomed to work.

☞ An old darkey in Washington who supposed, from the extraordinary preparations that were being made to receive the Japanese embassy, that it was composed of a superior order of beings, delivered himself thus, after these strangers had arrived: "Why, dey ain't nothin' more'n colored folks, wid their heads shaved. Plenty colored folks in dis town whiter den dey is. Bet ter not come here. Go tom foolin' round too much, somebody make 'em off and sell to Orleans. De Lord bless us, anyhow, niggers is lookin' up."

The Main Plank in all Platforms—Plank Down!

☞ In the U. S. SENATE, Tuesday, June 14, the bill to take care and return to their own country the Africans at Key West, with the House amendment increasing the appropriation, was not agreed to.

Petitions against the increased duty on steel were presented.

Mr. Wilson called up the resolution fixing the time for adjournment on the 28th.

Mr. Hunter suggested the 21st.

After some debate, Mr. Hale said the Senate had once adjourned for the Democratic Convention, but he was against doing so again unless some security was given that they would accomplish something.

Mr. Toombs wished to take up the bill permitting Louisiana to levy tonnage duties in certain cases. Objection was made.

The Legislative Appropriatiion Bill was passed.

Mr. Hunter, from the Committee on Finance, reported the House Post Office Appropriation bill without amendment.

In the House, Wednesday, June 13, the Printing Reform bill was taken up, and passed. It reduces the prices 40 per cent.

The Pacific Railroad subject was postponed until the third Tuesday in December.

In the House, on Thursday, the consideration of the Senate bill abolishing the franking privilege was postponed to the third Tuesday of December.

Mr. Colfax, from the second Conference Committee on the Homestead bill, reported unable to agree, and moved that the House adhere to its own bill. He explained the differences between the House and the Senate bills. 1st. The first House bill includes all persons over 21, and the Senate bill excluding all but heads of families.—2d. The House bill includes in its benefits all pre-emptors now on the public lands; the Senate excludes them, allowing two years to buy at government prices. 3d. The House bill applies to all lands subject to pre-emption; the Senate bill is confined to lands subject to a private entry, which are those only remaining after the land sale and speculators have had their pick. Land warrant speculators could acquire title at once under the Senate bill, while actual settlers have to wait five years. 4th. The House bill gives land to settlers at $10 per quarter section, while the Senate requires $100. 5th. The Senate bill compels President to cause a public sale two years after the survey.

The House then voted to adhere to its own bill.

The consideration of the Legislative appropriation bill was resumed.

An amendment appropriating $2,000,000 for claims of the Choctaws was discussed and rejected.

Mr. Ely of New York made a speech against the Reciprocity Treaty, and gave notice of his intention to introduce a bill repealing the act, with a clause providing that all imports from Canada and other British provinces shall be subject to the same duties as are imposed on imports from other foreign countries.

The Senate's amendment to the Army Bill was then considered.

The amendment appropriating $800,000 for the Texas mounted regiment was amended by adding a proviso that it shall not be carried into effect without the sanction of the President.

The amendment was rejected—18 only voting in the affirmative.

The Committee on Elections reported on the Kentucky contested election case, that they had made a thorough investigation of the polls throughout the district, the evidence filling two volumes, and after correcting mistakes, both sides striking out illegal votes, they found a majority for Mr. Anderson of 100 votes.

Mr. Corwin, who has been ill, appeared in his seat to-day.

The Senate's amendment to the appropriations for fortifications was non-concurred in.

An amendment, appropriating $3,400,000 for the payment of the Oregon and Indian war debt, was ruled out of order.

On motion of Mr. Stanton, the study of the Cadets at the West Point Military Academy was limited to four years.

The amendments to the bill were concurred in.

The Senate's bill was passed as reported.

In the Senate, Friday, Mr. Mason, from the Harper's Ferry committee, made a report, occupying 70 pages, but nothing new.

Mr. Doolittle presented a minority report, which was not read.

The committee was discharged.

Mr. Mason asked to be discharged from the further consideration of the bill relating to the invasion of States, and the memorial for the release of Hyatt. Agreed to.

He also made a special report on the petition of the negroes of Massachusetts for the release of Hyatt, recommending the return of the petition to the memorialists.—Laid over.

Mr. Doolittle made a minority report, that the right of petition could not be denied to any one. Laid over.

Mr. Mason, from the same committee, made a report discharging Hyatt from custody.

A BELL AND EVERETT BELL.—A bell of about 1600 pounds' weight was cast at the foundry of Messrs. Henry N. Hooper & Co., in Boston. The bell was ordered by the Massachusetts State Committee of the Constitutional Union party, and is designed for use at the political gatherings of the party during the Presidential campaign.—A number of "Union men" witnessed the casting of the bell, and after the work was completed, three hearty cheers were given for Bell and Everett. The bell bears several inscriptions.

"SOUL SLEEPERS," is the name of a new religious sect which has recently made its appearance at Fairfield, Iowa. Four men and one woman, apostles of the sect, have been tarrying at that place, and sleeping in a tent. They are opposed to churches, deny the divinity of Christ, teach that the soul is a material substance and sleeps with the body until the resurrection.

WIT AND HUMOR.—The following unique specimen of these articles is from the Boston Post:

Horrible.—A man with an umbrella in his hand called at Senator Sumner's lodgings on Monday, and inquired if Mr. Sumner was in. Senator Wilson was immediately sent for, who, upon reaching the spot, at once asked the man standing in the entry, what he wanted of Mr. Sumner. The man replied he had a little bill against him for tapping a pair of boots. Wilson examined the bill, said it was correct, and Sumner paid it, whereupon the worthy cobbler spread his umbrella and left. Burlingame soon arrived, but found no blood upon the floor.

P. S.—Another man called the next day! But no danger is apprehended; Burlingame is there.

COLLEGE ROWDYISM.—Monday night, about a dozen young men, masked and armed, it is said, with revolvers, broke into the chapel of Yale College, New Haven, by smashing in a window, and stole the Bible from the pulpit. It has been a standing trick between the Yale and Harvard students, to steal their Chapel Bibles and send them to the officers of the rival college.

WONDERFUL INSTINCT OF A CAT.—On Thursday of last week, Capt. Elijah Crocker of this village, sent a cat and two of her kittens to Boston, by the sloop S. P. Cole, Capt. Washington Farris. The cat and kittens were taken on board Crocker's vessel, the ship Asbburton, soon to sail for Calcutta. But on Thursday morning it was found that she had escaped, and on Saturday night at 10 o'clock, she arrived home at the residence of Mr. Ebenezer Smith of this village.—*Barnstable Patriot.*

☞ We are indebted to G. H. Knowlton, Esq., of Biddeford, Me., for a pamphlet copy of the "Report of a Committee appointed by the City Council of Biddeford, to investigate the title of the City Building, the expenses incurred in erecting the same, and other matters connected therewith."

FROM HAYTI.—*New York, June 14.*—Haytien dates of the 25th state that the President was making the tour of the Island, and receiving public honors.

Two hundred emigrants from Louisiana had settled at St. Marc. The markets were glutted with American produce.

☞ The National Lancers, of Boston, made their twenty-third annual parade, on Thursday, under the command of their Captain, J. H. Fellows. They carried out the usual programme for similar occasions in fine style, with one hundred and four men in uniform, accompanied by Gilmore's Band.

The New Haven Register said that prize fights were encouraged by the Jews, but on being pushed for the authority, said it copied the item from some other paper and then added: "We shall dodge behind 'that passage of Scripture' which says, 'two shall be grinding at a *mill.*' That's all we know about it."

THE BOBBIN BOY.—In consequence of the great demand for Mr. Thayer's last work, "The Bobbin Boy," the fourth edition has been put to press in less than one week from the date of the first issue of the book.

A YOUNG HEENAN.—In order to amuse the children on the Sabbath, a lady was engaged recently in reading to them from the Bible the story of David and Goliath, and coming to the passage in which Goliath so boastingly and defiantly dared the young stripling,—a little chap, almost in his trowsers, said, "Skip that—skip that—he's only blowing; I want to know who licked."

☞ An official letter from the Postmaster General states that the defalcation of Mr. Fowler, up to March 31, at which time the accounts were audited, was $155,500. The late Cashier says it will amount to $170,000, including the time since auditing.

We were amused, not long since, at hearing the following question addressed to a landlady by an eccentric genius. Stepping into the door, he observed, "Will you, ma'am, give me a drink of water, for I am so hungry I don't know where to stay to-night." We doubt whether more meaning could be embodied in so few words.

☞ The Portland city authorities, as a Board of Health, have prohibited the introduction into that city of any cattle from Massachusetts or other places where the cattle disease exists.

In the New Hampshire Legislature, Mr. Shirley of Andover has introduced a bill to mitigate the evils of matrimony. It is said to be popular with all parties, and we should think it might be. If the members who are personally interested in the passage of the bill should thereby be forbidden to vote for it, it would never become a law, since no government would be left to act.—*Newburyport Herald.*

BREACH OF PROMISE CASE.—In the Supreme Judicial Court, at Alfred, Me., Mary A. Dennett received a verdict of $751 damages against Irving Butler for his refusing to marry her after he had promised to.

BEGGING FOR BOSTON.—Boston has at least a dozen Protestant churches more than are needed, add yet we see appeals made in the middle States for ten thousand dollars to pay for a Presbyterian church in this city. With our large surplus of churches, it looks oddly enough to see these appeals in distant places.—*Trans.*

MARRIAGE.

Oh friendly to the best pursuits of man,
Friendly to thought, to virtue, and to peace,
Domestic life in rural leisure pass'd!
Few know thy value, and few taste thy sweets.
(Cowper

THE GREAT DEBATE.

We have just received, through Brown & Taggard, of Boston, and J. H. Foster of this city, a bound copy of the Political Debates between Abraham Lincoln and Stephen A. Douglas, in the celebrated Campaign of 1858, in Illinois; including the preceding speeches of each, at Chicago, Springfield, Ill, also the two great speeches of Mr. Lincoln in Ohio, in 1859,—as carefully prepared by the Reporters of *each party*, and published at the times of their delivery.

Mr. Lincoln, in a note requests to have them printed precisely from the copies sent, without any comment whatever.

Thus, in this debate, we have the views of both speakers, side by side;—and their speeches will be read by thousands and thousands of voters, who will require no commentary or gloss to aid them in understanding the position of both.

WASHINGTON ITEMS of Friday say every effort will be made to defeat Douglas at Baltimore. It is now regarded as certain that there will be two candidates.

The Judiciary Committee agreed nearly unanimously upon the impeachment of Judge Watrous.

Judge Cushing and Smalley will both issue tickets to delegates at Baltimore, making some double detegations.

Immense numbers of rowdies from New York, Philadelphia and Illinois are to be present at Baltimore during the Convention.

Perley says hundreds of Northwestern Douglas men are daily arriving in Washington, and there is more political excitement than was ever before witnessed there.

☞ N. W. Bursely of Sangerville, acting as agent for parties in Pennsylvania, has purchased five thousand acres of land on the Aroostook waters.

DIED.

In this city, June 14th, AVE E. WIGGIN, aged 5 months, only daughter of E. F. and Martha O. Wiggin.

In this city, June 14th, Mr. Hamilton C. Locke, aged 61. Boston papers please copy.

CHARLES J. MYERS & CO.,
may18 No. 30 Market and 2 Bow St

Special Notices.

HEENAN AND SAYERS.

These two men, without a particle of ill feeling, went systematically to work to batter out each other's brains for a few thousand dollars. Both proved "game," but Heenan was, undoubtedly, the victor; still, he has been denied the rewards for which he so gallantly contended, by the referee. Now, a better chance to get a few thousand dollars, is by enclosing to Messrs. Wood, Eddy & Co., of Wilmington, Delaware, or St. Louis, Missouri, $2,50, $5, $10 or $20, for a part or whole ticket in one of their legalized lotteries. The ticket will be returned by next mail, and the drawings as soon as made. The capital prize is $70,000. These lotteries are authorized by law, and drawn by sworn state officers.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."
BETSEY SANBORN.
Kensington, Sept. 25, 1855.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.

This terrifying disease, even when depending on grave derangements of the nervous centre, will yield to the alterative power of the PERUVIAN SYRUP, which by improving the digestion, and consequently purifying the blood, promotes a proper nutrition of the substance of the brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Peruvian Syrup." It gives me new vigor, buoyancy of spirits, elasticity of muscle. I have no doubt, that in cases of Paralysis, like mine, Dyspepsia, and especially of Dropsy, it may be administered with a greater prospect of success than any other medicine in use among us."

IMPORTANT TO FAMILIES.

SILK SUN UMBRELLAS,

BLACK, GREEN, and BROWN - - 18, 20 and 22 inch, at HEAD'S, 14½ MARKET ST.

Local.

THE FOURTH.—Twice have the Common Council voted $500 for the 4th of July, and twice have the Aldermen refused it, the last time, by the Mayor giving his casting vote against it. A petition numerously signed, and bearing the names of several heavy tax-payers, was thus laid on the table in that Board, Thursday evening;—and though the subject *might* be brought up at the next meeting, and the money appropriated—yet we understand the leaders in the matter regard it as a hopeless case, and have "given it up so," and concluded to have no Celebration.

With regard to the petition—it was argued in the Board of Aldermen, that when so many influential citizens asked for such an appropriation, it should be made, even if against the personal wishes and preferences of the Board. On the other hand, it was said that the Aldermen were the best judges of what the City should expend—that $7000 of last year's tax being yet unpaid, should induce caution as to increasing expenditures—and that while many of these very petitioners had refused and others would refuse to subscribe a cent for the celebration, and hoped and expected one or the other Board of the Council kill it, (signing it only to be rid of importunity,) yet it was more than probable that all of those whose tax-bills are yet unsettled, would sign similar petitions.

On voting, three were for, and three against the petition; and His Honor the Mayor decided to lay it on the table.

☞ The pay of City Watchmen has hitherto been $1.50 a night. A bill was passed in Common Council, Thursday night, fixing their pay at $1 per night, after July 1st—which, it was stated, is more than mechanics' wages average, now-a-days. It remains to be seen if the Aldermen concur in the reduction.

DOGS.—We have already a City Ordinance which imposes a fine of $2 on the owner of every dog not muzzled with iron—and *allows* any person, and *orders* the City Marshal, to kill any such dog going at large unmuzzled. The Aldermen have just passed another Ordinance, ordering dogs to be licensed or killed. The defect in the old law is, that no pay is offered for the killing unmuzzled dogs. The Common Council have not concurred with the new dog law—and perhaps would do as well to simply add a premium clause to the old one. The thousand curs, more or less, in the city, are an intolerable nuisance—dirty, noisy, troublesome, expensive, dangerous, useless—and we hope to see them abated.

A gentleman's horse was bitten by a large dog in this city the other day, and the man at once got his gun and shot the varmint—very properly, and legally. That horse was of more value than all the dogs in the State—and this is but one of many dog outrages we could name..

BOY LOST.—A boy of Irish parentage, named John Tobey, aged 7 years, has been missing since Thursday. He is short and thick-set, and he wore a black cap and striped trowsers.

He was seen near the Spring Market at noon, and one boy says he saw him riding from the town, in a wagon, on Thursday afternoon, out toward the Creek.

His anxious mother would be thankful for his return, or for any information of him, forwarded to the Chronicle office.

"THE CAMPBELLS ARE COMING."—This popular troupe will give one of their pleasing entertainments at the Temple, Friday evening, June 22d. See advertisement in another column.

☞ The Rockingham Weekly Chronicle, containing a summary of the news of the week, this day published, and for sale at the Chronicle Counting Room: price 3 cents; $1 per year, in advance.

☞ On Thursday, Wm. Straw was arrested at Claremont, N.H., on a warrant for being concerned in the robbery of Gooding's jewelry store, in Boston. He waived examination, and is in Boston jail, to await trial.

☞ The Judiciary Committee of the New Hampshire Legislature have been instructed to inquire into the expediency of a law to prevent prize-fighting in this State.

☞ Virgil D. Birch, a lad of 14 years, was drowned in Dover, Me., on Monday, the 4th inst.

ST. LOUIS, June 14.—The motion for a new trial in the case of Carstang-Shaw was overruled to-day in the Court of Common Pleas.

So Miss Effie gets no money.

A machine for making button holes is said to be the latest thing in the way of inventions.—It will work, it is reported, ten button holes a minute. The next thing will be a machine to sew on buttons; then "Hurrah for the bachelors."—*Trans.*

KANSAS is kept out of the Union for two reasons. Her delegates to the Democratic Nominating Convention are Douglas men, and her electoral vote would probably be given to the Republican candidates. As a Territory, she has no vote in either case, but her treatment by Southern Senators will be remembered by voters in the Free States.—*Transcript.*

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in one DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from whatever cause, and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a little more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a good Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

Spring and Summer Goods.

J. E. HAM & Co., - - 9 Congress St.

Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of

SPRING AND SUMMER CLOTHS,

ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of

COATINGS,

including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of

PANTALOON GOODS

That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.

They would invite the special attention of gentlemen to their Cloths for

BUSINESS SUITS,

as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

Portsmouth, May 17th, 1860.

F. W. ROGERS.

PARAFFINE CANDLES.

Superior to the finest wax in burning qualities and appearance, for sale by

LAFAYETTE LAIGHTON.

From the N. H. Gazette.

FOURTH OF JULY.—The probabilities of an extensive celebration of Fourth of July, are not promising, the two branches of the city government being unable to agree upon the matter of appropriating money for that purpose. It is possible that they may effect a satisfactory arrangement by another week. In the mean time subscription papers are in circulation for the amount required from private sources, and the necessary arrangements are in progress for a good display provided the funds are furnished.

MUNICIPAL.—The Common Council non-concurred in the amendments of the Aldermen to the Appropriation bill, and asked a committee of conference.

A resolution declaring the slaughter houses on South street and Auburn street to be nuisances, and that the Marshal be directed to proceed against them as such was passed by the Council and sent up for concurrence. In the Board of Aldermen, the resolution was referred to the Committee on Burial Grounds.

The bill requiring that dogs shall be licensed was passed by the board of Aldermen and sent to the Council for concurrence.

PARTIZAN LEGISLATION.—We observe by the proceedings of the Legislature on Thursday, that Mr. Spalding of Portsmouth has given notice of a bill to again amend the city charter. As this bill is designed to place all power in the city government in the hands of the Black Republicans regardless of right and reason, it of course comes under that class of special partizan legislation so pointedly condemned by the Governor in his message. If it passes, as it undoubtedly will, how will the Governor be able to withhold his veto from it consistently with the views he has expressed?

CALL ACCEPTED.—We are informed that Rev. E. B. Eddy has accepted a call to become the Pastor of the Middle-Street Baptist Church, in this city, and will commence his duties here on the first Sabbath of July.

THE CATTLE MALADY.—Several cases of pleuro-pneumonia have appeared in this town since our last issue, but the prompt and energetic action of our citizens in forbidding the entrance or departure of cattle within or from our limits, together with the slaughter of those diseased, or supposed to be, and isolating the herd containing the infected animals has proved to be the best course that could have been pursued There is now no cause for undue alarm or indiscriminate slaughter, although every farmer should have a watchful eye on his cattle, and for a few weeks at least keep them from mingling with herds from elsewhere.—*Hillsborough News.*

The town of Chatham, N. H., is ten miles long; and what is very singular about it is that with a population of 1300, it contains no church, post office, store, or hotel; supports no clergyman, lawyer or physician; and contains no manufactory. There is only one pauper in the town! The people are farmers, and good livers, and seem perfectly contented. Where is the other town in New England that is situated as this?

The law term of the Supreme Judicial Court for the First District commences at Exeter next week.

Auctions.

☞ The Sale of the KITSON HOUSE, advertised for Saturday last, was postponed to THIS DAY, Saturday, June 16th, at 12 o'clock.

June 16. H. F. WENDELL, Auct.

Now is the Chance for those who are in want of LAND!

Valuable Real Estate in Rye!

Will be sold at Public Auction on

THURSDAY, the 21st day of June, at 3 o'clock, P.M.

At the Sagamore House, in Rye,

A PART of the SAGAMORE FARM, comprising 23 acres of very excellent land, suitably divided into Mowing, Tillage and Pasturage, with a fine lot of fruit trees, and two wells of water on the same. Being bounded Easterly on the Atlantic Ocean, it is very easily dressed with sea-weed. On the same are several very eligible Building Lots. The field land will cut about 20 tons of hay, all of the best quality, pasturing sufficient for 12 head of cattle. Such a favorable opportunity for the purchase of such excellent land is seldom offered; I therefore respectfully call the attention of Farmers in particular, and the Public in general to the above sale. An undoubted title will be given. Terms at sale.

For further particulars, enquire of STEPHEN B. FITTS at the Sagamore House, Gen JOSIAH G. HADLEY, of Portsmouth, or of the subscriber.

Rye, June 5, 1860. GEORGE W. TOWLE.

THIS DAY.

Rare Chance for Investment.

HOUSE AND LAND FOR SALE.

Will be sold at Public Auction, (if not previously disposed of at private sale.)

On SATURDAY, June 16, at 12 o'clock, at noon,

On the premises,

THAT very pleasant RESIDENCE, No. 111 on State street, now occupied by the Hon. Zenas Clement. The lot is 88 feet front on State street, by 128 feet deep, well covered with fruit Trees, with a good Barn on the same.

The House contains 10 rooms and is very convenient in every respect, well furnished with aqueduct water and gas fixtures and in good repair, with a good cellar under the same. Its near proximity to the business part of the city, being within five minutes walk of Market Square, and the quietness of the street, render it a very desirable location.

For further information, enquire of the subscriber.

Portsm. June 2, 1860. GEO. W. TOWLE.

Instruction in the Ornamental *BRANCHES.*

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, to all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which for beauty and durability equals the Canvas Painting, may be executed by *all*, possessing artistic skill or otherwise. Every attention will be paid to the first elements of drawing.

Mrs. M. continues to give instruction in that most useful branch of education, WRITING; also, Silk and Worsted EMBROIDERY and other ornamental branches.

Classes will meet *each* day between the hours of 9 & 12 A. M. and 2 and 6 P. M. For further particulars, inquire at 17 Court street, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

June 16. 5w

THE ONLY PREPARATION

Having Proof so Strong and Direct
as to
Expel the Doubts of All.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, physicians of the unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore.—Read the following:—

Oak Grove, S. C., June 24, 1859.

Prof. O. J. Wood:—Dear:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:—

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rear rack on roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was entirely destroyed. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and as I thought, understanding the nature of the disease, but was finally defeated in every prescription I made use of.

These and no other circumstances induced me to resort to your worthy "Hair Restorative," which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which you certainly owe you my sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,
M. J. WRIGHT, M. D.

Jeffersonian Office, Phillipi, Va., Dec. 12, 1859.

Professor O. J. Wood:—Dear Sir: I feel it my duty as well as my pleasure, to state to you the following circumstances which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement: I give this to you at the request of Mr. Bradford. You can sell a great deal of your little preparation in this and the adjoining counties if you have the proper agents.

Yours, &c.,
THOMPSON SURGHNOR.

Dr. Wood—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as the most wonderful invention, quite efficacious as well as agreeable.

S. THALBERG.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market St., St. Louis, Mo

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood, carry off the putrid humors, cleanse the Stomach*, REGULATE THE BOWELS, and impart a one of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D.,
Chemist.
CHEMING.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increasing demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard.*—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in *every* instance certain deficiencies in the red globules of Blood. Supply these, and the work is done. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. The No. 1 for CONSUMPTION, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 1. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford instantaneous relief*, when given to children. It is gentle, safe and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIUM, of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflammation, regulating the Bowels, and relieving pain, it has *no equal*—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits.* As you value the life and health of your children, and wish to save them from those dreadful blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL; this you can *rely* upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by
CHURCH & DUPONT, Druggists,
No. 409 Broadway, New York.

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, Sickness of the Stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in headaches, sickness of the stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of delicate and weak constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

It will be found an invaluable medicine to remove disagreeable sensations at the stomach.

If the proprietor asks, its trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

NEW BAKING ESTABLISHMENT.

SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Saturday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. Geo. F. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEORGE W. PLUMER.
Portsmouth, March 26, 1860.

VERMONT BUTTER

25 Tubs VERMONT BUTTER, for sale by
MATHES & YARRELL.

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case, plumbious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would be credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Some very signal instances of this kind are at hand. In cases where there is manifest symptoms of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic symptoms so air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for persons of sedentary habits of men, the operation of this preparation of iron is most necessarily be salutary, for, unlike the old exodus, it is vigorous yet mild, without being exciting and over-heating, and genial, and regularly acting, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

In DYSPEPSIA, intermittents, as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent fever, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicine from has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of
35,000,
we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged, and that
Every Machine sold by us
We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT SUCCESS
—of the—
Grover & Baker's Sewing Machines.
[From the wife of the Hon. Jefferson Davis.]
Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their box Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.
[From J. G. Harris, Governor of Tennessee.]
My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.
[From the Rev. Jonathan Cross, Agent American Tract Society.]
My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in ten the old way, and without fatigue. The work is beautiful and durable.—She says she would not exchange it for any other one. It is certainly one of the grandest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.
Baltimore, July 14, 1859.
PORTSMOUTH, April 12, 1859.
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.
PORTSMOUTH, July 16, 1859.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.
"Zion's Herald," Nov. 10th, 1859, says,—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Bible, and also one of Grover & Baker's SEWING MACHINES.*

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.
We have put up and sold this article for over ten years, and *can say, in truth and verity,* that of it, we have been never able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter, *what we know,* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives toneand energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC,
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE,—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper
Sold by Druggists throughout the world. Principal Office, No. 3 Cedar st. New York.
Price only 25 cents per bottle.

WOOL WANTED.
5000 lbs. WOOL wanted, by

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.
LOOK OUT! before you buy Hats and Caps.
LOOK OUT! before you go to take your measure for your Custom Clothing.
LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at
No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.
Look Out! Look Out! Look Out!

GREAT HUMBUG.
The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than
MOSES & DOWNIE,
is a great humbug. They buy their Goods in large quantities, and manufacture them under their own *supervision.* Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.
We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.
It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from
50 CENTS TO 15 DOLLARS!
PANTS from
50 CENTS TO 7 DOLLARS!
We have also the largest and best assortment of
Cloths, Doeskins & Cassimeres,
Both plain and fancy, that can be found this side of Boston, which we will
Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.
We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also
Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,
and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE OF
MOSES & DOWNIE;
2mos **3 & 37 Market Street.**

Sargent's Magic Soap!
It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.
It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling,* thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.
Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.
Grease spots of any kind removed in a short time from carpets and woolen goods.
It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.
It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.
For cleansing, softening or healing the skin, it is unequalled.
It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

Just received and for sale by
may31 MAJOR HOOPER & SON

Bickford's Spring Balance,
for Window Sashes, to take the place of weights. It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frame.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed.

N. B.—**Beware of Runners and Hackmen** who say we are full.
au22 **R. FRENCH,** Proprietor.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated, and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. **J. B. FLAGG.**
Portsmouth, May 1st, 1860.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller then is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.
J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JUNE 18, 1860.

MR. MASON'S REPORT to the U. S. Senate on Harper's Ferry, covers 150 pages, exclusive of voluminous testimony, and contains a full history of the Brown movement, —condemns the Kansas Committees, Dr. Howe and abolitionists generally, as was to be expected.

The committee find no guarantee, except by State legislation, against such invasion, but recommend that provision be made to secure the property of the United States under military guard, similar to that at navy yards and forts. The report is signed by Mason, Davis and Fitch.

The minority report is brief. It says there is no evidence that other citizens than those engaged with Brown were accessory, by contribution or otherwise. Although the testimony tends to show that money was given by abolitionists to aid the escape of slaves, yet the Brown raid was but the result of the outrages in Kansas, which had for their aim the introduction of slavery into that territory. There is nothing, in fact, calling for Congressional intervention. No matter is presented in the testimony, or exists in fact, to show conspiracy by abolitionists to produce a treasonable violation of law and violate the peace of the slaveholding States, nor is such a course countenanced by the people of the free States. They regret that the majority report tends to promulgate such ideas, considering, as they do, such conclusions unfounded in fact, and beyond the province of the committee. The minority report is signed by Collamer and Doolittle.

DOUGLAS' NOMINATION.—The Washington correspondent of the N. Y. Times says it is quite certain that Douglas will be nominated at Baltimore. We don't think there is much certainty in party politics, at all, now-a-days; but we can't see how anybody else is going to be nominated, any how. Our shrewd Epping correspondent, who predicted Marston's, Goodwin's and Douglas' nomination and election, still sticks to the little giant. We shall soon see. The Convention meets to-day, though there will hardly be any ballotting before Wednesday or Thursday.

FROM JAPAN.—Our latest news from that Kingdom, comes overland from California.:—

Kanagawa, Apr. 2.—Prince Gotairo is not dead, and there is every hope of his recovery. A private letter from Siakohma dated Apr. 3d, says:—

About a week ago Prince Gotairo when on his way from his private dwelling, to the Palace, with his usual guard, was attacked by a party of 18 persons. Six of his guard and four of his assailants were killed, several on each side were wounded, including the Prince. The guard fought bravely.—One of the assailants being fatally wounded, a comrade, to prevent detection, cut off his head, and made his escape through one of the gates. The Tycoon ordered the officer in charge of the gate to commit "kari kari," which he did. Many think a revolution pending, which, if successful, will result in the speedy expulsion or death of all foreigners. The government has taken extraordinary precautions for protection. Guard houses have been established along the road to Yeddo, and the guards are armed with muskets. Building is going on to a great extent. Prince Gotairo is the most powerful man in the Empire, and rules thirty-five Provinces.

☞ An individual, partially inebriated, obtained admittance to the Japanese at their Hotel in Philadelphia, and entering into conversation with one of them, exhibited a loaded pistol. The latter accidentally went off, the ball whizzing past the Asiatic's ear and burying itself in the wall. The Japanese, suspecting treachery, instantly drew his sword, and charged upon the inebriated man, defying him to battle. The latter was rescued.

☞ In the U. S. District Court, Boston, Judge Sprague gave a decree in the case of the United States vs. the barque Wanderer, by which that vessel is declared to be forfeited under the law against fitting out a vessel and sailing for the purpose of bringing slaves from Africa. This famous vessel is now in the hands of the owners, they having given bonds to abide the decision of the Court.

THE FRUIT CROP this year promises to be abundant. Not only did the trees flower well, but the weather has been very favorable for the setting and growth of the fruit. This interest is every year becoming of more importance. There is this to the credit of orcharding in New England—that our soil and climate are adapted to fruit raising, while they are not in any other section of the country. Each section of our Union boasts of some exclusive agricultural advantages.

☞ Miss Abby A. Goddard was tried in Troy this week, for obtaining several hundred dollars from an elderly man named Robert G. Fox in 1857. The indictment was "poorly drawn," and Miss Abby had a legal acquittal.

☞ In the U. S. Senate, Friday, June 15, Mr. Mason made a report discharging Hyatt from custody.

Mr. Sumner welcomed with pleasure the release of Mr. Hyatt from a filthy jail, but could not refrain from commenting on the action of the Senate. Mr. Mason had derived precedents for the Committee from the House, which had inquisitorial powers. The Senate had no such power. He argued at length against the action of the Senate being hereafter regarded as a precedent.

The resolution for Hyatt's discharge was agreed to.

Mr. Bayard moved to take up the bill giving power to the Sergeants-at-Arms of the Senate and House to appoint deputies in different States.

Mr. Hale opposed the motion, and it was rejected—yeas 22, nays 25.

The Light House Appropriation bill was passed.

The Tariff bill was then taken up, and after debate was postponed, 25 to 23.

The Senate receded from its amendment to the Pacific Telegraph bill, and agreed to the House amendment, allowing the Postmaster-General to advertise for proposals to build the line.

It has now passed both Houses.

In the House, another conference committee on the Homestead bill was appointed.

The Pacific Telegraph Bill was taken up, and the House refused to concur in the Senate's amendment—83 against 104.

The House receded from its amendment to the Senate bill returning the captured negroes at Key West to Africa, and concurred in the Senate's amendment to the Light House bill.

The Senate's amendment to the Civil Appropriation bill was considered.

The appropriations of $500,000 for the Washington Aqueduct and $250,000 for the new Jail were non-concurred in.

A WHITE NEGRO.—Lewisburg, Va., was recently thrown into some commotion by the arrival in its midst, of two gentlemen in pursuit of a man, whom, they had been informed, had been living there for some four years, and had passed himself off as a white man, marrying a white woman, and now the father of two children.—The man was found and claimed by the parties in pursuit, as a slave. He acknowledged the charge to be true, and was accordingly taken away to one of the adjoining counties, from which it is said, he made his escape. Well might his arrest create some excitement, for it is said he has lived amongst the people as a white citizen, eatten, slept, partaken of the hospitalities extended to white men, and also deposited his vote at the ballot box time and again.

SINGULAR SUICIDE.—A man named Dean Gilbert, living in Prescott, Mass., committed suicide, Sunday night, in a very singular manner. He balanced a rock weighing nearly a ton, and fastened it up with a piece of board, and after he had crawled under, kicked the board away, and the rock fell, crushing him to death. He was a temperate man, in comfortable circumstances, and 50 years of age.

A LEATHER MINE.—At Mattapoisett, while persons were digging into an old vat, where there was a tan yard nearly half a century ago, a side of sole leather was found three and a half feet below the surface of the ground, in the most perfect state. The planks under the leather, forming the bottom of the vat, give no appearance of decay. The business at this yard was given up forty-five years ago.

☞ Adolphus Ramney, a gift book dealer in New York, convicted of swindling a German out of $100, under pretext of employing him as a travelling agent, after he had deposited the above sum in Ranney's hands, (which employment he never obtained, any more than he recovered his money, upon which his saddened eyes never again rested.) has been sentenced to the State Prison for three years.

☞ A Mississippi planter has paid $7000 for a house in Cleveland for the exclusive use of his daughter, an octoroon 16 years of age. She goes to Cleveland to receive a thorough education, the daughter of a clergyman in that city having been engaged as her instructor. The young lady, although born a slave, is now free. It is stated that her income while she is in Cleveland is to be $3000 per annum.

DEATH FROM HYDROPHOBIA.—A bright child of the Rev. Mr. Plumley, of Metuchin, N. J., was bitten slightly by a dog. The animal was not suspected of hydrobhobia, and no notice was taken of the trifling scratch. On Sunday, June 3d, while Mr. Plumley was preaching in his pulpit, the child, which had been left at home, was thrown into spasms by the sight of water, and died: the sad news reaching the father when he had finished his sermon.

The gleeful laugh of happy children is the best home music, and the graceful figures of childhood are the best statuary.

N. H. LEGISLATURE.

FRIDAY, June 15.

A bill prohibiting the taking of smelts by net or seine from Great Bay, between Dec. 1 and April 1, was ordered to a third reading.

A bill relating to the qualifications of voters was read twice. The bill provides that six months' residence in towns or cities shall be necessary to give a vote; but only three months, as now, in wards of cities; the act will not apply at the next Presidential election.

A bill to prevent prize-fights imposes a penalty of one year's imprisonment and $1000 fine upon principals and accessories. The bill was passed.

Thomas L. Tullock was elected Secretary of State; Peter Sanborn, Treasurer;—Wm. O. Sides, Commissary General.

A bill providing for the appointment of a detective police officer by the Governor, with power to serve criminal processes only throughout the State, with ten deputies, was read twice and laid on the table.

The bill reported by the joint special committee on the cattle disease, provides that towns may isolate diseased or exposed cattle, and may stop the passage of cattle from one town or one farm to another.—Towns may appraise and slaughter diseased cattle, the actual value of such cattle to be paid, one-half by the town and one-half by the State. The appointment of three commissioners is to be made by the Governor; the commissioners may make by-laws, superseding those made by towns; may slaughter diseased cattle, the State paying an appraised actual value; may permit or stop the passage of cattle into or out of the State, or from one town to another. The Governor may suspend the act or dispense with the commission at his pleasure.—It is doubtful if the bill will be passed.

MORNING HOURS IN PATMOS: the opening Vision of the Apocalypse, and Christ's Epistle to the Seven Churches of Asia. By A. C. Thompson, author of "The Better Land," "Gathered Lilies," &c. Boston: Gould & Lincoln. 268 pages, with frontispiece of John the revelator.

The author of this book does not undertake a new version of the Apocalypse, nor put forth any new or startling interpolation of its prophecies, nor pretend to solve all its difficulties, or unravel its mysteries. But accepting the usual interpretation, as exhibited by Newton, Scott and others in sympathy with Trinitarian and Calvinistic views, he has attempted, and as we think successfully, to infuse a new interest into his readers of like faith, by a series of very brief, popular essays on the Book of Revelation.

To such readers, it will be a most welcome book; as its style is pure and plain, lively and pungent; the type large and clear; the sections of very moderate length; and the index of subjects and divisions very convenient.

CATTLE INTEREST OF NEW HAMPSHIRE.—The Manchester American, in an article on the Cattle disease, makes the following statements in regard to the value of neat stock in New Hampshire:—

The cash value of the live stock in New Hampshire in 1850, was precisely $8,871,901, and now will stand at about *eleven millons of dollars*. The butter and cheese made in New Hampshire in 1850 was 10,173,619 pounds, and now far exceeds that amount. The value of animals slaughtered in 1850, was $1,522,873. The best agriculturists in the State estimate the total amount now received by the farmers for their live stock (its present value) and the butter and cheese, annually made, and the milk, with the value of labor performed by working oxen, &c., is just about *twenty millions of dollars*.

If the cattle disease should become general as it now is in some parts of Europe, it would be an annual loss of *twenty millions of dollars* to New Hampshire. That it would completely paralyze the most important branch of producive industry in our State, no man would deny. And what could take the place of our herds, to graze on our granite hills? It would take the State a half century to recover from the shock.

TORNADO IN KANSAS.—On the 8th inst., a tornado unroofed houses and did much other damage at Ossawatomie. The house of Abraham Holliday, two miles from Ossawatomie, was blown to pieces; Mrs. Holliday was instantly killed. At Indianapolis, several buildings were destroyed. At Santos, Mr. Faker and two children were destroyed.

☞ An Italian named Mayo has been arrested in New York, and is jail, for a murder committed in New Orleans three years ago, of which he was convicted, with twelve others, three of whom were executed, and the others escaped punishment by breaking jail.

☞ In Canada, the liquor law is that when a crime is committed by a man under the influence of liquor, the man who sold him the last glass is an accessory to the crime. It seems a severe law, but it works capitally. No rumseler will allow a man to become riotous on its premisses.

☞ The skate facory of Messrs. Williams & Morse, at Boomfield, Me., which was destroyed by firelast winter, has been rebuilt on a larger scle, with new and better machinery, and will be ready for operation in a few weeks.

WASHINGTON ITEMS of Saturday, state that Hyatt is out of jail, in good health, and that Douglas or a row is the general prediction relative to the Baltimore Convention.

Perley says Mr. Cushing will give tickets to the seceders who return, including the newly chosen delegates from Georgia, Alabama and Louisiana. This will begin a row which will end in a secession larger than that at Charleston, and they have already telegraphed to Richmond to engage rooms for the 21st, and to have a public meeting that evening for Yancey to address.

The Douglas men are firm and confident, refusing to talk of a compromise candidate. They will have a great lobby force, and will doubtless nominate the "Little Giant," although not in a National Convention, by a two thirds rule.

BALTIMORE, June 15.—The ordinance prohibiting the firing of cannon, guns, &c., in this city, will be strictly enforced during the session of the Convention.

MUTINY ON BOARD A COOLIE SHIP.—A letter from Singapore states that the ship Staghound, of Boston, Capt. Hussey, from Swatow for Havana, with a cargo of Coolies, was taken into Batavia by a Dutch steamer from Anjier, at which place the crew of the ship had mutinied, killing Mr. Hussey, the second officer, who was a son of the Captain. The cook was also killed. The telegraph confirms the report, and states that it occurred April 1.

LONG AND SHORT DAYS.—We have about reached our longest term of daylight, which will give about sixteen hours of sunshine out of twenty-four. The following we clip from an exchange: At Berlin and London the longest day has sixteen and a half hours; at Hamburg the longest day has seventeen hours, and the shortest seven; at Stockholm the longest day has eighteen and a half hours; at St. Petersburgh the longest day has nineteen, and the shortest five hours; at Tornea, in Finland, the longest day has twenty-one and a half hours, and the shortest two and a half hours; at Wunderhus, in Norway, the day lasts from the 21st of May to the 22d of July without interruption, and at Spitzbergen the longest day lasts three and a half months.

CELEBRATION OF THE "INSURRECTION OF 1776."—Under this heading, Wm. Lloyd Garrison and others, a Committee of Arrangements, announce the celebration of the coming Fourth of July at Harmony Grove, Framingham.

☞ Hannibal Hamlin commenced life as a farmer boy, and afterwards became a printer, and continued "setting up type" till he commenced the study of law. He was admitted to the bar in 1833, when he was twenty-four years of age.

☞ A fire in West 42d street, New York, on Thursday night, burnt thirteen horses in one stable; also several houses. A fire-works establishment at Greenpoint exploded. Loss $5000.

A man does right well to eat the egg; for he might starve before it got to be a pullet.

MARRIED,

In Boston, by Rev. Mr. Fay, assisted by Rev. Mr. Cheeseman, Mr. JOHN F. LEVERTON of this city, to Miss ANN ALLEN, of Boston.

PLEASURE SAILING.

The **Schooner SIBYL,** one of the beautiful Yachts built by the late George Steers, will run during the season, to the Shoals, or to any other port or place, desired by the parties who employ her for a day or a number of days.

She will lay when in this port at Navy WHARF, and will run as an excursion Yacht, to the order of Individuals or Parties.

Application may be made on board, or to Messrs. JOHN RIDDLE & SON.

The Sibyl is commanded by Capt. RUFUS A. PREBLE, an experienced pilot, who will give every attention to the comfort and enjoyment of his passengers. The Sibyl has an elegant cabin, water closets, tanks, and every accommodation of a first class packet.

Portsmouth, May 1, 1860.

Special Notices

HEENAN AND SAYERS.

These two men, without a particle of skill, went systematically to work to batter each other's brains for a few thousand dollars, and proved "game," but Heenan was, unfortunately for the victor; still, he has been denied the fruits for which he so gallantly contended, by force. Now, a better chance to get a few hundred dollars, is offered, by enclosing to Messrs. Eddy & Co., of Wilmington, Delaware, St. Louis, Missouri, $2,50, $5, $10 or $20, for a whole ticket in one of their legalized lotteries. The ticket will be returned by next mail, and the drawings as soon as made. The capital prize is $70,000. These lotteries are authorized and drawn by sworn state officers.

JOB AND CARD PRINTING of all kinds promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards, Plain or ENGRAVED in the best manner.

"This may certify, that for a number of years I have been afflicted with the Scrofula, which caused a swelling of my neck and sores and ulcers, which were very painful, and the use of several bottles of Dr. Swett's Sarsaparilla have made them entirely removed, and healing has all gone from my neck, and I am over two years since the cure."

RUTHEY SAYER.

Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand to be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SWETT, PORTSMOUTH, N. H., No. 1 Indian Row, for his Panacea, Cough Drops, Concentrated Compound and Family Pills, and all his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Paralysis.

This terrifying disease, even when it comes on grave derangements of the nervous system, will yield to the alterative power of AYER'S VIAN SYRUP, which by improving the nutrition, and consequently purifying the blood, promotes a proper nutrition of the substance of brain and nerves.

Says the Rev. Thos. Whittemore: "I have been using, for some time past, the "Vegetable Syrup." It gives me new vigor, buoyancy of spirits, and elasticity of muscle. I have no doubt, from the cure of Paralysis, like mine, Dyspepsia, and the worst of Dropsy, it may be administered with the fair prospect of success than any other medicine now in use among us."

IMPORTANT TO FAMILIES.

Local.

THE FOURTH.—We give to-day, as we have lately been giving each day, several items concerning the Fourth of July and its observance. It will be seen that some of the would-be celebrators have not given it up yet. The remarks of the Journal, on our forth page, we regard as well-timed and sensible—though as to an Oration, if had at all, it should be delivered in-doors. A Procession should certainly "land *somewhere*,"—not merely "march up the hill, and then march down again."

Whether we have any Celebration this year or not—we can see no reason for despairing (as our correspondent H. does) of *ever* having another Floral Procession in the city; for no doubt the roses will bloom as sweetly a hundred Junes hence as now, the children be as beautiful and happy—and we have no fears that we of the present day, though never so tasty, "are the men," and all the good taste "will die with us."—No, indeed; let us hope for many more of the Floral Concerts, the Floral Processions, and the Old Folks Concerts, for which our good city has been as noted as for her crack ships. Speaking of good taste and Floral Concerts, reminds us of our former townsman, Mr. T. P. Moses; to whom, probably, in a very large degree, through his unselfish and self-sacrificing exertions to disseminate his own exquisite skill in such matters, is to attributed the love of the beautiful which exists among us.

For the Chronicle.

Muffle the drums, and toll, ye bells,
Your flags at half-mast flying;
Then herald aloud o'er hill and dell,
That Patriotism is dying.

FOURTH OF JULY.—*Messrs. Editors*:—We see by your last issue, that the edict has gone out, and the fate of our Fourth of July Celebration is sealed. The City Fathers have crushed the petition for an appropriation of $500, and the excitement is over.

Children, you cannot have any celebration this year; you must wait until you get to be men—then you can go to the polls and vote for those who have a little patriotism in their hearts.

Ye lovers of the beautiful—think of the past, and of the fine floral displays we have had, which have excelled anything of the kind ever produced in any other city. But do not expect to see the like again, for the last of the floral processions has passed by.

Take down your Floras, and hide them in your cellars. Turn your portraits of Washington, face to the wall. Talk no more of patriotism, but let the word be struck out of the vocabulary. In place of the eagle on your Liberty poles, substitute the turtle. Petition the Legislature for a change of the name of the city—let it be called Slow Town. Print ten thousand copies of the proceedings of our best celebrations, for the benefit of the rising generation; so that that they can, in years to come, read of what was once done on Old Strawberry Bank. H.

☞ The adjourned meeting of the citizens on celebrating the 4th of July, was held at the Council Room, Friday evening. The committee on subscriptions reported that they had raised upwards of $200, and been to but a small portion of the citizens. In consequence of the Aldermen not having acted upon the appropriation, the meeting adjourned to Tuesday evening next, at 8 o'clock, at the City Rooms. R.

☞ The Journal, in an item which we copy on our fourth page, hopes the neat-stock premiums will be withdrawn from the County Fair, on account of the cattle disease, so called; and proposes to have a horticultural display at Jefferson Hall. Now there is no sort of evidence that there has been a single case of "pleuro-pneumonia" in New Hampshire; much less in Rockingham County—and until there is, we see no reason for the trustees of the County Society to change the programme. At any rate, Jefferson Hall is a dingy old den, fit only for gatherings of filthy, tobacco-steeped politicians; and we hope no *other* description of cabbage-heads will be displayed [illegible] Until the City or the citizens [illegible] can provide some mo[illegible] public gatherin[illegible] here. from any [illegible] Portsmouth is [illegible] decent place for [illegible]—they had better refrain [illegible] social meetings of the sort. There [illegible] not a one-horse country town in the State, but has better quarters. No, no, don't insult our rural friends by inviting them to such a City Hall!

☞ Friday, between eleven and twelve o'clock a magnificent halo appeared round the sun, brighter, better defined than we remember to have seen before. Another and larger one, a reflection of the first, appeared outside it, the circumfrence of which touched the horizon. We believe it is considered by meteorologists that these halos are the sure precursors of storms.

☞ We have had the most satisfactory evidence that Newell, at his elegant and spacious Oyster and Ice Cream Saloons, on Congress street, near Vaughan, is getting up Ice Creams of good quality—smooth, delicate, of fine flavor, and well frozen.

From our Epping Correspondent.

HIGHLAND COTTAGE *voted by acclamation a most attractive place of resort.*—"The summer has at last come. Let us thank God for another summer in the beautiful world of our probation." Once a year, at least, the topic of conversation at many dinner and breakfast tables may be summed up in the question, "Where shall we go to pass the summer months?" Among all the places of favorite resort, all of our sympathies, thoughts and felicitations centre on "Highland Cottage," lately improved and enlarged by its well known and popular proprietor, Diman. Were we to attempt to chronicle the specialities of Highland Cottage, we should fail to do it justice, and therefore advise all those seeking attractive places, that they may be sure of finding all the comforts, pleasures, and all that is picturesque and beautiful, combined in this focus of attraction.

The view from Stratham Hill, of the dozen beautiful towns—ocean—bays, and rivers, will richly repay the time and expense of ascending it. The rich scenery and landscape combined in the valley of the Piscataqua, its branches and bays, rival, the one the Rhine, the other the bay of Naples itself. For glorious beauty, there is not, at this season of the year, in all our broad expanse of country, a more beautiful spot.

The means of access from our own immediate vicinity is so easy and frequent, that those having but little leisure or means, or who are deeply engrossed in the vexatious cares of life, can avail themselves of a short visit during the Strawberry Festival; for particulars of which see advertisements in the public prints. L.

☞ The Campbell Minstrels have been performing in Manchester. The Mirror says of their performances there:—

This captivating troupe of Minstrels were welcomed with a large and delighted audience at Smyth's Hall, eager to hear and see those, whose music, wit and drollery, are a source of the greatest joy. Most of the old performers were present, and the first appearance of the old favorites, Rumsey, Rainer, Duley and Leslie, was greeted with the old waking up. Rainer in the "Silver Midnight Moon," Rumsey in the Banjo Obligato," Master Eddy and Duley in "Our African Cousin," were loudly applauded. Little Bobby was an immense favorite in every part. August Asche in his clarinet fantasia delighted every ear.—Their witicisms were new and their burlesques superior to anything heretofore given here.

ORDINATION.—Mr. Charles B. Ferry was ordained over the Unitarian Church in Peterboro' June 13th. The sermon was given by Rev. E. E. Hale of Boston.

Why are the rifle volunteers like Nelson? Because the last thing he did was to die for his country, and that is the last thing they intend to do.

We must not undervalue physicians.—Perhaps the fabric of society would fall without them—they are its pillers.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION

Respectfully announce to the Public their

NINTH EXHIBITION

—of—

AMERICAN MANUFACTURES AND MECHANIC ARTS,

to be opened at

FANEUIL AND QUINCY HALLS,

On WEDNESDAY, the 12th of September,

In the City of Boston.

NEW Inventions, Improvements in the Arts, and Specimens of Rare Handiwork in every Department of Industry will be welcome to the Halls; and every facility will be afforded for a good display and the proper care of contributions. Steam will be provided for Machinery.

Medals of Gold, Silver and Bronze, and Honorary Diplomas, will be given to those whose articles merit such awards.

Communications from those who wish more particular information, and from those who will require much space, may be addressed to the subscriber. JOSEPH L. BATES, Secretary.

Boston, June 13, 1860. 2aw2m

PEALE'S COURT OF DEATH

The most elaborate and not ed[illegible] er painted by an American [illegible] OF DEATH." Rev[illegible] painting covers 3[illegible] taine 23 Life [illegible] valued [illegible]

[illegible] work of Art ev[illegible] ...ished "COURT [illegible] BRANDT PEALE. This [illegible] square feet of canvass—con[illegible] ...ize Figures, and has never been [illegible] less than

25,000 Dollars.

It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid

Chromo-Lithographic Engraving

of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.

The size of the Engraving is 23 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another. Clergymen and Church Societies supplied in quantities of not less than 50 copies at a time, on very liberal terms.

Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County and State*, plainly. Address G. O. COLTON,

P. O. Box 3301. No. 37 Park Row, New York.

NOTICE.

I have given to my son, JOSEPH J. LOCKE, the remainder of his minority, in which to act and trade for himself; and shall claim no earnings of his hereafter. JEREMIAH LOCKE.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothign hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator; (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction*. All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

PORTABLE FURNACES

of all sizes—sufficient to warm one room, or an entire building as may be desired.

CHILSON'S NEW COOKING RANGE.

A splendid article, having two large elevated ovens, *sure to bake*. These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.

BEST BLACK VARNISH,

For Iron Fences, Fireboard, Grates, &c.; of Brilliant lustre, and *perfectly water-proof*.

From the Portsmouth Journal.

CELEBRATION OF INDEPENDENCE.

In the efforts to celebrate the day for several years past, the important feature which used to be most prominent, has been entirely omitted, and the present generation is unfaithful to that which is to come in omitting altogether the *Ovatios* which recounts the story of the Revolution, and the reading of that *Declaration* which made the Fourth of July on which it was adopted, the National Holiday, forever to be observed.

The ringing of the Bells is well enough, the booming Cannon is well enough, the crackers and squibs and pistols are bad enough, to stir up a sort of patriotic spirit—but if this spirit is not properly fed from the pulpit or the stump, there is too great a disposition for it to burst out into rowdyism, rather than in a display of gratitude to our Revolutionary fathers, and to Him who gave the victory. Let a voice for our country be heard on that day—then all other expressions of patriotism will have a basis to rest upon. If there is not time to prepare an oration, select one of the thousands which have been published, and a good reader will do more for the community, than the sputtering of a million unmeaning crackers—made by the heathen to frighten the evil one,—and the tracing of a thousand rockets, which rush on and expire, kindling but one sentiment which burns to the next day, and that is—that the day "went up like a rocket, and down like a stick."

Processions in former times were formed with a view to marching for some definite purpose, and men generally were willing to unite in them for the purpose of securing a better position than they could otherwise obtain. But without some such object, most men are unwilling to march for a mere display, to be disbanded in the street, as automatons for which there is no further use.—Give us an Oration, of twenty minutes to half an hour—the choir and band can unit in "America" "Hail Columbia," and the like, and then we shall have a Fourth of July celebration in the right spirit.

The managers of the State Agricultural Society have issued their list of premiums for the Fair of 1860, which is to be held at Manchester on the 20, 21 and 22d of October next. In consequence of the prevalence of the cattle disease the premiums on Neat Stock have been withdrawn.

We trust this will be the case in Rockingham county. It is the wish of many of our citizens who take an interest in cattle, that the valuable stock of no town in the county should be exposed by driving them into a mixed herd.

One of our old fashioned exhibitions of fruits, vegetables, dairy products, &c. this fall, such as used to be made in Portsmouth, would, with the present prospect, be very attractive. Jefferson Hall would be as good a place as any that could be selected, where visitors and fruit could be gathered, let the weather be what it may.

From the N. H. Gazette.

BENEFITS OF DROUGHT ON THE SOIL.—A drought acts upon the moisture in the earth as follows: During dry weather, a continual evaporation takes place from the surface soil, above that supplied by rain and dew, which creates a vacuum, (so far as the water in the surface soil is concerned,) that is at once filled with water, rising from the subsoil—extending deeper and deeper as the drought continues and the moisture is exhaled—a circulation of water in the earth the reverse of that which takes place in wet weather. This progress to the surface of the water in the earth, manifests itself strikingly in the drying up of springs and wells and streams which are supported by springs.

Not only is water thus brought to the surface of the earth, but also all that the water holds in solution. There are salts of lime and magnesia, of potash and soda, or indeed whatever the subsoil or top strata of the earth may contain. The water on reaching the surface is evaporated, but leaves behind its lime and potash, its phosphates, silicates, carbonates, and salts—all indispensable to the growth of the vegetable products of the farm. Rain water, as it falls, will dissolve but a very small portion of some of those substances; but when it sinks into the earth, it has become strongly imbued with carbonic acid from the decomposition of vegetable matter on the soil, and thus acquires the property of readily dissolving minerals on which before it could have little effect.

Several experiments tried by Prof. Higgins go to show this action of drought in bringing mineral waters from a depth to the surface of the soil. In one case he placed a solution of chloride of barium in the bottom of a glass cylinder, and then filled it with dry soil. After long exposure to the rays of the sun, the surface of the soil was tested with sulphuric acid, and gave a copious precipitate of sulphate of baryta. Chloride of lime, sulphate of soda, and carbonate of potash, were experimented upon in like manner, and upon the application of proper tests, the surface of the soil showed their presence in large quantity drawn up by the rising of water from underneath, as in the case of drought.

The parched earth,—all vegetation dwarfed and withered by heat,—seems suffering under a curse, but it is only an affliction for the present,—a "blessing in disguise" for the future. "The early and latter rain," may produce at once abundant crops, but dry weather is needed to bring to the surface from the depths of the earth, where else it would be forever unemployed, food for future harvests. It is Nature's ordinance for keeping up the fertility of the cultivated soil.—*Country Gentleman.*

Instruction in the Ornamental BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, in all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which for beauty and durability equals the Canvas Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of drawing.

Mrs. M. continues to give instruction in that most useful branch of education, WRITING; also, Silk and Worsted EMBROIDERY and other ornamental branches.

Classes will meet each day between the hours of 9 & 12 A. M. and 2 and 6 P. M. For further particulars, inquire at 17 Court street, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

June 16. 3w

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard.*—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance certain deficiencies in the red globules of Blood. We could supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory, hence its unfailing success. The following are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite,* and for all CHRONIC COMPLAINTS arising from OVERUSE, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESS, &c. Ladies should send directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases the directions will be strictly followed. Price of the "BLOOD FOOD.", $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 409 Broadway, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it never fails to *afford immediate relief,* when given in time. It acts as if by magic, and one trial alone will convince you that what is said is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACCIDENT OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflamation, regulating the Bowels, and relieving pain. It has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits.* As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL, this you can *rely* upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

CHURCH & DUPONT, Druggists, No. 409 Broadway, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country. In Portsmouth by W. R. PRESTON.

Dyspepsia Remedy

DR. DARIUS HAM'S

AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirum Tremens, Intemperance, Want of Strength, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens,* will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.
One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.
One dose will remove the most distressing pains of Colic, either in the stomach or bowels.
A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.
Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons having been guilty of too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy; remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health to the pale face of the fair female.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the approach of Nausea.

All the proprietor asks, is trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, and 12 to the gallon.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. P. WELDEN, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEORGE W. PLUMER.

Portsmouth, March 26, 1860.

VERMONT BUTTER.

25 Tubs VERMONT BUTTER, for sale by MATHES & VARRELL

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor without attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Some very signal instances of this kind are at Rochester of female sufferers, emaciated to the apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of Iron may safely, safely but, unlike the old oxides, it is vigorously tonic, without being exciting and over-bearing; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and persistent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

A YANKEE TRICK.—A week or two ago four creditors started from Boston in the same train in quest of a certain debtor, in Farmington, in State of Maine. He owed each one separately, and they each were suspicious of the object of the other, but dared not say a word about it. So they rode, acquaintances all, talking upon every thing except that which they had most at heart. When they arrived at the depot in Farmington, which was three miles from where the debtor did business, they found nothing to "put 'em over the road," but a solitary cab. Three got in and refused admittance to the fourth, and the cab started. The fourth ran after and got upon the outside with the driver. He asked the driver if he wanted to sell his horse. He replied that he did not want to—that he was not worth more than $50, but he would not sell him for that. He asked him if he would take $100 for him. "Yes," said he. The "fourth man" quickly paid over the money, took the reins and backed the cab up to a bank, slipped it from the harness, tipped it so the door could not be opened, jumped upon the horse's back, rode off "lick-a-ty switch," while the "insiders" were looking out of the window feeling like singed cats. He rode to a lawyer's and got a writ served, and his debt secure, and got back to the hotel just as the "insiders" came up puffing and blowing. The cabman soon bought back his horse for $50. The "sold" men offered to pay that sum if the fortunate one, who found property sufficent to pay his own debt, would not tell of it Boston.

A SINGULAR AFFAIR.—The late English papers tell a story of a remarkable character, to the following effect:—

In one of the interior towns of England, two gentlemen on an exploring expedition, were peeing down a well, said to be a hundred feet deep, when one of them distinguished the voice of a child in distress.—After satisfying themselves that there was indeed some one in the well, they procured aid, and a boy, stimulated by the promise of a handsome reward, consented to descend, and was lowered to the bottom. He found there a living child of a few months old, who was brought to the surface, and found not to be seriously injured, though nearly famished for want of food. A young woman of the neighborhood is suspected of having lowered the child by a cord to the bottom of the well, and left it there to perish. It is thought it had been there for nearly two days when it was discovered.

At a recent church meeting in Bath, Me., a worthy deacon disliking the spirit betrayed by some of his fellow members, admonished them in this wise:—"Brethren," said he, "such conduct is not according to Hoyle."

Why is the first chicken of a brood like the foremast of a ship?—Because it's a little for'ard of the main hatch.

THE ONLY PREPARATION
Having Proof so Strong and Direct as to
Expel the Doubts of All.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all woo have used it, unite in testifying that it will preserve the hair from being gray, stop from falling to any age, as well as restore.—Read the following:—

Oak Grove, S. C., June 24, 1859.

Prof. O. J. Wood:—Dear:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:—

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was entirely destroyed. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, using a professional man myself, and as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy "Hair Restorative," which I have every reason to believe, produced the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, using a professional man myself, and as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy "Hair Restorative," which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I cordially owe you my sincere thanks. Assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,
M. J. WRIGHT, M. D.

Jeffersonian Office, Phillipi, Va., Dec. 12, 1859.

Professor O. J. Wood:—Dear Sir: I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was ashamed to appear in public. I was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement: I give this to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents.

Yours, &c.,
THOM'SON SURGHNOR.

Dr. Wood—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.
S. F. THALBERG.

The Restorative is put up in bottles of three sizes viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than
MOSES & DOWNIE,
is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of
Cloths, Doeskins & Cassimeres,
Both plain and fancy, that can be found this side of Boston, which we will
Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,
and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of
MOSES & DOWNIE;
2mos **3 & 37 Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost supersoeding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling,* thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

au22 **R. FRENCH,** Proprietor.

City Hotel, Portsmouth, N. H.

This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square,

The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.

He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him, and ever grateful for past favors, respectfully solicits a continuance. **J. B. FLAGG.**
Portsmouth, May 1st, 1860.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this so called Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, JUNE 19, 1860.

SONS OF TEMPERANCE.

The National Division of this body closed its session in Portland, Maine, last week.—The Portland Advertiser speaks of it in the following appropriate terms:

We know we are expressing the views of a vast majority of our citizens of all classes when we say that we thank the officers and members of this order for having honored our city with their presence. We hear but one opinion relative to the character of the Convention, — that it combined in ability, in eminent worth, and in soul-stirring eloquence, more power than any convention that ever assembled in our city.

The first public meeting at the new City Hall, although well attended, was not crowded; but the eloquent and impressive character of the speeches delivered electrified the audience there, and every person present was next day so loud in his praises, that the future meetings were literally packed with masses of willing witnesses, who would have kept "intemperate hours" at night, we fear, so long as the platform was occupied by such speakers.

These audiences, we were glad to see were not made up exclusively of members of the order, or the immediate friends of temperance; but the high character of the speeches, the hearty co-operation of men from the East and from the West, from the North and the South, from the United States, the British Provinces, and Old England herself, mother of us all, the hearty union of the representatives of these various sections in a common cause, was indeed a noble sight, and brought new listeners to temperance speeches.

Great good will come to the cause of temperance in Maine from this convention; for although we have no fears as to repeal of a prohibitory law in Maine, yet we want to see more zeal infused into those whose duty it is to enforce our present law. We say it with sorrow for our native State and city, that here, while the National Division was in session, a human being, just entered upon the prime of life, was publicly sacrificed in our streets on rum's altar. This is strong language, but, alas, too true, for the coroner's inquest held on the body of the man run over by the cars in Commercial street was, that he came to his death by intoxication.

What portion of the responsibility lies at the door of those who converted the grain into whisky—of him who, as a wholesale dealer, was a channel between cause and effect—of the retailer who, for a few filthy coppers, dealt it out to him directly—or to those municipal officers who, under a solemn oath to enforce the law, have found time in three months to prosecute only one rum-seller out of the hundreds who flaunt defiance to the law in our city—what portion of this human sacrifice in a Christian city lies at each one's door, we leave to "Him whose judgment is just."

Notwithstanding this sad commentary in Maine on the Maine law, we say to the delegates of the National Division, you can tell your constituents on your return, that the Maine law—the principle of prohibiting, by State enactment, the public selling of intoxicating drinks, is as well settled as the future permanent policy of Maine, as the law for the suppression of gambling houses or brothels. Again we say, we thank the officers and the delegates for the honor and the favor they have conferred on our city, and the noble cause of temperance, by their presence and proceedings in the municipal home of the Maine law.

☞ At the ordination of the Brahmin, Gangooly, in Boston, the other evening, Rev. Mr. Ellis referred to the fact that "the only converted Brahmins who possessed sufficient zeal to leave their own country in the pursuit of information, had embraced the Unitarian faith. If the American Board could have had such a prize as Gangooly, they would have turned every moment of his two years' visit here to account, and every word into solid gold for the benefit of the missionary enterprise."

Mr. Ellis explained the modifications which had taken place in missionary operations in recent years, and commented upon some of the "platform" statements of returned missionaries of the American Board.—Mr. Scudder, a missionary to Burmah, once described at public meeting a "night vision" he had respecting the heathen. "He fancied he saw three miles of people, stretching over an area a mile wide, constantly marching up to the brink of the pit, and as the advanced column fell over, their places were supplied by new comers." Notwithstanding this horrible appeal to the sympathies of the audience, which was commended in a leading organ, the contributions of the entire denomination in the country, that year, would not have supported a first-class theatre for a twelve-month.

☞ In the suit at Northampton, Mass., of Lydia French vs. Lucius W. Stone, for breach of promise of marriage, damages $10,000, the jury returned a verdict of $1800 damages for the plaintiff, which she afterwards compromised for $1245. The suit created great excitement, especially among the fair sex of Northampton, and the court-room was crowded during the trial, which seems to have afforded a good deal of merriment to the spectators, caused by Mr. Stone's epistles (some 300 or 400 in number) and testimony. Miss French is a resident of Ellenburgh, New York.

The Ladies "Coming Man."—The becoming man.

Difference between a Persian and a Turk.—One worships the Sun, and the other the Daughter.

CONGRESS.

As the Session comes near its close, the proceedings have more interest.—In the SENATE, Saturday, June 16, Mr. Gurley's bill, providing for a Government printing office, was adopted, 30 against 14.

The Naval Appropriation bill was taken up.

Mr. Wilson offered an amendment to use part of the appropriation for the purchase of three steamers to suppress the slave trade.

Mr. Hammond was afraid if this bill passed, providing $100 a year each for support of returned Africans, it would have a tendency to increase the slave trade, as the Colonization Society could pocket the money, and the Africans be apprenticed in Liberia. He thought $10 a year enough to take care of the negro.

Mr. Gwin offered a substitute, that the British Government enter into a convention with this government for the return of all captured Africans.

Mr. Wilson said that vessels were fitted out at New York for the slave trade, with the knowledge of the government officials, who were bribed not to trouble them.

Mr. Mason opposed the propositions of Messrs. Wilson and Gwin, and did not see the humanity of sending the Africans back.

Mr. Green was opposed to keeping a police on the Coast of Africa to prevent slaves from being caaried to Cuba and Brazil. If kept anywhere it should be on our own coast.

The amendment of Mr. Gwin was lost—19 against 20.

HOUSE.— Mr. Sherman reported an amendment to the Senate resolution relating to adjournment, substituting Wednesday. Great confusion prevailed. The Senate resolution was adopted—123 to 58.

Mr. Train made a report from the Covode Committee, strongly condemning President Buchanan and his aids in the Lecompton swindle.

Mr. Train moved that 50,000 copies be printed. Referred.

Mr. Winslow was allowed to make a minority report on Monday.

In Committee of the Whole, a debate ensued on the Senate's twenty-one million loan amendment, Mr. Sherman characterizing it as an infringement of the rights of the House in making appropriations.

The loan amendment was *disagreed* to, when the Committee arose. Adj.

MR. COVODE'S REPORT.

This report of the abuse of Executive Patronage, is thus summed up in the Washington telegraphic items.

It commences by speaking of the embarassments the Committee encountered, and among which was the proclamation of the President, that the power of the Administration would be exercised to protect witnesses in not obeying the summons of the Committee, or in not testifying after obeying the summons. They say that the country would be astonished at the shameless record in regard to the Lecompton Constitution. They examine, first, the emphatic pledges of the President and Cabinet to the doctrine of leaving Kansas free to administer its own institutions; second, the deliberate violation of these pledges, and the attempts made to convert Kansas into a slave State by forgeries, fraud and force; third, the removal of sworn agents of the Administration for refusing to violate their pledges; fourth, the open employment of money to procure the passage of the Lecompton and English bills: fifth, the admission of persons engaged in electioneering this scheme through Congress, that they received enormous sums for this purpose, and the proofs that they were paid by the agents of the Administration; sixth, the offer to purchase newspaper editors with sums of money; seventh, the proscription of eminent Democrats who would not support the Lecompton and English bill. The testimony of witnesses on these points is proved by the record book of the Bank of the Metropolis. The Committee state that Mr. Forney was offered the printing of the Post Office blanks at $80,000, on condition that he should, by an editorial no longer than a man's hand, support the Administration in its Kansas policy.

In regard to the abuses in the Philadelphia Custom House, the committee say there was an improper and corrupt use of public money in employment of persons in public service, and frauds by Government officers to defeat enactments for protecting the Treasury from unjust claims. Collector Baker is severely censured.

The committee say that the price paid for the Executive printing and binding is utterly disproportionate to the work done, and alludes to the employment of persons to carry elections.

END OF A SAD CHAPTER.—The sequel to the late elopement from Springfield, Ohio, has been published earlier than it was looked for. Mr. Brochaw, it is stated, has repented of his rashness and returned to Springfield, and has been conditionally accepted by his family. He says he left Mrs. Root in New York, and furnished her with means to take her to her friends in Massachusetts. Mr. Root has taken steps for a divorce from his wife, and Mrs. Brochaw has appealed to the courts for a legal separation from her husband.

☞ Foster Jones, aged 12 years, son of John A. Jones of Manchester, N. H., was run over by the cars last Friday morning at Reed's Ferry, and instantly killed.—Jones has been a carrier of the Manchester and Boston papers on the Nashua Road for some six months, and was a favorite with the travelling public. He was always prompt and trustworthy.

☞ The pious slaveholders of Virginia consider Spurgeon's Sermons incendiary documents, and a number of volumes of these were burnt a week or two since at Mathews Court House, in presence of a crowd of edified spectators.

GARIBALDI'S SUCCESS.

By the Hammonia the advices from Sicily announce that the Neapolitan army had capitulated to Garibaldi.

The articles which were signed on board the English war steamer Hannibal, between General Lenza, and Garibaldi, and the Revolutionary Committee, stipulated that the Neapolitan army, 25,000 strong, should quit Palermo with all the honors of war, and embark, with their material, on board the Neapolitan squadron. The evacuation was to commence June 4th.

A terrible and desperate fight, in which many women participated, had accurred previously at the Stradedi Toledo, between Garibaldi and the Neapolitans, which resulted in the repulse of the latter, and the immediate commencement of the bombardment from the Neapolitan squadron.

The above news reached Paris June 2d.

By the Bohemian we have later news, and the dispatches subsequent to the sailing of the Hammonia indicate that the statement of the capitulation of the Neapolitan troops at Palermo was only partially correct.

Advices from Naples of the 3d instant, received via Genoa, state that the King had refused the conditions of the capitulation, and that hostilities would recommence at noon.

A dispatch from Turin announces the renewal of the bombardment, and that Palermo was barricaded and part of the Royal troops were surrounded by insurgents.

A Neapolital General is said to have gone over to the insurgents.

A later dispatch, dated Palermo, evening of the 3d, announces that the bombardment had not been renewed and that the armistice continued. Garibaldi was still master of the town, but the forts were occupied by the Neapolitan troops. The terms of the capitulation had not been carried out.

Negotiation continued. Letters from the French squadron say that the armistice was to last until Tuesday 5th.

Garribaldi was forced to grant the armistice for want of ammunition.

Messina is quite deserted.

The enthusiasam in favor of Garibaldi was spreading, and the Neapolitan troops were becoming more and more affected by it.

The clergy in Sicily are publicly preaching a crusade against the Neapolitans.

The demand of Signor Carafa for the intervention of the maritime powers in Sicily, it is said, met with an immediate refusal from the French Emperor.

Many officers in the Sardinian army had obtained discharges in order to join Garibaldi's army.

4000 insurgents, attacked Catamo on the 1st, but were repulsed, losing three guns and two flags.

THE GREAT 'ASTERN.—By the latest news from England, it appears that unfavorable weather having retarded work on the Great Eastern, the Directors have deterred her departure for a short time, but confidently expect that she will sail within a fortnight. The day of her departure will not be announced until there is no possibility of further disappointment.

☞ Mr. Blair of Missouri has resigned his seat in Congress, to take effect at the close of this session. He informs his constituents that he made the contest for his seat as their representative, and to sustain them. Having been supported by a majority of the House in claiming his rights, he now chooses to resign his seat and go to the people again, and receive their verdict also.

NO STATE FAIR IN CONNECTICUT.—The Executive Committee of the Connecticut State Agricultural Society have decided to dispense with any exhibition the coming fall. This action is taken in consequence of the prevalence of the pleuro-pneumonia.

☞ About half-past 7 o'clock on Sunday evening, quite an excitement was got up in the mud and water of the South Mill Pond, where a half-drunken Irishman tried to drown himself. He was rescued by his friends, who were thus made almost as muddy as the would-be suicide.

CONCORD, N. H., June 16.—All the delegates to the Baltimore Convention have left. Hon. Edmund Burke writes from Washington as follows to a friend here:—"Everybody expects a smash up at Baltimore. There will be two canditates—Douglas and a Southern man. I shall not wait to see the row, but leave immediately for Western New York."

☞ A letter in the N. Y. Herald from Key West says that instructions have been given to cruisers to take all slavers they may hereafter capture to Boston or Portsmouth.

☞ The Music Hall in Boston was crowded with auditors on Sunday forenoon, to hear the services in memory of Theodore Parker, their late paster.

NAVAL.—The sloop-of-war Portsmouth, John Calhoun Commander, was at Port Praya May 6th. She was to leave in a few days for Madeira.

SUNDAY was the 17th of June, the birthday of John Wesley, the father of Methodism. It was also the anniversary of the battle of Bunker Hill.

☞ The citizens of Concord, N. H., are endeavoring to secure a visit to the capital of the Granite State from the Japanese Embassy.

☞ The owner of the Patchen horse has refused $25,000 for him.

SWINDLER ARRESTED.—A man calling himself Josiah Austin Gee has been arrested at Charleston, S. C., for swindling planters and others by obtaining commissions on loans which he promised as agent for a number of British banks. The scamp advertised that he was ready to loan money in sums from $5000 up to $500,000, and carried out his rascality in such an elegant, business-like way that he deceived a good many careful business men, getting his commissions in advance. He is a man of elegant manners and pleasing address, but wears a cork leg. In his possession were found a fine revolver, a bunch of twenty-two skeleton keys, nippers, screw driver, hammer, jimmy, etc., comprising a complete burglar's outfit. No finer collection of such implements has ever been obtained in Charleston. He had about him nearly $200 in money, and watches and silver ware to the value of $600, daguerrotypes of beautiful women, etc.

PURE LOVE VS. $100,000.—At Livingston's Manor, N. Y., recently, an old gentleman of 75 years named Lerow married a young and beautiful damsel of 18 summers, named McLelland, residing near Hudson. The old gentleman's consideration was pure love and devotion; the young lady's was the settlement upon her of $100,000 in her own right, by the happy groom. This is a midsummer sliding into the lap of winter, to a verity. The blind god's wings were slightly tipped with gold that time, we take it.

☞ The Eclectic Magazine for July, contains a very fine engraving of the Earl of Elgin, late Governor General of Canada.

Now is the Chance for those who are in want of LAND!

Valuable Real Estate in Rye!

Will be sold at Public Auction on
THURSDAY, the 21st day of June, at 3 o'clock, P.M.
At the Sagamore House, in Rye,
A PART of the SAGAMORE FARM, comprising 30 acres of very excellent land, suitably divided into Mowing, Tillage and Pasturage, with a fine lot of fruit trees, and two wells of water on the same. Being bounded Easterly on the Atlantic Ocean, it is very easily dressed with sea-weed. On the same are several very eligible Building Lots. The field land will cut about 20 tons of hay, all of the best quality, pasturing sufficient for 12 head of cattle. Such a favorable opportunity for the purchase of such excellent land is seldom offered; I therefore respectfully call the attention of Farmers in particular, and the Public in general, to the above sale. An undoubted title will be given. Terms at sale.
For further particulars, enquire of STEPHEN B. FITTS, at the Sagamore House, Gen. JOSIAH G. HADLEY, of Portsmouth, or of the subscriber.
Rye, June 5, 1860. GEORGE W. TOWLE.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION
Respectfully announce to the Public their
NINTH EXHIBITION
—of—
AMERICAN MANUFACTURES AND MECHANIC ARTS,
to be opened at
FANEUIL AND QUINCY HALLS,
On WEDNESDAY, the 12th of September,
In the City of Boston.
NEW Inventions, Improvements in the Arts, and Specimens of Rare Handiwork in every Department of Industry will be welcome to the Halls; and every facility will be afforded for a good display and the proper care of contributions. Steam will be provided for Machinery.
Medals of Gold, Silver and Bronze, and Honorary Diplomas, will be given to those whose articles merit such awards.
Communications from those who wish more particular information, and from those who will require much space, may be addressed to the subscriber. JOSEPH L. BATES, Secretary.
Boston, June 13, 1860. 2aw2m

PEALE'S COURT OF DEATH.

The most elaborate and noted work of Art ever painted by an American Artist, is the 'COURT OF DEATH,' by REMBRANDT PEALE. This painting covers 312 square feet of canvass—contains 23 Life Size Figures, and has never been valued at less than
25,000 Dollars.
It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid
Chromo-Lithographic Engraving
of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.
The size of the Engraving is 22 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. Peale says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.
Clergymen and Church Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.
Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County* and *State*, plainly. Address G. G. COLTON,
P. O. Box 3391. No. 37 Park Row, New York.

SUNDAY SCHOOL EXHIBITION.

The Christian Sabbath School
will hold an Exhibition
On WEDNESDAY Evening, June 20th,
AT THE TEMPLE.
TICKETS only 10 Cents,—to be had at the Periodical Store of JOHN H. LOCKE, Market Sq., and at the Door.
Much care has been taken, and time spent, to make this one of the best entertainments of the kind. The proceeds will be used for the benefit of the Sunday School; and all who have an interest in Sunday Schools and Sunday School children, are invited to attend.

Strawberry Supper
—AT—
HIGHLAND COTTAGE.
MUSIC by
PORTSMOUTH CORNET BAND.
The subscriber takes pleasure in announcing to his friends the first of a series of EVENING ENTERTAINMENTS at HIGHLAND COTTAGE
On THURSDAY Evening, June 21.
Extensive preparations have been made for the accommodation of all, and every effort will be made to render the entertainment agreeable.
The full PORTSMOUTH CORNET BAND will be in attendance, and all lovers of excellent Music, fine Strawberries and a good time, are invited. Tickets 50 Cents. J. H. DIMAN.
STRATHAM, June 1, 8 1860.
P. S.—If the weather is stormy, the first fair evening after.

"The Campbells are Coming."
GIFTED AND GIGANTIC!!
ONE NIGHT ONLY!!
AT THE TEMPLE.
On FRIDAY Evening, June 22d.
Excellent! Excelling!! Excelsior!!
RUMSEY & NEWCOMB'S
ORIGINAL
CAMPBELL MINSTRELS,
Brass Band and Double Troup e!!
And the only Campbells now in existence. All others assuming the name are nothing more than mountebanks and impostors, and not to be trusted. We caution the public against all such. This incomparable Troupe of Artists and Ethiopian Delineators are now on their return from the South, and the Island of Cuba, where their musical talents and true representation of Negro Life, has made them the theme and admiration of the Spanish Domain, and throughout the American Continent, where they have heretofore worn the laurels of Ethiopian Minstrelsy.
Doors open at 7 o'clock; Commence at 8.
Admission 25 cents. P. A. CLARKE, Ag't.

A CARD TO YOUNG LADIES & GENTLEMEN
The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple *Vegetable Balm*, that will, in from two to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage,)
JAS. T. MARSHALL,
PRACTICAL CHEMIST,
June19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."
BETSEY SANBORN.
Kensington, Sept. 25, 1855.
Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Local.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

POLICE COURT, Monday, June 15.—Before Justice Odell.—Patrick Green was charged with keeping open his shop in Penhallow street on Sunday, contrary to law. Not proved guilty, and discharged.

Mortimer Keating plead guilty of making brawl and tumult. Fined $3; costs $5.75; paid.

Wm. Johnson plead guilty of being drunk in the street; fined $3; costs $3.86.

Dennis Kane was charged with assault on Ann Kane. Plead not guilty. Found guilty. Fined $5; costs $4.80; paid. Gave bonds in $20 to behave himself.

Mary Connor was accused of assault on Mary O'Hern. Plea not guilty. Found guilty. Fined $2; costs $3.86; paid.

The same Mary Connor was complained of for making threats to do bodily harm to said Mary O'Hern, who wished her placed under bonds—but the Court, seeing no good cause for such fear, discharged Mary Connor from arrest.

NOVEL LOCK-UP.—For some time past the station agent at the Concord & Portsmouth Railroad has been annoyed by a gang of loafers who have used empty freight cars in which to play cards on Sundays.—Last Sabbath afternoon a group of fellows were caught at their games, in a car, the doors of which closed rapidly upon the "surprised party," who were threatened with an escort to the watch-house. After many entreaties and protestations on the part of the captured, they, having been taught a lesson by close confinement till dark, were allowed to depart with the admonition to "go and sin no more."

☞ A writer in the last Journal suggests that when we have other Floral Processions, they be delayed till late in the afternoon, so as to dodge the sun at meridian.—He says the processions have usually formed at 8 o'clock, and so had to bear the heat and burden of the day. But the trouble always has been, that they did *not* start at 8 o'clock, which is the right hour—but usually two or three hours, or more, after that. An afternoon procession would seem almost like a nightmare, or having supper before breakfast.

☞ A Mr. Hubbart, late of Portland, is now carrying on the business of manufacturing refined Syrups and Sugars, from molasses, at the former machine shop of the C. & P. Railroad, head of Deer street. He has but a small force at work as yet, but is prepared to increase the business to any extent, should patronage warrant.

☞ Gents or boys in want of a Head-covering, we should think would make a sure thing of it by calling on our friend Head, at 14 1-2 Market street, where from his large and varied assortment, ranging in price from ten cents to six dollars, you can select the thing suited to your pocket and pate.

☞ The ordinance of baptism by immersion was administered to two persons, on Sunday, at the foot of Salter street, by Rev. J. Hall of the Brodhead Church.

☞ Rev. Mr. Patterson, of Portsmouth, will preach at Rye (Chesley's Hall) next Sunday afternoon, at 5 o'clock.

☞ During the shower on Saturday afternoon, the dwelling house of Joseph Lane, Esq., of Seabrook, was struck by lightning and so badly injured as not to be worth repairing. The building was nearly new, and furnished with the patent conductors. Mrs. Lane was the only person in the house at the time, and the small room she was in was the only one the lightning did not enter.—The house is insured in the Farmer's office at Exeter. The shower was all along the valley of the Merrimack. Rain and hail fell in great quantities. Yrs., C.

For the Chronicle.

☞ We learn that the Republicans of York county, Maine, are starting the political ball in good earnest. On Wednesday afternoon of last week, a very large audience gathered at Lyman to ratify the nomination of Hon. Abraham Lincoln as President, and their much-honored son, Hannibal Hamlin as Vice President.

Among the speakers present on the occasion was George H. Knowlton, Esq., formerly of this city, but at present City Clerk of Biddeford. He was called for amid rousing cheers, and made a most happy speech, eloquently defending Republican principles, and illustrating his position with appropriate anecdote and argument. REP.

MUSICAL.—Mr. Pennell has been giving his "Festivals of Beauty" at the Music Hall in Boston, with three hundred children and good success.

We have received Mr. L. H. Johnson's card from St. Louis, where he is connected with an extensive music establishment.

☞ An explosion took place in the Globe steam mill, Newburyport, on Monday, doing great damage, but injuring no one seriously.

☞ There is any quantity of political guessing and gassing about the Baltimore Convention—not worth the printing.

For sale cheap, the British Lion.—Apply to John C. Heenan.

DIED,

In this city, Monday morning, June 18th, EMMA JANE HOWELL, aged 10 years, 6 months, daughter of Wm. M. and Eunice Howell. This little girl was a scholar in the School at School House, when it was struck by lightning just a year ago, and was the one most severely affected by the shock—and her death now is attributed to its effects.

The funeral service will take place this (Tuesday) afternoon, at half-past 2 o'clock, from the Universalist Church.

In North Hampton, June 12th, Miss SARAH MARSTON, aged 26 years.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

As the Weekly Chronicle contains most of the matter from our "local" Daily columns, it will be found an attractive paper for natives of Portsmouth living abroad, and all others interested in our city.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H."

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington,
under the act of 1836.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and his SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and the accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to secure a patent, or the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents. BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Boston, Jan. 1, 1860. **R. H. EDDY.**

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—81 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator; (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The nasty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Morning Chronicle.

PRETTY WELL DONE.—Not many weeks ago, a rifle corps, which had just been formed in a manufacturing town in the north of England, held a meeting for the purpose of choosing officers. It was known there were many candidates for office, but the exact state of the case was not understood until the time of election. It was then proposed that all those desirous of becoming officers should leave the room, when, to the general astonishment, they found that only three members of the company were left to proceed with the business. The three gentlemen left to do the work, however, did not flinch from their duty; and on those who had retired being summoned back to the room, they were informed that the meeting had felt great difficulty in making the selection among so many eligible candidates, and that they had adopted the most obvious way of escaping the difficulty—*by electing themselves to the vacant posts.*

A conductor on a Virginia railroad saw a lady's foot peeping from under her crinoline, as ladies' feet are apt to do, if they are pretty and well shod. Instead of expressing his admiration by glances alone, he gave it tongue. Thereupon the lady complained, and the Directors dismissed the indiscreet official.

The New York Times announces its purpose to support the Republican Presidential ticket. This is a sign of its popularity. The Times likes to fight on the winning side. It will be hard to keep the Herald off through the campaign.

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD,

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *rouse the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a tone of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D., CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the dye system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or spiteful physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURES of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

PROPRIETOR'S OFFICE,
No. 41 FULTON STREET, NEW YORK.

For sale by every Druggist in this city.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*.—Therefore when a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance certain deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing results. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1, which is also the No. for *Dyspepsia, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER-USE, GENERAL DEBILITY, and NERVOUS PROSTRATION; No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, so that what you gain you retain. The No 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c., and a special direction for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases the "BLOOD FOOD" is followed. Price of the "BLOOD FOOD", $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford instantaneous relief*, when used as directed. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commend itself as the *only reliable preparation* now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflamation, regulating the Bowels, and relieving pain, it has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL; this you can *rely* upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirum Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Diarrhœa.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Personsnot accustomed to dissipating much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, and a "*dead feeling*," will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the system, regulate the menses, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, isa trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, and sells it at 25 cts.

GEORGE W. PLUMER'S

NEW BAKING ESTABLISHMENT.

SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry**, including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

A fine lot of Pastry carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. F. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEORGE W. PLUMER.

Portsmouth, March 26, 1860.

VERMONT BUTTER

25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Dyspepsia in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued consumption of nervous and sanguineous fluid from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written testimonial would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Some very signal instances of this kind are attested to female sufferers, emaciated victims of apparent marasmus, sanguineous or other critical changes, and that complication of nervous and dyspeptic aversion to air and exercise form the physician's most vexatious foe.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of Iron is necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overbearing; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by diversing the local tendency, which forms them.

In DYSPEPSIA, innumerable are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant flatulence.

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

Morning Chronicle.

THE AMERICAN REDAN.—A correspondent of the New York Times, writing from West Point, says:—

Col. Delafield has within the past year caused the old Fort Clinton, which stood on what is now the plateau at the Point, to be reconstructed on its original tracing.—The order book of Washington, which is in the possession of Prof. Wier, contains the instructions according to which the Fort was built by Kosciusco, and these have been faithfully followed for a second time; and strange to say, the resemblance between the Fort Clinton constructed in the time of our Revolution, and the Redan at Sebastopol almost amounts to exactness.—The parapet of the Redan was eighteen inches higher, but no other material difference can be remarked. This singular circumstance indicates how little progress in the art of fortification has been made in the last three quarters of a century; since the most important and most famous fort of this day—that which so long withstood the combined attacks of two of the finest armies in the world—presents no improvement on the plan of one built in the time fo the American Revolution.

THE ONLY PREPARATION
Having Proof so Strong and Direct
as to
Expel the Doubts of All.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all woo have used it, unite in testifying that it will preserve the hair from being gray, stop from falling to any age, as well as restore.—Read the following:—

Oak Grove, S. C., June 24, 1859.

Prof. O. J. Wood:—Dear:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:—

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was entirely destroyed. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy "Hair Restorative," which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,
M. J. WRIGHT, M. D.

Jeffersonian Office, Phillipi, Va., Dec. 12, 1859.

Professor O. J. Wood:—Dear Sir: I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a luxurious head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement: I give this to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents.

Yours, &c.,
THOMPSON SURGHNOR.

Dr. Wood—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

S. THALBERG.

The Restorative is put up in bottles of three sizes viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the large small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market St., St. Louis, Mo.

Sold by all good Druggists.

Wholesale agents for Boston, George C. Goodwin & Co., Potter & Weeks, M. S. Barry & Co.; and J. F. Holman, No. 2 Tremont Temple.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or Inflamed Eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Rhubarb.—A remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in

Portsmouth - - - - No. 1 School Street.

N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. jo25

Look Out. Look Out. Look Out.

LOOK OUT! where you buy your READY MADE CLOTHING.

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.

LOOK OUT! before you buy Hats and Caps.

LOOK OUT! before you go to take your measure for your Custom Clothing.

LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at

No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,

AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE;
2mos 3 & 37 Market Street.

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost supersiding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

au22 R. FRENCH, Proprietor.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square,
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
—He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. J. B. FLAGG.
Portsmouth, May 1st, 1860.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.
J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JUNE 20, 1860.

THE SIX MONTHS BILL.

If there is one bill before the present Legislature, (says the Independent Democrat,) which ought to command the support of every honest member without distinction of party, it is the bill requiring a residence of six months in the towns to constitute a legal vote. Within the last few years the business of colonizing voters into the close towns has been carried on extensively, and at great expense to both parties. It so happens that the three months preceding the March election commence with the first of December, a season of the year, of all others, most favorable for colonizing. It is that season when every loafer, pauper and worthless vagabond in the State is willing to be moved wherever anybody is willing to furnish him with board, lodging and liquor through the winter. The effect of the present law, therefore, is to compel one political party, or both, to support a set of venal and intemperate men, the whole winter long, for votes, which, but for the law, neither party would need.

Change the law. Make six months' residence necessary to constitute a voter, and ninety-nine-hundredths of the entire evil is remedied. The time required will commence in the busiest season of the year, when every man has employment, a place to live in, and something to eat. Whoever moves at that season of the year will move for an honest purpose, and not for the purpose of wreaking a living out of the necessities or rivalries of political parties.

THE RECEPTION OF THE JAPANESE in New York on Saturday was carried out in superb style. The Embassy arrived at 3 P. M., and were received by the city officials at Amboy, where the Philadelphia committee resigned their charge. On reaching the Battery a salute was fired; and the Embassy were escorted to their quarters by a division of troops. The crowd was immense. It is estimated that over 600,000 persons lined the streets on the route. No disturbance. The Metropolitan Hotel was illuminated in the evening, and there fire-works and and a serenade. Windows let as high as $10 and $15 during the day.

The apartments at the Metropolitan Hotel were thronged by thousands of people.

The official reception by the City Government took place Monday afternoon at City Hall. The Seventh Regiment acted as guard of honor.

FREEWILL BAPTISTS.—The Yearly Meeting of the Freewill Baptist denomination of New Hampshire, has just been held at Sandwich, lasting three days, closing Sunday. The last day two meeting-houses were filled to overflowing, and another congregation met in a hall. From 60 to 75 ministers attended this session. Rev. Simeon Swett appeared as delegate from the Christians, and Rev. J. P. Stinchfield from the Methodists. Several preachers were present from Maine and Massachusetts, one from Vermont, and one from New York.—A collection of $90 was taken for the missions, and several collections for other objects. This denomination has in the State nearly 10,000 members, and the churches on the whole were represented as being quite prosperous. The next session will be held at Strafford.

☞ The State of Texas contains a larger area of land than the whole of the New England States, New York and Pennsylvania combined. It is increasing most rapidly in population, by an immigration of the most desirable character, and is gradually developing the elements of an almost unequalled national wealth. Its cotton is of the finest quality, and the lands within its borders adapted to its culture are capable of yielding more than the entire present crop of the whole country. Tobacco, sugar, lumber and all cereals are raised in abundance, and from the success which has attended the large experiments in sheep-raising, the day is evidently not far distant when sufficient wool will be raised in the State to supply the wants of the Union.

WASTE OF MANURE.—In a late Convention in Boston, was submitted a communication from George B. Emerson, on drainage, by which much valuable fertilizing material is carried into the rivers and bays, and thus lost to agriculture. The letter stated that it was estimated that every family of five persons annually created refuse matter sufficient to manure at least one acre of land. According to this, fertilizing material sufficient for 30,000 acres of poor land was annually wasted in the city of Boston by means of a wasteful system of drainage. The communication urged with much force the prospective importance of this subject to the interests of agriculture.

☞ The Great Falls Manufacturing Co. declare a semi-annual dividend of five per cent.

For the Chronicle.

WHENCE COMES MUSIC?—This is a question frequently asked, possibly seldom answered. Reader, would you know?—Rise when the morning sun illumines the east, while yet the mantle of night rests on the vallies; the dew glitters upon every tree and shrub; every blossom and vine distils fragrance, and the breeze, laden with sweets, fresh and health-giving, carries with it an invigorating glow and fuller sense of vitality. High up in the blue ether, the lark is singing his melodious song,—the robin and brown thrush warbling their notes of joy—the Bob-o'-Lincoln repeating his one merry strain—the quail whistling his—while the sparrow, the catbird, the blue-bird, the yellow-birl, the pewit, the oriole, the sand-piper, the mocking-bird, the martin, all join in chorus; and at last fly away in song, and scatter abroad their music.

The Handels, Mozarts and Beethovens, did they catch their notes from the hammers of Tubal Cain? or rather from the roar of the water-fall, the murmur of the streams, the sighing of the winds among the trees, and the songs of birds? We leave these reflections with those who may have enjoyed the opportunity of viewing nature, and the beauties of nature's God, during this, the bridal month. L.

Epping, June, 1860.

ACCIDENT AT THE GLOBE MILL, NEWBURYPORT.—On Monday morning, five minutes after 6 o'clock, the people in the neighborhood of the Globe Mill were startled by the noise and crash occasioned by the bursting of one of the boilers, that rendered the engine house a wreck, and threw pieces of it a long distance. The boilers were full of water, under the usual force of steam, from 85 to 87 pounds, when a sheet of iron upon the upper side of one of the boilers, four feet long by two wide, gave way, and a column of water and steam shot into the air, carrying all before it; three-quarters of the roof of the boiler-house, 65 feet square, fell in, and the walls were so shattered that the building will mostly need to be rebuilt.

Heavy timbers were wrenched apart and wrung off, leaving the ends like wooden brooms; and some of the heavy joists, a dozen feet long and more, were thrown entirely over the mill; bricks flew in all directions into the gardens and against the houses on Federal and Liberty streets, and a hundred panes of glass in the north-eastern portion of the mill were broken.

Few persons were in the way of danger. In the boiler-house were Mr. George W. Worcester, fireman, and Mr. John Haley, coal-breaker, who were wounded, though not dangerously. Some of the operatives in the mill were alarmed—probably remembering the Pemberton—and on the second floor they made for the fire escapes, from which one girl jumped 16 feet to the ground, injuring her back.

It is a fortunate arrangement not to have boilers in the main factory, as thereby the mill hands are mostly out of danger. The damage to the mill may be some $1500. The cause of the accident was, the boiler had been turned over so as to bring a new plate to the fire, and that part formerly exposed could not endure the pressure. No person is held responsible for the accident.

AN ENRAGED ELEPHANT.—The performing elephant connected with the circus exhibiting at Haverhill, Tuesday, says the Traveller, took offence at his treatment, and broke away from his keeper, tearing down seats and rushing through the tent, making his way through Emerson, Merrimac, Water and Mill streets, where he was overtaken by his keeper and brought into subjection. His movement through the streets created great excitement, and frightened horses, though nobody was "trod on" nor any serious damage done.

PERILS OF FISHERMEN.—The Gloucester Advertiser, in speaking of the supposed loss of the schooner Pleasant Bay, which left that port on the 12th of April, for the Georges, says this makes the fifth vessel and crew that has been lost in the Georges fishery since January. Within 30 years 30 vessels and over 2000 men have been lost in the same fishery; and although hopes of their safety are always entertained until hope can hold out no longer, it is remarkable that no vessel or crew ever returned after having been absent five or six weeks.

☞ William Williams, M. D., died in Salem, Mass., on Sunday, the 17th June, from the effects of a cut on one of his hands, received while strapping his razor a fortnight ago. Dr. Williams was formerly a clergyman, and was once pastor of the First Congregational Church and Parish in Exeter, N. H. He was in the 63d year of his age, and was a graduate of Yale College, class of 1816.

☞ On Saturday night, between 12 and 1 o'clock the barn of Joseph Newell, Esq., of West Newbury, was broken open and a valuable five year old colt, and wagon, stolen therefrom. Officers are in pursuit of the thief.

BALTIMORE CONVENTION.

At 10 o'clock, Monday, June 18, the grand Convention of the Democratic Party met in Baltimore. They spent the day on points of order &c., amid much excitement. Finally as the proceedings read:

Mr. Stewart, of Maryland, demanded a vote by Sates, on considering the call for the previous question, amid *great tumult*, the delegates all on their feet. The roll was called, resulting in yeas 233, nays 18, so the previous question was seconded.

On motion of Mr. Richardson, of Illinois, the Convention adjourned until 10 o'clock to-morrow.

The question before the Convention stands as follows:—Howard's original motion directing the Sergeant-at-Arms to admit all delegates accredited to Charleston; Church's motion referring all claims for admission to the Committee on Credentials, they to report the names of persons entitled to admission, with a proviso that all delegates accepting seats shall be bound to abide by the action of the Convention; Gilmore's amendment that the delegates from the States of Arkantas, Mississippi, Florida and Texas, be at once admitted, and that the contested seats of other States be referred to the Committee on Credentials, to be selected by each State. The previous question is called the last amendment, and the probabilies are it will be put, and Gilmore's amendment voted down.

Division will be calledon Church's amendment, and the first part adopted without the proviso respecting a pledge. The chances are in favor of a harmonious termination of the Convention, as New York evidently holds the balance of power, and seems likely to favor a compromise.

Every effort will be made to effect a compromise to-night.

☞ The U. S. *Senate*, Monday June 18, passed the Navy Appropriation bill—25 to 17.

In the *House*, the Kentucky contested election was taken up, and the resolution retaining Mr. Anderson in his seat passed —112 to 61.

The Legislative Appropriation bill was taken up, and the amendments of the Committee of the Whole concurred in.

Mr. Winslow made a minority report from the Covode Committee.

Mr. Florence by unanious consent, read a proposition for information, setting forth that the resolutions of censure on the President, which passed on the 8th, were unconstitutional, unfair, illegal and extraordinary; and authorizing the Speaker to write on them and on the records—Expunged by order of the House.

After a little debate Mr. Florence withdrew his proposition.

The civil appropriation bill was amended by appropriating $350,00 for the extension of the Treasury building, and $565,000 for the extension of the Capitol, and for purchasing, at the expense of $47,600, thirty-four monolithic columns of American marble for the Capitol.

☞ The city of New York alone *sells* three times as many "pure imported brandies," and four times as many "pure imported wines," annually, as all the wine-producing countries of Europe *export*.

Gossips mind everybody's business save their own. If people would attend to their own affairs, they would find no time to meddle with the business of their neighbors.—*Rousee.*

☞ The result of a fight between two New York Aldermen, was a black eye for one and the loss of a lock of hair for the other. The fight took place in a suburban bar-room, and finished an animated discussion on topics of the day.

FACT IN NATURAL HISTORY.—Strong-minded women have a great affection for parrots, because they are fellow-screechers.

☞ A company is said to be forming to run a line of steamers between England and India, via the Cape. The vessels are to be of 6000 tons register, and power enough to perform the service within forty-five days.

☞ Sayers and Heenan had commenced a sparring tour in England, and attracted good audiences at high prices.

☞ Recruiting for the Pope's army is in active progress in Ireland, and is assisted by the publication of accounts of the gracious reception which had been accorded to previous recruits at Rome.

When is a poet most becomingly clothed? When he's wrapped in his subject.

☞ We have received the early numbers of "The World," a new quarter daily newspaper from New York city. It is well printed and ably edited. Not a party paper, but a newspaper.

Too True to be Funny.—The ties of unhappy marriages are cruel-ties.

☞ A writer in the N. H. Journal of Agriculture says, "Green Burdock leaves will cure the slabbers in a horse in fifteen minutes, if he will eat them; and usually a horse troubled in that way will eat them."

ST. LOUIS, June 18.—Captain Simpson passed through this city on Saturday for Washington with a proposition from Brigham Young to sell out the Mormon property and emigrate to the Pacific coast.

FOR A FELON—Cut a hole in a lemon, and wear it on the finger like a thimble—the felon being encased in the fruit.

The Japanese Ambassadors have brought no priest with them, and they perform no religious ceremonies and observe no Sabbath. In their own country they say they are good every day.

LARGE FIRE.—We learn from Mr. John T. Page, that the Saw, Box, and Plaining Mill of Otis Allen, at Lowell, was burnt on Saturday afternoon. Loss estimated at $10,000. The policy of insurance expired on that day, and the agent of the Insurance Company was on the premises when the fire broke out, for the purpose of renewing it.—*Newburyport Herald.*

Fires break out very often, but we never knew one to break out for such a purpose.

THE ATLANTIC MONTHLY for July contains a score of articles, from the pens of Dr. Palfrey, J. P. Kennedy, Mr. Woodman, Dr. Holmes, William Dowe, Aubrey de Vere, and other writers of established reputation. The reader will find it one of the most agreeable numbers of a periodical that is never disagreeable.

☞ After doing business with the celebrated Medicine manufacturers, Dr. J. C. Ayer & Co., of Lowell, Mass.; for several years—we wish to say that if their Medicines are as prompt in action and faithful in performance of all agreements, as the gentlemen themselves are in all business transactions—the immense success of the house is no wonder.

☞ John Montgomery's house, in Whitfield, was destroyed vy fire on the 3d, inving a loss of $1000, with no insurance.—Moses Howland's house and outbuildings, in East Landlaff, were also burned a few evenings previous, together with three horses and other property; loss $2500, partially insured.

☞ Uriah W. Miner, Esq., of Peacham, Vt., while engaged in taking the roof from an old house, on Thursday of last week, fell the distance of about fifteen feet, striking the fore part of his head against the edge of a plank. He lived until Saturday morning, when he died. He was superintendent of common schools in Peacham, and a much respected man

SUDDEN DEATH.—On Saturday evening, the wife of Capt. William P. Godfrey, residing in Newburyport, was in apparent health and at work in her garden between eight and nine o'clock, when she went into the house and sat down and died. She had been troubled by neuralgia in the head.

☞ Among the members of Congress who voted to censure the President for his corruption, was Mr. W. H. N. Smith, of North Carolina, the candidate of the Democrats for the Speakership.

☞ The Liverpool Post of the 23d ult. chronicles the departure of the ship William Tapscott, of New York, with 811 Mormons on board, *en route* for Salt Lake.

Webster's Motto.—"I know no North, no South, no East, no West."

Lincoln's Motto.—(Vice versa.)

An Appropriate Name for "Honest Abe," Abe-olition.

A CARD TO YOUNG LADIES & GENTLEMEN

The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple *Vegetable Balm*, that will, in from two to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage,)
JAS. T. MARSHALL,
PRACTICAL CHEMIST,
June19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."
BETSEY SANBORN.
Kensington, Sept. 25, 1855.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

Local.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.
Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

☞ The Christian Sunday School is to give an Exhibition at the Temple, this (Wednesday) evening—which promises to be one of the best entertainments of the sort ever given in the city. The preparations are on a large scale, and no pains has been spared to render the affair at once attractive and instructive. This School, we are told, is the largest Sabbath School in the city, comprising about two hundred children: and about one hundred of them will take part in the exercises—which will not fail to be of interest to all who care about any such things.

☞ Our attention was called, on Monday morning, to a horse and phaeton, with a party of three who were about starting for a trip to the White Mountains. They had made arrangements to go on the Railroad Excursion, but that being abandoned, they determined to make the trip alone, and refresh themselves in the clear atmosphere of those "Crystal Hills." So at 9 o'clock they started, with plenty of clothing and a good supply of the "one thing needful."
REP.

☞ A young man of respectable appearance, belonging in Eliot, was arrested by a couple of watchmen, on Monday night, almost or quite in the act of crying fire, to raise a false alarm. He was committed to the lock-up; but managed to get out on Tuesday morning, and made his escape.

EXCURSION TO PORTLAND,
AND STEAM BOAT RIDE DOWN PORTLAND HARBOR,
On Friday, June 22, 1860.

Tickets from Portsmouth to Porland and back, $1.25.
For children under twelve, 75 cents.
Tickets to the Harbor Excursion 10 cts.; furnished to all who wish on board the cars.
The Excursion party will leave Portsmouth from the Eastern R. R. Depot at 10 A. M. Returning leave Portland 5 P. M.
Those who wish to make the Excursion down the Harbor, will go on board the Boat at the wharf near the Portland, Saco & Portsmouth R. R. Depot, immediately on their arrival at Portland.
The Boat ride will occupy about two hours, after which there will be ample time for the party to look over the city.
All are cautioned to be at the Depot at 1-4 to 5 for the return train.
Tickets may be had at the Stores of S. F. Cobb, J. P. Morse, J. H. Locke, and J. N. M. Hill, also at the Ticket office of the Eastern Depot.

No water excursion can be more pleasant than one down Portland Harbor.—Three hundred and sixty beautiful islands dotting the Harbor, furnish a panorama of water and landscape scenery nowhere surpassed for beauty. This excursion will afford a rare opportunity not only to see this beautiful Harbor, but to explore the rapidly growing city, and visit the various objects of interest it contains, at a very small cost. Parents who may wish to send their children, and cannot go themselves, may be assured that they shall be well cared for.

For the Chronicle.

☞ James Donovan, a genuine paddy, escaped from the House of Correction a day or two since, and after regaling himself on five cents' worth of rot-gut,—as a natural consequence—became wholly unmindful of his future welfare, and was picked up by the watchmen on Monday night, who provided him with lodgings in the well ventilated apartments of the Police Station House. After a refreshing sleep, occasioned by pleasant dreams of purgatory, street fights, etc., James awoke, and evinced much sorrow upon finding the key of his room entrusted to another person, thereby preventing his voluntary egress. Now Jim's motto is: "free as the air;" and knowing this, the reader will not be surprised to learn that tears were trickling down over the cheeks of the fallen Hibernian, when we called upon him. His lamentations, however, had the desired effect, and James was once more set at liberty, to await the first opportunity to repeat the experiment. We would here take occasion to state that the gentleman above alluded to, has had the honor of being sentenced to the House of Correction about thirty times. ***

☞ Perley of the Boston Journal says—"The 'Sons of New Hampshire' resident in Washington, are to present a cane to E. W. Harrington for his patriotic conduct while Mayor of Manchester"—probably for stopping the bells that were tolling for John Brown.

☞ The Boston Herald says Dr. Dadd returned from New Hampshire on Friday, *without having found any cases of pleuro-pneumonia.* Two cows at Amherst which were reported to have that disease, were suffering from other causes.

☞ We are requested to state that an adjourned meeting of citizens on celebration of 4th of July, was held Tuesday eve., and adjourned to Friday evening at 8 o'clock, to await the action of the Board of Aldermen at their next meeting.

GENERAL COURT.—MONDAY, June 18
HOUSE.—Bills read a third time and passed: A bill to protect Smelt Fishery in Great Bay; a bill for the preservation and protection of fish in Spofford's Lake.

A substitute for the Cattle Disease bill was introduced by Mr. Mason of Tamworth, which gives power to towns to act in the matter, and authorizes the Governor and Council to appoint Commissioners concerning the transit of cattle.

Mr. Quincy of Rumney moved that the whole subject be recommitted with instructions to strike out all relative to Commissioners. The subject was postponed to Tuesday.

Bills were introduced, to cede certain State Lands to Dartmouth College,—and to establish the office of Public Instruction.—They were read twice and referred.

ITALY.—One day's later news from Liverpool, gives more Italian Items.

The Malta Observer says the Neapolitan General had asked for an armistice to bury the dead. Garibaldi not only granted it, but said he was willing to prolong it for weeks.

An English steamer had arrived at Marseilles with volunteers, rifles and money for Garibaldi.

The King of Naples proposed to grant a constitution based on French institutions.

France promptly refused the request of Naples for intervention in Sicily.

Nothing positive is known from Sicily respecting the armistice.

☞ Dispatches from Baltimore to the Boston Journal, dated June 19, say:—

The Douglas men are decidedly downhearted, but will make a desperate struggle. They are prepared for extreme measures.

The Com. on Credentials will make two reports—majority in favor of secessionists.

The Douglas line in the East is not so firm as it has been. They are hardly ready to follow the Northwest in its bold stand for Douglas. Yet enough will be found ready to break up the concern when the crisis comes.

The Administration men are quite unable to agree upon anybody.

WASHINGTON ITEMS.—Perley telegraphs from Washington June 19, forenoon,—dispatches and news brought by gentlemen this morning give little encouragement to either side, and it is rumored that both Conventions may adjourn without action.

At noon he says:—Douglas men are telegraphing to their friends at Baltimore not to yield, but to nominate him somehow.

Medals of Gold, Silver and Bronze, and Honorary Diplomas, will be given to those whose articles merit such awards.
Communications from those who wish more particular information, and from those who will require much space, may be addressed to the subscriber. **JOSEPH L. BATES, Secretary.**
Boston, June 13, 1860. 2aw2m

PEALE'S COURT OF DEATH.
The most elaborate and noted work of Art ever painted by an American Artist, is the 'COURT OF DEATH,' by REMBRANDT PEALE. This painting covers 812 square feet of canvass—contains 23 Life Size Figures, and has never been valued at less than
25,000 Dollars.
It has been gazed upon with admiration and delighted by tens of thousands. The subscriber has purchased the painting, and issued a splendid
Chromo-Lithographic Engraving
of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.
The size of the Engraving is 23 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.
Clergymen and Church Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.
Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County* and *State*, plainly. Address G. Q. COLTON,
P. O. Box 3391. No. 37 Park Row, New York.

RELIEF IN TEN MINUTES!!
Bryan's Pulmonic Wafers!
The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.
These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.
TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, com, pass and clearness, for which purpose they are regularly used by many professional vocalists.
JOB MOSES, Sole Proprietor, Rochester, N.Y
Price 25 cents per box.

The Great English Remedy!
Sir Jas Clarke's celebrated Female Pills
Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.
This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.
In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.
These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.
To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.
For full particulars, get a pamphlet, free, of the agent.
N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'
HOUSE FURNISHING ESTABLISHMENT,
No. 46 Market Street.
NEW STOCK OF
STOVES, RANGES, FURNACES,
Something New!
A FRIEND TO NEAT HOUSEWIVES.
CHESLEY'S PATENT
BOOT AND SHOE DUSTER.
A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.
TRY ONE.
SEASONABLE ARTICLES.
One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator; (a poor one is not worth buying at any price.)—The attention of the public is invited to
WINSHIP'S PATENT
Upright self-ventilating Refrigerators
It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.
This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.
The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.
All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.
MASSER'S FIVE-MINUTE
ICE-CREAM FREEZER.
Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.
CHILSON'S CONE FURNACES.
Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction*. All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.
PORTABLE FURNACES
of all sizes—sufficient to warm one room, or an entire building as may be desired.
CHILSON'S NEW COOKING RANGE.
A splendid article, having two large elevated ovens, *sure to bake*. These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.
BEST BLACK VARNISH,

Auctions.

Now is the Chance for those who are in want of LAND!
Valuable Real Estate in Rye!
Will be sold at Public Auction on
THURSDAY, the 21st day of June, at 3 o'clock, P. M.
At the Sagamore House, in Rye,
A PART of the **SAGAMORE FARM**, comprising 89 acres of very excellent land, suitably divided into Mowing, Tillage and Fasturage, with a fine lot of fruit trees, and two wells of water on the same. Being bounded Easterly on the Atlantic Ocean, it is very easily dressed with sea-weed. On the same are several very eligible Building Lots. The field land will cut about 20 tons of hay, all of the best quality, pasturing sufficient for 12 head of cattle. Such a favorable opportunity for the purchase of such excellent land is seldom offered; I therefore respectfully call the attention of Farmers in particular, and the Public in general, to the above sale. An undoubted title will be given. Terms at sale.
For further particulars, enquire of STEPHEN B. FITTS, at the Sagamore House, Gen. JOSIAH G. HADLEY, of Portsmouth, or of the subscriber.
Rye, June 5, 1860. GEORGE W. TOWLE.

CARRIAGES AT AUCTION.
Will be sold at Public Auction,
On SATURDAY, June 23d, at 10 o'clock,
At Auction Store, Congress Street,
(unless previously disposed of at private sale)
ONE good FAMILY CARRIAGE, slide seat.
Also, one light BUGGY WAGON.
The above will be sold at a bargain for Cash.
Apply at J. E. ADAMS' Auction Store,
No. 19 Congress Street.

Spring and Summer Goods.
J. E. HAM & Co., - - 9 Congress St.
Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of
SPRING AND SUMMER CLOTHS,
ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of
COATINGS,
including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of
PANTALOON GOODS
That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.
They would invite the special attention of gentlemen to their Cloths for
BUSINESS SUITS,
as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.
Portsmouth, May 17th, 1860.

Also, TRAPANI, ST. UBES & LIVERPOOL **SALT.** Just received and for sale
at the Store corner of Vaughan & Congress sts
F. W. ROGERS.

Morning Chronicle.

The police in Matanzas arrested a celebrated highwayman named Sallez, on board the American brig L. M. Merritt. It seems he had escaped from Cuba about a year ago, and had shipped as a common sailor on the brig, in order to desert in Matanzas and return to his old ways. The police received their information from New York, and accompanied by the American Consul, went on board and secured him.—In his chest they found a list of the plantations he intended to fire, and peaceable citizens doomed to his revenge. Sallez was entrusted to the mounted police, to be brought to Havana by land, and on the road attempted to escape, when he was shot dead. This is one of the methods adopted by the government to avoid long trials for hard cases. They are handed over to the soldier for removal from one place to another, left with a certain liberty, and shot down at the slightest attempt at escape.—*Havana (10th) Corr. Charleston Courier.*

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the Blood becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a tone of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and *supervision*, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of Ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D.,
CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from diseases, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE OF DR. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

PROPRIETOR'S OFFICE,
No. 41 FULTON STREET, NEW YORK.
For sale by every Druggist in this city.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and have never been able to say of any other medicine,—NEVER HAS IT FAILED IN ONE INSTANCE TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who made trial of it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter, "*what we know*," after ten years experience, and *pledge our reputation for the truthfulness of what we have declared*. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with the *greatest success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives to each energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arise from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints, *Do not let your own prejudices, or the prejudice of others, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used.* Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper

Sold by Druggists throughout the world. Principal Office, No. 10 Cedar st. New York.

Price only 25 cents per bottle.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course *New Tissue and Blood*.—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1. For DYSPEPSIA, *Depression of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVERUSE, GENERAL DEBILITY, and NERVOUS PROSTRATION, Nos. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is taken by *Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. *See* special directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD", $1 per bottle.

Sold by CHURCH & DUPONT, Druggists,
No. 49 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford instantaneous relief*, when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflamation, regulating the Bowels, and relieving pain, it has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL; this you can *rely* upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by
CHURCH & DUPONT, Druggists,
No. 409 Broadway, New York.

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible a curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the effects of Spirituous Liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the countenance.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

General Depot, 48 Water street, New York.

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every concealing case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz.:

In DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhood, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land, forming very signal instances of this kind, are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, chlorotic languor, and that composition of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being an active purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably efficacious and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tension, which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked DIARRHŒA, even when advanced to the last extremity, emaciated, exhausted, and apparently malignant, the effects have been equally decisive and astonishing.

In chronic Coughs, Loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has proved the admiration of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly appertaining to them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an amiable disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

DR. HOLMES'S POEM.

At the public dinner of the late Sanitary Convention, in Boston, one sentiment was:

Science, Poetry and Medicine—Never till now united in one person since the days of the god Apollo.

The Mayor introduced Dr. O. W. Holmes "the autocrat of the breakfast table and the guest of our dinner table." After a witty introduction Dr. Holmes read seven of the verses of the following poem:—

What makes the Healing Art divine?
The bitter drugs we buy and sell—
The brands that scorch, the blades that shine,
The scars we leave, the "cures" we tell?

Are these thy trophies, holiest Art—
The trophies that adorn thee best—
Or but the triumph's meanest part,
Where mortal weakness stands confess'd?

We take the arms that Heaven supplies
For Life's long battle with Disease,
Taught by our various needs to prize
Our frailest weapons, ev'n these.

When science drops her broken shield—
Its peaceful shelter proved in vain—
And bares her snow-white arm to wield
The sad, stern ministry of pain:

When shuddering o'er the fount of life,
She folds her heaven-anointed wings,
To lift unmoved the glittering knife
That searches all its crimson springs;

When, faithful to her ancient lore,
She thrusts aside her fragrant balm
For blistering juice, or cankering ore,
And times them till they cure or calm;

When in her gracious hand are seen
The dregs and scum of earth and seas—
Her kindness counting all things clean,
That lend the sighing sufferer ease;

Though on the field that Death has won,
She saves some stragglers in retreat,
These single acts of mercy done,
Are but confessions of defeat!

What though our tempered poisons save
Some wreck of life from aches and ails,
Those grand specifis nature gave
Were never poised by weights and scales!

God lent his creatures light and air,
And waters open to the skies—
Man locks him in a stifling lair,
And wonders why his brother dies!

In vain our pitying tears are shed,
In vain we rear the sheltering pile
Where Art weeds out from bed to bed,
The plagues we planted by the mile!

Be that the glory of the past:
With these our sacred toils begin—
So flies in tatters from its mast
The yellow flag of sloth and sin,

And lo! the starry folds reveal
The blazoned truth we hold so dear,
To guard is better than to heal—
The shield is nobler than the spear!

How to get rid of the apple borer—kill him.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington,
under the act of 1837.
70 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. His immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Boston, Jan. 1, 1860. **R. H. EDDY.**

DRY ASHES.

500 Bush. DRY ASHES, for sale by
may31 1m ADAMS & CURTIS

Look Out. Look Out. Look Out.

LOOK OUT! where you buy your READY MADE CLOTHING.

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.

LOOK OUT! before you buy Hats and Caps.

LOOK OUT! before you go to take your measure for your Custom Clothing.

LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at

No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags, And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE,
2mos **3 & 37 Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst blige-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family; and the convenience of every hotel, ship, steamboat or laundry.

Tubs containing 25 lbs.,		$1,00

C. E. MYERS. C. E. SIMPSON.

DR. B. S. GOODWIN,
Indian Physician, No. 9 Market St.,
PORTSMOUTH, N. H.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the law of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless forest. ADVICE FREE. jel3

NOVA SCOTIA POTATOES.

Just received and for sale by
may31 MAJOR HOOPER & SON.

Bickford's Spring Balance,

for Window Sashes, to take the place of weights. It is one of the most complete and useful inventions ever introduced into the market.

It balances the Sash perfectly, at any point.

It requires no expense for boxing, consequently it is much cheaper than weights.

It can be applied to old as well as new buildings, without any alteration of the frames.

It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.

☞ Also, *CARPENTER WORK* faithfully executed.
ADAMS PERRY, JR.
SHOP, OVER MERRILL & FERGUSON'S BLACKSMITH SHOP, OPP. NEW CUSTOM HOUSE.

au22 **R. FRENCH,** Proprietor.

City Hotel, Portsmouth, N. H.

This popular, comfortable and commodious House is pleasantly situated

On Congress St., near Market Square.

The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House equal if not *superior* to any public House in the city.

He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. **J. B. FLAGG.**
Portsmouth, May 1st, 1860.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of last size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "it cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

J. B. WIGGIN & CO.,
Green St., Portsmouth.
Portsmouth, March 1st, 1860.

BUSINESS NOTICE.

From and after this date, Mr. JOHN S. RAND is a partner with me in business. All persons having demands against me are requested to present them *immediately* for payment,—and all indebted are respectfully requested to settle their accounts as soon as possible. Grateful for the liberal patronage so long extended to me, I ask a continuance. **STEPHEN H. SIMES.**

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JUNE 21, 1860.

DISMAL AND DOLEFUL.—The Union Democrat says:

Our hopes of a satisfactory result at Baltimore are not very sanguine, we confess. There is danger the Democratic party will divide—there is, perhaps, greater danger that we may be loaded with embarrassments; but no danger that a good man will not be nominated, if any nomination shall be made by a full convention. The Democratic party is the last bond that holds the Union together. If that should be broken, and defeat ensue, the negro question will find a speedy solution in a distracted and disevered country. Let the end come. In full view of that whole train of disasters, we welcome them all, as a grateful relief from this disgraceful controversy.

What a dismal imagination the poor man must have, says Uncle Toby, to suppose that the rupture and defeat of a political party is a great disaster of a national character. A gang of spoilsmen may be defeated; perhaps they will be; but successors will be found to take all the offices, collect and spend all the revenues, and so on.

But then, even *this ruin* is a *grateful relief* from a *controversy* about slavery. Freemen are not affected, thus, to discuss the question whether slavery is right or wrong, wise or foolish. According to this rule, the American Revolution was a grand mistake, —and the Declaration of Independence a great humbug.

There surely was a Union long before the Democratic party was born; and there will be long after it dies. No party in this country has lived much over 40 years—and some not half so long.

The report that Mr. Sumner's life was threatened by Southern men on account of his recent speech in the Senate, grew out of the following incident: A drunken man named Capt. Henry went into Mr. Sumner's room one evening, and made savage threats of what he would do to him, but left without doing any violence. When Capt. Henry got sober, he went with the Mayor of the city to Mr. Sumner, and apologized for drunken conduct.—*Maine Dem.*

Exactly so, says Uncle Toby,—and Mr. Sumner was almost killed by a drunken pro-slavery bully, four years ago. It is very appropriate that such men should be the champions of such a system! The latest bully apologized; the other never did: but in Mr. Sumner's late speech he alluded to him in the most beautiful, forbearing, touching, forgiving manner. And yet men can be found, even at the North, mean enough to disparage Sumner, and apologize for the drunken champions of a vile system.

☞ "The Plantation" is the characteristic title of a new "Southern Quarterly Journal," edited by J. A. Turner, and published at Eaton, Georgia. The scope of the Plantation is not circumscribed. The editor says:

"We hope and expect to make the Plantation as powerful in the formation of public opinion throughout the civilized world as is the Edinburgh Quarterly or Blackwood's."

And further proceeds to throw down the gauntlet to the same civilized world in these terms:—

"We have no apology to make for slavery in the Southern States, but stand up boldly, and in the face of the world proclaim that it is a just, a humane and a useful institution, having the sanction both of nature and nature's God."

☞ The Pike's Peak Express has dates from Denver City of the 11th inst.

Not much more than expenses have been made in gulch minings in Gregory and vicinity. Some lead claims have been abandoned for the present. Quartz enough has been got out to supply all the mills for six months.

The rainy season had commenced. Timber was scarce.

A large number of emigrants were arriving at and departing from the mines.

LIQUOR EXCITEMENT IN VERMONT.—The citizens of Vermont are greatly excited about the liquor law and attempts to enforce it, and a large quantity of the fluid has been seized by the officers. A bottle of coal tar was thrown into the parlor window of a leading temperance man a few evenings since, and a piece of paper was attached to it, on which was written, "fire next," and another inscribed "fire and brimstone next." Most of the liquor is consigned to town agents, but is received by other parties.

PLEURO-PNEUMONIA.—Dr. Elwyn of Philadelphia and Mr. Collins of Indiana accompanied Dr. Dadd on a visit to Mr. Chenery's farm at Belmont, Mass., and after an examination of the cattle, Dr. Elwyn declared that the disease now prevailing among the cattle of Pennsylvania is not the contagious pleuro-pneumonia, but is the enzootic form of the disease, which is common among the herds of the New York swill-milk establishments.

☞ In Utica street, Boston, Tuesday afternoon, Mary Maguire, a drunken Irishwoman, aged 30, killed Honora Barry, another Irishwoman, aged 75.

BALTIMORE CONVENTION.

Tuesday June 19, the Convention resumed its deliberations. The question pending was on ordering the main question on the several amendments relative to the admission of delegates. After some discussion, Mr. Church of New York offered as a substitute, a resolution that the credentials of all persons claiming seats vacated by the secession at Charleston, be referred to the Committee on Credentials, which was adopted unanimously.

After a recess, the Convention reassembled at 5 P. M.

Mr. Fisher complained that the police would not let him in, as the tickets had been changed since morning.

Mr. King, of Missouri, called the attention of the President to the fact that a portion of the Georgia delegates did not secede at Charleston, and the question as to the rights of the non-seceding delegates from that State should be submitted to the Committee on Credentials.

Mr. Cushing explained the matter of tickets,—and the Convention adjourned to Wednesday at 10 o'clock.

An evening dispatch, special to the Boston Herald, says:—

The friends of Douglas in the Convention met to-night for the purpose of perfecting their organization, and to pledge the support of delegates to him first, last and always, and to oppose the nomination of any other candidate.

The Convention met this afternoon at the appointed hour, but immediately adjourned.

Midnight.—An "irrepressible conflict" occurred in the Committee on Credentials to-night, between Mr. Wm. G. Whitely of Delaware, and a contesting delegate from the same State. Whitely struck the latter with a cane, blows followed, and the result was that the police were called in and Whitely was expelled from the Committee room.

Mr. Hindman, another member of *Congress* from Arkansas, also had a fight with a contesting delegate in the same Committee. Whitely and Hindman are both secessionists, and the contestants non-interventionists.

The committee will report to-morrow afternoon. Chaffee, of Mass., is confident that he will obtain his seat, thereby ousting Hallett.

It is stated that the anti-Douglas delegates from Massachusetts and Pennsylvania will bolt from the Convention and go to Richmond, if the seceding delegates are refused their seats.

BALTIMORE ITEMS of Wednesday, June 20, detail a fight in a hotel between Whitely and Townsend, two rival delegates to the Convention from Delaware.

The Convention was opened by prayer. Mr. King of Missouri and Clark indulged in excited personal explanations.

Washington dispatches from Perley to the Boston Journal state that the New Yorkers mean to harmonize matters, that they may obtain the nomination of Judge Nelson or Seymour. The office-holders prefer Lane.

The Douglas men keep up their boasting of victory. The real friends of Douglas, however, begin to see his untenable position, as his election, with twenty-four Democratic Senators opposed to him, would be impossible; and if elected, they would disgrace his administration. For this reason they advise him to accept the proposition of the New Yorkers.

Perley's second dispatch, 11 A.M., says:

The Douglas men begin to express doubts, but say a Southern man must be nominated. Fitzpatrick of Ala. is their man, but they will take Lane. There is a Houston movement, but it meets with little favor.

A Southern Congressman has sent for his duelling pistols to settle two disputes.

His 3d, at noon, says:

Collector Schell came over from Baltimore, and says there can be no harmonious nomination.

A Washington dispatch to the N. Y. Times says the motion at Baltimore requiring a pledge from the delegates to sustain the nominee of the Convention was withdrawn at the urgentt request of Douglas.

☞ Garibaldi is still successful, as we learn by a steamer for Quebec.

News from Sicily states that a capitulation has been agreed upon between Garibaldi and Lanza. Conditions not known.

The King of Naples invoked the intervention of the five great powers to guaranty the integrity of his dominions. All have declined.

The London Times publishes full details of Garibaldi's proceedings, and says the present month will end the Bourbon rule in Sicily.

CAMBRIDGE STREET AND THE HORSE RAILROAD.—James W. Emery, Esq., "Attorney for the Cambridge Railroad Company," publishes a card in the Journal, which is doubtless intended to answer the statement made by the Transcript respecting the offer of $5000 to a real estate owner on Cambridge street, (as a bribe, or hush money.) We have read with care our account of this transaction, and after interviews with two gentlemen connected with the Cambridge Railroad, and with our informant, we now say, after a second inquiry, that, to the best of our belief, the article we published last Friday is true, "word for word, letter for letter, comma for comma."—*Bos. Trans.*

NO JAPANESE IN BOSTON.—Mayor Lincoln has received a dispatch conveying positive intelligence that the Japanese Embassy will remain in New York until it departs for home, and cannot be prevailed upon to visit Boston or to brave the hospitality of any other American city.

CONGRESS.—TUESDAY, June 19.

SENATE.—The legislative appropriation bill was taken up, and a conference committee appointed on disagreeing amendments.

The printing bill was taken up and amended by inserting 25 per cent. instead of a reduction of 40 per cent. It was then postponed.

A committee of conference was appointed on the Civil Appropriation bill.

The Senate insisted on its amendment to the Legislative Appropriation bill, providing for a loan of $20,000,000.

The Overland Mail bill was taken up.

Mr. Polk opposed any modification of the Butterfield contract.

Mr. Hale favored Mr. Latham's bill, as that would satisfy all parties interested.

The Committee of Conference on the army bill have made a report, which being agreed to by the Senate and House, the bill stands passed.

The discussion was then resumed on the overland mail bill till 4 P. M.

HOUSE.—Mr. Gilmer wished the unanimous consent of the House to take up the bill for the unequal distribution of the public lands among the States. Objected to.

The Appropriation bill was then take up.

Mr. Davis of Md. reported that the Committee of Conference on the Army bill had agreed to the appropriation of $735,000 for fortifications.

The Senate's amendments to the Navy bill were considered and non-concurred in. Among others is that appropriating $300,000 for a coal and naval depot at Chiriqui, on the Isthmus.

WASHINGTON June 19.—The conference committee on the homestead bill met for the twelfth time to-day, and finally agreed on a report calculated to surprise both branches. By their report all land subject to private entry is to be open for homesteads at 25 cents per acre; also half of the surveyed public lands not yet offered for public sale.

Preemptors now on the public lands are to have two years after the passage of the act to pay for their lands at half the present prices, or 62 1-2 cents per acre. The Senate are to strike out their section requiring the President to sell the public lands within two years after their survey.

The members of the committee on the part of the House insisted on extended the privileges of the bill to all over 21 years of age, whether heads of familes or not, and to all surveyed lands; but this being declined, they finally acceded to the above, stating that they should insist on enlargement hereafter.

It is understood that Mr. Fitzpatrick declined joining in the above agreements.

GENERAL COURT.

In the House, Tuesday June 19, the following bills were read a third time and passed:—

An act to amend an act enlitled "An act to incorpotate the Manchester Aqueduct;"

An act to authorize the city of Manchester to take stock in the Manchester Aqueduct;

An act limiting the time within which prosecutions may be brought for offences against the act for the suppression intemperance;

A joint resolution in favor of the appropriation of $1000 for painting and repairing the State House.

The Senate gave notice of their concurrence with the House in the following bills, &c.:—An act to prevent prize fighting; an act for the preservation and protection of fish in Spofford's Lake; an act to change the name of the Baptist Convention.

There was an interesting debate on the Cattle Disease Bill—and the following votes were taken.

The first, on the amendment to strike out all the proposed bill after the enacting clause. The amendment was adopted—197 against 3.

The first section, empowering towns in town meeting to establish regulations and appoint agents, was adopted, almost unanimously.

On the second section, empowering the Governor to apoint a Commission of three, a division was taken, which resulted in 125 for the section, and 105 against it. On motion the yeas and nays were called, and with the following results:—For the section 147, against 136. The section was therefore adopted.

On the third section, which inflicts a penalty upon any person selling or exchanging, knowingly, diseased cattle, one-third of the penalty to go to the complainant, and two-thirds to the use of the State, Mr. Mason of Moultonboro', moved the following amendment: "Strike out the following words, 'and two-thirds to the use of the State,' and insert, 'two-thirds to the use of the town where such complaint is made,' instead thereof."

The amendment to the amendment was adopted without a dissentient. Sections 4 and 5, providing for the compensation of the commissioners, and that the act take effect on its passage, were adopted unanimously.

An amendment was adopted to include cities as well as towns.

A motion to reconsider the bill was lost, 119 to 154.

Mr. Smith, of Manchester, moved that the bill should be laid upon the table.—Agreed to.

TROTTING.—At the Union Course, Long Island, June 5th, there was a trot between Hiram Woodruff's Frank Temple (a relative of Flora), and a mysterious animal under charge of the Californian whip, Eoff; the unknown was supposed to be the Western flyer, Honest Anse. Mile heats, best 3 in 5, in harness. The winner was Honest Anse,—said to be as homely as he is honest. Time 2:41—2:35 1-2—2:32 1-4—2:35.

☞ The Boston Transcript is "pleased to learn that Judge Kent's health has taken a favorable turn." We have heard of fevers turning, but never before of health "taking a turn."

☞ Harper's New Monthly for July, 1860, contains an illustrated article entitled, Among the Nail Makers, which will give the reader a tolerable idea of modern nail making. Ancient Monuments in the United States, and a Plea for a Monster, are also illustrated articles. The Cruise of the Two Deacons is a humerous story.

Williams & Co. and John J. Dyer & Co., Boston; and J. H. Foster and J. H. Locke, Portsmouth, have received this number.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION

Respectfully announce to the Public their

NINTH EXHIBITION

—OF—

AMERICAN MANUFACTURES AND MECHANIC ARTS,

Boston, June 12, 1860. 2aw2m

INSTRUCTION IN THE ORNAMENTAL BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, to all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which, for beauty and durability, equals the Canvas Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of Drawing.

Mrs. M. continues to give instruction in WRITING; also, Silk and Worsted EMBROIDERY and other Ornamental Branches.

Classes will meet each day between the hours of 9 and 12 A. M., and 2 and 6 P. M. For further particulars, inquire at No. 17 COURT STREET, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

For sale by MAJOR HOOPER & SON, 10 and 12 WATER ST.

Special Notices.

THE WATERING PLACES.

The watering places are all activity, preparatory to the opening for the summer, to the invalid and the pleasure-seeker. Many, fortunate in the possession of wealth, will visit the most celebrated, in detail, and enjoy the pleasures of each.—Good living, cool breezes, music, dancing, fine scenery, and beautiful women above all, are far more attractive during the warm season, than hot streets, dusty stores, offices and workshops; besides, elegant leisure is far preferable to hard labor. Many sigh over their inability to join the throngs of pleasure-seekers, and yet make no effort to go. Now, let such save a little every week from their expenditures, and enclose to Wood, Eddy & Co., of Wilmington, Delaware, or St. Louis, Missouri, $2,50, $5, $10 or $20, for a part or whole ticket in one of their legalized lotteries. The ticket will be returned by next mail, and the drawings as soon as made. The capital prize is $70,000. These lotteries are authorized by law, and drawn by sworn state officers.

A CARD TO YOUNG LADIES & GENTLEMEN

The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple *Vegetable Balm*, that will, in from two to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth, and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage,)

JAS. X. MARSHALL,
PRACTICAL CHEMIST,
June19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANBORN.

Kensington, Sept. 25, 1856.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ Mrs. Winslow, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

CITY HAIR CUTTING, CURLING,

SHAVING AND CHAMPOOING SALOON,

Old Stand, - - - No. 24 CONGRESS S.

24 Market St., J. C. CARR.

OLD CHEESE.

A few NICE OLD CHEESES, for sale by LAFAYETTE LAIGHTON.

Local.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.
Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

FOURTH OF JULY is to be celebrated in an appropriate and delightful manner by the Merrimac division of the Sons of Temperance in West Newbury, Mass. Salutes of thirteen guns will be fired and the bells rung. A procession will be formed, consisting of a military escort by the Rifle Rangers, the Merrimac Division, Band of Hope, and other societies and associations. The company will proceed to a large tent, capable of holding a thousand people, to be erected near the bank of the river, where a sumptuous dinner will be provided, and speeches will be made and sentiments offered. In the evening a promenade concert will be given in the tent by the Epping Cornet Band, who are to furnish the music during the day. To those who delight to spend a day in the green fields, and yet join in celebrating the glorious Fourth, the Newburyport Herald well says, this offers a most favorable opportunity—and why can't we have something of the sort in Portsmouth, even without a large appropriation from the City? It is probable that the usual routine of ringing the bells, and firing salues, and music for the evening, will be observed; and we have no doubt that the Aldermen would also employ the Band for the day for any celebration of this sort, which might be gotten up.

For the Chronicle.

NUISANCES. — *Messrs. Editors:* — Our friend — ———, finds fault with the slaughter-house in Auburn street, because meat animals are dressed there; but it is as clean and well ventilated as any building in the city, and surrounded with the beautiful verdure put forth every spring to gratify and gladden the hearts of all mankind.

In State street the same man offers to the public New England rum, gin and New York brandy, which are deadly poisons to any person who partakes of the same.—Their effects can be traced down to the third and fourth generation.

Now the public can judge for themselves which of the two is the greatest nuisance to the people in general. At any rate the stench from the slaughter-house never killed any one; but "rum has slain its thousands." PROPRIETORS
AUBURN ST. SLAUGHTER HOUSE.

We have no comments to make on the above save that we wish *all* the nuisances against law, morals, public comfort and the well-being of the people, would take hold and remove each other!

☞ Notwithstanding the rainy weather, and the misunderstanding in regard to the Band's visit, quite a pleasant party assembled at Diman's Highland Cottage on Tuesday evening, enjoyed the music of our Cornet Band, and regaled themselves on the fruits of the vine. The Band will visit the Cottage on some evening of next week, of which due notice will be given.

Mr. Sides has his large "Ivanhoe" carriage or omnibus mounted on wheels, which will prove a great convenience for the conveyance of Bands and parties to picnics or elsewhere. Drawn by four good horses, and filled with a score or more of pleasure-seekers, it is a capital social rig-out.

☞ A few days ago one of our compositors found in our drop-box at the street door of our office, a notice of the marriage of Mr. John Leverton, which was duly inserted in the Chronicle. Mr. Leverton now writes us from Newburyport that he "knows none of the parties mentioned," (not even himself, eh?) and wants us to contradict the report. All we have to say is, that if we are any judges of such matters—the *same hand* which wrote the letter of contradiction, also wrote the notice of marriage; and unless both are forgeries, the individual particularly implicated in the affair, either way, has no cause of complaint—however much we of the Chronicle may feel ourselves abused and insulted by such a mean lie on the part of somebody.

WATER, WATER.—The Concord Statesman says:—

The erection of water fountains on Main street has saved taverns, livery-stable keepers and householders the trouble of furnishing water to animals from all the adjacent towns. If it be so convenient and pleasant to have water in homeopathic doses, how great the delight if the contents of Long Pond could be brought in upon us in ample quantity!

We ought to have, in Portsmouth, four or five stone fountains, like those in Concord, to supply the places of our old town pumps in part.

☞ It gives us pleasure to refer to Mrs. Murdock's advertisement of Instruction in Drawing and Painting, Writing and Needle Work—because her works are equal to her promises, and she knows how to teach others as well as to perform herself. She is here but a short time.

☞ We are indebted to W. R. Preston for a bottle of superior Extract Lemon, put up in the usual neat manner of his establishment. See his new list of advertisements this morning.

☞ We are requested by one of the City Watchmen, to state that their usual pay is but $1.25 per night—and $1.50 for three months in winter only.

NEW HAMPSHIRE BOYS AHEAD.—At the presentation exercises of the graduating class, at Yale College, last week, the class poem was delivered by Mr. Charles A. Boles, of Keene, N. H., and was so far from the boyish commonplace usual in such poems, that it won the favor of all. The De Forest Gold Medal, value one hundred dollars, is given to that member of the senior class who shall speak and write an English oration in the best manner. The medal was awarded to Luther M. Jones, of Marlborough, N. H. By many this is tho't to be the highest honor in Yale College.

☞ At the reception of the Japanese Embassy in New York, last Saturday, Lt. Col. Bellows, of the New Hampshire Governor's Horse Guards, rode in full uniform with the staff of the military escort. The correspondent of the Boston Journal says the uniform was conceded to be the most elegant in the parade, and the Colonel looked every inch a soldier.

☞ We understand that the Kittery Artillery, Capt. M. F. Wentworth, have received invitation to participate in the Fourth of July Celebration at Portland;—and will probably accept.

☞ We are having our May rain storm past the middle of June. No matter: the grass will grow as well, perhaps better.

ST. LOUIS, June 19.—Judge Bates has published a letter supporting the nominees of the Chicago Convention, and disclaiming any pique or dissatisfaction relative to the result of that Convention. He considers Lincoln able to cope with any adversary where mind and knowledge are the weapons.

☞ A pair of large mules were driven about the streets of Concord, and the Statesman says attracted as much attention as would two camels. They are much used in the Western States for draught purposes.

MARRIED,

In this city, June 19th, by the Rev. Dr. Peabody, Mr. JAMES F. ABORN, of Lynn, Mass., to Miss SARAH ADELAIDE CURTIS, daughter of Henry T. Curtis, of this city.

DIED,

In this city, June 19th, VICTORIA A. MARTIN, aged 4 years 9 months, daughter of Nathan F. and Louisa Martin.

In Franklin, Penn., Dr. Josiah Lane, aged 22, formerly of Stratham.

SUNDAY SCHOOL EXHIBITION.

The Christian Sabbath School
will hold an Exhibition
On THURSDAY Evening, June 21.
AT THE TEMPLE.

TICKETS only 10 Cents,—to be had at the Periodical Store of JOHN H. LOCKE, Market Sq., and at the Door.

Much care has been taken, and time spent, to make this one of the best entertainments of the kind. The proceeds will be used for the benefit of the Sunday School; and all who have an interest in Sunday Schools and Sunday School children, are invited to attend.

EXCURSION TO PORTLAND,
AND STEAM BOAT RIDE DOWN PORTLAND HARBOR,
On Friday, June 22, 1860.

Tickets from Portsmouth to Portland and back, $1.25.

For children under twelve, 75 cents.

Tickets to the Harbor Excursion 10 cts; furnished to all who wish on board the cars.

The Excursion party will leave Portsmouth from the Eastern R. R. Depot at 10 A. M. Returning leave Portland 5 P. M.

Those who wish to make the Excursion down the Harbor, will go on board the Boat at the wharf near the Portland, Saco & Portsmouth R. R. Depot, immediately on their arrival at Portland.

The Boat ride will occupy about two hours, after which there will be ample time for the party to look over the city.

All are cautioned to be at the Depot at 1-4 to 5 for the return train.

Tickets may be had at the Stores of S. F. Cobb, J. P. Morse, J. H. Locke, and J. N. M. Hill, also at the Ticket office of the Eastern Depot.

RELIEF IN TEN MINUTES!!
Bryan's Pulmonic Wafers!
The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The Great English Remedy!
Sir Jas Clarke's celebrated Female Pills
Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothign hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing 50 fifty pills, by return mail.

EZRA A. STEVENS'
HOUSE FURNISHING ESTABLISHMENT,
No. 46 Market Street.

NEW STOCK OF
STOVES, RANGES, FURNACES,

Something New!
A FRIEND TO NEAT HOUSEWIVES.
CHESLEY'S PATENT
BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.
TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to
WINSHIP'S PATENT
Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE MINUTE
ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction*. All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

Auctions.
THIS DAY.
Now is the Chance for those who are in want of LAND!
Valuable Real Estate in Rye!
Will be sold at Public Auction on
THURSDAY, the 21st day of June, at 3 o'clock, P.M.
At the Sagamore House, in Rye,
A PART of the **SAGAMORE FARM,** comprising 29 acres of very excellent land, suitably divided into Mowing, Tillage and Pasturage, with a fine lot of fruit trees, and two wells of water on the same. Being bounded Easterly on the Atlantic Ocean, it is very easily dressed with sea-weed. On the same are several very eligible Building Lots. The field land will cut about 20 tons of hay, all of the best quality, pasturing sufficient for 12 head of cattle. Such a favorable opportunity for the purchase of such excellent land is seldom offered; I therefore respectfully call the attention of Farmers in particular, and the Public in general, to the above sale. Air undoubted title will be given. Terms at sale.

For further particulars, enquire of STEPHEN B. FITTS, at the Sagamore House, Gen. JOSIAH G. HADLEY, of Portsmouth, or of the subscriber

Spring and Summer Goods.
J. E. HAM & Co., - - 9 Congress St.
Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of
SPRING AND SUMMER CLOTHS,
ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description and of the latest fashion, at any establishment in Boston or New York, and at lower prices. Their stock of
COATINGS,
including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of
PANTALOON GOODS
That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.

They would invite the special attention of gentlemen to their Cloths for
BUSINESS SUITS,
as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

Portsmouth, May 17th, 1860.

NEW MILK.
A large supply from my own Cows, morning and evening, for sale at Store No. 51 Congress Street, corner of Vaughan St.
Price during the month of June, 4 cents per quart. F. W. ROGERS.

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a unhealthy diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE the Bowels, and impart a new one of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of the ingredients PURELY VEGETABLE, without a SINGLE MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D., CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

PROPRIETOR'S OFFICE,
No. 41 FULTON STREET, NEW YORK.
For sale by every Druggist in this city.

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say in *confidence and truth* of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak, in this matter, *what we know*, after ten years experience, and *pledge our reputation for the fulfilment of what we utter*. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and *surest* REMEDY IN OUR WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints: *Do not let your own prejudices, or the prejudices of others, stand between your suffering child and the relief that will be SURE—you ABSOLUTELY SURE to follow the use of this medicine, if timely used.* Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 2 Cedar st. New York.

Price only 25 cents per bottle.

PLEASURE SAILING.

The **Schooner SIBYL**, one of the beautiful Yachts built by the late George Steers, will run during the season, to the Shoals, or to any other port or place, desired by the parties who may employ her for a day or a number of days.

She will lay when in this port, at PIER WHARF, and will make up her Accommodation Yacht, to the order of Individuals or Parties.

Application may be made on board, or to Messrs. JOHN RIDER & SON.

The Sibyl is commanded by Capt. RUFUS A. PRIBBLE, an experienced pilot, who will give every attention to the comfort and enjoyment of his passengers. The Sibyl has an elegant cabin, water closets, tanks, and every accommodation of a first class packet.

Portsmouth, May 1, 1860.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents white fibrin, the *Blood Food*, in proportion to the health of the system. Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and you find in every instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. This is the Blood Food, and is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies in the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS indicating CONSUMPTION, use No. 1, which contains the No. for *Depression of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVERWORK, or ANY DISAGREEABLE COMPLAINTS. NERVOUS PROSTRATION No. 2, for LIVER COMPLAINTS, No 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS indicating CONSUMPTION, use No. 1, which contains the No. for *Depression of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVERWORK, or ANY DISAGREEABLE COMPLAINTS. NERVOUS PROSTRATION No. 2, for LIVER COMPLAINTS;

Morning Chronicle.

Squire Jack was a cabinet-maker and undertaker, known far and wide as a master workman. One day a couple came to him to get married. The man's face was familiar to the squire, and he ordered him off in this wise:—"Begone, you scoundrel. You haven't paid me for your first wife's coffin."

☞ A German woman in New York, while crossing Harlem Bridge with her husband and friends, threw herself into the water because her husband would not eschew chewing tobacco. Before help could be obtained she had found "the true Nepthene of the soul"—her spirit had gone where meerschaums are not colored and pigtail is unknown.

☞ There is to be a fourth National Exhibition of Horses, at Springfield, Mass., Sept. 4, 5, 6, and 7, 1860. There is to be a Ladies' Saloon on the grounds; and the Home Journal suggests a new premium, for horses which will stand the most frightening—a capital idea.

WARS.— The orator at the recent meeting of the Peace Society stated that since the days of Constantine there had been 286 distinct wars, 120 of which have resulted in favor of the party in the wrong, and the same number in favor of the party in right, the remainder being undecided,—resulting in the death of nearly 40,000,000 people.

American and Foreign Patents.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made 69 TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1860. R. H. EDDY.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Pannacea** is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or Inflamed eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Boneset,—a speedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisis, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

Hundreds of certificates of cures by these medicines, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in
Portsmouth - - - - No. 1 School Street.
☞ N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. oct5

Look Out. Look Out. Look Out.

LOOK OUT! where you buy your READY MADE CLOTHING.
LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.
LOOK OUT! before you buy Hats and Caps.
LOOK OUT! before you go to take your measure for your Custom Clothing.
LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at
No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.
Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS cheaper than
MOSES & DOWNIE,
is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.
We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.
It would be impossible to enumerate the different articles in our store, but we would say that we have COATS varying in price from
50 CENTS TO 15 DOLLARS!
PANTS from
50 CENTS TO 7 DOLLARS!
We have also the largest and best assortment of
Cloths, Doeskins & Cassimeres,
Both plain and fancy, that can be found this side of Boston, which we will
Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.
We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also
Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags, And Oil Clothing,
and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do it at the BIG CLOTHING WAREHOUSE of
MOSES & DOWNIE,
2mos 3 & 37 Market Street.

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.
It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.
Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.
Grease spots of any kind removed in a short time from carpets and woolen goods.
It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst blige-water stains removed from paint immediately, by applying the soap with a sponge.
It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.
For cleansing, softening or healing the skin, it is unequalled.
It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

Portsmouth, May 1, 1860.

Bickford's Spring Balance,
for Window Sashes, to take the place of weights.
It is one of the most complete and useful inventions ever introduced into the market.
It balances the Sash perfectly at any point.
It requires no expense for boxing, consequently it is much cheaper than weights.
It can be applied to old as well as new buildings, without any alteration of the frames.
It does not balance by friction, but by means of a coiled spring with a cord attached, as the cords of weights.
☞ Also, *CARPENTER WORK* faithfully executed. ADAMS PERRY, Jr.

PHALE'S COURT OF DEATH.
The most elaborate and noted work of Art ever painted by an American Artist, is the 'COURT OF DEATH,' by REMBRANDT PEALE. This painting covers 31.2 square feet of canvass—contains 23 Life Size Figures, and has never been value d at less than
25,000 Dollars.
It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid
Chromo-lithographic Engraving
of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.
The size of the Engraving is 23 by 31 inches, and the price ($1) for which it is offered, is only *one fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance and War*, and the end of a good—a *Christian life*, are invaluable. Mr. PEALE says of the Engraving: 'I can certify that it is an accurate and admirable copy of the original Painting.' Testimonials without number have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.
Clergymen and Public Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.
Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 4 letter stamps, sent in all strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the Name, Town, County and State, plainly. Address G. Q. COLTON,

DRY ASHES.
500 Bush. DRY ASHES, for sale by
may31 1m ADAMS & CURTIS

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House equal if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. J. B. FLAGG.
Portsmouth, May 1st, 1860.

15 Daniel Street.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JUNE 22, 1860.

BALTIMORE CONVENTION.

WEDNESDAY, June 20.

Nothing at all was done in the Convention, except to adjourn to Thursday.

The Boston Post's special dispatch says:

Majority and minority reports will be presented by the Committee on Credentials to-morrow. The majority report, which is Douglas, will favor the admission of Mississippi and the Pierre Soule delegation from Louisiana, Forsyth delegation from Alabama, half and half from Georgia and Arkansas, and the rejection of Texas and Florida as not accredited to Baltimore. A new delegation from Texas, which arrived to-day, and which favors Douglas, it is said will be sustained by the majority and perhaps admitted. The minority report will be a general protest, urging the claims of all the old delegations.

The special dispatch to the Boston Herald says:

The Douglas men are in high glee, and are confident not only of his nomination, but of his election by the people.

There is a rumor that Cushing will join the seceders.

If any delegates from the North join the bolters, the party may consider itself very fortunate in being rid of a miserable, selfish crew.

The Richmond Convention will adjourn to-morrow to Baltimore, where it will be joined by the sore heads and doughfaces of the North.

The special dispatch to the Boston Atlas says:

The Credentials Committee had a squally session on all test questions. They stood 15 Douglas, 10 anti-Douglas.

The majority report against the secession delegates being admitted, will be sustained by New York, and consequently will prevail.

There will then be an immediate rumpus of the most intense character, and a general burst up of the Convention. The delegates who will go out are as follows: Virginia, 22; Tennessee, 3; North Carolina, 2; Pennsylvania, 10; New York, 10; Massachusetts, 8 or 10, (including Caleb Cushing.) These are in addition to those who seceded from the Charleston Convention.

BALTIMORE ITEMS of June 21, to the Boston Journal, say:—

The talk since midnight has been very savage on both sides, and is strongly indicative of a general row rather than of a tolerably dignified bolt.

Immediately on the re-assembling of the Convention this morning, twice as many persons as were entitled to seats were on the floor, all standing up and forming an impenetrable crowd. Delegates go in and send their tickets out to friends. Such was the great weight upon the floor that a portion of it fell through, but no one was injured.

The breakdown in the floor has now (11 o'clock) been repaired, and delegates are admitted.

On the re-assembling of the Convention, Mr. Krum of Mo. presented report of Com. on Credentials, which was read by the Secretary. It reviews the action of the previous session, and presents resolves admitting the contestants from Arkansas, Chaffee from Massachusetts, and O'Fallon under the the same circumstances from Missouri: allowing both delegations from Georgia to cast one-half a vote, and admitting the contestants from Alabama and Louisiana.

Mr. Stevens of Oregon then presented the minority report, admitting Hallett, Yancey, and the Missouri delegates, and excluding the squatter delegates from Kansas, Louisiana and Georgia, admitting the Texas delegates, and inviting the seceding Florida delegates to take seats and vote.

A dispatch from Baltimore to the N. Y. Herald, says there is a small army of New Englanders there, under the leadership of Benj. F. Butler, working against Douglas.

WASHINGTON, 21st.—Unless the New York delegation can carry some plan by which Seymour, Lane or Nelson will be proposed by a united South, the Convention will break up to-day, and Douglas will be nominated by those who remain. The seceders will meet to-morrow at Baltimore by adjournment from Richmond, and will be joined by Gen. Cushing, Dr. Loring, and about fifty other Northern delegates, who will make a separate nomination.

No DISUNION.—At Baltimore on Wednesday evening:—

Mr. Yancy spoke, deprecating the present condition of affairs, and expressing the belief that the Democracy will be united—repudiating any intention of the South, of seceding from the Union. The South did not mean to go out of the Union, and if others thought they could drive them out, they would have a lively time. His remarks appeared conciliatory.

The majority of the people present are decidedly favorable to the Union, and evince dissatisfaction when disunion sentiments are uttered.

So the Union is not smashed,—only the *party* is split.

The following appears among the "foreign intelligence" of the London Illustrated Times of the 2d instant:—

"The Baltimore Democratic Convention has nominated Mr. Bell for the Presidency. Mr. Everett has also been nominated. The Republicans of Chicago have nominated Mr. Lincoln. The Illinois Convention have nominated Mr. Hamlin and Mr. Maine as Vice President."

☞ On Monday afternoon an infant son of Mr. Almon Green of Lowell was lying upon a French bedstead asleep, and by some means got between the bed rail and a cross bay, where it was found hanging by the neck, and strangled to death.

THE MASSACHUSETTS LEGISLATURE AND THE CATTLE DISEASE.—The Haverhill, Mass. Gazette, edited by a distinguished physician, has all along ridiculed and denounced the alarm and unnecessary slaughter of cattle subjected to a common lung disease, which only needed proper treatment to save the cattle as surely as human beings afflicted with the same disease. He is now down upon a new feature of barbarism in the Massachusetts Legislature—the provision for branding cattle, by burning great letters into their flesh with red hot irons, to show they have been examined and pronounced sound!

☞ In the Essex, Mass. Criminal Court, June 19, Patrick Martin of Marblehead, two indictments for the violation of liquor law, retracted his plea and plead guilty.—Sentenced to pay a fine of $50 and costs and give bonds in the sum of $1000 not to violate the law for one year, and to be confined at hard labor in the County House for three months. On the second indictment, $50 and costs, give bonds in a like sum, and be confined for 6 months in the House of Correction.

BARBADOES AND JAMAICA.—Barbadoes is one of the most prosperous of the West India Islands, as it is one of the most pleasant and healthy. It was the very first to abolish slavery outright, when the other British isles passed through the apprenticeship. Though a small island, it now exports more sugar than Jamaica.

Barbadoes is now somewhat overpeopled; and a number of its enterprising planters, sugar makers, and managers, are about removing to Jamaica, where they will doubtless enlarge their own fortunes, and greatly increase the prosperity of Jamaica, by giving a stimulus to industry there.

A MODERN GRACE DARLING.—On the night of the 13th inst., Miss Moore, the daughter of the keeper of the light house on Fairweather Island, just below Bridgeport, Conn., heard cries for help at a distance from the shore, and determined that an effort should be made to rescue whomever it might be. It was too dark to tell the direction or the distance, but summoning two young men to her aid, she launched the boat belonging to the light house, and ordered them to pull out in the direction of the cries, she herself holding the tiller.—About two miles out on the Sound they found a sail-boat capsized, and clinging to it two men who were nearly exhausted.—One of them was entirely helpless, but both were finally rescued from death by the courage of this brave girl, and brought safely to shore. Mr. Moore, the keeper of the light, has been for some years afflicted with ill health, and when unable to see to the details of his office, this daughter assumes the entire management, trimming the beacon light with her own hands.

ACCIDENT AND NARROW ESCAPE.—While the first train was coming over the Fitchburg Railroad, Tuesday morning, thro' Waltham, three ladies of the name of White, from West Newton, were driving a valuable and spirited horse over the Newton street bridge, in the first-named town. As the train of cars approached the bridge, the smoke from the engine frightened the horse so that he became unmanageable, sheered across the bridge, and tearing away a part of the railing, the whole team, horse, wagon and ladies, went down some eighteen feet to the bed of the railroad, outside of the track, between the cars and the wall, where there was a space of five or six feet. The horse was instantly killed; the carriage was broken to pieces, but the ladies escaped with a few slight bruises, and crawled up the embankment without assistance—a most wonderful preservation.

☞ With reference to the will of the late Mr. Boker, who, out of a property of $800,000, left not cent for 'my Mary Ann,' in punishment for her marriage with the family coachman; it is now stated that the other heirs do not sympathize with the parent's spite, and will divide the property fairly. Besides, an uncle has left Mary Ann an extra $50,000.

☞ Dr. Loring, one of the Massachusetts Commissioners, in his address before the N. H. Legislature, dosted the presence of *the* cattle disease in New Hampshire; but advised the passage of such laws as would enable the authorities to check it, should it appear, as it would not unless brought into the State from some one of the infected towns in Massachusetts.

☞ The Supreme Court of the State of Mississippi has affirmed the validity of the law making it a penal offense for retailers to sell liquor to a drunken man, and declaring owners of drinking establishments responsible for the act of the bar-keeper on their behalf.

☞ We have just received part 6, of Cassell's Illustrated Family Bible, and part 5 of Cassell's popular Natural History.—The Natural History is profusely illustrated, and very full in description. For sale by the News and Periodical dealers.

☞ In the U. S. Senate, Wednesday, June 20, the postponement of the Tariff bill was *reconsidered*, by a vote of 32 to 17, and the Tariff bill *considered*, but no vote taken thereon.

On the Post Office Deficiency bill a committee of Conference was ordered, the Senate disagreeing to many of the House amendments.

Mr. Toombs, from the Conference Committee on the Civil Appropriation bill, reported that they had agreed on the amendments of both Houses, except one of the Senate's, appropriating $300,000 for the New Orleans Custom House.

The Senate receeding from that amendment.

There being no quorum present, the Senate adjourned until 11 A. M. to-morrow.

HOUSE.—Mr. Davis, from the Committee of Ways and Means, asked leave to report a bill authorizing the President within twelve months, to borrow twenty-one millions of dollars, to be used in the redemption of treasury notes at six per cent. Objected to.

Mr. Morrill made a partial report from the Committee of Conference on the Legislative appropriation bill, reducing all the subjects in controversy to seven, including the Senate's $21,000,000 loan amendment, on which they had been unable to agree, and asking for further time. This report was first rejected, 77 to 92.

Mr. Branch made a speech.

Mr. Sherman, said the committe on the part of the House made the best bargain they could with a Democratic Senate. He cared not if it was defeated, but wished to place the responsibility where it belonged.

Mr. Branch said if the bill was not passed, the President would be compelled to call an extra session. He appealed to all patriotic members to aid him in passing this bill, both for the benefit of the Government and their own comfort and convenience.

Mr. Branch moved the previous question, under the operation of which, the vote of rejection was reconsidered, and the report concurred in by 94 yeas against 72 nays.

☞ On Thursday last, at Haddonfield, New Jersey, a man named Hopkins committed suicide by bleeding himself to death, at his brother's house, where he had called to get some breakfast. The deceased was a man about fifty years of age. He was formerly possessed of considerable wealth, but fell into habits of intoxication, and, after spending all his money, became unsettled in his ways. He leaves a wife and several children.

☞ Judge Brinkerhoff, of the Ohio Supreme Court, has been nominated by the Republicans for re election. Judge B. holds the opinion that the Fugitive Slave Bill is unconstitutional, and in the Oberlin habeas corpus case gave an opinion to that effect, which was, however, overruled by his associates, one of whom, Judge Swan, was thrown overboard by the Republicans and defeated last year.

FLORA TEMPLE AND PATCHEN.—Two matches have been made between the little bay mare and the slashing stallion, to be trotted at Philadelphia. The first is to be mile heats, in harness, best three in five.—The second two miles and repeat. They are to be trotted on the 3d and 10th of July.

☞ Rev. H. M. Storrs, of Cincinnati, has recently preached a sermon on murder, in which he stated that during his residence in that city there had been more than one hundred murders, or an average of two a month, while in no instance had the perpetrator been executed.

☞ A Mr. Brown, of Concord, attracted a large crowd in Manchester, by exhibiting a singular species of dog or wolf, a sort of *cano-lupus* or *lupo-canis*. The animal had the figure, color of a wolf, but manifested the docile disposition and amiable bearing of a mastiff. He is now ten months old, and was brought to Concord from the town of Whitefield.

MUSICAL.—Mlle. Parodi will visit the principal places in New Hampshire, Maine, and Vermont, during the summer, assisted by Mlle. Montmorency, prima donna contralto, W. H. Dennett, basso, and Mr. E. Hoffman, pianist.

☞ A Sheriff of Vicksburg, Miss., was robbed of $10,000 while taking a nap, and upon discovering his loss, took a large dose of laudanum, but a physician was called in season to apply the proper remedies.

☞ During a whisky quarrel at Nevada, Ky., on the 10th inst., three men were severely stabbed by a man named Isaac Sanders. It is thought two of them will not live.

☞ In Lowell, Tuesday, a man named Moore blew his wife's brains out and then shot himself in the head. She died, but he will survive. Jealousy was the cause.

☞ Russell Moars, of Tewksbury, hung himself on Monday for grief at the loss of his wife. He was 60 years of age, and a worthy and industrious man.

TELEGRAPH TO THE PACIFIC.—President Buchanan has signed the overland Telegraph bill. Proposals will soon be out for building the line.

☞ Five men were shot during a strychnine whiskey fight in a grocery store in Belton, Texas, a few weeks since.

☞ If the Exeter Ballot can "make anything" by continually misrepresenting the Chronicle,—it is welcome to do so. In its issue of Thursday, it says the Chronicle "has for two months past nearly filled its local column daily, in advocacy of the measure," of appropriating the $500 for 4th of July; when the fact is, as all our *intelligent* readers know, that we have *never* recommended any such thing. Whatever has appeared in our columns, of the character mentioned, has been from correspondents, and in all cases with their signatures appended—and we have in no case expressed coincidence with their views. In amount, perhaps we have published three columns in all.

So much for that mis-statement. There are others in the same item from the Ballot. It says, "$100 has been appropriated" for the 4th of July; when the fact is, *no* appropriation had then been made. It also says "the Mayor vetoed the appropriation" of $500; when the truth is, no such bill ever passed the City Council, to give him a *chance* to veto it. Verily, our up-country contemporary is getting more and more *reli-able*.

☞ The reservoir on Pleasant street, near what was the Pleasant st. Church, built but a few years ago, has cracked on the top and northern side; and the cellars in the houses of A. M. Hoyt and others in the neighborhood have had an unusual supply of waste water in consequence. The reservoir in Austin street is also cracked, and so leaky as to be of comparatively little use. The defects in these have caused the Board of Aldermen to pause and investigate the matter before appropriating the $1000, for the new reservoir proposed and needed in Haymarket Square.

☞ Mr. Thatcher Emery, who has owned the South Mill and Pond for about thirty-eight years, has recently sold the property to Wm. P. Jones, Oliver Ayers, Mark H. Wentworth and Albert R. Hatch. The Ballot says it is proposed to deepen the pond and form a large channel, and to prevent the recurrence of the disagreeable effluvia which has of late in warm weather annoyed the abutters on the pond.

FORT CONSTITUTION.—In the House of Representative, June 11th, the fortification bill being under consideration, Hon. Gilman Marston, Representative from this district, offered an amendment to appropriate $75,000 for rebuilding Fort Constitution, in Portsmouth harbor; which amendment did not prevail.

☞ The U. S. Frigate Constitution, now lying in ordinary at this Naval Station, has been ordered to be fitted at once for service. She is to be attached to the Naval School at Annapolis, as a School Ship. She will probably be taken into the dry dock for re-caulking, &c.; and her rigging and outfit will consume perhaps a couple of months.

☞ At the Law Term of the Supreme Judicial Court, at Exeter, this week, divorces were decreed;—between Frank M. Drake and Olivia S. Drake, Jones M. and Mary L. Watson, Emily J. and John B. Gilman, Irene S. and Andrew J. Dearborn, Abby C. and Benjamin F. Sanborn.

U. S. DISTRICT COURT.—The June term commenced in Exeter on Tuesday. The Ballot says the usual amount of "circumlocution" in regard to the Ferdinand Clark case in bankruptcy was gone over.

☞ Mr. Benjamin Mitchell, a man belonging in Kittery, perhaps about 45 years old, fell overboard from a boat in the lower harbor on Wednesday, it is supposed while in a fit, and was drowned.

NEW HAMPSHIRE LEGISLATURE, June 20.—The Cattle Disease Bill was re-committed. Its defeat is probable.

The election of State Printer and the Warden of the State Prison is fixed for Friday next.

A resolution for the relief of Dr. Geo. B. Loring was offered.

The final adjournment of the Legislature is fixed for Saturday, June 30th.

The resolutions from the New York Legislature relative to the slave trade, were referred to the National Committee, who are waiting for the Baltimore nomination before reporting.

NEW YORK, June 20.—The Japanese to-day visited the Navy Yard, opera, and the picture of Niagara. In the private parlor of the Metropolitan, Mayor Lincoln of Boston, and the Mayor of Providence, tendered the Embassy the hospitalites of their cities.

The schooner Mosquito, for the coast of Africa, was seized to-day, by the U. S. Marshal, after being towed to sea, and brought back to port on suspicion of being about to proceed on a voyage for slaves.

A DEFAULTER.—*Richmond, June* 20.—The President of the Washington and Richmond Railroad is a defaulter to a large amount. He has voluntarily surrendered his personal property to the company after disclosing the fact.

DEATH OF CATTLE BY POISON.—Several cattle having died last week at Stoughton, Mass., as was supposed by the cattle disease, a post mortem examination was made, which resulted in the discovery that the cattle died by poison.

☞ The City Council, Thursday evening, voted the Slaughter Houses on Auburn and South Streets and Pleasant Point, nuisances; and ordered the City Marshal to institute proceedings against them.

The Appropriation Bill as received from the Committee of conference, was passed by the Aldermen, and almost passed by the Com. Council. Among the few differences the Aldermen vote $100 for 4th of July, and the Com. Council $500.

The petition of Messrs. Fisher & Eldredge to exchange land with the City, to widen and improve Creek Street just above the bridge—referred to joint Com. on Streets.

An Ordinance was passed to prevent the nuisance of stallions serving mares in the compact part of the city, except in close buildings.

The Com. Council refused to take the Dog Law from the table.

It is proposed to employ City Watchmen by the year, instead of by the night as now.

GARIBALDI GOING AHEAD.—*Turin, 9th.*—Gen. Letizia, on his return from Naples, capitulated on the 6th. His troops are to embark with their arms and baggage. The fort of the Castellamure has been placed in the keeping of the English Admiral until after the evacuation.

Garibaldi has appointed the following Provisional Government: Baron Pisano, Foreign Affairs; Crispi, Home Office; Orsini, War; Abbe Colegno, Religious Worship.

It is positively reasserted that Garibaldi found nearly £1,000,000 in the Treasury.

Garibaldi has ordered an extraordinary levy, and issued many decrees to carry on the war energetically.

A Paris dispatch says that hostilities were not to be resumed at Palermo.

Turin letters say that the Sardinian government will have to support Garibaldi by going to war with Naples, or put down an insurrection at home.

MURDERED BY HER COLORED PARAMOUR.—Mrs. Abe Rhodes, wife of B. C. Rhodes, was found dead in Lumber river, N. C., the 11th inst., with her throat cut and head crushed. She had a few days previously eloped with a free colored mulatto by the name of Shad Williams, taking with them $2500 in money. Williams has been been arrested and lodged in jail at Lumberton to await his trial.

A Belgian paper gives an example of a husband who is ready to do justice to his wife under the most trying circumstances. The wife being accused of poisoning, and on the point of being convicted, begged that her husband's testimony might be admitted in her favor. This request was granted, and the man declared that the best proof of her innocence was the fact that he was alive, "for," said he, "I am sure that if my wife had possessed the least disposition to poison any one, she would have begun with me, whom she hated cordially for ten years." This evidence was conclusive; the jury laughed, and the woman was acquitted.

☞ The St. Louis committee appointed to raise funds for a marble statue of Hon. Thomas H. Benton, have raised the desired amount, $10,000, and awarded the work to Miss Harriet Hosmer of Watertown, Mass.

The census-takers find great difficulty in ascertaining the ages of girls, a large majority of them being only 16. In one family, in a neighboring State, there were found to be twelve girls between ten and sixteen years of age.

Mr. Horace Greeley says "this is the age of *stern* political virtue." He probably means that he has long since left political virtue in the rear.—*Albany Argus.*

As the New Braintree Base Ball Club was playing on the Common on Saturday, 9th inst., one of the players, when about to bat the ball, threw the bat stick back so far that he hit the catcher, Mr. John Carney, Jr., a very severe blow on the forehead. He was immediately carried home, and received every attention, but after a week of severe suffering he died on Friday night, leaving an especial request that his death and the cause of it might be inserted in the papers, as a caution to other players. He was a young man, much liked and honored by all who knew him.—*Worcester Trans.*

"CRIB" wants to know what Fowler expects to do in Brazil.

Answer.—The Brazilians, probably.

Special Notices.

JOB AND CARD PRINTING of all sorts promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

THE WATERING PLACES.

The watering places are all activity, preparatory to the opening for the summer, to the invalid and the pleasure-seeker. Many, fortunate in the possession of wealth, will visit the most celebrated, in detail, and enjoy the pleasures of each.—Good living, cool breezes, music, dancing, fine scenery, and beautiful women above all, are far more attractive during the warm season, than behind stores, dusty stores, offices and workshops; besides, elegant leisure is far preferable to hard labor. Many sigh over their inability to join the throngs of pleasure-seekers, and yet make no effort to go. Now, let such save a little every week from their expenditures, and enclose to Wood, Eddy & Co., of Wilmington, Delaware, or St. Louis, Missouri, $2,50, $5, $10 or $20, for a paper whole ticket in one of their legalized lotteries. The ticket will be returned by next mail, and the drawings as soon as made. The capital prize is $70,000. These lotteries are authorized by law and drawn by sworn state officers.

A CARD TO YOUNG LADIES & GENTLEMEN.

The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple *Vegetable Balm*, that will, in from one to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage,)

JAS. T. MARSHALL,
PRACTICAL CHEMIST.
June19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and very ulcers, which were very painful, and that by the uses of several bottles of Dr. Swett's Panacea they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANBORN.

Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

ANTI-TOBACCO PUBLICATIONS.

The Publications of the American Anti-Tobacco Society are for sale at Nos. 5, 9 and 13 Cornhill, Boston, and also at the Depository, Fitchburg, Mass. Among them are the following:

Six Tracts for Young America or Boys.

A variety of Tracts for Raisers, Sellers, Smokers, Chewers and Snuffers.

A variety for Ladies, Clergymen, Physicians and others.

The Zoological Temperance Convention: The Rev. Solomon Spittle; Uncle Tobey's Story about Tobacco, for Youth and Schools of all sorts; Anti-Tobacco Envelopes, and a variety of handsome Cards, large and small, for Handing Hope.

INSTRUCTION IN THE ORNAMENTAL BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING to all who may favor her with their patronage, commencing on Wednesday, June 20.

After much admired Grecian Painting, which for beauty and durability, equals the Oil Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of Drawing.

Mrs. M. continues to give instruction in WRITING; also, Silk and Worsted EMBROIDERY and other Ornamental Branches.

Classes will meet each day between the hours of 9 and 12 A. M., and 2 and 5 P. M. For further particulars, inquire at No. 17 COURT STREET, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

THE CAMPBELLS.—The following, in reference to this original and celebrated Band, is from a Memphis, Tenn., paper.

ANOTHER SIGNAL TRIUMPH.—If possible, there was a larger audience than on Monday evening. The variety already presented convinces us that their stock of witticisms and casket of jokes are inexhaustible, besides having the singular characteristic of being mostly new. People will laugh at an old joke, but after taking a long breath, will spoil the fun of it by saying they've heard it before. Rumsey & Newcomb forestall you in this particular, for they are progressive, novelties being the order of the day. Their chief aim is to elevate their profession, by inventing new and appropriate drolleries, or rather farces, that amuse and delight, fascinate and hold the attention of their hearers, without offending by inelegancy of diction or round-about allusions.

Did you know that Rumsey had the harp that hung on the willow-tree, remodeled into one of a thousand strings in the shape of a banjo, upon which he represents the spirits of just negroes made perfect? Go and see; he will multiply more notes than can be protested in a century. The singing is excellent, the choruses grand, and their selections from operas superbly rendered. It is needless to particularize; everything is as promised.

Their Concert for to-night is their first, in this city; and it will be seen that old Portsmouth's favorite, Johnny Duley, is one of the constellation—and he is a host in himself, not to mention Newcomb, Rumsey, and the rest.

DIED,

In Newburyport, John M. Cooper, Esq., aged 52 years.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when perseverred with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of SIR J. CLARKE, M. D.,

Physician Extraordinary to the Queen.

This well known medicine is no impposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothign hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—8 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

PORTABLE FURNACES

of all sizes—sufficient to warm one room, or an entire building as may be desired.

CHILSON'S NEW COOKING RANGE.

A splendid article, having two large elevated ovens, *sure to bake.* These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.

BEST BLACK VARNISH,

For Iron Fences, Fireboard, Grates, &c.; of Brilliant lustre, and *perfectly water-proof.*

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes thick and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a one of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of the ingredients PURELY VEGETABLE, AND WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D.,
CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from disease, extracted and combined with the highest skill which the improvements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

THE ONLY PREPARATION

Having Proof so Strong and Direct

as to

Expel the Doubts of All.

For Statesmen, Judges, Editors, Physicians of the oldest citizens have tried it as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all woo have used it, unite in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore.—Read the following:—

Oak Grove, S. C., June 24, 1859.

Prof. O. J. Wood:—Dear:—Your Hair Restorative is rapidly gaining popularity in this community. I have had ladies to lay prejudice aside, and give your Hair Restorative a perfect test:—

During the year 1854, I was so unfortunate as to be thrown from my saddy against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was entirely destroyed. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and at I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy "Hair Restorative," which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself is not a little.

You can publish this if you think proper.

Yours, very respectfully,
M. J. WRIGHT, M. D.

Jeffersonian Office, Phillipi, Va., Dec. 12, 1859.

Professor O. J. Wood:—Dear Sir: I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth, so much so, that he was compelled to wear a wig. He was induced to try one bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite materially, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, I thought it my duty to the truth of this statement; I give this to you at the request of Mr. Bradford. You can sell a great deal of your Restorative in this and the adjoining counties if you have the proper agents.

YOURS, &c.,
THOMPSON SURGHNOR.

Dr. Wood—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was so rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious and all agreeable. S. THALBERG.

The Restorative is put up in bottles of three sizes: viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds nearly 40 per cent, more in proportion, and retails for $3 a bottle.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*.—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Debilitate, &c., and we find in *every* instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS indicating CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER USE, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, so that what you gain you retain. The No 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY and BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 409 Broadway, New York;
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? *Because it never fails to afford instantaneous relief*, when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WORMS, COLDS IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflamation, regulating the Bowels, and relieving pain, it *is no secret*—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take note, but DR. EATON'S INFANTILE CORDIAL, this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by
CHURCH & DUPONT, Druggists,
No. 409 Broadway, New York.

Here's Health for the Million!!

CLARKE'S SHERRY WINE BITTERS

Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, efficient, and pleasant remedy; and sold for the low price of 25 cents for a pint bottle.

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1.25 for 4 qts.

Drivers.

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Extracts, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other disarrangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore to weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Indigestion.
Three doses will cure Indigestion
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons addicting themselves too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the cheek.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

General Depot, 43 Water street, New York.

Weeks & Potter, and M. S. Burr & Co., Boston, General Agents for New England.

For sale in Portsmouth, by PRESTON and THACHER, and B. HUTCHINGS. Sold by all country dealers. lydmay1

GEORGE W. PLUMER'S

NEW BAKING ESTABLISHMENT.

SHOPS: } No. 22 CONGRESS STREET, and
} No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. F. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEORGE W. PLUMER.

Portsmouth, March 26, 1860.

VERMONT BUTTER.

25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Some very signal instances of this kind are attested of Dyspeptics, Consumptive victims, of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic accidents to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for persons debilitated by the mere fact of the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorous and tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

In DYSPEPSIA, immediate relief, in most cases, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating sweats, and remittent heat, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully curative effects.—Good appetite, complete digestion, rapid assimilation of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

Morning Chronicle:

PACIFIC MILLS.—The work upon the extension of the mill of this corporation is being vigorously prosecuted, and the walls are rapidly rising; the additional part, which was contemplated in the original plan, will complete the structure, making it the largest mill in the country if not in the world. The new part will be 304 feet in length, and at its completion, will give to the structure a total length of 808 feet, with 72 feet width, and seven stories high. In addition to this, the print works are 1550 feet in length, and the whole with its store house will contain not less than seventeen acres of flooring!

The capacity of the establishment will enable the employment of about 2800 persons, and the annual production of thirty-five million yards of goods; it will run 2500 looms and 100,000 spindles, consuming weekly, nearly 100,000 pounds of cotton and wool, and using annually 725,000 pounds starch, 16,000 gallons oil, 12,500 tons coal, $825,000 worth of drugs and 500 barrels flour.—*Lawrence American.*

TOBACCO.—The almost universal habit of employing tobacco I regard as second only to opium in its disatrous effects. I do not propose to join in the random denunciations that have been heaped upon the pipe, the segar, or tobacco, as an article for chewing or snuffing: I shall speak of tobacco in its relations to health; and I express my conviction, which grows every year, when I say, not only that it is a cause of very wide-spread sickness, but that it is jackal to the lion—that it lays the foundation for intemperance. The use of tobacco is one of those elementary forms of intemperance which open the door for its more permanent and dreadful forms. I hardly know how to account for that insane infatuation which exists among our youth in this matter.—*H. W. Beecher.*

DOING THE DELICATE. — Our friend Judge Abbey, who is taking the census in the rural districts, is meeting with some thrilling scenes. The Judge arrived at a farm house the other day, and in the absence of the men, proceeded to ask questions of the ladies.

"Ladies," politely says the Judge, "how many male cows have you?"

"We have no male cows," replied a young lady—a sweet, etherial creature of some 200 pounds weight—"but we have a gentleman bull calf."

The Judge put it down. — *Cleveland Plaindealer.*

EDITORS are known to be the servants of the public, but to-day we learned that they are also considered the servants of individuals. A gentleman from the west writes to us to send him a list of the responsible butter dealers of Boston. It must on reflection, be plain to him, that if we attended to such requests, we would soon be under the necessity of eating our own bread without any addition of the article in which he is interested.—*Boston Transcript.*

Don't think you are making a bargain when you cheat a customer; for in the long run, all such operations will turn out quadruple losses.

Don't lend money at too great a shave; for the borrower must succeed, or he'll not be able to pay.

Don't neglect your regular business, thinking to do better at some outside enterprize; the chances are ten to one you will not succeed.

The English principle is not to lose sight of English interest; for what principle of betting could be more to their interest than that upon which they bet in the late fight—"Heads I win, tails you lose."

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His **Panacea** is unrivalled for the cure of Cancer, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Conserve** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 33 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in

Portsmouth - - - - No. 1 School Street.

N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. oct5

GENTS' AND BOYS' LATEST STYLE
BOOTS AND SHOES.

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than
MOSES & DOWNIE,
is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!
PANTS from
50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of
Cloths, Doeskins & Cassimeres,
Both plain and fancy, that can be found this side of Boston, which we will
Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also
Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,
and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of
MOSES & DOWNIE;
2mos **3 & 37 Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst blige-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

25,000 Dollars.
It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid
Chromo-Lithographic Engraving
of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.
The size of the Engraving is 23 by 31 inches, and the price ($3) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *Vice*, and the good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.
Clergymen and Church Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.
Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County* and *State*, plainly. Address G. Q. COLTON,
P. O. Box 3391. No. 37 Park Row, New York.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JUNE 23, 1860.

For the Chronicle.

LINCOLN'S POLITICAL OPINIONS.

The moral and political character of Hon. Abraham Lincoln, since his nomination for the Presidency, has been very fully discussed in the public journals. The evidence adduced is, that he is a man without reproach—of perfect integrity in all his dealings—and firm and inflexible in his principles. He avows himself to be a friend of the Republican cause. There is no disguise of his sentiments, for he is "an honest man, the noblest work of God."

But we now advert to his speech at the Cooper Institute, New York city, on the 27th of February last. At that time he probably had no expectation of being nominated for the highest office in the gift of the people, and therefore we may believe that his speech discloses the real sentiments of his heart. Upon the great issue between the North and the South, he fully declares his opposition to slavery as an evil and a wrong, and to its extension into the territories of the United States. He supports the federal constitution and the constructions put upon it by the fathers who framed it—denies that it gives any countenance to the idea that man can have property in his fellow-man.

The federal government, he says, has the power of restraining the extension of the institution of slavery—the power to insure that a slave insurrection shall never occur on any American soil which is now free from slavery. We refer to the speech itself as showing his views upon some other points connected with the main subject he discussed, but quote his last admirable remark, —"Neither let us be slandered from our duty by false accusations against us, nor frightened from it by menaces of destruction to the destruction to the government, nor of dangers to ourselves. Let us have faith that right makes might; and in that faith let us, to the end, dare to do our duty as we understand it."

Now we call the attention of all rational abolitionists, as well as others, to the publicly avowed doctrines laid down in Mr. Lincoln's speech. Upon sober reflection, can they refuse to give him their united support? Ought they not to be satisfied with his sentiments? The *extremists* may not be, nor would they be with the nomination of any other candidate who had any prospect of being elected. They ought to consider that no candidate could be proposed, perfectly satisfactory to all persons, but that it has become their duty to aid in changing the policy of the present corrupt administration—that it is corrupt many who at first gave it their support now openly admit. A corrupt or bad administration tends to corrupt not only party leaders, but the mass of the people.

That "honest Abe Lincoln" would use the executive authority to purify the government, and restore it to its original principles, may safely be inferred from his character and political sentiments. From the strong expression of the public voice in all the free States, (California perhaps excepted,) his election, and that of Hamlin, by an overwhelming majority may be considered as a moral certainty. CALCULATOR.

☞ The Rev. N. K. George was instantly killed by lightning while riding near the iron works at Franconia, N. H., Tuesday afternoon; also the animal upon which he was mounted. Mr. George was of the Free-will Baptist Church.

At Lyndeboro, N. H., Sunday afternoon, the house of Samuel Hodgman was struck by lightning, and Mr. Hodgman was killed instantly. Mrs. Hodgman was slightly injured, and a girl about ten years old severely injured; the house was much shattered. Although there were eleven other persons in the room, none others were seriously injured.

☞ The Baton Rouge Advocate states that a pickpocket who was found operating upon the passengers on the steamer Baltic, the other day, was at once strung up by them. The last seen of the rascal, as the boat steamed up the river, was with a halter about his neck and his feet dangling some distance from the lower deck. Whether he was cut down or suffered to hang to death, we are not told.

☞ One man was killed and two others nearly suffocated in Baltimore on the 15th inst., while engaged in making an excavation along side a privy, by the escape of foul gases from the latter. All three men were prostrated, but two were drawn out by hooks before the vital spark had fled, and hopes of their recovery are entertained.

REGATTA, JULY 4th.—The city of Portland, in part for the programme of the celebration of our National Independence, have arranged for three prize races, for Row Boats, to take place in their spacious and beautiful harbor, at 4 o'clock, P. M.—The seven prizes offered amount to $378.

BALTIMORE CONVENTION.

The proceedings of Wednesday afternoon were a quarrel in the convention, an adjournment, and then a fight outside between those who quarrelled inside.

The special dispatch to the Boston Atlas gives this brief account of the session.

The Convention re-assembled at five o'clock P. M.

New York was not prepared to vote upon the reports of the Committee on Credentials, so the Convention adjourned till morning.

Hon. Wm. Montgomery, a member of the House and also a delegate, complained that Dawson of Pennsylvania had the tickets for his (Penn.) delegation, and he could not get one.

Mr. Dawson replied—"It is untrue and false in every particular."

Montgomery said—"You lie! God d—n you, you lie!

An immense sensation followed, and the crowd surrounded the party. Threats were freely made on both sides.

Mr. Randall attempted to interfere.

Mr. Montgomery replied—"As far as this old man is"—when he was interrupted by Randall's son, who threatened him if he spoke another word. High words passed, and a grand row and general powow ensued.

A duel is anticipated out of this affair.—We have now four or five duels in prospective.

The special dispatch to the Boston Herald gives the following account of the fight, and of some other matters.

The intensity of rage and disappointment prompts the Administration managers here to deeds of violence and blood. A third personal conflict occurred this afternoon, arising from the controversy in Convention between Montgomery and Dawson, delegates from Pennsylvania, into which Randall thrust himself. Randall's son attacked Montgomery on the street and struck his face with a stone which he held in his hand, inflicting a wound which bled copiously.—Montgomery, who is a stout, athletic man, defended himself by a telling blow which knocked young Randall into the gutter, and he was following up the advantage by kicking, when some of Randall's friends rescued him from merited and severe punishment. Old Josiah Randall threatened at Charleston that his sons should whip Richardson of Illinois, and they are here at Baltimore to bully Douglas men and defend their sire. But they, as well as other ruffians, who essay to browbeat and intimidate men who maintain honest principles, find their game played out. Montgomery is a Douglas delegate and a member of Congress, and when Dawson (an Administration delegate) characterized Montgomery's remarks as unjust and untrue, he retorted by declaring that Dawson lied. A duel may follow.

The Convention adjourned this afternoon till to-morrow morning, at 10 o'clock, as the New York delegates desired time to consult together. Since the adjournment they have agreed to sustain the majority in detail, voting to admit the Union delegates from Louisiana by a vote of 41 to 29, from Alabama by 40 to 30, and both delegations from Georgia by 39 to 31.

The action of the New York delegation is decisive of the result and settles the character of the Convention and the nomination of Douglas by a two-third vote of the whole Electoral College.

Baltimore dispatches of Friday, June 22, say:

The streets were not cleared during the night, and at 2 o'clock this morning a band was parading about various hotels.

The Convention started off without confusion. Several points of order were raised when business commenced, the question being whether Krum was entitled to close the debate.

The chair decided affirmatively, and Krum proceeded to speak. His speech was brief and to the point, showing that the seceders had joined another convention, which met at Baltimore and adjourned sine die.

Mr. Brown of N. C. rose to pour oil on the troubled waters, but the President ruled him to be out of order.

The President then ruled that a division of the motion to strike out and insert was inadmissible. This defeats the attempted compromise.

John Cochrane appealed, but only to say a word or two in explanation, and then withdrew his appeal. This goes to show that New York will adhere to Douglas.

The question was then put on Stephens' motion to substitute his report for that of the majority. It was rejected by 100 1-2 to 150.

Upon the question of adopting the majority report, a division was called for by Tennessee.

The votes were taken on each State's delegation. Hallett was admitted.

Perley telegraphs from Washington to the Boston Journal:

The Douglas men are confident that he will be nominated to-day, but well-informed politicians place no reliance on their boasts.

The Bell faction are said to be fomenting disturbances at Baltimore, and hope to have their ticket recommended by the seceders.

☞ In the United States Senate, Thursday, the bill for establishing an overland mail, to run six times a week from Sacramento to Portland, Oregon, was passed.—The Senate went into executive session, after which the death of Hon. John Schwartz of Pa., a member of the House, was announced, and the customary resolutions were adopted.

The House concurred in the Senate's amendment to the bill providing for the punishment of Marshals and Deputies who permit prisoners to escape. It imposes a fine not exceeding $2000 or imprisonment.

Some other business was transacted, and the death of Mr. Schwartz was announced, and the customary resolutions were passed.

☞ In the National Sanitary Convention Dr. Harris of New York, presented a voluntary contribution upon Heat as a Disinfectant, which he read to the convention by request.

The paper considered first the disinfecting power of high temperature produced by steam or dry heat. The boiling of clothes exposed to infection had proved an efficient disinfectant. The heating of hospital wards had eradicated infection. In the instance alluded to, the heat was raised to about 167° Fahrenheit by common stoves, which were kept fired up for the space of two days. Dr. Harris alluded to his experience as Superintendent of the New York quarantine Hospital, and showed that washerwomen were spared from infection by boiling clothes previous to washing.—Where the precaution had been omitted, every washerwoman caught the disease.—The communication of scarlatina and other diseases had been prevented by the application of heat to clothing and apartments.

The interests of commerce and health demanded prompt disinfection. He had known cargoes of a value of several millions of dollars to lie in quarantine for months at a great loss. If they could have been disfected by the rapid mode of heating, it would have effected an immense saving. It was also desirable that vessels should be disinfected by the same mode, that they may not be delayed in port unneccessarily.

2d. To what degree of heat could ordinary textile fabrics be exposed? Dr. Henry had found that cotton thus heated became fuzzy, but regained its strength upon exposure to the air. It had been shown that soft wool would not carbonize before being exposed to 202° Fahrenheit. The observation of Dr. Harris had shown that nearly all fabrics would bear a higher degree of heat than was necessary for complete disinfection.

Dr. Arnold of Savannah, acting President, called attention to the fact that after the yellow fever appeared in Savannah, no man was safe until the appearance of a strong black frost. Cold killed it dead.

Dr. Harris mention a case of continued infection of a vessel after tons and tons of ice had been thrown into her.

Dr. Bibbins of New York said he never knew a small pox epidemic in New York during dog days. Heat killed it nearly as effectually as cold did the yellow fever.

ST. JOSEPH, Mo., June 20.—The Pike's Peak Express with $4900 in specie and dates from Denver City to the 14th inst., has arrived.

The news from the Arkansas mines is favorable. It is estimated that there will be $3,000,000 taken from the California Gulch alone this season. One man is said to have taken out in one day sixty ounces.

Other reports are unfavorable, and but few claims are paying well. The citizens of Denver, in large numbers, go there.

California Gulch is nine miles long, and one to three hundred feet wide. Some small gulches running into it give rich promise. The gulches are free from snow and ice.

It is said that Mr. Fowler, the defaulting New York Postmaster, has been identified. He was recognized by an old New Yorker at the Recorder's office, on the way to a quartz claim he had purchased. His whiskers had been shaved, and he signed his name at the hotel as "Achille Drance."

NEW HAMSHIRE LEGISLATURE, June 21.—The House passed the resolution in favor of the Historical Society; also the bill extending the residence required to entitle persons to vote, otherwise qualified from three to six months in the city or town. The Horse Guards' appropriation was rejected.

The Special Committee will report, by a vote of three to two, a bill to prohibit the circulation in this State of newspapers containing advertisements relating to the procuring of abortions; also prohibiting the publication of all advertisements of a delicate nature in any newspapers published in the State.

☞ A Richmond paper gives an account of the death of a resident of that city from joy. He had succeeded after a long litigation in the courts, in recovering $1100 from a debtor, which so elated him that on its reception he was seized with apoplexy, and died in less than a day.

CAPE ISLAND, N. J., June 21.—The U. S. steamer Walker was ran into this morning at 3 o'clock by an unknown schooner off Usecom. The steamer sunk in thirty minutes. The Captain, officers and forty men were saved in the boats. About twenty are missing.

☞ A tourist who has just returned from a fishing jaunt in New Hampshire and Maine, says the peak of Mt. Washington is yet white with winter snows, and Jack Frost has not yet vacated the vallies or icy ravines of that cool region.

NEW YORK, June 21. — The express train on the Hudson River Railroad, yesterday, ran over and killed George Rawcliffe, Henry W. Hall and Thomas Granger.—Hall and Granger were fighting, and Rawcliffe was endeavoring to separate them.—Their bodies where shockingly mangled.—It is supposed that they were intoxicated.

DID NOT INTERFERE.—Mr. Barstow, our Consul at Palermo, did *not* intefere to help the Neapolitan police to arrest an Italian patriot. He was asked to do so, but positively refused to have any part in the matter.

SECEDERS' CONVENTION. — *Richmond, June* 21.—The Southern Convention met to-day, but adjourned over. Ten members were present.

JAPANESE BAGGAGE.—The Japanese brought eighty tons of baggage with them. It is said that they carefully preserve all the newspapers which describe their visit. If this is so, they will take back more than eighty tons of luggage.

Instruction upon the Piano-Forte.

MISS M. C. JACKSON, having accepted the situation as Organist at the Unitarian Church, will be pleased to receive Pupils for instruction upon the PIANO.

INSTRUCTION IN THE ORNAMENTAL BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, to all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which, for beauty and durability, equals the Canvas Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of Drawing.

Mrs. M. continues to give instruction in WRITING; also, Silk and Worsted EMBROIDERY and other Ornamental Branches.

Classes will meet each day between the hours of 9 and 12 A. M., and 2 and 6 P. M. For further particulars, inquire at No. 17 COURT STREET, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

CHEAP AND VALUABLE

Special Notices.

OXYGENATED BITTERS.

A Query.—Why will you suffer? DYSPEPSIA is a brief but comprehensive term for the numerous diseases which affect the stomach, liver, and in fact the whole human system. Until Dr. Green discovered the Oxygenated Bitters, medical science was at fault and had exhausted itself in fruitless efforts to cure this disease. The Dyspeptic need suffer no longer with a disease that is always painful, and frequently a fatal affliction.

This unique and peculiar compound will so certainly cure as the disease exists. Had it not the power, such testimony as follows would not be given in its favor:

Dyspeptics, read!

Messrs. S. W. Fowle & Co.—Gents:—Nine years ago I was so much reduced in strength as to be unable to attend to the common duties of my household, and suffered from a complication of diseases that truly rendered life a burden. I resorted to various *physicians* of acknowledged skill, but *without relief*, and my case was declared by the possibility of cure; but at the juncture I made use of the Oxygenated Bitters, and so rapidly did I mend that the effect was wonderful. My physician's distrust of the medicine gave place to the utmost confidence in it. After a lapse of years, I now remain in the enjoyment of good health, and have ever found the Bitters a never failing antidote for the various symptoms which arise from constitutional derangements. I have since recommended them to several of my friends, with uniform and satisfactory results. CATHERINE RAYMOND.

From a highly respected physician in Maine.

South Paris, Me., Dec. 12, 1859.

Messrs. S. W. Fowle & Co.,—Gents:—For several years past I have had a knowledge of the Oxygenated Bitters in some cases of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them. Respectfully yours,

WM. A. RUST, M. D.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hastings, Portsmouth; J. P. Packer, Greenland, and dealers everywhere. sp0t 6wdkw

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

A CARD TO YOUNG LADIES & GENTLEMEN

The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple *Vegetable Balm*, that will, in from two to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth, and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage,)

JAS. T. MARSHALL,

PRACTICAL CHEMIST,

June19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor which caused a swelling of my neck and seven ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANBORN.

Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

SUPREME JUDICIAL COURT.

The law term of the Supreme Judicial Court for the first judicial district, commenced at Exeter on Tuesday. There were present Chief Justice Bell, and Associate Judges Fowler, Bellows, Nesmith and Doe.

The following cases have been disposed of: Wilcomb and wife's appeal from decree of the Judge of Probate, allowing proof of the will of Dr. Dearborn of Seabrook, which was sustained on the trial before the jury, at the October term; an opinion was given by Chief Justice Bell, overruling the exception of the appellant, and a decree was ordered upon the verdict. So the will stands. Marston for Wilcomb; Wells, Wilcox and Christie for Thayer S. Sanborn, executor of the will.

Joseph F. Dennett v. William H. Dennett; bill in equity; decree that Mark Dennett's deed to W. H. Dennett is insufficient and complainant is entitled to life estate on the farm. Emery and Rollins for plff; Hatch for dft.

March and others v. Eastern R. R. in New Hampshire; continued nisi. Rollins for plff.; Hackett for Railroad.

Portsmouth Aqueduct Co. v. C. & P. Railroad; continued nisi, to be heard at Manchester. Hatch for plffs.; Hackett for Railroad.

James A. Pickering v. Frank T. Pickering and Martha P. Pickering; report of committee of partition set aside, and new committee appointed. Webster for plff.; Goodall for defts.

S. P. Treadwell v. James C. Brown and Trustee; Trustee not held to answer the interrogatory. Towle for plff.; Goodall for Trustee.

Thurza Dustin v. Moses Dustin; divorce decreed and custody of child allowed libellant. Hackett for libellant.

Frank M. Drake v. Olivia S. Drake; divorce decreed; custody of child to be delivered to the mother; Hatch for plff.; Hackett for libellee.

Simpson & Neil v. Wm. P. Harvey and Trustee; assessment held to be valid; continued as to question in regard to real estate. Hackett for Trustee; Goodall for plf.

Ed. P. Prescott v. D. A. Fellows; action of debt on award. Judgment for deft. Goodwin, Hatch, Tuck and Wilcox for plff.; Emery and Marston for deft.

Smith, guardian, of Abigail Smith, v. Nancy Jewett; judgment for deft. as of non suit. Shapley for plff.; Stickney for deft.

Mechanics' & Traders' Bank v. Thomas Frisbee; judgment on verdict for deft.—Hatch and Emery for [plf.; Wilcox and Christie for deft.

Brighton Market Bank v. Jona. Philbrick; judgment for plff. on verdict. Hoyt for the Bank; Hackett for deft.

Martha Gilson v. Levi Gilson; divorce decreed, and custody of minor children and $650 alimony allowed libellant. Hoyt for libellant.

State v. Elias Taylor; dismissed. Bell for State; Hatch, Wood and J. W. Clark for deft.

Messrs. Editors:—In the all-wise and good Providence of our Heavenly Father a most distressing *temporal* calamity has come upon the excellent family of Capt. Benjamin Fletcher, whose reidence is on the point of the highland known as the "Neck" in Kittery Point. On Wednesday his family were expecting him at dinner-time, and his wife, to whom he was endeared and by whom he was prized beyond all else on earth, from a chamber-window saw him in his boat with a load of lumber, inside the bridge, nearing home. She immediately came down to go to welcome him, and on reaching the front door what did she behold? The boat; but where was he who a moment before stood on the stern, its helmsman? where the loved form for whom the seat was ready at the family board?—The only tale that I have learned in regard to it is from the account of a neighbor on the "Point" who saw him plunging head long. Mr. Danl. Hutchings from the 'Neck' was on the spot in an interval, as he judges, of five minutes from the time he was seen steering the boat, and could find no trace of him, and the most diligent efforts have been resorted to for several days to find the remains, but without success. It is believed that being in a standing position his oar slipped from its place and he was thrown off his balance.

Thus has passed from mortal sight one who was known and esteemed as a most affectionate and faithful husband and father, a devout man, one of good counsel and example. V. P.

☞ Mr. Harding, at his Fruitery, on Congress street, has "all things beautiful in their season," in his line—and many things considerably ahead of their season in this part of the country. Among other delicacies, he is now serving out delicious Cherries, which of course must be brought from the South; and he is supplied with fresh Strawberries twice at least, daily—so his customers can always depend on getting the fresh fruit. It is a treat in itself, only to look in at his neat and inviting storehouse of good things.

☞ The Campbell Minstrels gave one of the best, if not *the* best Concert of the kind we ever heard, at the Temple, on Friday evening. It contained half-a-dozen particular attractions, either of which was worth the ticket; but we hvae only time now to say that they appear again to-night (Saturday,) with new programme.

MUSICAL.—Mlle. Parodi will visit this city some time during next week, assisted by Mlle. Montmorency, prima donna contralto, W. H. Dennett, basso, and Mr. E. Hoffman, pianist.

☞ The Rockingham Weekly Chronicle, containing a summary of the news of the week, this day published, and for sale at the Chronicle Counting Room: price 3 cents; $1 per year, in advance.

☞ We are glad to see our State Legislature giving some encouragement to the New Hampshire Historical Society.

MARRIED,

In Lowell, by Rev. Dr. Blanchard, Horace Webster, Esq., of the city, to Miss Mary E. Blanchard, daughter of the officiating clergyman.

DIED,

In this city, Mr. William Scott, of Newington, aged 89.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, com, pass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics and Headache, Whites, all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different favors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction*. All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

PORTABLE FURNACES

of all sizes—sufficient to warm one room, or an entire building as may be desired.

CHILSON'S NEW COOKING RANGE.

A splendid article, having two large elevated ovens, *sure to bake*. These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.

LAFAYETTE LAIGHTON.

FORT CONSTITUTION.

It appears by the doings of Congress on the 11th, that when the fortification bill was under consideration, Hon. Gilman Marston, Representative from this district, offered an amendment to appropriate $75,000 for rebuilding Fort Constitution, Portsmouth Harbor, N. H. A discussion arose on the amendment proposed.

Mr. Marston. This appropriation was asked for for the purpose of constructing a fortification for the defense of the navy yard and public property thereon, at Kittery, Maine. According to the estimate of the resident engineer, the property liable to destruction is worth $2,600,000, consisting of ship houses, ships on the stocks, timber, and military and naval stores of various kinds.

Mr. Stevens of Pennsylvania. I rise to a point of order. It is that this is a new work, and therefore an appropriation for it cannot be introduced in this appropriation bill. It is not for an old fort, but for building a new one.

Mr. Marston. It is for the erection of a fort upon the site of the fort in existence, and to rebuild and enlarge it. It is precisely in the same way in which works of this sort have heretofore been provided for. There is a law providing for its existence, and it has been in existence fifty years.

Mr. Stevens of Pennsylvania. Is there any fort there?

Mr. Marston. There is and has been for fifty years.

Mr. Stevens of Pennsylvania. Has it not been divested of guns?

Mr. Marston. Never.

The Chairman. On the statement of the gentleman from New Hampshire, the Chair thinks the amendment is in order.

From the Journal.

Mr. Stevens of Penn. and the country generally should know, that this ancient Fort, which before the Revolution bore the name of Fort *William & Mary*, stands recorded in the British Annals as the scene of the "first action of the rebels against British soldiery."

On the 15th of December, 1774,—four months before the Battle of Lexington, and six months before the Battle of Bunker Hill—this Fort was taken by the Patriots (who would have been hung as Rebels had the grand result been unsuccessful.) From the British soldiers the ammunition was removed to places of security, and afterwards used by our troops in the Bunker Hill battle. *Here was struck the first actual blow of the Revolution.* This fact should be known throughout the country—the learned representative from Pennsylvania should know it, and not again ask—"Is there any fort there?" Instead of an appropriation of $75,000, there should be enough not only to rear a castle for defence, but also a Monument in remembrance of the first blow for Independence. In the order of the great events—*First* stands the capture of Fort William & Mary—*second*, the battle of Lexington—*third*, the battle of Bunker Hill.

We hope the Hon. Mr. Stevens of Pennsylvania, and every other member of Congress when it adjourns, will visit Fort Constitution, which is kept in the most perfect order, under the faithful care of Sergeant Davidson, who would receive them with all that courtesy which characterizes him, and also give them such instructions in the management of heavy guns, as have been of interest to many who, like us, make an annual pilgrimage to the memorable spot.

Had there not been a celebration of the Fourth arranged for Stratham, we should propose one at Fort Constitution,—where battlements form a beautiful amphitheatre for the services,—and where soil is so rich in Revolutionary associations.

THE PORTSMOUTH DIRECTORY FOR 1860-61,

Is now in the binders' hands and will be published in the course of next week. Those who wish to obtain copies at subscription price should leave their names at the Journal office previous to publication. Price 60 cents. To subscribers 50 cents.

On Thursday, the longest day in the year, parlor fires were comfortable. On Friday morning, the mercury of our thermometer was at 47—only 15 above freezing.

☞ HIGHLAND COTTAGE in Stratham never presented stronger features of attraction than at the present time. The grounds have been much improved, and great good taste is discoverable in the arrangement of rustic seats and rural shelters—of pebbled walks, of flowers and shrubs and ever-green hedge. As for the luscious berries for which the grounds are so famous, they were never more plenty, rarely more palatable than now.

Mr. Diman proposes a very sensible plan of enjoyment for the coming 4th. He has engaged a Brass Band for the day, has invited A. S. Alexander, Esq., of this city to deliver an oration appropriate to the occasion, from the grove on Stratham Hill, which invitation has been accepted; has also secured the services of an excellent choir of singers who will intersperse the festivities with appropriate odes and songs. The strawberry season will then be at its height, and with these numerous attractions, the ready access to the grounds by highway and by railroad, the absence of entertainment in town, it is easy to see that many will be drawn to this delightful retreat, for a day of comfort and enjoyment.

A "Strawberry Festival" is also announced for some evening next week, probably Tuesday, on which occasion a half-price train will be run, leaving Portsmouth at 7, P. M., and returning at 10. The Portsmouth Cornet Band will grace the occasion, and enliven the festival with their presence and music.

SUNDAY SCHOOL EXHIBITION.—The Sunday-School connected with the Christian Society, decorated the stage of the Temple very handsomely this week, and on Wednesday and Thursday evenings held soirees for the entertainment of their friends. They were very pleasant and interesting affairs, both to the children and others concerned, and the audience. The conduct of the entertainment was in the hands of the efficient superintendent, Mr. Wm. C. Hatch. The school is in a thriving condition. We learn that the exhibition is to be repeated next Monday Evening.

OLD IRONSIDES.—Orders have been received at the Navy Yard to prepare the frigate Constitution for sea. She has been detailed for the service of the Naval School at Annapolis, as a practice ship.

Morning Chronicle.

LADY BYRON'S ANSWER TO LORD BYRON'S "FARE THEE WELL."—The recent death of this lady gives a new interest to the following lines, written in 1816.

OH! FORGET ME:

IN ANSWER TO "FARE THEE WELL"

Oh! forget me;—and forget
The brightness of our morning gleam
Of love and hope, which tinges yet
The memory of that faithless dream:
Oh! forget me—whether thou sail
Lonely in thine Ægean sea,
List to the 'wildering Arab tale,
Or plunge in rights of revelry.
For thee—whose stirring soul may rush
Where joy spreads forth her treach'rous charm,
Bold in thy towering pride to crush
The serpent-head of earth's poor harm—
If passion win thee to her gusts,
Let not thy thoughts to home be turn'd—
Bear not that doubting heart which bursts
To think of peace despised or spurned.
Oh! then forget me—and if time
Pluck from thy breast this rankling smart,
Unchecked by shame, unawed by crime,
Cling to some warm and kindlier heart.
For me, enough those sunny hours—
The heralds of this night of woe—
Which led me blind o'er paths of flowers,
Breathing all sweets of bliss below;
Though, like the violets of the spring,
They bloom'd but to wither and died—
Though far they fled on startled wing,
When love shrank back from injured pride—
Still were they sweetest, happiest, best,
That hope e'er formed in fancy's train,
The visions of that endless rest,
When truth and joy unite again:—
But—Oh! forget me—till that hour
When all light worldly dreams shall fly,
When fame and wealth, and rank, and power,
And even genius, humbled lie—
Then, if one stormy thought gush in—
If lost affection still may live—
Believe that torn hearts, purged from sin,
May meet to love—and to *forgive*.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION

Respectfully announce to the Public their

NINTH EXHIBITION

—OF—

AMERICAN MANUFACTURES AND MECHANIC ARTS,

to be opened at

FANEUIL AND QUINCY HALLS,

On WEDNESDAY, the 12th of September,

In the City of Boston.

NEW Inventions, Improvements in the Arts, and Specimens of Rare Handiwork in every Department of Industry will be welcome to the Halls; and every facility will be afforded for a good display and the proper care of contributions. Steam will be provided for Machinery.

Medals of Gold, Silver and Bronze, and Honorary Diplomas, will be given to those whose articles merit such awards.

Communications from those who wish more particular information, and from those who will require much space, may be addressed to the subscriber. JOSEPH L. BATES, Secretary.

Boston, June 18, 1859. 2aw2m

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, *in confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its medical effects and medical virtues. We speak, in this matter, *"what we know,"* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England, and has been used with *never-failing success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC;

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and safest remedy in the world, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudice of others, stand between your suffering* child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 3 Cedar st. New York.

Price only 25 cents per bottle.

Real Estate and Stock Broker,
jy11 No. 47 Congress St., Portsmouth, N. H.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*. Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in *every* instance certain deficiencies to the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. These FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection or irritation of the THROAT or LUNGS inducing CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Want of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER-USE, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, LIVER COMPLAINT; No. 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, so that when the system is reduced, No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For PAIN in the SIDE, BACK, BOWELS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails* to afford immediate *relief*, when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PARCOTIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For, this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COMIC ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflamation, regulating the Bowels, and relieving pain, it has no *equal*—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL; this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

CHURCH & DUPONT, Druggists,
No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country. In Portsmouth by W. R. PRESTON.

Here's Health for the Million!!

CLARKE'S SHERRY WINE BITTERS

Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy, and sold for the low price of 25 cents for a pint bottle.
25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1.25 for 4 qts.

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupify.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Liver Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will relieve all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Personswho, from dissipating too much over night, and feel the evil effects of poisonous liquors, in a nervous debility, sick headache, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from their system, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove distressing sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the Invigorating Spirit in pint bottles, at 50 cents, qts $1.

GEORGE W. PLUMER'S

NEW BAKING ESTABLISHMENT.

SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons and the public a supply of

BREAD, CAKE AND PASTRY,

on TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry**, including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. F. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEORGE W. PLUMER.

Portsmouth, March 26, 1860.

VERMONT BUTTER.

25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

D. MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON.

An aperient and Stomachic preparation of IRON, purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long from sickness to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the loose pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

Morning Chronicle.

☞ The good old town of Northampton, Mass., has been excited by a breach of promise case tried there last week. A suit was brought in the Superior Court by Lydia French, of Ellenburg, N. Y., against Lucius W. Stone, a dry goods clerk of Northampton, the *ad damnum* being laid at $10,000. It was shown that the parties were engaged five years ago, and from that time to January, 1859, an active correspondence was carried on, and from 300 to 400 letters were written by them. The engagement was broken off by Stone in January, 1859, on the plea of financial difficulties and bodily infirmity. These, however, did not prevent his marrying another young lady in September of the same year. Stone acknowledged that he hadn't done exactly right, and offered $500 to settle the matter. This not being considered sufficient by Miss French and her friends, a suit was brought. The jury returned a verdict of $1800 damages for the plaintiff, which she afterwards compromised for $1245. The court room was crowded during the trial, which seems to have afforded a good deal of merriment to the spectators, caused by Stone's epistles and testimony.

A SPEECH.—The Southern newspapers give extracts from Charles Sumner's speech under the title of "Sumner's Revenge." On this fact, the Newburyport Herald remarks:

If the speech was prompted by desire for revenge, Sumner may sit down content, for the effect of this speech will be deep, damning and eternal. Never were words put together more cutting and scathing. None of Cicero's phillippics surpass some passages in the "Barbarism of Slavery." And what makes it worse for the slaveholders is, that these words are not to perish, but with each succeeding day they will appear more true and more appropriate. Now many dissent from them as too strong, and almost everybody as being impolitic. Hereafter, when slavery dies out and men look back on it unblinded by interest, prejudice or passion, it will be seen in all the deformity in which Sumner has painted it, and his position will be deemed the more heroic and patriotic, as to-day Cicero's denunciation of Cataline is more highly esteemed than when he startled old Rome, and it will live a hundred or a thousand generations hence, to be declaimed by school-boys as a specimen of the eloquence and rhetoric of these times, and to be quoted by writers as illustrating the condition of the races and the world in our day. There will not be space enough between this and the end of the world to blot out that speech, and the slave states will be shaded by it till time ends in the darkness of undisturbed eternity.

☞ The Machias Union says there is a gentleman now about 75 years of age, a resident of an adjoining town, in the enjoyment of good health and the competence of worldly goods, who never had on a pair of gloves.

☞ Michael Vannah, of Nobleboro, was fatally poisoned by strychnine last week.—It is supposed while handing the poison, he accidentally got some on his tobacco.

☞ Three men have started for Pike's Peak with a party of fifteen girls, to supply in part the destitution of wives existing in that quarter.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Pauacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1.00.

Cordial of Dandelion, Spikenard and Bonset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c. &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1.00.

His **Family Pills** are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His **Concrete** cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottle, 38 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in

Portsmouth ---- No. 1 School Street.

N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. oct5

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than
MOSES & DOWNIE,
is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our store, but we would say that we have COATS varying in price from
50 CENTS TO 15 DOLLARS!
PANTS from
50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of
Cloths, Doeskins & Cassimeres,
Both plain and fancy, that can be found this side of Boston, which we will
Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also
Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,
and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do it at the BIG CLOTHING WAREHOUSE of
MOSES & DOWNIE;
2mos 3 & 37 **Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost supersoding the necessity of washing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst blige-water stains removed from paint immoldately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensible to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

PEALE'S COURT OF DEATH.
The most elaborate and noted work of Art ever painted by an American Artist, is the 'COURT OF DEATH,' by REMBRANDT PEALE. This painting covers 312 square feet of canvass—contains 23 Life Size Figures, and has never been valued at less than
25,000 Dollars.
It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid
Chrome-Lithographic Engraving
of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.
The size of the Engraving is 22 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the moral it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.
Clergymen and Church Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.
Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County* and *State*, plainly. Address G. Q. COLTON,
P. O. Box 3391. No. 57 Park Row, New York.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated, and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House equal if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance of the same. **J. B. FLAGG.**
Portsmouth, May 1st, 1860.

15 Daniel Street.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JUNE 23, 1860.

ROTATION.—Mr. Clark has been re-elected to the U. S. Senate by the Legislature of New Hampshire. In former times the New Hampshire practice was favorable to rotation, but since the Republicans have had power in that State, they have followed the judicious practice of re-electing men who have proved themselves to be good officers.—*Boston True.*

To this the Dover Enquirer says: The practice of the Republicans, whether judicious or otherwise, is not essentially different from what has always prevailed in this State, among all parties. Senators to Congress have, on several occasions, been elected for two full terms. Such was the case with Senator Samuel Bell, who held the office from 1823 to 1835. Mr. Woodbury was re-elected by the democratic party—so was Mr. Atherton, though one resigned and the other died before the close of their second term. Mr. Hale is the only person who has been elected to the Senate for three terms, and one of these was to fill the vacancy occasioned by the death of Mr. Bell. The Republicans, as yet, have elected but one member to the House for more than two terms. The democratic party, from 1829 to 1855, did so on several occasions. They also gave several of their Governors a term of three years. No republican Governor has been continued in office over two years.

THE YEAR OF GRACE: A History of the Revival in Ireland, A. D. 1859. By the Rev. Wm. Gibson, Professor of Christian Ethics in Queen's College, Belfast, and Moderator of the General Assembly of the Presbyterian Church in Ireland.—With an Introduction by Rev. Baron Stow, D. D. Boston: Gould & Lincoln, 464 pages, 12 mo.

Here we have a History of the Revivals in Ireland last year, written by a friend of Revivals, and a very judicious friend indeed he is. No candid reader, whatever may be his view of revivals in general, or of these in particular, can peruse this book without profit. Mr. Gibson appears to be the right man to draw up the account, not only because his position gave him ready access to the facts, but also because the friends of revivals, living on both sides of the Atlantic, seem to confide in his ability and disposition to state them accurately as well as fairly.

Dr. Stow gives some idea of the work and its author, in the preface, from which we make the following extract; but the work itself must be perused to understand its merits fully. The mental and moral darkness of Ireland is intense, as seen in the lights of this work. Dr. Stow says:—

A suggestion from this side of the Atlantic, that a comprehensive statement should be prepared, including a careful digest of facts from the entire field, resulted in the preparation of the volume which, at the request of the American publishers, I am happy to introduce to American readers.—It is the product of great industry, extensive research, and prudent discrimination. The author, Professor of Christian Ethics in Queen's College, Belfast, and Moderator of the Irish General Assembly of the Presbyterian Churches, has the confidence of all classes of Christians in Britain, and his facilities for the collection of facts were all that could be desired. Of these facilities he has thoroughly availed himself, and from the voluminous materials, gathered from the best sources, he has produced a narrative that will be read and appreciated.

Commendation of a book, written by such a man on such a subject, would be gratuitous if not impertinent. But I cannot withhold my testimony to the eminent judiciousness with which Professor Gibson has discharged his trust.

☞ The N. Y. City Inspector addressed a notification to Archbishop Hughes that the law passed in 1853, providing for the registry of births, deaths and marriages, required every clergyman to report all marriages celebrated by him to the City Inspector, under a penalty of fifty dollars for refusing or neglecting so to do. The Archbishop, however, replied by declining, "with the utmost respect for all human legal authority," to fulfill the requirements of the law.—He says that many cases occur in which it is for the Catholic priest to remedy privately the evils which the corruption of morals may have entailed, and declares that while he (the Archbishop) is quite ready for a prison or a scaffold, he is not ready to obey a requisition which would violate the obligations of his conscience.

POISONOUS MANURE AND THE CATTLE DISEASE.—A writer in the Philadelphia Evening Journal asks: "May not one of the most popular means of forcing vegetation be the cause of producing the fatal epidemic now among us? A powerful manure, made from the offal of slaughter houses, diseased dead animals, murrain cattle, and all the filth that can be collected, is very extensively used to stimulate the growth of pasturage. Is it not reasonable to presume that more or less of the poisonous compound would be instilled into the herbage eaten by cattle, and possibly produce the prevailing disease?"

A legal wag call his marriage certificate an writ of attain'd 'er."

BALTIMORE CONVENTION.

A special dispatch to the Boston Herald, dated Baltimore, Friday night, at midnight, says:

The Convention adjourned at eleven o'clock, after an exciting session of four hours. After the final settlement of the question admitting delegates from seceding States, 12 1-2 votes from Virginia, 8 from North Carolina, 10 from Tennessee, 4 from Maryland, 2 from California, and 3 from Oregon, making 30 in all, withdrew from the Convention.

This solemn farce was gone through with without producing an earthquake.

The new delegations from Louisiana, Alabama and Arkansas took their seats.

Ten delegates from Georgia who did not secede at Charleston, remain in the Convention, and the balance of the delegates are here, the vacant seats being filled by good men and true. No Northern delegates have seceded though a few of them talk big.

Able speeches were made by Southern members deprecating the course of the seceders and expressing confidence in the ability of Douglas to carry the South.

The first business of the Convention to-morrow will be to ballot for President and Vice President. The nominations will undoubtedly be made speedily and the convention adjourned. A *slight* addition will be made to the *platform*, which will be acceptable to the *South*.

The name of Governor Brown of Mississippi, is mentioned in connection with the Vice Presidency.

Later.—The meeting of the Massachusetts delegation was lively and exciting. A majority of the delegation will refuse further to participate in the doings of the regular Convention, and a few, led by Whitney, will attend the Seceders' Convention.

The session of the Convention Friday night was stormy beyond precedent.

The Massachusetts delegation had a meeting after the adjournment of the Convention, and a stormy time ensued, amounting to almost a row.

The Convention re-assembled at ten Saturday morning. The theatre was filled.

An insulting letter from Mr. Leach created tremendous indignation in the Convention. Mr. Leach defended himself.

A portion of the Tennessee delegation on retiring made a spread eagle speech, and called their brother delegates "Bogus." A row ensued. Both parties retired and challenges passed.

Gen. Cushing, President of the Convention, made his retiring speech, amidst the most intense excitement, though the most profound silence was maintained in order to catch his words. At the close of his remarks he left his chair and took his seat with the Massachusetts delegation.

Mr. Butler of Mass. then attempted to speak, but was met with disorder and objection. Also motions to proceed to a ballot. He proceeded at some length, but was finally stopped by Cavanagh of Minnesota.

Douglas men propose in the regular convention to cast the full votes of the States where there has been only partial withdrawals of the delegations. Some Northern men still remain in the Convention to prevent this measure. If adopted they will also secede.

From an extra Traveller, Saturday night, we gather:

That the report of Douglas' withdrawal was not correct—but that he would accept if nominated.

The name of Mr. Seymour was withdrawn. A letter from him was read, declining any nomination for either position.

Mr. Breckinridge also withdrew.

When Gen. Cushing left the chair, after his speech, there was loud applause, which continued several minutes; afterwards the whole Convention rose, waving handkerchiefs, clapping hands, and crying "Good! good! Now we shall have a fair man in the chair."

Ex-Gov. Todd of Ohio, one of the Vice Presidents, took the chair.

Of the Massachusetts delegates the following retired from the Convention:—Swift, Lincoln, Leland, Wales, Wright, Riley, Loring, Williams, Johnson, Whitney, Butler, Chapin, Carpenter, and Cushing. As they retired, Mr. Cavanagh of Minnesota said, "There goes the Boston Custom House and the Springfield Armory."

The result of the first ballot was:

For Douglas	176
Against him	25 1-2

New York voted solid (35) for Douglas.

Mr. Soule cast the vote of Louisiana for Douglas, amidst terrific applause, prefacing it with a splendid speech.

The second ballot resulted in 181 1-2 votes for Douglas.

Mr. Hoag, of Va., moved the unanimous nomination of Mr. Douglas. This motion was carried, and STEPHEN A. DOUGLAS, of Illinois, was declared the nominee for President, amidst uproar indescribable.—The enthusiasm of the delegates was intense, and the audience were tumultuous in their expressions of joy.

The Convention was to meet again at 7 o'clock, Saturday night, and perhaps nominated Vice President; but nothing later was received in Boston up to about midnight, and as the telegraph office here is not open on Sunday, we could get no farther particulars.

POPULATION OF JAPAN.—The number of inhabitants of Japan is to a great extent a matter of conjecture. Some writers place it as low as 15,000,000, while others estimate it as high as 40,000,000. From a calculation based upon the revenues, and their equivalent in rice, there seems to be good reason for assuming that the estimate of 25,000,000 is not too great.

☞ Prof. Bond of Harvard Observatory announces the appearance of a new comet, the character of which will not be determined for some days. It has suddenly come in view in the North-west, near the horizon and on the verge of the evening twilight.

THE SECEDERS.—*Baltimore, June 23d.*—The Seceders here met at noon Saturday in the Maryland Institute.

Virginia, North and South Carolina, Missouri, California, Oregon, Florida, Louisiana, Texas, Mississippi, Tennessee, Kentucky, and other States, were represented in whole or in part in the Seceders' Convention.

Before the balloting, Mr. Hill of the N. C. delegation withdrew from the Convention. Also two of the Missouri delegates.

The friends of the seceders at Baltimore assert the certainty of Davis' nomination over Hunter.

SECEDERS' CONVENTION.—*Richmond, June 22.*—The Southern Convention met to-day, but adjourned over till to-morrow. All were emphatically averse to adjourning to Baltimore.

The name of Vice-President Breckinridge was extensively spoken of in connection with the Richmond nomination. Many persons think the seceders will defer nomination, and that a new convention will be called.

The fire-eaters at Richmond refuse to adjourn to join the Yankee seceders at Baltimore.

☞ The Portland Argus says a severe thunder shower passed over Limington on Saturday, the 16th inst. The house of Mr. John Babb was considerably damaged by lightning, killing his dog, which was in the house. The family of Mr. Babb, being alarmed by the severity of the shower, placed themselves on chairs in the middle of the room, with their feet on the rounds of the chairs. The fluid completely shivered the floor beneath them, throwing the fragments in all directions, giving them a severe shock, but not severely injuring anybody.

☞ Joguth Chunder Gangooly, the converted Brahmin, has sailed for Liverpool.—The Boston Courier says that he will remain some months in England, and, after a brief visit to France and Switzerland, will proceed by the overland route to Hindoostan, where he will devote himself to preaching Christianity. A young lady from the State of Maine will join him in Calcutta, towards the end of the year, and become Mrs. Gangooly. In the meantime she is qualifying herself to assist him in the missionary enterprise to which he has devoted himself.

☞ A Wiscasset correspondent of the Lincoln (Me.) Advertiser says that watches and jewelry of the value of $1000, which were stolen from the store of Gardner Walker of Wiscasset, some three years since, have recently been recovered. The robber, John Rich, who was convicted and sentenced to Thomaston Prison, has lately experienced a religious change, and disclosed where the goods were secreted. The articles were found in a damaged condition, buried in the earth at Woolwich.

☞ Henry Harrington, an old resident of Beekman, Dutchess county, N. Y., who died recently, confessed on his death-bed that eighteen or twenty years ago, he and another man murdered a fellow named Lee, and buried the body in the woods.—Before the conscience-stricken wretch could finish his confession, death sealed his lips, but so much had already been said by him as to his associate in crime, and the place where Lee was buried, that but little more could have been added.

CALIFORNIA STEAMERS — BOSTON AGENCY.—The old established Office for the sale of California tickets, in Boston, is re-opened under the management of C. L. Bartlett, Esq., the former obliging and popular Agency. Under the new arrangement three steamers will be dispatched from New York each month, viz., on the 1st, 11th, and 21st. See advertisement.

FORGERIES IN BOSTON.—On Friday, $1800 was drawn from the Safety Fund Bank, by a stranger, on the forged note of the brokers' firm of Matthew Bowles & Co. On the same day $1820 was drawn from the Exchange Bank, on the forged note of William F. Davis, a broker. The rogues have not been discovered.

☞ A trot came off, Wednesday, at Point Breeze Park, Philadelphia, between the horses "Tacony" and "Jim Porter," two best in three to harness. The race was won in two straight heats by "Porter," in the following time: 2:35 1-2 and 2:37. The track was rather heavy.

☞ For the relief of the Pemberton Mill sufferers at Lawrence, all the contributions amounted to $65,579 29, and the amount disbursed is $42,004 72. The balance is invested for the maimed and orphaned.

☞ It is alleged that the pleuro-pneumonia is a disease born of the distillery cow-stables. The report of the New Jersey Agricultural Society, just out, says so.

THE CANKER WORMS have made their appearance later than usual in Massachusetts, and are very destructive to apple, cherry and plum trees.

☞ The Portland Argus says the Republicans call Lincoln "Honest Abe" to distinguish him from the rest of the party.

☞ Thaddeus Hyatt has commenced a suit against the Sergeant-at-Arms of the U. S. Senate.

N. H. LEGISLATURE.

CONCORD, N. H., June 22.—Quite a sensation was created in the House this afternoon, by an altercation between Mr. Shirley of Andover, and and Mr. Barnard of Franklin, the latter having accused the former of wilfully making a false statement. Mr. Shirley was ready for blows, but was restrained by his friends.

The difficulty between Messrs. Shirley and Barnard is likely to lead to more trouble, as Shirley remains in town to answer a written request to meet Barnard.—The friends of both parties wish the matter amicably settled. Mr. Sirley is the Democratic leader in the House, and full of fire.

In the Senate, bills were passed relating to boundary of Greenland and Straham, and to increase the capital stock of the New Market Bank.

The bills for protection of smelt fishing in Great Bay, and collection of interest on unpaid taxes, were laid on the table.

In the House, Mr. Spaulding of Portsmouth introduced a bill in amendment of the charter of the city of Portsmouth, which was referred to the delegation from Porsmouth on motion of Mr. Spaulding.

Mr. French of Newcastle presented memorial of the town of Newcastle, for compensation for the destruction of a bridge for public benefit, which was referred to special committee.

The bill to incorporate the New Hampshire Emigrant and Homestead Aid Company, was passed.

In Convention, Asa McFarland was re-elected State Printer, and John Foss was elected Warden of State Prison.

The doorkeeper brought in an elegant arm chair and presented it to Mr. Sawyer, the Clerk. It bore the inscription, "Presented to Edward Sawyer, Esq., by his friends in the House."

The Legislature has adjourned until the afternoon of Monday.

☞ Between Thursday noon and Saturday morning of last week, says the Farmington Chronicle, $3000 was paid in that village and vicinity, for Franklin county horses. The number sold and taken away was eighteen, averaging upwards of $160 for each horse.

A printer's apprentice says that at the office they charge him with all the *pie* they *do* find, and at the house they charge him with all they *don't* find. He don't understand that kind of logic.

"JUDAS" inquires what Shakespeare meant by a "coign of vantage."

Answer.—Any coin you can get is an advantage.

DIED,

In Leicester, Mass., Mrs. Hattie O. Fernald, wife of Joseph B. Standley, aged 27 years and 10 months, formerly of this city.

DICTIONARY OF THE BIBLE.

Comprising its Antiquities, Biography, Geography and Natural History. Edited by William Smith, LL.D., editor of Dictionaries of "Greek and Roman Antiquities;" "Mythology," &c.
In two volumes octavo. Vol. I, from
A to JUT NOW READY.

"Within the last few years Biblical studies have received a fresh impulse; and the researches of modern scholars and the discoveries of modern travellers have thrown new and unexpected light on the history and geography of the Bible. A new Dictionary of the Bible, therefore, founded on a fresh examination of the original documents, and embodying the results of the most recent researches and discoveries, must prove a valuable addition to the literature of the country." Also,

Instruction upon the Piano-Forte.

MISS M. C. JACKSON, having accepted the situation as Organist at the Unitarian Church, will be pleased to receive Pupils for instruction upon the PIANO.
TERMS—**$10 per Quarter.**
Miss Jackson has been engaged for several years in Portland and Exeter, giving lessons upon the Piano, and having received a thorough musical education, feels confident that she can give entire satisfaction.
Applicants are requested to leave their names at the Bookstore of J. H. FOSTER. June23tf

INSTRUCTION IN THE
ORNAMENTAL BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, to all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which, for beauty and durability, equals the Canvas Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of Drawing.

Mrs. M. continues to give instruction in WRITING; also, Silk and Worsted EMBROIDERY and other Ornamental Branches.

Classes will meet each day between the hours of 9 and 12 A. M., and 2 and 6 P. M. For further particulars, inquire at No. 17 COURT STREET, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

FOR THE COMPLEXION.
LIQUID PEARL WHITE.

This elegant article will be found far preferable to the common preparations of chalk and alabaster, so much in use. It is easily applied, possesses a delightful perfume, and imparts to the skin a smooth and healthy appearance; it contains nothing injurious, and will prove upon trial a very desirable article for the toilet. Put up by

OXYGENATED BITTERS.

A Query.—Why will you suffer? DYSPEPSIA is a brief but comprehensive term for the numerous diseases which affect the stomach, the liver, and in fact the whole human system. Until Dr. Green discovered the Oxygenated Bitters, medical science was at fault and had exhausted itself in fruitless efforts to cure this disease. The Dyspeptic need suffer no longer with a disease that is always painful, and frequently a fatal affliction.

This unique and peculiar compound will as certainly cure as the disease exists. Had it not this power, such testimony as follows would not be given in its favor:

Dyspeptics, read!

Ashuelot, Oct. 6, 1859.

Messrs. S. W. Fowle & Co.,—Gents:—Nine years ago I was so much reduced in strength as to be unable to attend to the common duties of my household, and suffered from a complication of diseases that truly rendered life a burden. I resorted to various *physicians* of acknowledged skill, but *without relief*, and my case was considered beyond the possibility of cure; but at this juncture I made use of the Oxygenated Bitters, and so rapidly did I mend that the effect was wonderful. My physician's distrust of the medicine gave place to the utmost confidence in it.—After a lapse of years, I now remain in the enjoyment of good health, and have ever found the Bitters a never failing antidote for the various symptoms which arise from constitutional derangements. I have since recommended them to several of my friends, with uniform and satisfactory results. CATHERINE RAYMOND.

From a highly respected physician in Maine

South Paris, Me., Dec. 12, 1859.

Messrs. S. W. Fowle & Co.,—Gents:—For several years past I have had a knowledge of the Oxygenated Bitters in some cases of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them. Respectfully yours,
WM. A. RUST, M. D.

Prepared by S. W. FOWLE & CO., BOSTON, and for sale by Wm. R. Preston, David Kimball, Nathan F. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 6wdaw

ANTI-TOBACCO PUBLICATIONS.

The Publications of the American Anti-Tobacco Society are for sale at Nos. 5, 9 and 13 Cornhill, Boston, and also at the Depository, Fitchburg, Mass. Among them are the following:

Six Tracts for Young America or Boys.

A variety of Tracts for Raisers, Sellers, Smokers, Chewers and Snuffers.

A variety for Ladies, Clergymen, Physicians and others.

The Zoological Temperance Convention; The Rev. Solomon Spittle; Uncle Tobey's Stories about Tobacco, for Youth and Schools of all sorts; Anti-Tobacco Envelopes, and a variety of handsome Cards, large and small, for Bands of Hope.

A CARD TO YOUNG LADIES & GENTLEMEN

The subscriber will send (free of charge) to all who desire it, the Receipe and directions for making a simple *Vegetable Balm*, that will, in from two to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth, and beautiful. Those desiring the Receipe, with full instructions, directions, and advice, will please call on or address (with return postage,)
JAS. T. MARSHALL,
PRACTICAL CHEMIST,
June19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."
BETSEY SANBORN.
Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

FOURTH OF JULY.—*Messrs. Editors*:—Will you please state that at an adjourned meeting of the citizens of Portsmouth, holden at the rooms of the Common Council, Friday evening, June 22, it was

Resolved, That the chairman of the committee on subscriptions, Mr. T. J. Sheldon, be authorized to collect from the committee all sums that have been paid in, and to refund the same to the donors.

Resolved, That as the city government have failed to appropriate the sum of $500, as asked for by the citizens, it is inexpedient to take any further action.

JAMES H. HEAD, Pres.
FREEMAN G. BEAL, Sec.

☞ It will be seen that the Fourth of July Committee have given up the idea of having a Celebration in Portsmouth this year. It has been proposed that we *have no 'Fourth' till 1863*, the decennial anniversary of our great Sons' reception; and that then, and thereafter every ten years, we have a Celebration similar to that grand occasion.

☞ There was quite a hubbub kicked up in this city, Saturday night, on account of Douglas' nomination. A salute was fired from a small cannon on Liberty Bridge; and the same gun was also discharged several times on Market Square. We don't think highly of this burning gunpowder anywhere; but when it is done in the centre of a quiet town, it becomes an outrageous nuisance. Any quantity of crackers were also snapped, blue lights fired, rockets sent up, &c.

A. S. Alexander, Esq., being called for by a spontaneous mass meeting, on the Square, near his office—delivered a brief but earnest impromptu Douglas speech.

MOONLIGHT EXCURSION.

Mr. Diman is to have a grand Strawberry Festival at Highland Cottage, Startham, on Tuesday evening, June 26th; for which an extra *half fare* train will run on the C. & P. Railroad, leaving Portsmouth at 7 o'clock, and return at 10. The Portsmouth Cornet Band will be in attendance, and the Exeter Band is also expected. If foul weather, postponed to the first fair evening.

☞ There is to be a grand Excursion to Montreal on Wednesday next, June 27th—to return any time within ten days. Tickets at the Depots—from Portsmouth, and back, only $4.50.

☞ Jos. B. Adams, Esq., of this city, has been appointed Sheriff of Rockingham County, in place of John S. Brown, Esq., of Exeter, whose term of four years has expired. Mr. Adams is jail-keeper in this city, and as Deputy Sheriff has proved himself a prompt and efficient officer.

VISITORS.—About one hundred and fifty ladies and gentlemen from Portsmouth, N. H., visited Portland on Friday, in the noon train. They made an excursion to the islands in the barge Comfort, and returned home in the 5 o'clock P. M. train, expressing much pleasure at the excursion.—*Portland Argus.*

This Excursion was gotten up by the Brodhead Methodist Society; and was a most delightful day's trip.

☞ The Christian Sunday School announce another grand Exhibition at the Temple to-night—with new programme.—The display at their entertainments last week was fine, and the exercises interesting to a large audience.

☞ PARODI, one of the greatest and sweetest of singers, will be here this week. She will be assisted by W. H. Dennett and other splendid musical talent.

☞ Mr. E. G. Peirce, at his yard on Peirce's Island, is building two small vessels for gentlemen in Texas.

☞ It is reported that Mr. Alexander is forthwith to start a Douglas Campaign Paper in this city—to be issued weekly.

CONTRACT AWARDED.—Perley telegraphs from Washington to the Boston Journal, that the Secretary of the Treasury has awarded the contract for the Galveston Custom-house, to Blaisdell & Emerson, of Boston, for $94,400.

INSTALLATION.—Rev. Joseph Blake, recently of Cumberland, Me., was installed as the pastor of the Centre Congregational church in Gilmanton, on the 13th inst.—Sermon by Rev. R. M. Sawyer, Great Falls.

☞ Mr. Ira Dingley of Lewiston attempted to jump from his wagon on the 14th inst., but his foot caught and he fell headlong, fracturing his skull so that he died in a few hours. A son of the deceased was so affected by the event that he is insane.

Look at the woman who is bound to a drunken husband. No stake to which man was ever bound, no flame which ever drank up the life-blood of a human being, was ever so terrible as such a connection as this.—*Beecher.*

WASHINGTON June 21.—The total amount of appropriations passed by both Houses of Congress is $45,543,000, added to which is the Light House appropriation $637,000; for private bills $1,000,000, and for permanent appropriations $8,173,000.—This makes the total appropriations for the next fiscal year $55,353,000.

All the long standing business on the calendar was disposed of to-day by the Senate in executive session, consisting of 40 appointments to the army, and many postmasters, surveyor of customs, collectors and others.

☞ With the exception of the tariff, the post route, and post office deficiency bills, no bill of a general public character is now pending in Congress. The Senate passed the loan bill within ten minutes after it left the House.

Congress has changed the title of purser to paymaster.

NEW YORK, June 22.—The Grand Jury to-day presented the Liquor Dealers' Association as a nuisance.

The Supreme Court decided that the Sunday law was constitutional, fining Mr. Harman, keeper of a German theatre, $250 for keeping open on Sunday, and annulling his license.

"Instructions have been given to the cruisers here to take all future captives to Boston or Portsmouth. This will create a new sensation in those localities, should they be fortunately favored with an arrival."—*Key West Corres. Charleston Courier.*

The negroes would find a very cool and umbrageous retreat in the classic grounds of Boston Common, and while refreshing themselves from "Frog Pond," would, no doubt, find every want supplied through Wendell Phillips and Mr. Garrison. At least one good lot should be sent to Oberlin.—*N. Y. Journal of Commerce.*

☞ Mr. Dorman, whom a Council refused to ordain at Manchester, Ct., has been ordained pastor of the church in that place by another Council.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 146 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction*. All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

PORTABLE FURNACES

of all sizes—sufficient to warm one room, or an entire building as may be desired.

CHILSON'S NEW COOKING RANGE.

A splendid article, having two large elevated ovens, *sure to bake*. These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.

BEST BLACK VARNISH,

For Iron Fences, Fireboard, Grates, &c.; of Brilliant lustre, and *perfectly water-proof.*

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Loss of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

Sir James Clarke's Female Pills
Sir James Clarke,s Female Pills
Are a Scientific Preparation.
Are a Scientific Preparation.

They are safe, and never fail
They are safe, and never fail
To remove all Obstructions
To remove all Obstructions,

And cure all Female Complaints,
And cure all Female Complaints,
When the directions are followed.
When the directions are followed.

They are a blessing and a cure.
They are a blessing and a cure.
And can be sent by mail

Auctions.

POSTPONEMENT.

Now is the Chance for those who are in want of LAND!

Valuable Real Estate in Rye!

Will be sold at Public Auction on

On TUESDAY, the 17th day of July, 3 o'clock, P.M.

At the Sagamore House, in Rye,

A PART of the **SAGAMORE FARM**, comprising 59 acres of very excellent land, suitably divided into Mowing, Tillage and Pasturage, with a fine lot of fruit trees, and two wells of water on the same. Being bounded Easterly on the Atlantic Ocean, it is very easily dressed with sea-weed. On the same are several very eligible Building Lots. The field land will cut about 20 tons of hay, all of the best quality, pasturing sufficient for 12 head of cattle. Such a favorable opportunity for the purchase of such excellent land is seldom offered; I therefore respectfully call the attention of Farmers in particular, and the Public in general, to the above sale. An undoubted title will be given. Terms at sale.

For further particulars, enquire of STEPHEN B. FIFETS, at the Sagamore House, Gen. JOSIAH G. HADLEY, of Portsmouth, or of the subscriber.

Rye, June 5, 1860. GEORGE W. TOWLE.

WHAT SHALL WE DRINK!

From the N. H. Gazette.

The Dred Scott Decision.

We are astonished at the coolness with which some Democratic editors persist in denying in the face of the plainest truth, that the Supreme Court have decided the slavery issue in the Territories. Now we once again repeat what we have so often affirmed and what every intelligent editor in the country knows to be true, that the Supreme Court of the United States *have* decided this question, clearly, fully and unequivocally, in the decision given in the Dred Scott case. In that decision the Court have laid down the principles so plainly that he who runs may read, that the Territories are the common property of the United States; that the citizens of all sections of the country have an equal right to settle in them with their property; that the Constitution distinctly recognizes the right of property in slaves, and consequently that the owners of slave property have the same right to take their slaves with them into the Territories and hold them there while the territorial condition remains, that the possessors of any other species of property have to migrate thither with their property, and that neither Congress nor a territorial legislature has power to destroy or impair this right, but on the contrary that it is the duty of the government to afford citizens in the Territories adequate protection in the enjoyment of this and all other rights.

This, briefly but correctly stated, is the clear and explicit decision which the Supreme Court have given upon the question of slavery in the Territories:—the Constitution recognizes and sanctions property in slaves, and the citizen of the South has the same right to the enjoyment of the common domain with his property in slaves and to be protected therein, that the citizen of the North has to enjoy it with his property in horses, mules or merchandise, and neither Congress nor a territorial legislature can assail or do violence to this right.

That Mr. Douglas should deny that the Court have made such a decision and seek to mislead the popular mind upon the subject, is not strange. It is in direct conflict with the heresy he has chosen to win his way to Presidential honors, and if admitted of course leaves him no ground to stand upon. Yet he did admit it until within a period of but little more than a year—did admit that the Dred Scott decision settled the question of the right of the citizens of the South to go into the Territories with their slaves, and that slave property was entitled to the same protection there as any other property, and said he fully accepted that decision, but then he accompanied these admissions with his "unfriendly legislation" dodge. Since that he has discovered that this dodge would not answer, and he has abandoned it. But still adhering to his squatter sovereignty heresy, and having unbounded confidence in his ability to humbug and mislead the people, he now denies the entire force and effect of the Dred Scott decision, and this when no one better than he knows that this denial is a denial of the truth in every particular.

We therefore repeat, in view of the aims and character of Mr. Douglas it is not strange that he should deny that the Supreme Court have decided the slavery issue in the Territories. Such a denial is essential, indispensable to his position, and his contempt for the intelligence of the masses prompts him to believe that his ambitious aims can be attained by a bold persistence in this course. But why Democratic editors, who have no such motives for their conduct, should persist in denying the truth—persist in denying that the Supreme Court of the United States have given a decision which everybody of any pretensions to intelligence knows they have given, is indeed singular. We can account for it only on the ground that our cotemporaries are afraid the people cannot bear the truth, and believe that deception is necessary to prevent the Democratic party from all turning black republicans. But we tell them if this is their motive and belief they are grossly deceiving themselves, as well as seeking to deceive others. We assure them that the Democratic masses are honest and patriotic, and need only to be correctly informed of their constitutional duties and obligations to readily and faithfully perform them; and they who would mislead and deceive them are sure sooner or later to be visited with their indignation and contempt. We say again, the Dred Scott decision settles the question, as every intelligent man knows, of the right of the citizens of the South in common with those of the North to settle in the Territories with their property of every description. In the name of truth, honor and a decent respect for the intelligence of the people, let us have no more denials of this fact from men professing devotion to the Democratic cause.

The Baltimore Convention.

This body, which assembled on Monday, as will be seen by their proceedings in another place, have not succeeded in accomplishing anything up to the time we go to press, and we confess we have but little hope of their reaching a harmonious result. The majority of the Committee on Credentials have made a report in favor of admitting bogus delegates from several of the Southern States who represent nobody, and of excluding the true delegates who represent the Democratic party in those States, which if sustained by a majority of the Convention must inevitably end in another and final disrupture of the body. The determination manifested by the Douglas leaders, acting under his direction no doubt, to secure the nomination of their man by fair means or foul or divide the Convention, promises but little, we are sorry to say, for the harmony and success of the Democratic party in the coming national struggle. In the event of a division of the Convention there will of course be two Democratic tickets placed before the people—a sectional one nominated by the Northern delegates in Baltimore with their bogus allies of the South, and a national one nominated by the Richmond Convention. This may perhaps throw the election into the House of Representatives, and afford the Democratic party a possible chance of retaining their ascendency.

For ourselves we have long been satisfied that Stephen A Douglas was bent on ruling or ruining the Democratic party, and that if he failed in accomplishing his purpose it would be from no want of effort on his part, and from no hesitancy as to the means employed; and we have been surprised that so large a part of the party have been blind to his design. But we fear that they are now about to be made to realize it when it will be too late to avert the mischief.

Houses and Lands.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*.—Analyze the Blood of a person suffering from Consumption, or any other form of Dyspepsia, Scrofula, &c., and we find in *every* instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT and LUNGS tending to CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite*, and for all CHRONIC DISEASES arising from OVER-TASK, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is *taken by Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For SALT RHEUM, SCROFULOUS KIDNEY, BLADDER and BLOOD COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD.", $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford instantaneous relief*, when it is used at the time. It acts so mildly and so gently that a single trial will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the most valuable preparation now known for CHILDREN TEETHING; DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing Inflamation, regulating the Bowels, and relieving pain. It has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for infantile complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL; this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by

CHURCH & DUPONT, Druggists,
No. 409 Broadway, New York;

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

Dose.—1 wine glass full as often as necessary.

One dose will remove all bad Spirits.

One dose will cure Heartburn.

Three doses will cure Indigestion.

One dose will give you a good appetite.

One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness, debility, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual system, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is trial, and to induce this, the proprietor has reduced the price of a pint bottle, at 50 cents, qts $1.

General Depot, 43 Water street, New York.

Weeks & Potter, and M. S. Burr & Co., Boston.

GEORGE W. PLUMER'S

NEW BAKING ESTABLISHMENT.

SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons and the public

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry**, including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Rolls, Pies, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. T. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEORGE W. PLUMER.

Portsmouth, March 26, 1860.

VERMONT BUTTER,

25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

DR MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON

An ancient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz.:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, the tried virtues of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that torment of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

IN NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the other oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is the latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the vascular tenderness which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked DIARRHŒA, even when accompanied by DYSENTERY, great distress, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In local pains, loss of flesh and strength, debilitating cough, and remittent heetic, which generally indicate INCIPIENT CONSUMPTION, this remedy has always been the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly adapted to them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which *invariably* acts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

CHARLES SUMNER.

The able and eloquent speech, which Charles Sumner delivered upon the subject of slavery in the U. S. Senate, for which a brutal assault was made upon him, in opinion, was never excelled in ancient or modern times. His recent speech upon the evils, enormities, and "barbarism" of slavery is not inferior to the former, is more extensive, and presents such facts and truths as can hardly fail, when well understood by the American people, to put a speedy end to the sinful institution. It should and we think will be read by all the friends of freedom in the Northern States, and, could it be extensively circulated in the slave States, the white population would be convinced that slavery is an unmitigated curse to them, and that its abolition would promote the prosperity of all classes.

It would be idle to deny the facts he states, proved by the last census of the United States. Every person, thoroughly acquainted with the subject, knows that he states the truth, and nothing but the truth. It is this that alarms and excites the irascible temper of slaveholders; but they dare not again lay violent hands upon him in Washington city, although he would doubtless be assassinated could he be found in a slave region.

We hail with joy his restoration to health, so that his country may have the benefit of his talents and profound erudition. But we have considered it as a singular event that death soon overtook the cowardly person who attempted to take his life.

Mr. Sumner's last great speech will doubtless be circulated in pamphlet form throughout the free States. Its attentive perusal will be no lost time. As an able, fearless and eloquent defender of the rights of humanity, especially of the down-trodden, the name of Charles Sumner will be perpetuated, like those of Clarkson and Wilberforce, in history. HOMO.

GROVER & BAKER'S
Celebrated Family Sewing Machines.
FOR FAMILY USE.

From the very flattering manner in which our Machines have been received by the public, resulting in the sale of

35,000,

we are led to believe that our endeavors to manufacture a RELIABLE MACHINE have been appreciated. We take this opportunity to remark that the policy will be unchanged, and that

Every Machine sold by us
We shall not hesitate to Warrant in every respect.
GROVER & BAKER S. M. CO.

THIRTY DIFFERENT PATTERNS,
Adapted to every variety of
FAMILY SEWING.

A FEW CERTIFICATES OF THE GREAT SUCCESS —of the— **Grover & Baker's Sewing Machines.**

[From the wife of the Hon. Jefferson Davis.]

Mrs. Jefferson Davis presents her compliments to Messrs. Grover & Baker, and takes pleasure in saying that she has used one of their box Sewing Machines for two years, and finds it still in good order—makes a beautiful stitch, and does easily any kind of work.

[From J. G. Harris, Governor of Tennessee.]

My wife has had one of Grover & Baker's Family Sewing Machines in her home, and I am satisfied it is one of the best labor-saving machines that has been invented. I take pleasure in recommending it to the public.

[From the Rev. Jonathan Cross, Agent American Tract Society.]

My wife has been using one of your Sewing Machines for the last three months, and pronounces it faultless. She can sew more on it in one day, than in ten the old way, and without fatigue. The work is beautiful and durable.—She says she would not exchange it for any other one. It is certainly one of the grandest inventions ever made for the relief of woman-kind, and I would recommend every family to get one as soon as possible.

Baltimore, July 14, 1859.

PORTSMOUTH, April 12, 1859.

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & FAIRE.

PORTSMOUTH, July 16, 1859.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

CHARLES W. BREWSTER.

"Zion's Herald," Nov. 10th, 1859, says,—"We would recommend to families and to those about to organize a homestead, *to be sure and have a Family Bible, and also one of Grover & Baker's SEWING MACHINES.*"

C. C. WHITTEMORE,
STORE NO. 3 MARKET ST
AGENT IN PORTSMOUTH.

SALES ROOM IN BOSTON,
18 Summer Street.
AGENCIES THROUGHOUT THE WORLD.

Look Out. Look Out. Look Out.

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.

LOOK OUT! before you buy Hats and Caps.

LOOK OUT! before you go to take your measure for your Custom Clothing.

LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at

No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!
PANTS from
50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of **Cloths, Doeskins & Cassimeres,**
Both plain and fancy, that can be found this side of Boston, which we will
Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags, And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE;
2mos **3 & 37 Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

PEALE'S COURT OF DEATH.

The most elaborate and noted work of Art ever painted by an American Artist, is the 'COURT OF DEATH,' by REMBRANDT PEALE. This painting covers 312 square feet of canvass—contains 23 Life Size Figures, and has never been valued at less than

25,000 Dollars.

It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid

Chrome-Lithographic Engraving

of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.

The size of the Engraving is 23 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.

Clergymen and Church Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.

Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County* and *State*, plainly. Address G. Q. COLTON,
P. O. Box 3391. No. 37 Park Row, New York.

City Hotel, Portsmouth, N. H.

This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and every gratuity for past favors, respectfully solicits a continuance.
J. B. FLAGG.

15 Daniel Street.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, JUNE 24, 1860.

DEMOCRATIC CONVENTIONS.

We take the following, respecting the three Democratic National Conventions, from the Boston Herald, a Douglas print.

BALTIMORE, June 24.—The National Democratic Convention has adjourned *sine die*, after placing in nomination STEPHEN A. DOUGLAS, of Illinois, for President, and BENJAMIN FITZPATRICK, of Alabama, for Vice President, which was done unanimously, after the fire eaters of the South, and the dirt eaters of Massachusetts had left the Convention.

On the re-assembling of the Convention, Benjamin Fitzpatrick of Alabama, was unanimously nominated for Vice President on the first ballot.

The Democratic National Committee for the ensuing four years was then appointed.

Mr. Richardson of Illinois, thanked the Convention for the high honor conferred on his State in selecting as the candidate for the Presidency her favorite son.

Alluding to the Seceders, he said if the Democratic party should be defeated and perpetually ruined, they, the Seceders, must bear the responsibility, not Mr. Douglas or his friends. In this connection he produced a letter from Mr. Douglas, dated Washington, June 20th, authorizing and requesting to withdraw his name, if in their judgment harmony could thereby be restored to the Democratic ranks.

Mr. Richardson then said that the course of the seceders had placed it out of the power of the friends of Mr. Douglas to make any use of the letter. He concluded his speech by saying that when this government fails to accomplish the object for which it was formed, let it go down.

Mr. Arckliffe, of Louisiana, offered the following resolution, which he said would give Mr. Douglas forty thousand majority in his State:

Resolved, That it is in accordance with the Cincinnati platform, that during the existence of the Territorial Governments, the measure of restriction, whatever it may be, placed by the Federal Constitution or the Territorial Legislature over the subject of the domestic relations, as the same shall be, or shall hereafter be finally determined by the Supreme Court of the United States, should be respected by all good citizens and be enforced with promptness and fidelity by every branch of the Federal Government.

Mr. Paine, of Ohio, called for the previous question, when the resolution was adopted.

Messrs. Cushing, Butler and Whitney are denounced here in the severest manner, as they will be by the people of Massachusetts and of New England. They have proved themselves traitors of the blackest kind, fit persons for Yancey to do his dirty work, while he has about as much regard for them as he would have for the niggers on his plantation. They have disgraced the people who have lifted them into stations which they have proved unworthy to fill.

THE SECEDERS' CONVENTION was a weak affair, and its nominations will damage nobody but the nominees and those who put their names into the unenviable position of either immediate withdrawal or defeat.—Cushing distinguished himself by presiding over them. They met at noon in the Maryland Institute. They were called to order by Mr. Ewing, of Tennessee.

The Chair requested the delegates to hand in the list of members; the roll was called with this result:—Vermont, 1 delegate; Massachusetts, 26 delegates; New York, Pennsylvania, Delaware and Maryland responded; Virginia, 24 delegates; North Carolina, 19 1-2; Georgia 28. Florida responded that all the delegates from that State were not here, but will be soon; Mississippi, 14 delegates. Arkansas was responded to by Mr. Heath, of that State. Minnesota responded. California responded her whole electoral vote. Oregon, all the delegates.

Mr. Walker, from the Committee on permanent organization, reported Hon. Caleb Cushing for permanent President of the Convention, with tremendous cheering.—The Committee also reported Vice Presidents from each State represented.

A committee waited upon Gen. Cushing, and his appearance was the signal for immense cheering, the whole body rising to their feet, and cheer upon cheer was given. Mr. Russell welcomed him, and introduced him to the Convention as one who is and has been President of the National Democratic Convention. Immense cheering.

Gen. Cushing, on taking the chair, made a few remarks, and business was commenced by the Committee on Credentials reporting that South Carolina was not represented, nor was any person present authorized to act for her. Whole number of delegates 118, including 2 from New York, Messrs. Bartlett and Schell, 1 from Vermont, and 2 from Missouri. The report was accepted. The delegates from South Carolina and Florida, accredited to Richmond, were invited to take seats, provided they felt themselves authorized to do so.

A committee of five was appointed to prepare an address to the Democracy of the Union, Hon. Caleb Cushing to be Chairman.

The Committee on Resolutions reported the platform of the seceders at Cincinnati without crossing a *t* or dotting an *i*. The platform was adopted. The Convention then resolved to run an electoral ticket for the candidates of this Convention in every State. A perfect organization was resolved upon.

After some further business the Convention proceeded to ballot, and JOHN C. BRECKENRIDGE, of Kentucky, was nominated for President, and Joseph Lane, of Oregon, for Vice President. The vote was made unanimous.

Dr. Loring of Mass. made the nomination, and the ballot stood — Breckinridge 81, Dickinson 24.

Jos. Lane received every vote on the first ballot. Adj. sine die.

The seceders tendered the nomination to Hunter and Guthrie, but they declined it. It is understood Breckinridge will accept.

THE FIRE EATERS' CONVENTION.—*Richmond, June 23.* After caucusing all day, the seceding convention re-assembled at 6 P. M., and adjourned till Monday.

They entirely opposed going to Baltimore, considering that as they adjourned to meet here, they had better await further advices before coming to a final determination.

☞ Perley telegraphs from Washington to the Boston Journal as follows:

The Douglas men here, especially the office-holders, are indignant at Richardson and Foulke for not reading the letter of withdrawal sent over to Baltimore by Mr. Douglas on Friday night. Their principal excuse is that the South would not unite on either Fitzpatrick or Stephens.

Numerous appeals have been sent by telegraph from the South to Fitzpatrick not to stand, and from the North to Douglas not to sacrifice his friends in office, but to withdraw.

The Richmond Convention will endorse Breckinridge.

☞ Charles S. Doyen, a lad of sixteen, many will remember, mysteriously disappeared from Boston three months ago, with a thousand dollars, belonging to the firm of Plumer & Co., flour dealers. So upright was the boy, so entire the confidence reposed in him, and so conclusive the circumstances that he could not have premeditated absence, that manly felt he must have met with foul play. He has, however, lately communicated with his employers thro' his pastor, assuring him that his departure was not thought of till after he left the store; confessing his deep sense of his wrong, alleging his sincere penitence, and giving the best possible proof of penitence by restoring more than *nine hundred dollars* of the money, in the identical bills he carried away. He has been at work upon a farm ever since the first fortnight after his disappearance; promises to repay the balance, principal and interest, as soon as he can earn it.

JAPANESE CIVILIZATION.—The Japanese say that the art of printing, as now used, has been practised in Japan for 300 years, and that a bad description of printing has been known for 600 years. Tobacco has been in use 250 years. The employment of gunpowder in blasting was unknown. The tools were all iron or steel, no composition of copper sufficiently hard being in existence. There are large manufactories in Japan, and water wheels are in use to grind grain. Man-power produces the force to drive machinery. This embassy is the first ever sent to a foreign country by the government.

THE JAPAN BOYS become men at about 15 years of age. They then receive a new name and have their heads shaved.—For every advance in rank this name is changed to a new one. This change of name is carried to such an extent that no subordinate is allowed to retain the name of his chief, and when an individual is appointed to a higher station, every one under him who chances to be his namesake must immediately change his name.

THE CAUSE OF CRIME.—In New York, Sunday is a day of much dissipation. Formerly the number of arrests would exceed three hundred; but since the new police have more strictly enforced the laws relating to the sale of intoxicating drinks on that day, the number of Sunday arrests has been reduced one-half. Last Sunday the arrests were 157; of these, 77 were for intoxication; 39 for disorderly conduct by, drunken parties; 10 for assault and battery, that would not have been committed without rum; and one for violating the Sunday liquor law. Thus we see 127 out of 157 arrests caused by rum, and that is nearly the average in any community.

☞ The Female Medical College, of Pennsylvania, located in Philadelphia, will commence its eleventh annual session Oct. 17th, 1860, and continue five months. A new and very important means of success has been secured, which insures the opening, at an early day, of a Hospital for Women.

☞ Justin Terry and wife, of Springfield, Mass., got into an altercation Sunday morning, when she struck him on the head with a hatchet and finished by drowning him in the Connecticut river. Jealousy on the part of the husband was the cause of the difficulty. Both were intoxicated at the time. The woman is under arrest.

Spare moments are like the gold dust of time. Of all the portions of our life, spare moments are the most fruitful in good or evil. They are the gaps through which temptations find the easiest access to the garden of the soul.

A POET'S VIEW.—Samuel Rogers said—"Those who go to heaven will be very much surprised at the people they find there, and very much surprised at those they do not find there."

☞ The New York Vanity Fair styles Lincoln and Douglas "the *long* and *short* of the Presidential contest."

Why do people talk about feeling doubts in their own mind? Where else could they be expected to feel them?

SEWING MACHINES have now become one of the domestic institutions of the country. They are introduced with great rapidity into all parts of the land, and into thousands of families; and any man who has any regard for economy, can easily satisfy himself that he cannot afford to be without one in his family—at the same time that he becomes convinced that it will conduce more to the comfort and health of a household, than does the cooking-stove.

We have known of the trial of many Machines—single and double stitch—in various families; and have never heard of a single instance in which any Machine worthy the name, has failed of securing its place as a fixture. *Any* good machine is infinitely better than none.

The principal makers of Family Machines, Messrs. Grover & Baker, have an advertisement in our columns, from their agency in this city—to which we invite attention.

We can speak from personal knowledge of Grover & Baker's machines—as of a high order of excellence; and we have never known one to be discarded, from any cause, after being once introduced. Messrs. Allen & Paine, the extensive cloak manufacturers of this city, who have tried several different patents,—as will be seen by their card, award the palm to Grover & Baker.

There are numerous other machines in the market, many of them comparatively worthless; but it is better to buy a well-known article of merit, than an inferior one even at a low price.

STATUE OF HORACE MANN.—A plan is on foot in Massachusetts to erect a becoming statue to the late Horace Mann, at a cost of $12,000 to $15,000. It is proposed to take up subscriptions in the schools, and to give every school that will contribute $5, an engraved likeness of Mr. Mann set in a gilt or black walnut frame.

The Court Journal of London says that a young gentleman recently undertook, on a wager, to lap up a saucer of milk in less time than a cat. The gentleman fell behind at first, in consequence of being seized with a violent fit of laughter; "but," says the paper named, "*recovering his gravity*, he won the bet by two table-spoonsful."

DEFRAVITY.—The Manchester American reports that on Sunday night last week, fifty-three grafted apple trees in the orchard of Samuel C. Webster of Plymouth, N. H., were girdled by a saw so as to entirely destroy them. Loss about $1000.

NO PLACE FOR WHITE LABORERS.—One or two hundred white laborers have refused, on account of the effect of the sun, to continue on their contracts on the Central Railroad in progress in Mississippi.—The deficiency will be supplied by the substitution of slave labor.—*Exchange.*

☞ The Newburyport Herald understands that several ladies in that city are arranging a pedestrian party for the White Hills, this summer. The Transcript presumes such an experiment is what is meant by the phrase "putting themselves on their muscle."

A blacksmith, having been slandered, was advised to apply to the courts for redress. He replied, with true wisdom—"I shall never see anybody for slander; I can go into my shop and work out a better character in six months, than I could get in a court house in a year."

☞ The wreck of the ill-fated steamship Hungarian, as she lay below the surface, was sold to two Yarmouth men for $14,000, and in about six weeks they had recovered, by diving, goods to the value of nearly $80,000. They are still at work on her, and expect to make a fortune by the speculation.

It is better to be laughed at than ruined: better to have a wife who, like Martial's Mamurra, cheapens everything and buys nothing, than to be imporverished by one whose vanity will purchase everything, but whose pride will cheapen nothing.

LITTLE GIRL KILLED BY A DOG.—In the town of Dauphin, Penn., last week, a little girl, eight years old, daughter of Mr. John Masner, was attacked by a dog and bitten directly under the ear. The poor child died in ten minutes after the bite.

AN OFFICIAL SPELL.—One of the persons engaged in taking the census of Boston, under the United States Marshal, spells reluctance—*relucttinks*; and when he wishes to write the words "great deal" he does it up thus—"*goodele.*"—*Transcript.*

☞ Reports of cases of cattle disease have been prevalent in different parts of Maine as well as New Hampshire, but in all cases where an examination has been had, or the facts drawn out, there have been no deaths from pleuro-pneumonia!

CITY LIFE may be made very healthy, so far as the physical constitution is concerned; but there is connected with the business of the city so much competition, so much rivalry, so much necessity for industry, that I think it is a perpetual, chronic, wholesale violation of natural law.—*Beecher.*

THE KENDALL BENEFIT CONCERT.—At the close of Ned Kendall's benefit concert, at Tremont Temple, Boston, Saturday evening, it was announced that the receipts were $423.

Blessed is the memory of those who have kept themselves unspotted *from* the world—yet more blessed and more dear the memory of those who have kept themselves unspotted in the world.—*Mrs. Jameson.*

LATER FROM EUROPE.

FARTHER POINT, June 24.—The steamer Melita, chartered from the Cunard Company to take the place of the Canadian, called at Londonderry on the 14th.

THE SICILIAN INSURRECTION.—The capitulation was signed on the 6th.

A Turin dispatch, speaking of the terms, says,—"The Neapolitan troops are to embark with arms and baggage. They are to encamp till their embarkation on the Monte Pelegrino."

A Naples telegram of the 10th says the evacuation of Palermo by the royal troops will terminate to-morrow. The troops, which had already commenced to arrive at Naples, have been despatched towards Castletonmare and Gaeta.

The Neapolitan troops in Sicily will be centred at Syracuse, Messina and Agosta.—The Neapolitans embark with arms and baggage.

A Turin dispatch says that according to the terms of the capitulation, the English were temporarily to occupy the forts of Palermo for reasons not known. This clause has not yet been put in operation.

The damage done by the bombardment of Palermo is immense. The treasury was destroyed. Three hundred houses were burnt by the Neapolitans in only one quarter of the town, as well as several convents. At the moment of the retreat, women and children, who sought to escape from the burning houses, were killed. The Carini palace was sacked and burned. As they retired they set fire to all the houses in their way.

Catania was given up to pillage by the royalists and then abandoned.

Garibaldi has issued a decree, calling on all Sicilians to arms, between the ages of 17 and 50 years. Fifty vessels of war were in the harbor of Palermo.

The Opinione Nationale gives a rumor that France had, with the consent of Piedmont, accepted the mediation proposed by Naples. The conditions of the mediation are—a liberal constitution for Naples, and a separate government for Sicily under a Prince of the House of Bourbon, subject to the condition that the Sicilians give their consent.

It is said that Mazzini has embarked for Sicily. The Sardinian government has ordered its fleet and all the authorities along the coast to arrest him if possible.

GREAT BRITAIN.—In the Commons on the 12th, Lord Palmerston stated that in order to afford protection to persons claiming the shelter of the British flag, the Admiralty had been directed to station ships of war at Messina, Marsala, Palermo and the Bay of Naples. He understood an envoy was on his way from Naples to Paris and London, and government would not hesitate to express to him those feelings which they, in common with every person in the country, had regarded the barbarities perpetrated at Palermo.

It was announced that the Great Eastern would sail for New York on the 16th inst. She made a trial trip on the 9th, which was regarded as satisfactory, though the rate of speed averaged only 12 1-2 knots an hour. It was expected she would reach New York inside of ten days.

FRANCE.—The Sardinian government approved the treaty ceding Savoy and Nice by a vote of 92 to 10.

The evacuation of Italy by the French troops is completed.

Political rumors with regard to Sicily and Germany, coupled with Gortzchakoff's manifesto on the Turkish question, are considered to strengthen the belief that no new European war is desired by France in 1860, but are far from having any effect in causing the future to regarded with increased confidence.

CONGRESS, SATURDAY, June 23.

SENATE.—A message was received from the President vetoing the Homestead bill, giving, among other reasons, the unjust discrimination of the bill in favor of foreigners, and its seriously affecting the revenue from the public lands.

Mr. Johnson, of Arkansas, charged the other house with being responsible for the defeat of the bill by the incorporation of a proviso.

Mr. Johnson, of Tennessee, addressed the Senate at length in opposition to the veto, and stated the President now vetoed what he once approved.

Mr. Pugh said the President's objections were mere quibbles.

Mr. Harlan combatted the positions taken by the President.

The question was taken on passing the bill over the veto. Lost—yeas 28, nays 18, not two-thirds.

HOUSE.—A message was received from the President, recommending an alteration in the law so as to allow the Postmaster General to contract for an ocean mail service, on reasonable rates, to the Pacific coast.

MONDAY, June 25.

HOUSE. — The President notified the House that he had signed certain bills, including the civil appropriation bill, with a protest against the clause designating Capt. Meigs to superintend the disbursement of the half million dollars for the Washington ton aqueduct, considering it an interference with the constitutional rights of the President as commander-in-chief of the army, and Meigs subject as an officer to his orders.

The President also sent a message to the House relative to its action on the Covode Committee report. His opinion is, that the House exceeded its constitutional rights, tending to degrade the Presidential office, and rendering it unworthy of acceptance by any honorable man.

A GOOD MOVEMENT.—A special committee of the New Hampshire legislature, by a vote of three to two, have agreed to report a bill to prohibit the circulation in that State, of newspapers containing advertisements relating to the procuring of abortion; also prohibiting the publication of all advertisements of a delicate nature in any newspaper published in the State. It would to many seem madness on the part of a Governor of this State to summons a special session of the legislature to consider and act upon this same subject; but it is as much more demanded than the late session, as a live, healthy, intelligent child is more valuable than a calf.—*Newburyport Herald.*

AT THE TEMPLE.

DOUBLE MINSTREL TROUPE.

POSITIVELY FOR TWO NIGHTS ONLY!!

INSTRUCTION IN THE

ORNAMENTAL BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, to all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which, for beauty and durability, equals the Canvas Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of Drawing.

Mrs. M. continues to give instruction in WRITING; also, Silk and Worsted EMBROIDERY and other Ornamental Branches.

Classes will meet each day between the hours of 9 and 12 A. M., and 2 and 6 P. M. For further particulars, inquire at No. 17 COURT STREET, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

CHAMPION

FLY AND MOSQUITO CATCHER.

The public are invited to call at the Bookstore of J. F. SHORES, JR., No. 1 CONGRESS BLOCK, and examine the FLY & MOSQUITO CATCHER—of which the editor of the Manchester American, on witnessing its operation, says,—

"The result, to our great astonishment, was the catching and slaying of not less than Two Thousand Flies by operating the Catcher only *one and a half minutes.*"

There is no machinery about it, and any person who can sweep a room, can operate it. Price $1.

OXYGENATED BITTERS.

A Query.—Why will you suffer? DYSPEPSIA is a brief but comprehensive term for the numerous diseases which affect the stomach, liver, and in fact the whole human system. Until Dr. Green discovered the Oxygenated Bitters, medical science was at fault, and had exhausted itself in fruitless efforts to cure this disease. The Dyspeptic need suffer no longer with a disease that is always painful, and frequently a fatal affliction.

This unique and peculiar compound will as certainly cure as the disease exists. Had it not the power, such testimony as follows would not be given in its favor:

Dyspeptics, read!

Ashuelot, Oct. 6, 1859.

Messrs. S. W. Fowle & Co.,—Gents—Nine years ago I was so much reduced in strength as to be unable to attend to the common duties of my household, and suffered from a complication of disease that truly rendered life a burden. I resorted to various physicians of acknowledged skill, but without *relief*, and my case was considered beyond the possibility of cure, but at the juncture I made use of the Oxygenated Bitters, and so rapidly did I mend that the effect was wonderful. My physician's distrust of the medicine gave place to the utmost confidence in it. After a lapse of years, I now remain in the enjoyment of good health, and have ever found the Bitters a never failing antidote for the various symptoms which arise from constitutional derangements. I have since recommended them to several of my friends, with uniform and satisfactory results. CATHERINE RAYMOND.

From a highly respected physician in Maine.

South Paris, Me., Dec. 12, 1859.

Messrs. S. W. Fowle & Co.,—Gents—For several years past I have had a knowledge of the Oxygenated Bitters in some cases of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them. Respectfully yours,

WM. A. RUST, M. D.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hastings, Portsmouth; J. F. Packer, Greenland; and dealers everywhere. spu0t Sw4tw

ANTI-TOBACCO PUBLICATIONS.

A CARD TO YOUNG LADIES & GENTLEMEN

The subscriber will send (free of charge) to all who desire it, the Receipt and directions for making a simple *Vegetable Balm*, that will, in from two to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth, and beautiful. Those desiring the Receipt, with full instructions, directions, and advice, will please call on or address (with return postage,)

JAS. T. MARSHALL,
PRACTICAL CHEMIST,
June19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several joints, which were very painful. I tried many of the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."

BETSEY SANBORN.

Kensington, Sept. 25, 1685.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.
Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

For the Chronicle.

CIRCULAR.—*To the friends of Temperance in Rockingham County:*—The woes of intemperance in an awfully destructive degree exist among us. The unjust and ruinous traffic in ardent spirits is being carried on to an alarming extent. By it many, who might otherwise be industrious and useful members of society, are made drunkards—of no use to themselves, and often a curse to their friends, whom they should protect and bless. Lads and young men, the hope of a fond father and the joy of a kind mother's heart, are allured and caught in the snare, and ruined forever.

We have in this State a Prohibitory Liquor Law. It was demanded by citizens and men of all parties, and by some of the intemperate themselves. It was enacted by the Legislature, not as a party measure, but all parties gave it a generous support. Some have since sought to make political capital by opposing it and throwing obstacles in the way of its being executed, but without success or honor to themselves.—"The law is good." It is on the statute book, and it is not believed one true friend of temperance wishes it repealed. But it should be executed. It must be executed, and we have courage to say, it *shall* be executed.

It has been executed with good results in many localities. It can be in almost any place, if the matter is taken in hand efficiently.

A few weeks ago a County Convention was held at Raymond, and the result was the appointment of a County Prosecuting Committee, consisting of five persons. This Committee is filled by worthy men in different parts of the County. It was recommended that the friends of temperance in each town choose a town Committee, of five in Portsmouth, and three in each of the other towns; and that each Town Committee appoint a Vigilance Committee of not less than ten nor more than twenty-five: the Vigilance Committees to furnish facts and evidence to the town Committees; and the Town Committees to keep the County Committee well posted in matters important for said Committee to understand.

The whole plan is a wise one, and admirably adapted to the accomplishment of the desired object,—the breaking up of liquor-selling. Let it be carried into effect, and great good will be the result. The streams of liquid death will cease to flow; broken-hearted wives of intemperate husbands will have hope and joy again; and the wailings of worse than orphan children cease. Thousands now in danger of drunkenness may be saved from infamy and ruin.

The County Prosecuting Committee is soon to meet, organize and make arrangements for its duties. In the mean time, let the towns appoint Town Committees; and Town Committees, Vigilance Committees. Thus, as in war at sea, the decks will be cleared, and every man in his place for action. And we assure the friends of temperance, law and order, that if the means at hand are used, a blow will be struck in the County that will send awful consternation and dismay among those now engaged in the nefarious traffic. We know that now they are alarmed, seeing the sword of justice about to fall on their defenseless heads.

At a proper time the names of the County Prosecuting Committee will be given.—For the present, Town Committees may communicate information of reliable evidence that can be obtained for the execution of the law, &c., to the subscriber, who, though not a member of that Committee, will convey the information to the Committee. JOSEPH FULLONTON,
Raymond. Sec. of Convention.

N. B.—Papers in the County friendly to temperance are requested to insert this circular.

STREET LOAFERS.—Under this head, the Herald has some sensible remarks concerning Newburyport, which might well have been written for Portsmouth. Upon every pleasant evening there may be found upon our principal streets and Market Square, large groups of loafers, who line those thoroughfares, obstructing travel, ogling females as they pass, and using profane, insulting and indecent language. This nuisance has become insufferable, and should be abated; and in order to do so, the respectable portion of community should set the example by abstaining from the practice. The public good requires it; it is for the protection of our wives and daughters, who ought to be allowed the privilege of walking the streets without being subjected to the inconvenience of running the gauntlet through long files of ignorant loafers, and obliged to listen to their criticisms and ribaldry. A few of these loafers were before the Newburyport Police Court, Saturday, and more will follow. Four were fined $5 each; one paid up, and the others went to jail for lack of money.

☞We cannot learn that there is any thing to be relied on, in the Montreal Excursion anonymously announced by bills.

MOONLIGHT EXCURSION.

Mr. Dinan is to have a grand Strawberry Festival at Highland Cottage, Startham, this Tuesday evening, June 26th; for which an extra *half fare* train will run on the C. & P. Railroad, leaving Portsmouth at 7 o'clock, and return at 10. The Portsmouth Cornet Band will be in attendance, and the Exeter Band is also expected. If foul weather, postponed to the first fair evening. Fare out and back, 25 cts.

HORSEMAN, SPARE THAT TREE.

Horseman, spare that tree!
'Tis not a hitching-post;
Though in its infancy,
Yet soon 'twill shade a host;
Then spare, oh, spare that tree,
For he who placed it there
Meant not that it should be
By beast of thine gnawed bare.

TRENTON, N. J., June 23.—It is said that Rev. Mr. Harden, the wife murderer, has made a full confession of his crime.—The Governor has granted a respite of his sentence of execution until July 6th.

☞Rev. Dr. Bushnel has returned to Hartford, Conn., with improved health, from Minnesota, after a year's residence in that State.

MARRIED,

In Lowell, by Rev. Dr. Blanchard, HORACE WEBSTER, Esq., of this city, to Miss HANNAH DRAPER BLANCHARD, daughter of the officiating clergyman.

DIED,

In this city, June 19th, of scarlet fever, Mrs. SARAH M. FARRELL, aged 22 years, wife of Chas. Farrell, and daughter of Samuel and Mehitable Hodgdon.

RELIEF IN TEN MINUTES!!
Bryan's Pulmonic Wafers!
The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.
These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.
TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.
JOB MOSES, Sole Proprietor, Rochester, N.Y.

EZRA A. STEVENS'
HOUSE FURNISHING ESTABLISHMENT,
No. 146 Market Street.
NEW STOCK OF
STOVES, RANGES, FURNACES,
Something New!
A FRIEND TO NEAT HOUSEWIVES.
CHESLEY'S PATENT
BOOT AND SHOE DUSTER.
A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.
TRY ONE.
SEASONABLE ARTICLES.
One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to
WINSHIP'S PATENT
Upright self-ventilating Refrigerators
It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.
This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.
The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.
All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.
MASSER'S FIVE-MINUTE
ICE-CREAM FREEZER.
Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.
CHILSON'S CONE FURNACES.
Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.
PORTABLE FURNACES
of all sizes—sufficient to warm one room, or an entire building as may be desired.
CHILSON'S NEW COOKING RANGE.
A splendid article, having two large elevated ovens, *sure to take.* These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.

The Great English Remedy!
Sir Jas Clarke's celebrated Female Pills
Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.
This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.
In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.
These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.
To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.
For full particulars, get a pamphlet, free, of the agent.
N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

Spring and Summer Goods.
J. E. HAM & Co., - - 9 Congress St.
Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of
SPRING AND SUMMER CLOTHS,
ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of
COATINGS,
including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of
PANTALOON GOODS
That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.
They would invite the special attention of gentlemen to their Cloths for
BUSINESS SUITS,
as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

Morning Chronicle.

THE FARMER.

Of all pursuits by man invented,
The farmer is the best contented;
His calling's good—his profits high,
And on his labor *all* rely.
Mechanics all by him are fed,
Of him the merchants seek their bread;
His hands give meat to everything,
Up from the beggar to the king.
Our clothes from him must first arise,
To keep the fop—to dress the wise.
We then, by vote, may justly state,
The farmers rank among the great.
All hail! ye farmers, young and old!
Push on your plough with courage bold;
Your wealth arises from your clod,
Your independence from your God.
If, then the plough supports the nation,
And men of rank in every station,
Let kings to farmers make a bow,
And every man procure a plow.

Lawyer Downes of Calais, is celebrated for his joking propensity. He was in our place on Monday, and his attention was directed to a call for a Democratic *Mass* Meeting at Pembroke. "What," said he, 'are they going to say *mass* over the dead?' —*Eastport Sentinel.*

A printer, meddling with the verdict of a coroner's jury, struck out a comma after the word "apoplexy," making it read thus:—"Deceased came to his death by excessive drinking, producing apoplexy in the minds of the jury."

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has ceased to be a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a uniform saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a tone of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively known as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and also that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D., CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this resides its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in every instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COLDS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVERUSE, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is taken by *Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special sections for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In Fevers, the directions must be strictly followed. Price of the "BLOOD FOOD", $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 499 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

In Portsmouth by W. E. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it never fails to afford immediate *relief*, when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WORMS, COLD IN THE HEAD, and CROUP; also, for Softening the Gums, reducing inflamation, regulating the Bowels, and relieving pain, it has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or after Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL, this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by
CHURCH & DUPONT, Druggists.
No. 499 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

Here's Health for the Million!!

CLARKE'S SHERRY WINE BITTERS

Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, becomes imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of 25 cents for a pint bottle.

25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1.25 for 4 qts.

Dyspepsia Remedy

DR. DARIUS HAM'S
AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove Heartburn.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Colic, either in the stomach or bowels.

A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

General Depot, 48 Water street, New York.

GEORGE W. PLUMER'S

NEW BAKING ESTABLISHMENT.

SHOPS: No. 22 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr S. N. Plumer, the subscriber offers to his patrons

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families promptly attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. T. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEO. W. PLUMER.

Portsmouth, March 26, 1860.

VERMONT BUTTER.

25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

DR MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

In DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of any chronic disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Hours very signal instances of this kind are attested of female sufferers, unnatural or apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for persons not familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorous and tonic, without being excessive and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local congestion, which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and resultant hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases specially affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pains and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box, for sale by druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

Morning Chronicle.

ANOTHER REAL LIFE ROMANCE.—The citizens of Columbus, and the visitors at the Capitol will recollect a beautiful young girl, apparently "sweet sixteen," who daily carried about the legislative halls and State offices a handsomely wrought basket, containing the plumpest oranges. Oh, yes! everybody remembers Ettie, the beautiful orange girl, and have wondered in what nook she has hidden for the past two months; for no more her sweet face and girlish form is seen in the Capitol; and interesting clerks, with a great admiration for the rotunda, are obliged to forego glimpses of the neat gaitered foot tripping up the marble stairs.

Everybody about the Senate House admired Ettie, but it was with a respectful admiration, and if a gruff legislator was tempted to jest with the girl or make light remarks, he was restrained by the modest demeanor and pure soul-look appealing from her heaven-blue eyes.

Ettie always brought a full basket and went tripping home with an empty one, and her scarlet silk purse filled with silver coin. She was the sole dependence of a widowed mother, and her noble efforts to keep away want were known, and made the fruit from her basket ten times sweeter.

When the great Union meeting of Tennessee, Kentucky and Ohio Legislatures was held in Ohio's capitol, the beautiful orange girl was tripping about disposing of her fruit to the "sons of the South," and receiving the homage of admiring glances from all.

At the end of one of the halls, vewing the noble row of princely residences on Third street, stood alone a youthful member of the Tennessee Legislature, when he was startled by silvery voice asking:

"Buy an orange, sir?"

"How do you sell them?" said the stranger, looking into her eyes.

"Five cents each," said the maiden, holding a large one toward him.

"Cheap."

"Indeed they are."

This introduction opened the way for a prolonged and serious conversation, in which the girls artlessly revealed to the stanger the poverty of her home, and the necessity of her supporting her sick mother. He was so struck with the girl's manner and singlar beauty that he secretly resolved to visit her, and become more intimately acquainted. He did so, and after sucpessive visits won the confidence and love of the maiden, and the mother's consent to their marriage; and when he went back to his southern home it was with a promise to return in a fortnight for his bride. He came, and now the manly southerner and the beautiful orange girl are man and wife.—He has taken her, the fairest of the fair, to his southern home, to dwell with him and her aged mother, in opulence.—*Cincinnati Gazette, May 3.*

SPEAKING OUT IN DREAMS.—An amusing incident occurred on the cars of the Virginia and Tennessee Road. As the cars entered the Big Tunnel, in accordance with the usual custom, a lamp was lit. A servant girl, accompanying her mistress, had sunk into a profound slumber, but just as the lamp was lit she awoke, and half asleep, imagined herself in the infernal regions. Frantic with fright, she implored her maker to have mercy on her, remarking, at the same time, "the devil has got me at last." Her mistress, sitting on the seat in front of the terrified negro, was deeply mortified, and called upon her:

"Mollie, don't make such a noise; it is I, be not afraid."

The poor African immediately exclaimed: "Oh, misus, dat you? Jest what I 'spected; I always t'ought if eber I got to the bad place I would see you dar."

These remarks were uttered with so much vehemence that not a word was lost, and the whole car became convulsed with laughter.

The lady seemed to regret that she had spoken at all, if the crimson blush which suffused her cheek be any evidence of confusion.

Dr. S. Swett's Vegetable Medicines.

The saving efficacy of these truly valuable medicines is daily witnessed by thousands of the first classes of society, many of whom are physicians of great success. The following are among his most popular preparations, viz:

His Pumacea is unrivalled for the cure of Cancers, Scrofula, Salt Rheum, Erysipelas, Canker in the mouth or throat, Sore or inflamed eyes, and all impurities or humors of the blood. Price $1,00.

Cordial of Dandelion, Spikenard and Boneset,—a remedy unsurpassed for the Liver and Heart Complaint, Costiveness, Dizziness and Pain in the Head, Stomach and Side, and the whole family of Consumptive complaints. Price 75 cents.

Rheumatic Compound, for the cure of Rheumatism in all its stages, phases and names, of Acute and Chronic, Gout, Neuralgia, Lumbago, &c., &c. This compound he has proved to be the surest remedy for these complaints that he has tried or known during the whole 40 years of his study and practice of medicine. Price $1,00.

His Family Pills are warranted paramount to any in the market as a safe, easy and effectual Physic. Price 25 cents.

His Conserve cures the Piles, Headache and Costiveness, and is the surest remedy for worms in young or old. Price 25 cents.

Cough Drops for Phthisic, Colds, Asthma, Croup, Whooping and Chin Coughs, and all diseases of the Lungs. Price of small bottles, 38 cts; large, 50 cents.

Hundreds of certificates of cures by these innocent, but effectual medicines are received, many of which are printed on his circular which accompanies the medicines. These, with others of DR. SIMEON SWETT'S MEDICINES constantly for sale at his residence in

Portsmouth - - - - No. 1 School Street.

N. B.—All Cash orders promptly attended to, and a liberal discount to those who buy to sell again. oct5

LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug,. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!

PANTS from

50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,

AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE;
2mos **3 & 37 Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

PEALE'S COURT OF DEATH.
The most elaborate and noted work of Art ever painted by an American Artist, is the 'COURT OF DEATH,' by REMBRANDT PEALE. This painting covers 312 square feet of canvass—contains 23 Life Size Figures, and has never been valued at less than
25,000 Dollars.
It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid
Chromo-Lithographic Engraving
of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.
The size of the Engraving is 23 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number.—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.
Clergymen and Christian Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.
Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County* and *State*, plainly. Address G. Q. COLTON,
P. O. Box 3801. No. 37 Park Row, New York.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and crave a continuance of the same, respectfully solicits
J. B. FLAGG.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, JUNE 27, 1860.

POPULAR SOVEREIGNTY ABANDONED! Popular sovereignty has been a nice catch-word for three or four years, and Mr. Douglas has been identified with it in many minds,—it has been shouted from many mouths, as the *great principle* which must prevail in the territories, end all agitation on the subject of slavery, and keep the country right side up;—and the nomination of Mr. Douglas as president, has been represented as essential to the preservation of this principle, at once so great and so much exposed to destruction.

Now, however, Mr. Douglas is nominated by the votes and voices, not of the whole democratic convention at Baltimore, but of those members who remained in session, after the secession of the intense pro-slavery men, one-third of the whole.

The moment Mr. Douglas' nomination was made unanimous by a third vote,—

Mr. Wickliffe, of Louisiana, offered the following resolution, which he said would give Mr. Douglas forty thousand majority in his State:

Resolved, That it is in accordance with the Cincinnati platform, that during the existence of the Territorial Governments, the measure of restriction, whatever it may be, placed by the Federal Constitution or the Territorial Legislature over the subject of the domestic relations, as the same shall be, or shall hereafter be finally determined by the Supreme Court of the United States, should be respected by all good citizens and be enforced with promptness and fidelity by every branch of the Federal Government.

Mr. Paine, of Ohio, called for the previous question, when the resolution was adopted.

Here, says Uncle Toby, as he read the item, is popular sovereignty reduced to the little end of nothing, and then whittled down to a point; the people may *say* they are sovereign, and fire crackers and discharge cannon over their sovereignty,—but by the above *plank* in the new platform, the *real sovereigns* are six or seven old lawyers by profession, but politicians by occupation, who are to sit on a bench and make dicta, telling the people to protect slavery,—and if they will not do it, then Congress must do it, with the President, and the Army and Navy. And this is the *great doctrine* of popular sovereignty, as set forth by the very convention which nominates Mr. Douglas.

Whoso readeth, let him understand.

BRECKINRIDGE ACCEPTS.—A Baltimore correspondent of the Boston Herald says:

Breckinridge will undoubtedly decline in the course of a month, and that will be the end of the fizzle, and the party will say—Amen.

The Washington item of the June 25, however, speaks decisively to the contrary, thus:

Mr. Breckinridge was serenaded to-night. He made an appropriate speech, in the course of which he said that the Convention re-assembled at the Maryland Institute represented in *his* opinion the *National* Democracy of the United States; and when he learned, though with regret, that his name had been presented to the country, he did not take long to determine that he would *not meanly abandon them.*

☞ The Boston Post hoists the Breckinridge and Lane flag. It refers to the "divided party," "the Democratic curses loud and deep at the extensionists who have caused the division,"—"the exultation, wild and exuberant, in the camp of their enemies," &c., &c. But it comes to the conclusion that by the action of the majority, with respect to admitting delegates, the Baltimore Convention became an "irregular body." The nomination then made, principally by delegates from Republican States, the Post declares, "will fail to appeal, with the requisite moral force, to the nation."—Not having the support of the "old Democratic States," it lacks "the essential quality of nationality."

☞ The telegraph is a very handy thing for sending news:—and some very droll news gets over the wires now and then.—Somebody telegraphed from Concord, that the Republicans there were *downcast* when they heard Douglas was nominated.

Happening to be in Concord, we saw no such downcast looks:—on the contrary, at the reception of *both* the *National* nominations, the "black rascals" shortened their visages into a broad grin, and showed their ivory to great advantage.

☞ The Boston Journal says the regular Democracy have made a large bid for the Catholic vote. Mr. Douglas has assiduously courted the favor of the Catholics for some time past, and his wife has embraced that faith, and is in full communion. Mr Fitzpatrick, late candidate upon the same ticket for Vice President, is a professed Roman Catholic.

CHANGE OF NAMES.—A Washington item of June 25 says that Governor Fitzpatrick having declined the nomination for Vice President, the National Committee have substituted Herschel B. Johnson of Georgia. This declination and change will not help the ticket a great deal.

☞ In the President's second special message on the Covode Committee, he speaks of the vindictive manner in which witnesses were examined, and says the first intimation he received of testimony injuriously affecting him, was from a New York paper. The Committee had spread a drag net over the whole Union to catch disappointed applicants who were willing to malign his character. There had been nothing like it since the days of Robespierre. If the proceedings should be sanctioned by the House, the Executive will no longer be an independent branch of the government, and the worst fears of the early patriots and statesmen realized. In the name of the people, standing on the ramparts of the Constitution, he most solemnly protests against the unconstitutional proceedings.

Mr. Stanton said that this extraordinary message should be placed in the public archives. If the position of the Executive was correct, the machinery of the government was different from what he had supposed. He (Stanton) maintained the right of the representatives of the people to investigate the secret and public acts of the Executive. He moved that the message be referred to a special committee of five, who shall examine the constitutional questions involved, and report at the next session. Carried.

Mr. Reagan contended that if the President violated the law he should be tried by impeachment.

Mr. Barksdale defended the President, and moved that the message be referred to the Committee of the Whole.

The House seceded from its amendments to the Post Office deficiency bill, and the bill is now a law.

HOW THE STATES VOTED.—On the second ballot for President of the regular Baltimore Democratic Convention, the following vote was cast for Mr. Douglas:—Maine 7, New Hampshire 5, Vermont 5, Massachusetts 10, Rhode Island 4, Connecticut 3 1-2, New York 31, New Jersey 2 1-2, Pennsylvania 10, Maryland 2 1-2, Virginia 3, North Carolina 1, Alabama 9, Arkansas 1 1-2, Missouri 4 1-2, Tennessee 3, Kentucky 3, Ohio 23, Indiana 13, Illinois 11, Michigan 6, Wisconsin 5, Iowa 4, and Minnesota 4.

For Mr. Breckinridge, Pennsylvania 10, and Connecticut one-half a vote.

For Mr. Guthrie, Pennsylvania 2 1-2, and Kentucky 1 1-2. Some Pennsylvania delegates declined voting.

It will thus be seen that New England, New York, and the Northwest were nearly unanimous for Mr. Douglas.

A two-thirds vote would have been 202. Douglas received 180 1-2, or 21 1-2 short of that number.

LOOKING AHEAD.—Judging by the reports of the rival conventions at Baltimore, it would seem that the Breckinridge organization alone looked forward to an existence four years hence, inasmuch as it decided to hold its next "national" convention at Philadelphia, while the Douglas convention made no provision for the future. But perhaps, like the postaster who expected to be read when Shakespeare was forgotten, the followers of Douglas calculate upon perfecting their organization when they have whipped the Southern Democracy out of the field.

A POPULAR PRESIDENT.—Gen. Cushing is very fortunate in the complete recognition of his merit as a presiding officer.—When he was chosen President of the Democratic Convention, his assumption of the post was greeted with great applause. But when he announced his resignation of the chair at Baltimore, the enthusiasm was of the wildest description. As he took his hat and retired, we are told "the whole Convention rose, waving their hats and handkerchiefs and clapping their hands, mingled with cries of 'Good,' 'Good,' 'Now we shall have'"—but no matter what was *said*, as we were speaking of the applause. It need only be added that afterwards Mr. Cushing became President of the Seceding Convention, amid equal enthusiasm, and received a vote of thanks for the discharge of his duties—a little token, by the way, which the other Convention, singularly enough, appear to have overlooked.—*Boston Journal.*

AGES OF THE DEMOCRATIC NOMINEES. Stephen A. Douglas is 47 years old, having been born in Brandon, Vermont, on the 23d of April, 1813. Benjamin Fitzpatrick, on the same ticket with Mr. Douglas, is 58 years old, having been born in Greene county, Georgia, June 30, 1802.

John C. Breckinridge, who heads the ticket constructed by the seceders from the Democratic Convention, is in the 40th year of his age, having been born at Lexington, Kentucky, January 16, 1821. Joseph Lane, who is nominated for the Vice-Presidency on the same ticket with Mr. Breckinridge, is 59 years old, having been born in North Carolina, December 14, 1801.

☞ The House of Representatives have concurred in the Senate's amendment abolishing the Art Commission. The real reason of this measure is supposed to be that the Commissioners were all Northern men. Now, says the Portland Advertiser, we shall get back to the halcyon days when ignorance and bad taste reigned supreme, and when ignorant pretenders like Mr. Clark Mills got fifty thousand dollars from Congress for a statue not fit to be seen.

Indulging in dangerous pleasures, says the Burmese proverb, is like licking honey from a sharp knife.

GENERAL COURT.

In the House, on Monday, the Senate's amendment to the bill authorizing the city of Manchester to take stock in the Manchester Aqueduct was adopted. It provides that the act shall take effect whenever a majority of the legal voters shall accept it.

The bill, from the Senate, for the preservation of fish in Center Pond, Dublin, was read twice and referred to the Committee on the Judiciary.

The following bills were read a third time and passed: A bill relating to the powers and duties of police officers and watchmen; a bill relating to the Second Congregational Society, Campton.

On motion of Mr. Hackett, of Portsmouth, so much of a resolution passed by the House last week, as provided that the bill to cede the public lands to Dartmouth College should be published in the newspapers, was rescinded.

On motion of Mr. Spalding, of Portsmouth, it was resolved that all orders of notices issued during this session, which required publication, should be published at the expense of the State, in such papers, and with so many insertions as the Governor and Council should determine.

On motion of Mr. Sawyer of Ossipee, the bill relating to the trial of causes in equity, was taken from the table and considered.—Mr. Sawyer moved two amendments, which were severally adopted,—one providing that on the application of either party the court should grant a trial by jury, and the other for the trial of petitions for partition. The bill was ordered to a third reading; but subsequently, on the motion of Mr. Quincy, of Rumney, the rules were suspended so as to admit of its third reading at that time, and the bill passed.

THE "STATE DEBT."—The Nashua Telegraph don't see how the democrats are going to make much next year, out of the old stereotyped bug-bear of the State debt.—Because the State has been in debt a few thousand dollars—much of which was bequeathed to it by the democrtic party while it had the power in the state—which no other State in the Union would think worth mentioning, it was really so small in comparison with the debts of other states; they made a precious to-do about it always, and exalted it into the dignity of their great leading argument for a change in the state administration. The Treasurer's report shows that the debt has been reduced, during the past year by the amount of $22,299.32—leaving the whole debt at only $50,987.15.

HOUSE OF REFORMATION.—On Thursday, a Committee of the Legislature visited the House of Reformation. The Committee consisted of Messrs. Eaton, Lyman, Fisk and Slader of the Senate, and Messrs. Newell of Manchester, Bufford of Portsmouth, Hamilton of Lyme, Plaisted of Jefferson, Powers of Jaffrey, Palmer of Milton, Hayes of New Durham, Morrill of Canterbury, and Hutchins of Whitefield, of the House. Some of the ladies of the members took this opportunity of visiting the institution. There were also present, Hon. Horton D. Walker, the President of the Board of Trustees, Hon. Frederick Smyth, of Manchester, the Treasurer, and Wm. Kent, Esq., one of the Trustees. They looked well over the premises and examined into the condition and wants of the School, and closed with an examination of the scholars. Interesting remarks were made by Messrs. Fisk, Lyman, Eaton, Bufford and Kent, for the benefit of those present. The Committees will make their report to the Legislature in due time.

It has been now a little over two years since the Reform School was opened for scholars. It has had sixty-two inmates during the past year, and, on an average about forty.

CONCORD, N. H., June 25.—Some of the leading Democrats are in a quandary about the Baltimore nomination, but the rank and file are enthusiastic for Douglas. Hon. Walter Harriman, a State Senator and a leading Democrat, made the following statement on Saturday:—"General Cushing's withdrawal from the Democratic Convention and the Democratic party, is glory enough for one day."

Ex-President Pierce pronounces the nomination of Douglas a sectional one.

The secession of the Boston Post has created quite a stir among the old political stagers here. The Concord Patriot and all the Democratic papers in the State, except Burke's, will support Douglas.

So says the item maker; but he does not know all about the New Hampshire papers. Three at least, will go with the Post, beyond doubt—the Concord Standard, Portsmouth Gazette, and Dover Sentinel.

STEAMBOAT BURNED.—*Memphis, June* 25.—The steamer Ben Louis, was burned this morning near Cairo, in consequence of the explosion of her boiler. The captain, clerk, second engineer and steward are missing.

GREAT EASTERN.—*New York, June* 25. Mr. McMurphy, the pilot of the Great Eastern to New York, writes that she will positively sail from Southampton at 5 P. M., on the 16th.

THE PRINCE OF WALES.—*Portland, June* 25.—The City Council this evening voted to extend an invitation to the Prince of Wales to visit this city.

A TRAMP TO RYE BEACH.

The morning was cloudy, which I did regret,
A promise, I thought, that the day would be wet;
And if it had rained,—don't think, I beseech,
I'd have been such an ass as to go to the beach.
But you'll presently see it rained not a drop,
My plans to upset or my journey to stop,
For Old Sol soon after—a smile on his face—
Pitched into the clouds, and they scattered space.
I called a companion, who was laboring hard,
Hewing off chips, in the busy ship-yard:
Said he, "I'll be glad to go with you to Rye,
For the pleasure of hewing is 'all in your eye.'"
Arrived at the Ocean House—under the trees,
In their cool shadows resting, we stretched at our ease.
'Twas pleasant indeed, we were free from all ills,
Till the mosquitos came and presented their bills.
Thus being disturbed, we started again,
That we might get a sight of the blue, rolling main.
Then through sand and o'er pebbles we wearily strode—
As Jordan to travel—this was a hard road.
How grand was the sight, when we got on the shore;
What made there was in the breakers' deep roar,
As rolling they broke into foam on the strand,
While we stood on the beach with our shoes full of sand.
Far away o'er the waters in dim hazy light,
Fair islands arose, like a dream, to the sight—
Their names I repeated, my friend gave a nod,
And said, "them are Shoals are a great place for cod."
To finish the picture and gladden the eye,
On the blue billows, heaving, the barks glided by;
As I sat on a rock, quite absorbed by the view,
I thought, were I in one, 'twould make me heave too.
I imagined the scene when the storm king holds sway,
When the huge, seething billows are dashed into spray
On the rocks, which in anger they sullenly beat,
And—here a big comber completely cooled my imagination by giving mean involuntary cold bath, and I left the beach in disgust. C. B. C.

INSTRUCTION IN THE
ORNAMENTAL BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, to all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which, for beauty and durability, equals the Canvas Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of Drawing.

Mrs. M. continues to give instruction in WRITING: also, Silk and Worsted EMBROIDERY and other Ornamental Branches.

Classes will meet each day between the hours of 9 and 12 A. M., and 2 and 6 P. M. For further particulars, inquire at No. 17 COURT STREET, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

CHAMPION
FLY AND MOSQUITO CATCHER.

The public are invited to call at the Bookstore of J. F. SHORES, JR., No. 1 CONGRESS BLOCK, and examine the FLY & MOSQUITO CATCHER—of which the editor of the Manchester American, on witnessing its operation, says,—

"The result, to our great astonishment, was the catching and slaying of not less than Two Thousand Flies by operating the Catcher only *one and a half minutes.*"

There is no machinery about it, and any person who can sweep a room, can operate it. Price $1.

OXYGENATED BITTERS.

A Query.—Why will you suffer? DYSPEPSIA is a brief but comprehensive term for the numerous diseases which affect the stomach, liver, and in fact the whole human system. Until Dr. Green discovered the Oxygenated Bitters, medical science was at fault and had exhausted itself in fruitless efforts to cure this disease. The Dyspeptic need suffer no longer with a disease that is always painful, and frequently a fatal affliction.

This unique and peculiar compound will as certainly cure as the disease exists. Had it not this power, such testimony as follows would not be given in its favor:

Dyspeptics, read!

Abbucket, Oct. 6, 1859.

Messrs. S. W. Fowle & Co.,—Gents—Nine years ago I was so much reduced in strength as to be unable to attend to the common duties of my household, and suffered from a complication of disease that truly rendered life a burden. I resorted to various *physicians* of acknowledged skill, but *without relief*, and my case was considered beyond the possibility of cure; but at this juncture I made use of the Oxygenated Bitters, and so rapidly did I mend that the effect was wonderful. My physician's distrust of the medicine gave place to the utmost confidence in it. After the use of years, I now remain in the enjoyment of good health, and have ever found the Bitters a never failing antidote for the various symptoms which arise from constitutional derangements. I have since recommended them to several of my friends, with uniform and satisfactory results. CATHERINE RAYMOND.

From a highly respected physician in Maine

South Paris, Me., Dec. 12, 1859.

Messrs. S. W. Fowle & Co.,—Gents—For several years past I have had a knowledge of the Oxygenated Bitters in some cases of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them. Respectfully yours,
WM. A. RUST, M. D.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Pasher, Greenland; and dealers everywhere. spnot 5wdkw

ANTI-TOBACCO PUBLICATIONS.

The Publications of the American Anti-Tobacco Society are for sale at Nos. 5, 9 and 13 Cornhill, Boston, and also at the Depository, Fitchburg, Mass. Among them are the following:

Six Tracts for Young America or Boys.

A variety of Tracts for Raisers, Sellers, Smokers, Chewers and Snuffers.

A variety for Ladies, Clergymen, Physicians and others.

The Zoological Temperance Convention; The Rev. Solomon Spittle; Uncle Tobey's Stories about Tobacco, for Youth and Schools of all sorts; Anti-Tobacco Envelopes, and a variety of handsome Cards, large and small, for Bands of Hope.

A CARD TO YOUNG LADIES & GENTLEMEN

The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple *Vegetable Balm*, that will, in from one to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same as Nature intended it should be—soft, clear, smooth and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage,)
JAS. T. MARSHALL,
PRACTICAL CHEMIST,
june19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and several ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea, they have been entirely removed, and the swelling has all gone from my neck, and it is now over two years since the cure."
BETSEY SANDERS.

Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St. for his Panacea, Cough Drops, Conserve, Rheumatic Compound and Family Pills, and other of his popular remedies, will be promptly attended to.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

DICTIONARY OF THE BIBLE.

Comprising its Antiquities, Biography, Geography and Natural History. Edited by William Smith, LL D., editor of Dictionaries of "Greek and Roman Antiquities;" "Mythology," &c.

In two volumes octavo. Vol. I. from
Ato JUT. NOW READY.

"Within the last few years Biblical studies have received a fresh impulse; and the researches of modern scholars and the discoveries of modern travellers have thrown new and unexpected light on the history and geography of the Bible. A new Dictionary of the Bible, therefore, founded on a fresh examination of the original documents, and embodying the results of the most recent researches and discoveries, must prove a valuable addition to the literature of the country." No. 1 Congress Block.

Local.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.
Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

☞ A great regetta of sail and row boats arranged by the citizens of South Boston took place Monday afternoon.

In the race for second class yachts there were fifty-six competing boats. One of these was the "Viking," W. R. Martin, of Portsmouth, centre-board, 25 feet long.

The Boston Journal's report says:—

For this race the 1st prize was an elegantly chased silver goblet, or a purse of $40; 2d prize, a handsome silver cup, or a purse of $20; 3d prize, a purse of $10.

The course was from the Judges' boat round the outer station off Moon Head, leaving the station on the starboard hand; returning back, passing between the Judges' boat and the shore, thence round the inner station, designated by a blue jack, (up old harbor,) leaving it on the larboard hand, and thence back to the Judges' boat, leaving it on the starboard hand, making about six miles.

The 1st prize was won by the "Live Yankee" in 2h.22m.; the 2d by the "Phantom" in 2:22 1-2; the 3d by the "Viking" in 2:23.

The "Viking" claimed the second prize, on the ground that the "Phantom" did not, upon her return, pass southward of the Judges' boat, according to the rules and regulations. The "Phantom" having subsequently corrected this error, the claim was not allowed. The "Viking" then declined to receive the third prize.

RYE BEACH.—The arrangements for visitors to the Beach this season are to be more complete than ever before. Job Jenness & Son, the enterprising proprietors of the Ocean House, besides their regular line of Coaches to Greenland Depot—are to run a Stage to Exeter and back daily; and their elegant Omnibus between Portsmouth and the Ocean—leaving Portsmouth on the arrival of the morning train from Concord, and returning here in the afternoon or evening. Fare to or from Exeter, 50 cts.; between Portsmouth and the Beach, only 25 cents. The fine, large, fast-sailing Yacht Prioress, is also to run between the Ocean House and the Shoals—fare 50 cts. The Portsmouth line will be ready for travel early *after* July 4th, of which due notice will be given.

☞ We know of no "cup which exhilirates," which is not charged by somebody with debilitating also, in the reaction—save and except Soda alone, which we believe is not subject to any discount. Preston's beautiful Magic Fountain dispenses a most excellent quality, and of endless variety of flavors—"pure, cool and refreshing," so his tickets say, and it costs but a fip to test it, or less than that by the package.

☞ Parodi sings in Concord on Wednesday night—and will give her Concert in Portsmouth in a few days.

☞ It will be seen that an old favorite Ethiopian Troupe are to give a couple of grand Concerts here next week.

A PARTY FOR THE NORTH.—The schooner Charmer, Capt. Cheney, has sailed from Newburyport for Labrador, with the following named gentlemen, who constitute an exploring party for the North:

Charles Hallock, New York, Junior Editor of the Journal of Commerce; Ira Spaulding, Clifton, C. W., Civil Engineer, from the Grand Trunk road; Richard H. Dodge; Dr. Edward Sullivan, Exeter, N. H., Surgeon; R. H. Parker, Exeter, N. H.; Prof. Coues, from the Smithsonian Institute, Washington, Astronomer; Mr. W. H. Bates, Brandon, Vt.; Mr. A. P. Stevens, Dover, N. H.; Joseph Stickney, Concord, N. H.; W. H. Ladd, Portsmouth, N. H.; Mr. J. W. Sargent, Andover, Mass.; Capt. Jere. Lunt, Newburyport;—Geo. P. Balch, Newburyport; Robert E. Babson, Newburyport; F. S. Knowlton, Portsmouth; A. L. Papanti, Newburyport.

Mr. Hallock writes to the Journal of Commerce of the company:

We have Prof. Cones, of the Smithsonian, and two assistants, who go to collect specimens of natural history. Prof. Agassiz sends commissions to add to his museum of comparative zoology. We have a clergyman, Mr. Colburn, of Hampton Falls; a surgeon, three old sea captains, a corps of artists, who will transfer the wonders and novelties of Labrador to paper; and several valetudinarians, who deem a salt-water hydropathy preferable to physicians' prescriptions.

SUICIDE.—Joseph Wiggins, a laboring man, about 45 years of age, committed suicide by drowning himself, at Hooksett, N. H., one day last week. He leaves a wife and large family of children.

BANGOR, June 25.—While a salute was being fired at noon to-day, in honor of Douglas, Charles Howard, of Brewster, had his arm blown off as he was ramming down a cartridge.

☞ On Saturday last a lad named Hoyt was drowned in the river at Concord while bathing. His body was soon recovered, and although every attempt to resuscitate him was made, it proved too late.

☞ William Maybury of Portland was drowned on Sunday. He went into the water to recover his hat, and being intoxicated, could not regain the shore.

☞ The Post Office deficiency bill embraces appropriations to the amount of $13,000,000!

☞ The Newburyport Herald asks?—What has become of the pleuro-pneumonia? There is not a new case reported since the legislature adjourned. Some say that the cows were disgusted with the State action; add others that the cattle since Dr. Loring's southern speech, will not be named in that connection. Anyway, between the legislature, Dr. Loring and the other cattle, the disease has disappeared.

SNOW STORM IN JUNE.—The Newport (R. I.) News has the following chilly item to comfort those who have engaged houses at Newport for the watering season:

There was on this Island, in Middletown, Thursday morning, at 4 o'clock A. M., a *snow storm*. That is doing pretty well for the twenty-first of June!

CONGRESS ADJOURNED.—Both branches of Congress adjourned on Monday till December next. The Senate will, however, hold a short Executive session to dispose of some unfinished business.

☞ Seven dwellings were entered in one night in Troy by burglars, and the Troy Times advises its readers to sleep with their pistols under their pillows, and keep a weather eye on the door lock.

MARRIED,

In this city, on the 24th inst., by Rev. J. Hall, Mr. COOLIDGE PERRY to Miss ANNA A. BEAN, both of Portsmouth.

In this city, on the 26th inst., by John Bennett, Esq., Mr. LEVI GILSON, of Kittery, Me., to Miss ANNETTA A. STERLING, of Belfast, Me.

DIED,

In this city Monday, June 25, Miss HATTIE PLUMER, aged 21 yers 6 mos.

Funeral from the Middle Street Church, this (Wednesday) afternoon, half-past 2 o'clock.

In Portland, Me., WOODBURY STORER, Esq., aged 77.

RELIEF IN TEN MINUTES!!
Bryan's Pulmonic Wafers!
The most certain and speedy remedy ever discovered for all Diseases of the
CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.
These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.
TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.
JOB MOSES, Sole Proprietor, Rochester, N.Y.
Price 25 cents per box.

EZRA A. STEVENS'
HOUSE FURNISHING ESTABLISHMENT,
No. 46 Market Street.
NEW STOCK OF
STOVES, RANGES, FURNACES,
Something New!
A FRIEND TO NEAT HOUSEWIVES.
CHESLEY'S PATENT
BOOT AND SHOE DUSTER.
A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.
TRY ONE.
SEASONABLE ARTICLES.
One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to
WINSHIP'S PATENT
Upright self-ventilating Refrigerators
It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.
This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration ever practically tested of perfect ventilation.
The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.
All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.
MASSER'S FIVE-MINUTE
ICE-CREAM FREEZER.
Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.
CHILSON'S CONE FURNACES.
Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.
PORTABLE FURNACES
of all sizes—sufficient to warm one room, or an entire building as may be desired.
CHILSON'S NEW COOKING RANGE.
A splendid article, having two large elevated ovens, *sure to bake.* These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.
BEST BLACK VARNISH,
For Iron Fences, Fireboard, Grates, &c.; of Brilliant lustre, and *perfectly water-proof.*

The Great English Remedy!
Sir Jas Clarke's celebrated Female Pills
Prepared from a Prescription of
SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.
This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever: and although a powerful remedy, it contains nothign hurtful to the Constitution.
In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.
These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.
To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.
For full particulars, get a pamphlet, free, of the agent.
N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.
Sir James Clarke's Female Pills — Are a Scientific Preparation.

Spring and Summer Goods.
J. E. HAM & Co., - - 9 Congress St.
Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of
SPRING AND SUMMER CLOTHS,
ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of
COATINGS,
including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of
PANTALOON GOODS
That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.
They would invite the special attention of gentlemen to their Cloths for
BUSINESS SUITS,
as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.
Portsmouth, May 11th, 1860.

Morning Chronicle.

SUCCESS OF GARIBALDI.—The European Times says the landing and progress of the expedition in Sicily, throughout, shows the character of Garibaldi as a man of few words and quick perception—as one, in fact, having every quality of a guerilla chief,—just the man to lead a forlorn hope like this, and capable of enduring any amount of fatigue. The dash upon Palermo was a wonderful thing for men who had been travelling all night over a rugged mountain pass, with the native peantry every moment expected to fight and running away in the dark, in the belief that the royalist troops were pursuing them. This communication clearly shows that the game would have been up with Garibaldi if he had had to rely exclusively on the courrge of the Sicilians. His own troops did the heaviest portion of the business.

A PRACTICAL SPIRITUALIST.—A dry old codger, connected with the railroad interests, a man who listens always and speaks little, and was never known to argue a hobby with anybody, has lately been all mouth and ear to a very communicative Spiritualist of the ultra school. He listened to and swallowed all sorts of things from the other world with so much placidity of assent that the Spiritualist at last believed him to be one of the faithful. A few days since the Spiritualist said to his pupil, "The spirit of B—— appeared to me last night, and ordered me to borrow five dollars of you," for a certain purpose, which was named. "Yes, I know it did," replied he, "and, isn't it strange? the same spirit called on me half an hour afterward, and told me not to let you have the money, as it had made a mistake in giving you the order!" The pretended Spiritualist hasn't been to see the old codger since.—*New Haven Palladium.*

THE ONLY PREPARATION

Having Proof so Strong and Direct as to

Expel the Doubts of All.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain, but all woo have used it, feel so strong that it will preserve the hair from being gray, stop from falling to any age, as well as restore.—Read the following:—

Oak Grove, S. C., June 24, 1859.

Prof. O. J. Wood:—Dear—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test—

During the year 1854, I was so unfortunate as to be thrown from my saddle against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which commenced at the brain and extend ed to the surface of the head, from the effects of which my hair was entirely destroyed. From the time I first discovered the disorder, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and all I thought, knew, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy "Hair Restorative," which I have every reason to believe, produced a very happy result: two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers, moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully,

M. J. WRIGHT, M. D.

Jeffersonian Office, Philippi, Va., Dec. 12, 1859.

Professor O. J. Wood:—Dear Sir: I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement. I gave this to you at the request of Mr. Bradford. You can tell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents.

Yours, &c.,

THOMPSON SURGHNOR.

Dr. Wood—Dear Sir—Permit me to express the obligations I am under for the entire restoration of my hair to its original color, since the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. S. THARE.

The Restorative is put up in bottles of three sizes viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $5 a bottle.

O. J. WOOD & CO., Proprietors, 444 Broadway, New York, and 114 Market St., St. Louis, Mo

Sold by all good Druggists.

Wholesale agents for Boston, George C. Goodwin & Co.; Potter & Weeks; Burr & Co.; and J. P. Batchelor, No. 2 Tremont Temple.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents as well as other essential elements, and gives of course the *True Standard.*—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in *every* instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and the cure is made well. The "BLOOD FOOD" is founded upon this theory—hence its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS, inclining CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVER-USE, GENERAL DEBILITY, and NERVOUS PROSTRATION. No. 2, for LIVER COMPLAINTS; No. 3, for DYSPEPSIA. Being already prepared for absorption it is taken by *Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases, the directions must be strictly followed. Price of the "BLOOD FOOD," $1 per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 489 Broadway, New York.

GEO. C. GOODWIN & CO., Wholesale Agents, Boston.

And by all respectable Druggists throughout the country.

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and *can say, in confidence and truth* of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Nor did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its medical effects and medical virtues. We speak, in this matter, *what we know and know* after ten years experience, and *our reputation for the fulfilment of what we declare.* In almost every instance where the infant is suffering from pain, and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the best FEMALE PHYSICIANS and SKILLFUL NURSES in New England and has been used with *never-failing success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and safest remedy in the world, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your child suffer unnecessarily, or the prejudice of others, stand between your suffering* child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 3 Cedar *st.* New York.

Price only 25 cents per bottle.

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It will remove Dyspepsia, Heartburn, Costiveness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Hurtling in the Bowels, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance. It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

Dose.—1 wine glass full or more as necessary.
One dose will Cure Heartburn.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will cure Costiveness.
One dose will stop the distressing pains of Dyspepsia.
One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.
One dose will remove the most distressing pains of Colic, either in the stomach or bowels.
A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.

Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisonous liquor, in nervous headache, sick and weak stomach, weakness, giddiness; &c., will find one dose will remove all bad feelings.

Ladies in weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and Dyspepsia from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy, it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

General Depot, 48 Water street, New York.

VERMONT BUTTER.

25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

DR. MOTT'S CHALYBEATE RESTORATIVE IRON PILLS

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this remedy has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the Indian has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to DYSENTERY, consumed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the lumbar pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy as a tonic restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in this latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its properties in the new settlements of the West, will probably be one of the renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with unusual animation and active and cheerful exercise, immediately follow its use.

In a neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

PIG SKIN CAPS.—There is a good deal of "human nature," and not a little of the Yankee, in the following circumstances, which occurred in the history of a successful merchant.

He was a "gentleman of quality," and as a successful merchant, owed much of his good fortune to his knowledge of human character, of which he always attempted to take advantage.

Once upon a time, in connection with another person, he opened a branch-store in a town in the north part of the State, which was mostly filled with the unsaleable goods from their principal establishment in the State metropolis. These goods were as "good as new" among the rustics, and as a general thing, sold quite as well. There was a very large lot of *pig skin caps* for winter wear, however, that could not be got off at any price.

The proprietor generally kept himself at his town establishment, but sometimes he would visit his country store, or branch, staying now and then a week or more at a time, and always attending the little country church. As a matter of course, he was looked up to with emulation, if not with astonishment by the "go-to-meeting" young folks of the town. What he "wore to meeting" was of necessity the prevailing fashion until he introduced a new style at his next visit.

One day he asked his country partner about the business and other matters in which they were mutually interested; the partner said:

"Yes, goods go pretty quick, and at good prices."

"You keep those pig-skin caps, I see, yet. I am afraid I did not make a great bargain in buying them. Can't you get rid of more of that big box-full?"

"No; haven't sold one yet; people don't like 'em; and I've had a great notion of throwing them out of the back window, and getting rid of the trouble of 'em; I don't think they'll go here."

Our merchant looked at them a moment, and then quietly remarked:

"You have kept them out of sight, I see. So much the better. Now next Monday morning you get them out, brush them up, and I think we'll find some customers for them before the week is out."

The next Sunday this acute observer of the springs of human action appeared in church with one of these identical pig-skin caps tipped jauntily on one side of his head, and a splendid gold watch-chain dangling from his vest pocket.

As usual, he was the "observed of all observers," and it is superfluous to add that in less than a fortnight after this, at the metropolitan store, he received a large additional order for these suddenly popular pig-skin caps.

NEGRO LIFE IN THE TROPICS.—Trollope, in his new work on Jamaica, says of the emancipated negro:—

"He lies under the mango tree, and eats the luscious fruit in the sun; sends his black urchin up for bread fruit, and behold the family table is spread. He pierces the cocaonut, and lo! there is his beverage. He lies on the grass surrounded by oranges, bananas and pine apples."

Is it strange that he should be inactive and lazy? Is it surprising that arguments about the blessedness of labor, of providence, of thrift, should fall dead upon his ears? How many of us would work if we were not obliged to? How many of our fashionable idlers are there whose lives really amount to nothing more or better than the drowsy indolence of these tropical negroes? How much better is it to loll about Newport and Saratoga in the summer, and the saloons of New York in the winter, doing nothing but vegetate, than it is to roll around under the mango tree, and eat cocoanuts and bread fruit all the day long? We think Trollope's statements need some modification, but granting them to be true, there is a large class of Americans who cannot with much justice criticize the *dolce far niente* life of the Jamaica negro. Of how many men even here in this bustling land might it truly be said that they exist but not live?—*Providence Journal.*

SALE OF SLAVES OF THE INTERNAL IMPROVEMENT DEPARTMENT. — There were sold on the 9th inst., seventy-nine negroes, ranging in years from thirty-seven to sixty-five years of age, the property of the Internal Improvement Department of the State of Louisiana, sold on account of the approval of an act, entitled, "An act providing for the sale of slaves belonging to the Internal Improvement Department of the State," which act makes it the duty of the Governor to cause to be sold, in the city of New Orleans, for cash, to the highest bidder, after sixty days notice, and under such regulations and restrictions as he may prescribe, all the slaves belonging to the Internal Improvement Department of the State, except eight. The slaves brought a fraction over $74,000, which is a very good sale, considering their ages. Among them were two engineers, four blacksmiths, good and tolerable; three pilots, three carpenters, two cooks, ten mates, &c.—*New Orleans Delta.*

THE BODY AVENGED.—By too much sitting the body becomes unhealthy, and soon the mind. This is Nature's law. She will never see her children wronged. If the mind, which rules the body, ever forgets itself so far as to trample upon its slave, the slave is never generous enough to forgive the injury, but will rise and smite his oppressor. Thus has many a monarch mind been dethroned.—*Longfellow.*

Look Out. Look Out. Look Out.

LOOK OUT! where you buy your READY MADE CLOTHING.

LOOK OUT! before you buy your Furnishing Goods, Shirts, Under Shirts, Drawers, Stockings, Handkerchiefs, Hosiery.

LOOK OUT! before you buy Hats and Caps.

LOOK OUT! before you go to take your measure for your Custom Clothing.

LOOK OUT! for the last time, and it is better to buy at that place where you can save 15 per cent. and get a good fit. And that is at

No. 9 Daniel Street,
LEVEEN & KICHLER'S
NEW YORK CHEAP CLOTHING STORE.

Look Out! Look Out! Look Out!

GREAT HUMBUG.

The idea that any one can sell CLOTHING FURNISHING GOODS **cheaper** than

MOSES & DOWNIE,

is a great humbug,. They buy their Goods in large quantities, and manufacture them under their own supervision. Therefore, no one can compete with them in low prices, who have to buy their Clothing Ready-made.

We have the largest and best Stock of **Ready Made Clothing & Furnishing Goods** ever offered in Portsmouth; and at the LOWEST PRICES. The whole of which must be disposed of lower than ever before, in order to reduce our immense stock.

It would be impossible to enumerate the different articles in our Store, but we would say that we have COATS varying in price from

50 CENTS TO 15 DOLLARS!
PANTS from
50 CENTS TO 7 DOLLARS!

We have also the largest and best assortment of

Cloths, Doeskins & Cassimeres,

Both plain and fancy, that can be found this side of Boston, which we will

Make to Order in the Very Latest Styles,
AT A VERY LOW PRICE.

We might go on and fill a paper with a description of our goods, but that would not satisfy the public mind nor clothe their backs. If there is any one inclined to doubt our statement, let them call at our store, and they will doubt no longer. The large patronage we have received is proof of our assertion. We have also any quantity of goods for Men's and Boys' wear, to sell by the yard. Also

Hats, Caps, Boots, Shoes, Trunks, Valises, Umbrellas, Carpet Bags,
And Oil Clothing,

and anything needed to make a man comfortable in feeling and respectable in appearance; and what is best of all, it takes but little money to do at the BIG CLOTHING WAREHOUSE of

MOSES & DOWNIE;
2moo **3 & 37 Market Street.**

Sargent's Magic Soap!

It is free from all deleterious qualities, and perfectly harmless. Its use will not injure the skin, or the most delicate fabrics.

It saves labor, almost superseding the necessity of rubbing; washing can be done in about half the time, as the clothes do not require *boiling*, thus saving fuel and labor that is required by washing with other kinds of soap, and the necessity of having steam in the house.

Flannels and colored goods can be washed with the ease of cotton or linen, without fulling or shrinking. For washing and whitening Hosiery and Yarn, it is unequalled.

Grease spots of any kind removed in a short time from carpets and woolen goods.

It will instantly remove grease and dirt from paint without any water whatever; protecting windows, carpets and furniture from suds or slops. The worst bilge-water stains removed from paint immediately, by applying the soap with a sponge.

It supersedes the use of all polishing powders by imparting a brilliant lustre to Jewelry, Plate, etc.

For cleansing, softening or healing the skin, it is unequalled.

It is acknowledged by all who have tested its superior qualities, to be one of the greatest improvements of the age, and its use is indispensable to the comfort of every family, and the convenience of every hotel, ship, steamboat or laundry.

PEALE'S COURT OF DEATH.
The most elaborate and noted work of Art ever painted by an American Artist, is the 'COURT OF DEATH,' by REMBRANDT PEALE. This painting covers 312 square feet of canvass—contains 23 Life Size Figures, and has never been valued at less than
25,000 Dollars.
It has been gazed upon with admiration and delight by tens of thousands. The subscriber has purchased the painting, and issued a splendid
Chromo-Lithographic Engraving
of it, presenting a perfect FAC SIMILE COPY of the original painting, WITH ALL ITS BEAUTIFUL COLORS.
The size of the Engraving is 28 by 31 inches, and the price ($1) for which it is offered, is only *one-fifth* the usual price of similar works—100,000 being issued instead of 5,000, the usual number—The home of every family in the land should be adorned with this picture, as besides its beauty as an ornament, the lesson it teaches, illustrating the evils of *Intemperance* and *War*, and the end of a good—a *Christian Life*, are invaluable. Mr. PEALE says of the Engraving: "I can certify that it is an accurate and admirable copy of the Original Painting." Testimonials without number, have been received from distinguished Clergymen in praise of the Engraving. Many who receive it, say they would not part with it for ten times its cost, if they could not procure another.
Clergymen and Church Societies supplied in quantities of not less than 20 copies at a time, on very liberal terms.
Terms for 1 copy, $1 and 4 letter stamps, or 5 copies for $4 without stamps. For a letter of Agency stating special terms, and 1 copy, $1 and 6 letter stamps, sent in strong rolls by return mail, with a description. If $4 or more is sent in a letter, get a draft, or have the letter registered. Write the *Name, Town, County, State*, plainly. Address G. Q. COLTON,
P. O. Box 3391. No. 37 Park Row, New York.

City Hotel, Portsmouth, N. H.
This popular, comfortable and commodious House is pleasantly situated
On Congress St., near Market Square.
The location is unsurpassed for business or pleasure. The Proprietor would state that he has thoroughly renovated and also refitted the same in a style that would please the most fastidious; the rooms are commodious and airy, the tables will be well supplied with the best the market affords, the attendants gentlemanly and accommodating, charges reasonable, and that no pains or expense will be spared to render this House *equal* if not *superior* to any public House in the city.
He would now return his sincere thanks to the public generally, for the very liberal patronage they have been pleased to bestow upon him; and ever grateful for past favors, respectfully solicits a continuance. **J. B. FLAGG.**

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, JUNE 28, 1860.

☞ The authorities of Stettin, Prussia, have made it obligatory on the part of all hand organ players to have their organs tuned every three months. They must also carry a certificate from the tuner, in order to prove, if necessary, that they have complied with the law. Our authorities at Washington go a little further even than this, and make their organs keep in tune to the music of the party all the time. But then the tuner takes money lavishly from the public treasury to support them, and they live a very gay vagabonding life among the Bohemeians of the federal city.

WM. LOUGHREY, a faithful police officer and worthy man, died in Cambridgeport, Mass., on Tuesday afternoon, of wounds inflicted on him by a burglar named Hurley, *alias* Carroll, whom he arrested, and who stabbed him, jumped on him, &c.

Loughrey had been a police officer a long time, and was once a sufferer at the hands of the law for carrying and using weapons in the exercise of his office. He was now armed only with his billy. Another policeman, however, had a pistol, and shot out Hurley's teeth.

Hurley will probably be hung,—but it would be vastly better to work him as long as he lives.

Policemen should be well armed, and ought not by night to be too sparing of a heavy blow on the burglars, incendiaries, assaulters and murderers with whom they have to deal.

CATHOLIC CLERGYMAN BURNED TO DEATH.—In New York, about 3 o'clock on Sunday morning, fire was discovered in the bedchamber of Rev. Dr. Patrick McMenany, a Catholic priest, residing in a house on Tenth street. As soon as the flames were put out, deceased was found lying on the floor of the room. He was quite insensible when found. He revived a little shortly afterwards, but was not able to state how the fire occurred. The Doctor, it is said, was subject to epileptic fits, and it is supposed that he fell over on the table in a fit, upset the candle, and thus set fire to his papers.—His face and hands were badly burned. He was a native of Ireland, 44 years of age.

A FAMOUS PISTOL.—It is stated that the pistol which the friends of Mr. Fowler, the late postmaster at New York, found under his pillow the night previous to his flight, was the same weapon which was presented to him by Hon. Robert J. Walker, and with which Fowler accidentally wounded Saml. F. Butterworth. Fowler, at the time, made a present of the pistol to the injured party, which was one of the weapons used by Daniel E. Sickles in shooting Barton Key in Butterfield's presence.

☞ The following Democratic newspapers in Massachusetts will probably support the Breckinridge ticket—Boston Post, Lowell Advertiser, New Bedford Times, Salem Advocate, Greenfield Democrat, Barnstable Patriot, Essex County Democrat, Lawrence Sentinel, and Pittsfield Sun—whose editors are federal office-holders.

☞ It will be announced Tuesday morning, in the Constitution newspaper, that the publication of that paper will be suspended. The passage of the law cutting down the public printing, which renders it entirely worthless, is the alleged cause for this step. The old Intelligencer will shortly follow suit. It is on its last legs.

THE WHEAT HARVEST has been in progress for several days in Southern Illinois. The yield of grain is not heavy, but quality is excellent. The later crops will be better. Some of the new wheat has already made its appearance in the Chicago market. The harvest has also commenced in Indiana. The farmers in Jackson county began cutting their wheat last week, and this week the movement has been very general.

NEW ORLEANS, June 25.—The Supreme Court have decided that the steamers taken at Vera Cruz are not lawful prizes.

Surely there is no Supreme Court that can settle a question like this, except the U. S. Supreme Court, which sits at Washington, never at New Orleans. It must be a Circuit or District Court of the United States.

TREATIES RATIFIED. — *Washington, June 26.*—The Senate ratified the extradition treaty with Switzerland, and treaties of commerce with Bolivia, Venezuela, Honduras, and Nicaragua. The latter was amended, so that an American military force cannot be used without the previous assent of our Congress for the protection of the transit and other purposes. The treaties were ratified nearly unanimously.

Much interest is manifested relative to the treaty with Spain providing for a Commission for the settling of pending claims by both countries. It contains a clause to pay for the Armistad negroes. It is understood that a motion will be made to strike this clause out, but it is believed it will not prevail. Its retention, however, may defeat the treaty, which requires a two-thirds vote for ratification.

"BLEEDING KANSAS" is still kept out of the Union, by the action or non-action of the United States *Senate*. The only true reason for this exclusion, is to be found in the fact that Kansas, if admitted, would have thrown three electoral votes for Lincoln and Hamlin,—and if the election should go to the House, she would be *one State* to vote for him there. These things show how much afraid the majority of the Senate are, that the election will go against them.

☞ On Sunday last, says the Cattaraugus Republican, a child in that place died, as was supposed, and on Monday preparations were made for its burial. Monday afternoon the funeral was held, and the body of the child accompanied by a large number of friends, was conveyed to the grave. As the dirt began to fall upon the coffin, a feeble cry was heard. The coffin was instantly raised and opened, and a shriek of "Mother!" burst from the lips of the resuscitated child. It is useless to attempt a description of the scene that followed. The child is in a fair way to recover.

SENTENCE OF "DOCTOR" BROWN.—In the Supreme Court, Boston, Saturday, Chief Justice Shaw overruled the exception in the case of Dr. David R. Brown, who was convicted in the Superior Court on the charge of causing the death of Miss Susan Aroline Webster, by illegal practices, and the case was sent back to the Superior Court for sentence. The accused has been in jail twenty-two months. In the Superior Court subsequently he was sentenced by Judge Rockwell to the State Prison for fourteen years.

THE WASHOE INDIAN WAR. — The Placerville (Cal.) Democrat, speaking of the Washoe Indian war, now so fiercely raging on both sides, says that the whites themselves instigated it by such diabolical acts as these:—

A gentleman from Washoe stated in this city on Thursday, 10th May, that a fellow rode into the camp of Winnemuck, a peaceable and venerable chief, and without the slightest provocation, deliberately shot him down. The brutal act exasperated his tribe, and they resolved to avenge his death.

FATAL ACCIDENT AT EAST BRAINTREE.—Mr. Burton Wales, son of Asa B. Wales, keeper of the hotel at Weymouth Landing, while driving through East Braintree, Saturday afternoon, was thrown from the carriage, the horse having become uncontrollable. Mr. Wales struck on his head, and the concussion fractured his skull. Another person, who was with him, was but slightly injured. Mr. W. was 24 years of age, and resided with his father.

A PERILOUS POSITION. — Saturday morning, a man who was laboring under delirium tremens was found hanging by his hands to the eaves of a three story house in Clifford place, Boston. He was got down without injury. Every drunkard, every drinker, hangs over a precipice as high as that, and is not aware of it.

☞ Incredible as it may appear, in the late terrible tornado in Iowa, horses, cattle, human beings, and even more solid bodies, were whirled higher than the tops of high buildings. The path of the tornado was quite narrow, but it was cleared of everything upon the surface. It took the form of a whirlwind, or spinal current of air, taking everything from the surface upwards, and scattering the fragments in all directions.

COL. FORNEY'S POSITION.—In his paper of last Monday, Col. Forney concludes a review of the Democratic nominations as follows.

While, however, we shall support the election of Stephen A. Douglas, the Press can scarcely go further in vindicating him than it has gone, and while following the path it has marked out, will not hesitate to do justice to other candidates and other parties by abstaining from all imputations on their integrity, and by reiterating none of the silly scandals and calumnies of their adversaries.

☞ The business of St. Louis has fallen off largely the present year. All the rivers have been low, produce has ruled below the usual rates, and the country has no money to buy goods. The Missouri river country has suffered for want of rain, and the crops are almost total failures. Taking the whole West, the crop of corn and wheat promises finely.

☞ A stout fellow, six feet two inches high, got swindled in a Peter Funk auction room in New York on a watch. It was only $19, but he shut the door of the room, took off his coat, and after thrashing half-a-dozen swindlers, he recovered the spondulics and retired.

☞ A fine clipper bark has recently been launched at Kennebunk, Me., called the "Rail-Splitter," in compliment to the Republican Presidential candidate. As Mr. Lincoln is a total abstinence man, the captain's name—*Drinkwater*—will be very appropriate.

The blindest government in Europe is that of the Holy *See*.

GENERAL COURT.

In the Senate, on Tuesday, the bill relating to the smelt fishery in Great Bay was re-committed to the Judiciary Com., with remonstrance of H. S. Hartshorn and 150 others, on motion of Mr. Eaton.

The following bills were indefinitely postponed:—Act for the better observance of the Sabbath; act relating to peremptory challenges in criminal cases, and a resolution making an appropriation for the State House.

In the House a debate took place on the priviliges of naturalized citizens. The Committee on the Judiciary recommended that the bill to restore the rights of naturalized citizens, and to repeal sec. 2, chap. 1829, of the Pamphlet Laws, be indefinitely postponed.

Mr. Greenleaf, of Portsmouth, said he undertook to endeavor to bring about a repeal of this law, because he had been in a position to witness its operation. He was on a jury once in a case in which the selectmen of Epping were arraigned for breach of this law. He heard all the arguments, and the charge of Judge Bell on that occasion. The jury were divided, and he came to the opinion that there never would be found a jury in New Hampshire to convict those selectmen.* That had proved to be the case subsequently. Then why keep the law on the statute book any longer, as no one could be convicted under it? Judge Bell was assailed in the most unbecoming language for the course he took on that occasion. Since, that gentleman had been appointed Chief Justice, and Gov. Goodwin never did a better thing in his life than when he made the appointment. He (Mr. Greenleaf,) was not going to act the part of the Covode Committee here; but when Gov. Goodwin did well he would praise him. He called for the yeas and nays on this question.

Mr. Shepard, of Epping, said that as he understood the case which had been quoted, the selectmen were discharged on the ground of their ignorance, not on the ground of the unconstitutionality of the law. The selectmen acted in good faith after consulting counsel.

Mr. Hackett, of Portsmouth, said that he was unwilling that the House should think that the Court had held the present law to be unconstitutional. He understood that the ruling of the Court had no relation to the character of the law; but that the Judge ruled that if the selectmen honestly supposed that the law was unconstitutional, and acted on that belief, there was an absence of the ingredient that constituted a crime, and no crime was committed.

The yeas and nays were then taken with this result: for the resolution 170, against it 111. Thus the report of the committee was adopted, and the law is sustained.

The additional Committee on Elections, having considered the remonstrance of Ira Blake and others, of Kensington, against the right of Jonathan Palmer to a seat in the House as a representative for Kensington, reported that at the annual election in March last, Jonathan Palmer did not receive a legal majority of all the votes cast. Mr. Parker, of Lempster, said he desired the House to understand the facts of this case, and therefore moved that the report lie on the table. He would undertake to bring it up at an early period. A division was taken, and the report was laid on the table, by 127 against 109.

On motion of Mr. Durgin, of Dover, it was resolved that the Committee on the Judiciary be requested to inquire into the expediency of calling a Convention for revising the Constitution of this State, the said Convention being limited in its action to the duty of reducing the number of the members of the House, and increasing the number of Senators, and making provision for future amendments without calling a Convention; the said Convention also to be limited in its compensation to the pay for travel and ten days' attendance of members of the Legislature.

There was some debate on the Cattle Disease bill, to be resumed on Wednesday.

*There is a curious tail to this lawsuit.—The former Selectmen of Epping, who defended themselves in this suit, spent two or three hundred dollars in doing so, and brought their bill against the town. The voters, in town-meeting assembled, voted to pay the bill — but the new Selectmen, though of the same politics with the old, refused to pay.

☞ A young sewing girl brought an action in a New York court against her landlord, for, as she alleges, thrusting a pistol ramrod through her cheek and severely beating her, because she would not pay an extra week's rent for her rooms. The jury gave her two thousand dollars damages.

GONE TO AMHERST.—James McGregor, of Manchester, was tried before Justice Upton for keeping a house of ill-fame and selling spirituous liquors, and was carried to Amherst jail for want of sureties for his appearance at a higher Court.

☞ The Italians of New York are all on fire with the splendid success of Garibaldi, and movement is on foot to send men and money to him.

☞ The African Baptist Church, in Augusta, Ga., *owns* its minister, the congregation having bought him from his former master.

☞ During the last month ninety-four slaves were manumitted in Talbot county, Maryland.

BLOOD FOOD.

Healthy human Blood upon being ANALYZED always presents us with the same essential elements, and gives of course the *True Standard*.—Analyze the Blood of a person suffering from Consumption, Liver Complaint, Dyspepsia, Scrofula, &c., and we find in *every* instance certain deficiencies in the red globules of Blood. Supply these deficiencies, and you are made well. The "BLOOD FOOD" is founded upon this theory.—Its astonishing success. There are FIVE PREPARATIONS adapted to the deficiencies of the Blood in different diseases. For COUGHS, COLDS, BRONCHITIS, or any affection whatever of the THROAT or LUNGS inducing CONSUMPTION, use No. 1, which is also the No. for *Depression of Spirits, Loss of Appetite*, and for all CHRONIC COMPLAINTS arising from OVERUSE, GENERAL DEBILITY, and NERVOUS PROSTRATION No. 2, for LIVER COMPLAINTS; No 3, for DYSPEPSIA. Being already prepared for absorption it is taken by *Drops* and carried immediately into the circulation, so that what you gain you retain. The No. 4 is for FEMALE IRREGULARITIES, HYSTERIA, WEAKNESSES, &c. See special directions for this. For SALT RHEUM, SCROFULOUS, KIDNEY, and BLADDER COMPLAINTS, take No. 5. In all cases, directions must be strictly followed. Price of the "BLOOD FOOD.", $1 per bottle.
Sold by CHURCH & DUPONT, Druggists, No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country.
In Portsmouth by W. R. PRESTON.

MOTHERS,

Thousands are daily speaking in the praise of DR. EATON'S INFANTILE CORDIAL, and why? Because it *never fails to afford instantaneous relief*, when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening the sensibilities. For this reason, it commends itself as the only *reliable* preparation now known for CHILDREN TEETHING, DIARRHŒA, DYSENTERY, COLIC, ACIDITY OF THE STOMACH, WIND, COLD IN THE HEAD, and CROUP: also, for Softening the Gums, reducing Inflammation, regulating the Bowels, and relieving pain, it has *no equal*—being an anti-spasmodic, it is used with unfailing success in all cases of *Convulsions or other Fits*. As you value the life and health of your children, and wish to save them from those sad and blighting consequences which are certain to result from the use of narcotics of which other remedies for Infantile Complaints are composed, take none but DR. EATON'S INFANTILE CORDIAL, this you can *rely* upon. It is perfectly harmless, and cannot injure the most delicate infant.

Full directions accompany each bottle. Price 25 cents. Prepared only by
CHURCH & DUPONT, Druggists, No. 409 Broadway, New York.
GEO. C. GOODWIN & CO., Wholesale Agents, Boston.
And by all respectable Druggists throughout the country. In Portsmouth by W. R. PRESTON.

Here's Health for the Million!!
CLARKE'S SHERRY WINE BITTERS
Warranted Palatable and Healthy.

Composed of Dock Root, Sarsaparilla, Wild Cherry, Rhubarb, Thoroughwort, Mandrake, &c. For General Weakness, Loss of Appetite, and an unhealthy state of the system.

Weakness.

The patient, trembling with lassitude and weakness after a slight exertion, by the use of a bottle or two of this very popular health-maker, has become imbued with new strength and increased energy. As it gives new life and action to the blood, and increases the appetite, on which strength receives its origin and depends.

Nervousness.

Weakness, with over-exertion, is generally the origin of this horror-depicting disease. Use DR. CLARKE'S SHERRY WINE BITTERS, and you will be rendered perfectly self-possessed, calm and cheerful.

Broken Down Constitution.

Dr. Clarke's Sherry Wine Bitters are the very thing to give new life to the shackled frame, and energy to the enfeebled mind. For Mechanics, Farmers, Clergymen, and Public Men in general, no medicine can be better adapted for their purpose.

Try them!

All ye lovers of good Bitters and good health, and you will find them a cheap, effectual and pleasant remedy; and sold for the low price of 25 cents for a pint bottle.
25 cts. for a Pint Bottle. 42 cts. 1 qt; 75 cents 2 qts; and only $1,25 for 4 qts.

Applicants are requested to leave their names at the Bookstore of J. H. FOSTER. june28tf

INSTRUCTION IN THE
ORNAMENTAL BRANCHES.

MRS. MURDOCK, thankful for the very liberal patronage bestowed in the past, would inform the inhabitants of Portsmouth and vicinity that she is prepared to give instruction in the various branches of DRAWING & PAINTING, to all who may favor her with their patronage, commencing on Wednesday, June 20.

Her much admired Grecian Painting, which, for beauty and durability, equals the Canvas Painting, may be executed by all, possessing artistic skill or otherwise. Every attention will be paid to the first elements of Drawing.

Mrs. M. continues to give instruction in WRITING; also, Silk and Worsted EMBROIDERY and other Ornamental Branches.

Classes will meet each day between the hours of 9 and 12 A. M., and 2 and 5 P. M. For further particulars, inquire at No. 17 COURT STREET, where specimens may be seen.

Those wishing to avail themselves of this opportunity will call soon, as Mrs. M.'s stay in the city is limited.

CHAMPION
FLY AND MOSQUITO CATCHER.

The public are invited to call at the Bookstore of J. F. SHORES, JR., No. 1 CONGRESS BLOCK, and examine the FLY & MOSQUITO CATCHER—of which the editor of the Manchester American, on witnessing its operation, says:—

"The result, to our great astonishment, was the catching and slaying of not less than Two Thousand Flies by operating the Catcher only *one and a half minutes*."

There is no machinery about it, and any person who can sweep a room, can operate it. Price $1.

Special Notices.

THE VISIT OF THE PRINCE OF WALES.

It seems to be settled that this young gentleman will soon visit the United States, and we are sure that the "Yankee nation" will give him a cordial welcome, both as the representative of a great nation, and the son of a most worthy queen and admirable mother. "His Royal Highness" is represented to be an amiable and intelligent youth, and fond of taking a hand in all the passes; and therefore we shall not be surprised if he carries back with him to old England, the capital prize in one of the *legalized* lotteries of Messrs. Wood, Eddy & Co., of Wilmington, Delaware, and St. Louis, Missouri, as a memento of the great republic. And reader, you have the same opportunity; for by enclosing to either office $2.50, $5, $10 or $20, you will receive a chance by return mail. Try it before the Prince arrives, and be happy.

OXYGENATED BITTERS.

A Query.—Why will you suffer? DYSPEPSIA is a brief but comprehensive term for the numerous diseases which affect the stomach, liver, and in fact the whole human system. Until Dr. Green discovered the Oxygenated Bitters, medical science was at fault and had exhausted itself in fruitless efforts to cure this disease. The Dyspeptic need suffer no longer with a disease that is always painful, and frequently a fatal affliction.

This unique and peculiar compound will at certainly cure as the disease exists. Had it not this power, such testimony as follows would not be given in its favor:

Dyspeptics, read!

Ashuelot, Oct. 6, 1859.

Messrs. S. W. Fowle & Co.—Gents:—Nine years ago I was so much reduced in strength as to be unable to attend to the common duties of my household, and suffered from a complication of diseases that truly rendered life a burden. I resorted to various *physicians* of acknowledged skill, but *without relief*, and my case was considered beyond the possibility of cure; but at this juncture I made use of the Oxygenated Bitters, and so rapidly did I mend that the effect was wonderful. My physician's distrust of the medicine gave place to the utmost confidence in its use. After a lapse of years, I now remain in the enjoyment of good health, and have ever found the Bitters a never failing antidote for the various symptoms which arise from constitutional derangements. I have since recommended them to several of my friends, with uniform and satisfactory results. CATHERINE RAYMOND.

From a highly respected physician in Maine

South Paris, Me., Dec. 12, 1859.

Messrs. S. W. Fowle & Co.,—Gents:—For several years past I have had a knowledge of the Oxygenated Bitters in some cases of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them. Respectfully yours,
WM. A. RUST, M. D.

Prepared by S. W. FOWLE & CO., Boston, and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchings, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. eponot 6w8r

A CARD TO YOUNG LADIES & GENTLEMEN.

The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple *Vegetable Balm*, that will, in from one to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—in a manner intended it should be—soft, clear, smooth and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage,)
JAS. T. MARSHALL,
PRACTICAL CHEMIST,
june19 3m No. 32 City Buildings, N. York.

"This may certify, that for a number of years I have been afflicted with the Scrofulous Humor, which caused a swelling of my neck and severe ulcers, which were very painful, and that by the use of several bottles of Dr. Swett's Panacea they have been entirely removed, and the healing has all gone from my neck, and it is now over two years since the cure."
BETSEY SANBORN.

Kensington, Sept. 25, 1835.

Hundreds of testimonials on hand might be added, evincing the many cures by Dr. Swett's medicine. All orders directed to DR. SIMEON SWETT, PORTSMOUTH, N. H., No. 1 School St., for his Panacea, Cough Drops, Cosmetic, Rheumatic Compound and Family Pills, and other his popular remedies, will be promptly attended to.

☞ Mrs. Winslow, an experienced nurse and female physician, has a SOOTHING SYRUP for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See Advertisement in another column.

DICTIONARY OF THE BIBLE.

Comprising its Antiquities, Biography, Geography and Natural History. Edited by William Smith, LL D., editor of Dictionaries of Greek and Roman Antiquities, "Mythology," &c.
In two volumes octavo. Vol. I. from AUGUST NOW READY.

"Within the last few years Biblical studies have received a fresh impulse; and the researches of modern scholars and the discoveries of modern travellers have thrown new and unexpected light on the history and geography of the Bible. The new Dictionary of the Bible, therefore, comes on a fresh examination of the original documents, and embodying the results of the most recent researches and discoveries, must prove a valuable addition to the literature of the country."
ROBINSON'S BIBLE DICTIONARY.

New Edition—just published by the American Tract Society.

Just received by J. F. SHORES, JR.,
No. 1 Congress St.

Local.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

SQUARE THE BOOKS.—One of the most prompt business men in the city, wishes us to suggest that the 1st of July is at hand; and thinks, with us, that the movement which was inaugurated here a few years ago, to settle bills semi-annually, is worthy of being universally adopted—by all those, indeed, who do not pay them oftener than that.

Since we are on this track, we will just say for ourselves, that the Chronicle bills have always been presented (and generally settled, too—thanks to as prompt a list of patrons as any business ever had,) at least twice a year, and generally quarterly, or even monthly in many cases.

"OLD IRONSIDES."—The Constitution was taken into the dry dock at this naval station early on Wednesday morning, and a force of one hundred and fifty men are engaged in fitting her for sea, in pursuance to an order to that effect, received last week.

3 DAYS LATER FROM EUROPE.

HALIFAX, June 26.—The Royal Mail Steamship Europa, from Liverpool 16th, via Queenstown 17th, arrived here this evening.

The Great Eastern was positively announced to sail from Southampton for New York on the 16th.

There is nothing important from Sicily. Garibaldi was actively organizing his forces, but no movement was expected for some days.

LATEST FROM PALERMO.—A telegram says the embarkation of the Royal troops continued. The town was still barricaded.

The statement that the Neapolitan squadron seized two ships containing volunteers and arms to Sicily still lacks authentic confirmation.

The Neapolitan envoy to Paris returned to Naples without visiting London, under the conviction that his message would be useless.

Admiral Mundy writes to the Secretary of the Admiralty, June 2:

The scene is reported most horrible. A whole district, 1000 yards English long, by 100 wide, is in ashes. Families have been burned alive with the buildings, whilst the atrocities of the royal troops have been frightful. In other parts convents, churches and isolated edifices have been crushed by shells, eleven hundred of which were thrown into the city from the citadel, and about two hundred from the ships, besides grape, cannister and round shot.

G. P. R. James, the novelist, is dead.

The annexation of Savoy and Nice to France, was formally consummated on the 14th. The event was celebrated by a Te Deum and a grand review at Paris. M. Thouveual was decorated with the grand cordon of the Legion of Honor on the occasion.

FROM CALIFORNIA—FIGHT WITH THE INDIANS.—Steamer Northern Light brings California dates to the 5th. There was a skirmish on the 2d between 300 of Col. Hayes' men and 500 Indians. The Indians were defeated with a loss of 25. Capt. Stony was mortally wounded; two volunteers were killed and two wounded. Major Ormsbury's body was found on the former battle-field, with 20 other bodies.

NEW YORK, June 27.—Tammany Hall last night endorsed Douglas, and resolved to hold a ratification meeting on Monday. The Young Men's Democratic General Committee also endorses Douglas.

The friends of Sam Houston have called a State Convention at Schenectady, July 10, to nominate an electoral ticket and Vice President.

The Herald's Washington correspondent says Mayor Wood has conferred with Douglas, Breckinridge and the administration, and he suggests that there be only one electoral ticket, unpledged to either candidate, but to cast their vote for either as may be most politic.

The Times has a dispatch from Washington, saying that it is proposed that both wings of the Democracy of New York and Pennsylvania run the same electoral ticket, in order that Douglas may have the chance of election by the people. The condition, however, on which it is proposed to make this arrangement is that Douglas, in case the election should go to the House, shall give the vote of the Illinois delegation to Breckinridge. Whether Douglas will consent remains to be seen.

MR. JOHNSON ACCEPTS.—*Washington, June 26.*—The Committee waited upon Herschel V. A. Johnson of Georgia last evening. He accepted the nomination of Vice President on the Douglas ticket, endorsing the platform and declaring that the South will sustain its principles. He stated it as his opinion that the doctrine of non-intervention was necessary for the preservation of the Union, and he should quietly but firmly accept the responsibility.

HAVERHILL, MASS., June 26.—Two effigies were found this morning suspended across Merrimack street. They were intended to represent Caleb Cushing and George Johnson, delegates to Baltimore, the latter from the Seventh District. That of Cushing was inscribed "A traitor to his country." Johnson's, "False to his constituents, his country, and his God."

ST. LOUIS, June 26.—The Breckinridge demonstration at the Planters' House last night, was interrupted by Douglas men. Mr. Bowlin, late Minister to Paraguay, ineffectually endeavored to speak. There will be another Douglas jubilee to-morrow.

RICHMOND CONVENTION.—*Richmond, June 26.*—The Seceders' Convention declared Breckinridge and Lane their unanimous choice, and reaffirmed the Charleston majority platform. Adjourned sine die.

☞ It appears by a London dispatch that the Great Eastern actually sailed from Southampton on the 16th for New York.

MARRIED,

In Middleton, Alonzo Downing to Mrs. Elizabeth Cook, both of Milton.

RELIEF IN TEN MINUTES!!

Bryan's Pulmonic Wafers!

The most certain and speedy remedy ever discovered for all Diseases of the CHEST AND LUNGS, COUGHS, COLDS, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

These Wafers give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

TO VOCALISTS AND PUBLIC SPEAKERS, these Wafers are peculiarly valuable; they will in ONE DAY remove the most severe occasional hoarseness: and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

JOB MOSES, Sole Proprietor, Rochester, N.Y.

EZRA A. STEVENS'

HOUSE FURNISHING ESTABLISHMENT,

No. 46 Market Street.

NEW STOCK OF

STOVES, RANGES, FURNACES,

Something New!

A FRIEND TO NEAT HOUSEWIVES.

CHESLEY'S PATENT

BOOT AND SHOE DUSTER.

A very neat article for removing dust and dirt from boots and shoes. It answers the purpose of scraper and mat; costs only a trifle more than a good mat, but will outwear twenty—and prevent any dirt from being carried into the house.

TRY ONE.

SEASONABLE ARTICLES.

One of the most economical and indispensable articles in the hot weather is a *good* Refrigerator: (a poor one is not worth buying at any price.)—The attention of the public is invited to

WINSHIP'S PATENT

Upright self-ventilating Refrigerators

It is now conceded by physicians that provisions are rendered very unwholesome by being confined in a Refrigerator in which the air is not constantly and effectually changed; and the health of many families has suffered in consequence. The musty and sour smell common to most ice chests is a sure indication of this poisonous tendency.

This Refrigerator is the only one ever offered that is perfectly ventilated, and in so scientific yet simple a manner that Prof. Silliman has given a description of it in his new work on Natural Philosophy as the best illustration over practically tested of perfect ventilation.

The temperature is always uniform. The air never becomes stagnant. There is no waste of ice. The warm air cannot enter upon opening the doors. Access to the ice is had without disturbing the provision chamber. Articles of different flavors cannot impregnate each other.—Milk, delicate fruits, and meats, can be preserved much longer than in any other Refrigerator.

All who value health and pure food are advised to give this article a trial. The cost is about the same as the common ice chests, and they are made with panelled sides and top, and tastefully grained.

MASSER'S FIVE-MINUTE

ICE-CREAM FREEZER.

Requiring less labor and less ice than any other. Simple and durable. Can be used by any child possessed of common sense. With it a constant supply of delicious Ice Cream may be had through the season at a small cost.

CHILSON'S CONE FURNACES.

Having set a great many of them in this city and vicinity, and in all cases given *perfect satisfaction.* All sizes suitable for public buildings, or private dwellings, for sale at MANUFACTURERS' PRICES.

PORTABLE FURNACES

of all sizes—sufficient to warm one room, or an entire building as may be desired.

CHILSON'S NEW COOKING RANGE.

A splendid article, having two large elevated ovens, *sure to bake.* These are the most convenient style of Ranges yet introduced, and are coming into use. Six of them have been set at our Navy Yard this Spring, and operate very finely.

BEST BLACK VARNISH,

For Iron Fences, Fireboard, Grates, &c.; of Brilliant lustre, and *perfectly water-proof.*

The Great English Remedy!

Sir Jas Clarke's celebrated Female Pills

Prepared from a Prescription of

SIR J. CLARKE, M. D.,
Physician Extraordinary to the Queen.

This well known medicine is no imposition, but a sure and safe remedy for Female Difficulties and Obstructions, from any cause whatever; and although a powerful remedy, it contains nothing hurtful to the Constitution.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Headache, Whites, and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed.

These Pills have never been known to fail where the directions on the Second page of Pamphlet are well observed.

To married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

For full particulars, get a pamphlet, free, of the agent.

N. B.—$1 and six postage stamps enclosed to any authorized agent, will insure a bottle, containing over 60 pills, by return mail.

Spring and Summer Goods.

J. E. HAM & Co., - - 9 Congress St.

Respectfully invite the attention of the gentlemen of Portsmouth and the region round about, to the best assortment of

SPRING AND SUMMER CLOTHS,

ever exhibited in this vicinity, from which they pledge themselves to make as good garments of every description as can be obtained at any establishment in Boston or New York, and at lower prices. Their stock of

COATINGS,

including all the fashionable materials for Spring and Summer Wear, is unsurpassed. They have also the most complete assortment of

PANTALOON GOODS

That can be found in the city, comprising FRENCH, SCOTCH, GERMAN and DOMESTIC manufactures.

They would invite the special attention of gentlemen to their Cloths for

BUSINESS SUITS,

as well as to the tasty and thorough manner in which they are gotten up. Having been awarded at the County Fair last held at Portsmouth, the premium for the best made garments, and determined to maintain the reputation thus given them, they warrant good fits and well made garments to all customers.

Portsmouth, May 17th, 1860.

Morning Chronicle.

☞ The N. Y. Herald's correspondent has the following sketch of the betting mania which the Democratic nominations appear to have aroused in Washington:

Mr. W., a distinguished Pennsylvanian, asserted that Douglas would carry that State by fifty thousand majority. Mr. B., an equally distinguished Breckinridge man from Massachusetts, offered to bet one dollar on each vote that he would not. The Douglasite caved. An Oregonian boasted that Douglas would carry Oregon. A Breckinridge man offered to bet that Breckinridge and Lane would carry more of their States, than Douglas and Fitzpatrick would of theirs. Douglasite refused. An Illinoisan offered to bet $10,000 that Douglas would carry Illinois. An Ohio Republican accepted the bet, and proposed to put up a forfeiture of $1000 till to-morrow, when the remainder would be deposited; but Illinoisan thought he saw a rail, and declined. An M. C. of New York offered to bet an indefinite sum that Douglas would carry his State, whereupon a Maryland Breckinridge man said he would bet $10,000 that Lincoln would carry Illinois and New York. New Yorker backed down. These are not only specimens of the kind of betting that has been going on in Washington, but it is singularly true that it is a true reflex of the confidence manifested by the different men for their favorite candidates.

POLITICAL PREACHING AND THE HIGHER LAW.—The Congregational Journal, of Concord, N. H., says:—

Dr. Bouton chose for the theme of his forenoon sermon, last Sabbath, the loyalty of all good citizens to the Constitution and Laws of their country. In the course of his remarks he took occasion to say there were two exceptions to the general rule of submission to the laws of the land; one was when they became too unjust and oppressive to be borne. In that case, the people had a right of revolution and of resistance, and that they should exercise this right peaceably if they could, and forcibly if they must. The other exception was when the laws contravened the laws of God. In that case God should be obeyed rather than man. The higher law is supreme, and every man whose conscience compels him to obey it rather than human law, should submit to the consequences. He spoke against that political preaching which went to sustain any political party; but he contended that as the term politics meant the science of government, it was duty of the pulpit to maintain those principles which lie at the foundation of good government. It was the duty of ministers, he said, to preach against those vices and moral evils which prevail in the community or nation, though they may be identified with the success of a political party.

We notice these sentiments not because they are new, but because they place, as we believe, the pulpit of the North church in a right position before the public with regard to what is called "political preaching."

GRAND COLORED WEDDING.—The St. Louis Republican contains a long account of a wedding in that city, which it considers as rivalling the Oviedo Bartlett affair:

The nuptials of Felix Doyle (colored) with Theodosia Hazlitt (colored) at the Cathedral. There was a long array of carriages, and upon the broad pavement stood several scores of elaborately attired masculines of various tinges of skin, embracing the hues of the chestnut, chocolate, cinnamon, citron, cinder, cloud, and charcoal. Soon the bridal party arrived, in elegant vehicles, and on entering found a company of near one thousand persons, including many of both sexes, known as among the oldest white families in the city, drawn thither either from motives of curiosity, or because of their long acquaintance with the parental relatives of the happy couple.

The bridegroom was a fine-looking rich young man, twenty-four years of age, dressed in a superb and faultless style.—The bride is a blooming and pretty quadroon of seventeen, of aristocratic lineage, and the pride of a mother with, it is said, sixty thousand dollars, who lives in grand style. She was attired in a gorgeous white silk dress, with the customary bridal adornments of honition and valenciennes, and was decorated with a dazzling profusion of jewelry. The four groomsmen were also elaborately dressed. The bridesmaids were dressed in plain white, and being all young and handsome, elicited general admiration.

Some soft robin or other sent a message last Saturday, from Concord, to the Associated Press of Boston, stating that Messrs. Barnard, of Franklin, and Shirley, of Andover, were on the eve of a duel, and that hostile messages had passed between them. Both of these gentlemen are members of the Legislature, and either is above the conduct with which they are charged. The correspondent of the Press probably saw the whole affair through a champagne glass. —*Concord Statesman.*

☞ The Great Exhibition of 1862 is a fixed fact. The guaranty fund of £250,000 has been raised. Arrangements for the building will be commenced at once, but it is not expected the "first stone" will be laid before July, 1861.

What object in God's vast universe can be so desolate as a human soul in which is no love for kindred souls, and no appreciation of love for itself in others? Love is to the soul what air is to the lungs or sunlight to vegetation. Without it the world is a desert, mankind are aliens and enemies, and life is a blackened waste, escape from which can often be resisted only by determined effort, though that escape be on the point of a "bare bodkin."

Punch says—"A Married Philosopher, whose views respecting nursery-management, fashions, domestic economy, and minor morals, have long experienced a steady opposition, describes the reflective and analytical intellect as 'That divine faculty of Reason which distinguishes Man from Woman.'"

THE ORIGINAL AND GENUINE

DR. TOWNSEND'S

COMPOUND EXTRACT OF,

SARSAPARILLA,

IS THE GREAT RENOVATOR OF THE

BLOOD.

the sovereign remedy for Eruptions of the Skin, Ulcerated Sores, and all forms of Cutaneous Diseases.

These complaints can be speedily and effectually cured by the use of this

WORLD RENOWNED

SARSAPARILLA

Thousands have experienced its salutary effects, and tens of thousands have witnessed it, until it has become a fact not a question among the intelligent portion of the community.

When the BLOOD becomes lifeless and stagnant, either from the effects of Spring weather, change of climate, want of exercise, the use of a unhealthy saline diet, or any other cause; this Compound Extract of Sarsaparilla, will *renew the blood*, carry off the putrid humors, *cleanse the Stomach*, REGULATE THE BOWELS, and impart a tone of vigor to the whole body.

TO THE PUBLIC.

The public are hereby notified that the preparation extensively advertised as DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA, is now manufactured under my direction and supervision, from the original recipe obtained from S. P. Townsend; and I certify that it is composed of ingredients PURELY VEGETABLE, and WITHOUT MERCURY; and that the ingredients are judiciously compounded, so as to obtain from them their greatest medicinal effect.

JAMES R. CHILTON, M. D.,
CHEMIST.

Dr. S. P. Townsend's Compound Extract of Sarsaparilla, has a reputation among all civilized nations as the best preparation for

RENOVATING & PURIFYING THE BLOOD

which science has ever offered to man. In this respect its peculiar excellence, and to this is due its world-wide renown.

It contains all the vegetable principles which experience has proved useful in clearing the system from disease, extracted and combined with the highest skill which the refinements of modern chemistry enable us to employ.

Whatever may be said by mortified competitors or splenetic physicians, the fact that this medicine is EVERYWHERE USED, and that its use creates an increased demand, shows conclusively that it possesses medicinal merits of the first order.

CAUTION!!

To avoid imposition it will be necessary to see that DR. JAMES R. CHILTON'S CERTIFICATE, as well as the SIGNATURE of Dr. S. P. Townsend, is on the outside wrapper of each bottle.

BE VERY CAREFUL TO USE NO OTHER.

Dyspepsia Remedy

DR. DARIUS HAM'S AROMATIC INVIGORATING SPIRIT.

This medicine has been used by the public for six years, with increasing favor. It is recommended to cure Dyspepsia, Nervousness, Heartburn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance, It Stimulates, Exhilarates, Invigorates, but will not Intoxicate or Stupefy.

As a Medicine, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the *Delirium Tremens*, will, almost immediately, feel the happy and invigorating efficacy of Dr. Ham's Invigorating Spirit.

What it will do!

DOSE.—1 wine glass full as often as necessary.
One dose will remove all Bad Spirits.
One dose will cure Heartburn.
Three doses will cure Indigestion.
One dose will give you a good appetite.
One dose will stop the distressing pains of Dyspepsia.
One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and as soon as the Stomach receives the Invigorating Spirits the distressing load and all painful feelings will be removed.
One dose will remove the most distressing pains of Colic, either in the stomach or bowels.
A few doses will remove all obstructions in the Kidney, Bladder or Urinary Organs.
Persons who are seriously afflicted with any Kidney Complaints, are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of poisoned Liquor, as violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions, should take the Invigorating Spirit three times a day; it will make them strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs, and restore the bloom of health and beauty to the careworn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cents, qts $1.

GEORGE W. PLUMER'S NEW BAKING ESTABLISHMENT.

SHOPS: No. 23 CONGRESS STREET, and No. 31 STATE STREET.

Orders from neighboring towns and the country promptly attended to.

Having taken the Shop and Bake House, No. 31 STATE STREET, formerly occupied by Mr. S. N. Plumer, the subscriber offers to his patrons

ON TUESDAY, MARCH 27th,

at that place, and also at the new Shop, corner of Congress and Fleet streets, (next door to Jackson & Co.'s Express Office,) a good assortment of all kinds of **Bread, Cake and Pastry,** including **Ship Bread, Crackers, &c., &c.**

The Bake House on State street will be open every Sunday morning, for supplying customers with Bread, Beans, &c., as usual.

Baking for Families carefully attended to.

In addition to our Shops, we shall with our Cart, on Tuesday morning, commence supplying customers at their doors. Our agent, Mr. GEO. T. WILDES, will attend to all orders delivered him.

Grateful for past favors, we would respectfully solicit a share of the public patronage.

GEORGE W. PLUMER.

Portsmouth, March 26, 1860.

VERMONT BUTTER.

25 Tubs VERMONT BUTTER, for sale by
MATHES & VARRELL

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried—it has proved 'absolutely curative in each of the following complaints, viz:

IN DEBILITY, NERVOUS AFFECTIONS, EMACIATIONS, CONSTIPATION, DIARRHŒA, DYSPEPSIA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOROSIS, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &c.

In cases of GENERAL DEBILITY, whether the result of long disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for persons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency, which forms them.

In DYSPEPSIA, innumerable are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of price. All letters, orders, etc., should be addressed to

R. B. LOCKE & CO., General Agents.

Morning Chronicle.

NARROW ESCAPE.—One of the most fiendish attempt at the destruction of human life which it has been our lot to record in a long time was made last night on the New York Central railroad, as the lightning express train which left this city in the evening reached Buffalo. About half-past nine o'clock last evening, when the lightning express train on the Central Railroad, in charge of conductor Gibson, due at Buffalo at half-past ten o'clock, was about a mile and a half east of Pembroke, the engineer, Mr. Burr Stone, discovered an obstruction on the track about twenty yards ahead of the train, the reflector rendering objects visible in the night only about that distance. With instantaneous presence of mind and firmness of nerve he reversed the engine, applied the brakes, and at the same moment whistled a warning to the brakesmen to increase the tension upon the wheels, but before the latter could spring to their posts the train had struck the obstacle, its momentum, however, so nearly checked by the powerful action of the brakes, that the collision produced but a slight shock and occasioned no damage even to the cow-catcher.

Upon examination it was found that large piles of ties had been placed across the rails by fiends, with the horrid design of overwhelming the train and all its living freight with instantaneous destruction.—When those on board discovered how miraculously they had escaped the most terrible fate of which any conception can be formed, they trembled as if in the presence of the danger itself, and even the brave engineer lost the nerve that had sustained him in the fearful trial of his courage, and which, under the blessing of Providence, had saved a hundred lives, blanching and shuddering with the thought of "what might have been."

The ties were removed with considerable labor, and after a detention of about half an hour the journey was resumed, all sober in the contemplation of the incident that had interrupted it.—*Rochester Union 23d.*

While the salute was being fired on Monday afternoon last, at Newburyport, the intervals between the firing were filled in by the tolling of a ship's bell, adjacent to the wharf, which gave a very solemn and impressive character to the affair. A woman who happened to be passing at the time, rushed into a house of her acquaintance and anxiously enquired who was drowned, remarking at the same time, that in coming up Water street she observed two cannon pointed over the water at the head of the wharf, which were being fired under the superintendence of Dr. Batchelder, and a bell was tolling, and it was a dreadful solemn time and somebody must be drowned. On being told that the firing was for Breckinridge, she remarked that she knew it must be something awful, and anxiously enquired how many were drowned by the *break in the bridge.—Herald.*
